Marked by the Alpha

Dani had always been a lone wolf and she had no desire to join a pack, but that didn't matter to a true alpha wolf like Mason Daniels. When he finds out that human hunters have been threatening Dani, he puts his mark on her. Unfortunately, the hunters are foolish enough to disregard his mark, and Dani is captured. After Mason and his pack rescue her from certain death, Dani is given no choice about joining Mason's pack for her own protection. She soon learns that Mason is fully prepared to spank her bare bottom as often as is necessary to teach her to respect and obey him. With more hunters closing in and the pack under threat, Mason begins to realize that he must claim Dani as his mate for life-whether she likes it or not-before his need for her drives him mad. At the same time, she is forced to learn her role in the pack and come to terms with her instinctual need to submit to Mason as her alpha and her mate. Publisher's Note: Marked by the Alpha is an erotic romance novel that includes spankings, sexual scenes, and more. If such material offends you, please don't buy this book. Also note that a sequel to this book, Rules of the Pack, is now available.

Cherokee Astrology

Explains the ancient astrological system sacred to the Cherokee and how to use it in the modern world • Provides easy-to-use format for determining what signs and numbers rule the day of your birth and what influence they have on your destiny • Includes a traditional Cherokee ephemeris through 2015 An essential aspect of Cherokee religion is the belief that everything on Earth is the reflection of a star. This includes not only people and animals but also trees, rivers, stones, and mountains--all sentient beings to the Cherokee. Astrology has always played a strong role in the Cherokee tradition because of this belief, but unlike our Western system of astrology, Cherokee astrology is based on a 260-day Venus calendar, which includes 20 individual day signs and 13 numbers. It was the task of the Cherokee daykeeper to coordinate this calendar with those of the Sun and the Moon to determine the most auspicious times for ceremonies as well as to understand the star wisdom carried back to Earth by each newborn child. The day sign of a child explains his or her strengths and weaknesses; the number explains the individual's role in the great cosmic scheme. Raven Hail, an elder of the Cherokee nation, provides insightful descriptions for each of the twenty signs that identify characteristics of those born under a particular day sign and gives the meanings of the thirteen numbers that determine the significance of that sign in the larger scheme of life. The author has translated the traditional Cherokee ephemeris into an easy-to-use format that allows readers to quickly determine which sign rules the day of their birth and which number has influence over it.

Darias, son of a high-ranking Northern Realm Wolf Lord, has been betrothed since childhood to Keara, who is from a noble Southern Realm family. Mercenaries hired by her grandfather, who has never given up hope, locate Keara years later.
