English, Conversational Topics, Pre-Intermediate Level

This collection of stories on fifty topics will help students of English go through the most vulnerable period of learning - pre-intermediate level. At this stage students do not see their progress clearly enough and often feel increasingly anxious and frustrated. All the fifty stories are accounts of Julia's everyday life. Being a real person Julia tells her stories in a very natural way revealing her own style and manner, repeating the same grammatical structures and word combinations. As a result, students easily remember the stories, speaking more and more fluently. Fluency practice drills that accompany each topic accelerate the transition from pre-intermediate into intermediate level. The series is based on the Speech Plasma Method. The Speech Plasma Method uses special Speech Fluency Drills to generate a super active area, "speech plasma" thus producing all the necessary conditions for spontaneous, automatic speech. Once created in your mind, speech plasma acts as a stimulator for further language learning. The bigger and stronger your speech plasma grows, the more fluently you speak, the easier it is to absorb new words and grammar rules, the faster you read, and the better you understand oral texts. Audiobook version of the volume is available on Audible.

English, Conversational Topics, Upper-Intermediate

Based on the Speech Plasma Method, the book is designed to teach more advanced students to speak English. The volume contains nineteen conversational topics. All the stories are accounts of Thomas's everyday life. Being a real person Thomas tells his stories in a very natural way revealing his own style and manner, repeating the same grammatical structures and word combinations again and again. As a result, students easily remember the stories and start speaking more and more fluently. Narrating personal stories he gives opinions and explains his views on a variety of subjects. When you read about his experiences, you will be drawn into his world and feel like you made a new friend. You will get so involved into his life that you will be able to speak easily and fluently about your new friend and also about yourself for hours and hours on end. The stories are told in simple, everyday colloquial style. Audiobook version of the volume is available in the Kindle Store.

English, Conversational Topics, Intermediate Level

Based on the Speech Plasma Method, this volume has proved to be virtually indispensable for fluency practice at intermediate level, helping foreign students of English master the language in the shortest possible time. A freelance journalist discusses the most common examination topics (19 main topics and more than 50 subtopics) used by schools and universities throughout the world. Narrating personal stories she gives opinions and explains her views on a variety of subjects. When you read about her experiences, you will be drawn into her world and feel like you made a new friend. You will get so involved into her life that you will be able to speak easily and fluently about your new friend and also about yourself for hours and hours on end. Audiobook version of the volume is available in the Kindle Store.

HUNGARIAN-ENGLISH SIMPLE HUNGARIAN CONVERSATIONAL TOPICS FLUENCY PRACTICE SERIES INTERMEDIATE LEVEL

Based on the Speech Plasma Method, the book is designed to teach more advanced students to speak Hungarian. The volume contains nineteen conversational topics. All the stories are accounts of Vivien's everyday life. Being a real person Vivien tells her stories in a very natural way revealing her own style and manner, repeating the same grammatical structures and word combinations again and again. As a result, students easily remember the stories and start speaking more and more fluently. Narrating personal stories she gives opinions and explains her views on a variety of subjects. When you read about her experiences, you will be drawn into her world and feel like you made a new friend. You will get so involved into her life that you will be able to speak easily and fluently about your new friend and also about yourself for hours and hours on end. The stories are told in simple, everyday colloquial style.

English, Dialogues and Summaries, Pre-Intermediate Level

This volume is designed for the students who can speak English quite fluently at elementary level, would like to improve their speaking skills and transit into intermediate level. The book is aimed at the development of the learner's fluency in speech through fluency practice drills. The volume contains 40 dialogues and 80 fluency practice stories. Each dialogue is followed by two stories which are summaries or free interpretations of the conversation narrated by the participants of the dialogue. The material of the volume includes more complex grammar like Past Tenses, Reported Speech, Passive Voice, Conditional Sentences and other complicated structures. The series is based on the Speech Plasma Method. The Speech Plasma Method uses special Speech Fluency Drills to generate a super active area, "speech plasma" thus producing all the necessary conditions for spontaneous, automatic speech. Once created in your mind, speech plasma acts as a stimulator for further language learning. The bigger and stronger your speech plasma grows, the more fluently you speak, the easier it is to absorb new words and grammar rules, the faster you read, and the better you understand oral texts.

Offering an easy-to-follow format that offers guidance for both teaching English as a second or foreign language, and a self-study approach with resources available to improve English speaking, reading, and writing.

The Complete English Master

HOW TO MASTER ENGLISH This book is all 3 volumes of the very popular 'Master English in 12 Topics' series. Once you master the vocabulary in this book you will have a very good foundation for speaking fluently about 36 everyday topics. This book is the ultimate stepping stone from 'intermediate' to 'advanced' English. Lots of intermediate English speakers tend to get trapped using the same vocabulary over and over again. They often only speak about subjects they know the words for and avoid anything outside of their 'comfort zone'. The problem with this is that even though they sound ok, they never really get any better. If you really want to improve, you need to be able to speak about a wide range of topics. For this, you will need to learn the special vocabulary connected to these topics. What are the benefits of using this book? You will learn over 600 useful words and phrases. You will be able to speak about 36 new topics with confidence. This will greatly improve your English conversational ability. All new words and phrases are introduced in fun and interesting articles and stories. So you will learn naturally. Everything is explained in easy to understand English, so you can get used to 'thinking in English' There are 100's of example sentences to help you understand how these words and phrases are used in everyday language. For each topic I have listed useful television shows and YouTube channels to help you practice your new vocabulary. Remember these are all topics that native speakers often talk about. They also tend to use specialised language so it's important that you know it too. If you are in the intermediate level and are looking to really improve then this is a great place to start. Get started on your journey to English fluency today by clicking the buy button.

How to Speak English Like a Native Speaker

Our Intermediate to Advanced Book is a great tool of supportive reference guides and practice books to introduce English language rules, grammar, and vocabulary at an advanced level. Expand your English conversational topics by increasing the detail around your interests, life stories, and achievements, as well as being able to give instructions, advice, or solutions to problems. How to Speak English Like a Native Speaker is a series of guides and practice books that supports English learning for adults from a beginner level, to intermediate, and advanced practical English. Offering an easy-to-follow format that offers guidance for both teaching English as a foreign language, and a self-study approach with resources available to improve English speaking, reading, and writing.

The Nutshell Guide to Fluent English

This book is part of a series which aims to help English Language Learners to become fluent in Spoken English. It is the first in a planned series of three and caters for those Learners who are ready to move up to the ESL (English as a Second Language) Pre-Intermediate level in Spoken English. We begin here because, in terms of the spoken language, the leap from the Elementary to the Pre-Intermediate level is one of the biggest hurdles faced by English Language Learners. It is one of the greatest hurdles because it is at this stage that the Learner must move from simple spoken forms to a degree of fluency that begins to use more complex forms of the language. It is the first major hurdle that very many Learners cannot get over. As a result, it is at this point that a Learner can become stuck and either give up trying to become fluent in Spoken English or fail to make any real progress in comparison to their writing and reading skills. There are two main reasons why this happens. The first is that native English speakers do not speak the language in the same way that they write it. The spoken word very often bears little or no resemblance to the written word. The second is that a Spoken language must be learnt - it cannot be taught. By this we mean that, while all learning is a two-way process between the instructor and the learner, when it comes to learning to speak a language, something more than 80% of the work must be done by the Learner on their own. One of the obvious areas where this is true is in the need to learn vocabulary. To become fluent in a spoken language, a great many new

words must be learnt - and only the Learner can do that. The instructor cannot learn them for him. How that vocabulary is learnt is a large issue. By far, the vast majority of Learners try to do this by memorising list of English words and their equivalent meanings in their native language. This does not. In this book you will discover a new way to learn the vocabulary that you need, and how to make it fun to learn. The emphasis in this book is on practical use of the language. In each Unit, Learners are given the opportunity to extend their vocabulary and to practice speaking the language of the native speakers. We have called this Idiomatic Spoken English, or everyday English. All of the examples and dialogues in this book use this language. It is not slang (or street language) but a language that uses all the shortcuts and tricks that native speakers use to keep a fluent and rhythmic flow of words when they speak. Successfully reproducing the rhythm of English (Enunciation) is one of the main secrets of being able to speak the language fluently. In this book we describe how that rhythm is actually built up and use the work of some of the great English poets to help the Learner to get a feel for the very beautiful cadences that English is capable of. Each Unit includes a full poem (or occasionally an extract from a very long poem) with notes about the rhythm (metre) of the poem together with its meaning and background. Of no less importance than Enunciation is Pronunciation. All Learners, no matter what their native language might be, have some difficulty in pronouncing English correctly. For this reason, great emphasis is placed on the Sounds of English, and each Unit includes examples and rigorous exercises for two of the 44 sounds that make up the English language. The first three Units of the book set out the essential foundations of The Nutshell Way to learn to speak English fluently. Some of the six basic principles (introduced in Unit One) on which this is based may well surprise many Learners (and not a few Instructors). But our experiences as Instructor and Learner have shown us that this radical approach is not only workable but absolutely necessary if A Learner is to clear the hurdle and Learn to speak fluent English with confidence.

English for Everyone: Level 3: Intermediate, Practice Book

Our Practice Book (Level 3) offers great exercises and examples to introduce English at an intermediate stage including key language skills, grammar, and vocabulary. English for Everyone uses visual teaching methods to introduce practical English usage, reinforced through a variety of exercises and examples in our Practice Book (Level 3). Keep Talking

Here is a practical tool for teaching communication in the language classroom, suitable for use with students from elementary to advanced level. The book contains instructions for over 100 different participatory exercises. For each activity, notes are provided for organization, time, and preparation. A comprehensive table of activities and an index also are included. Copyright © Libri GmbH. All rights reserved.

English, Short Stories, Intermediate Level

Based on the Speech Plasma Method, the book is designed to teach students to speak English at intermediate level. The volume contains twenty short stories and special training drills. This volume will enable foreign students of English to feel more comfortable with the language at a more advanced level. The book is a collection of stories told by people in everyday conversational manner. The stories are accounts of incidents or ideas which the people interviewed consider interesting or entertaining. They are not intended as great works of literature, rather as examples of people using their language naturally. The stories are the sort of tales that you might hear in a pub or at a party, reflections on anything from weather and inquisitive neighbours to a passion for music and how it can help handicapped children. At times amusing, surprising, entertaining or simply hard to believe, they are all related in the kind of natural informal style which language learners so often wish to imitate. This collection will help show you how to do just that. Audiobook version of the volume is available in the Kindle Store.

English Fluency For Adult - How to Learn and Speak English Fluently as an Adult

The Secret to Speak Fluent English As An Adult This book is specially written for older students (25+) of the English language who wishes to improve his/her English fluency to the next level but seems

to have hit a plateau. Regardless of what actions are taken, progression is slow or limited. Here is a checklist to see if this guide is for you. This Book is For You If.. You can understand 70% of an English speaking movie. You can answer simple questions in a conversation, but you have a hard time elaborate your points when trying to explain in more details. You can have a short conversation, but you stutter sometimes when you speak. You are 20 years old and above. You stutter when you try to speak fast. You can speak quite well, but you have a strong accent. If one of those sounds familiar to you, perhaps you have found the right book. This book is essential for you to break through and not only improving your spoken skills but developing them so well regardless of your age. Armed with the proven tips, tricks, and techniques in this book, you'll discover that you'll be soaring to an entirely new and exciting level of learning within days. On top of that, these guidelines can be used nearly effortlessly. Proven Technique That Works You'll discover what "Immersion" is and how it can painlessly take you to a supreme status in your studies. You'll also learn about a related method of learning to pronounce English fearlessly. It's called the "Shadowing." Once you try it you'll realize why so many people praise its effectiveness. English is not an easy language to learn. But if you are using proper methods to learn and speak, you'll find that your next level of learning is just a click away. Learn and adopt these techniques, tips, and many more secrets revealed in this book, and your English fluency will be on a whole different level in 60 days ! Remember: Practice doesn't make perfect. Perfect practice makes perfect. Download Now and Start Speaking Fluent English!

Speak Fast

LEVEL The book is intended mainly for pre-intermediate students - students who have already studied basic English conversation. It concentrates on words that pre-intermediate students want to use, but often cause difficulty. Some advanced students who have problems with essential conversation words will also find this book useful. The book is not suitable for the elementary learner. **HOW THE BOOK IS ORGANIZED** There are 58 units in the book. Each unit concentrates on a particular speaking topic. For a list of units see the contents page at the beginning of the book. Each unit consists of two facing pages. On the left, there is vocabulary and sentence examples. On the right, there are questions and paragraphs. **HOW TO USE THE BOOK** The units are not in order of difficulty, so it is not intended that you work through the book from beginning to end. Every learner has different problems, and students should use this book to help them with the unit they find difficult. It is suggested that students work in this way: Use the contents page to find which unit deals with the topic the student is interested in. Study the vocabulary and sentences on the left-hand page of the chosen unit. Use the right-hand page to read the questions and paragraphs. **TO THE TEACHERS** Speak Fast was written as a self-study book for students, but teachers may also find it useful as additional course material in cases where further work on conversation is necessary. The book will probably be most useful at the pre-intermediate level (where all, or nearly all, of the material will be relevant). It can serve both as a basis for revision and as a means for practicing new sentences. It will also be useful for some more advanced students who have problems with common words and need a book for reference and practice. The book is not intended to be used by elementary learners. The units are not ordered according to level of difficulty, so the book should not be worked through from beginning to end. It should be used selectively and flexibly in accordance with the topic areas students need to work on. The book can be used for immediate consolidation and for revision or remedial work. It might be used by the whole class or by individual students needing extra help. The left-hand pages are written for the student to use individually, but they may be used by the teacher as a source of ideas and information to base a lesson plan. The student then has the right-hand page as a record of what has been taught and can refer to it in the future. Additionally, individual students can be directed to study certain units of the book by themselves if they have difficulties not shared by other students in their class.

English for Everyone: Level 4: Advanced, Practice Book

Our Practice Book (Level 4) offers great exercises and examples to introduce English at an advanced stage including key language skills, grammar, and vocabulary. Offering an easy-to-follow format that offers guidance for both teaching English as a second or foreign language, and a self-study approach with resources available to improve English speaking, reading, and writing.

Compelling American Conversations

Compelling American Conversations: Questions and Quotations for Intermediate American English Language Learners from Chimayo Press helps American immigrants and international students develop their fluency skills and academic vocabulary through conversation exercises. Each chapter includes two sets of conversation questions, vocabulary review, short writing exercises, paraphrasing exercises with proverbs, a discussion activity around pithy quotations, and an online “Search and Share” activity. Focusing on both daily experiences and American culture through proverbs, quotations, and speaking exercises, the materials help intermediate English language learners explore their lives, learn common American sayings and expressions, and develop vital discussion skills. The 15 topical chapters include: Opening Moves; Going Beyond Hello; Making and Breaking Habits; Studying English; Being Yourself; Choosing and Keeping Friends; Playing and Watching Sports; Talking About American Television; Celebrating American Holidays; Being Stylish; Handling Stress; Practicing Job Interviews; Valuing Money and Finding Bargains; Exploring American Cities and Seeing Our World With Photographs. The “Resources and Notes” appendix includes the academic word list, supplemental worksheets, bibliographical references, author biographies and indices to proverbs and quotations. Designed primarily

for community college ESL and adult education students, this flexible ESL textbook can be used by high school English language learners (ELL) and intensive English programs. Compelling American Conversations, is the third title in the Compelling Conversations series, most known for the original fluency-focused advanced ESL textbook, Compelling Conversations: Questions and Quotations on Timeless Topics (2006).

Nice Talking With You Level 1 Student's Book

Nice Talking with You is a two-level oral communication series designed to get students talking. Nice Talking with You Level 1 is designed for false beginner students. It contains 12 topic-based units and two review units. Topics include Shopping, Music, Travel, Free time, and Work. Practical conversation strategies are introduced in each unit and recycled in later units. Examples of strategies featured in Nice Talking with You Level 1 are beginning and ending a conversation, showing interest, getting time to think, agreeing, and disagreeing.

Intermediate English Discussion Topics

The lessons that follow can be adapted to run from 30 to 90 minutes. They often start with about 5-10 minutes of free talking. This can cover how the students are, what they have been doing or plan to do, as well as contributions from the teacher. The structure of the lessons is modular, with clear and obvious steps to take. Everything starts with the teacher's preparation work. Depending on the students' ability, topics might need a quick worksheet or short classroom activity at the start of the lesson, and you will need to set aside time to devise this. The purpose of each lesson is for students to gain confidence and increase their vocabulary by talking about different topics. If they are unsure about what to do, this might mean introductory work is needed first. I have taught classes with anything up to twenty students using these materials. The lessons are easy to adapt depending on your classroom size and level. For example, with a large class you can encourage smaller groups to discuss topics together and then ask students to share their ideas with the whole class. Be aware of students' sensitivities. Some students may be a little nervous about expressing their opinions and emotions in front of the class. However, over time, they will come to realize that everyone else feels the same and their confidence will improve.

HUNGARIAN-ENGLISH SIMPLE HUNGARIAN SHORT STORIES FLUENCY PRACTICE SERIES INTERMEDIATE LEVEL

Based on the Speech Plasma Method, the book is designed to teach students to speak Hungarian at intermediate level. The volume contains twenty short stories and special training drills. This volume will enable students of Hungarian to feel more comfortable with the language at a more advanced level. The book is a collection of stories told by people in everyday conversational manner. The stories are accounts of incidents or ideas which the people interviewed consider interesting or entertaining. They are not intended as great works of literature, rather as examples of people using their language naturally. The stories are the sort of tales that you might hear in a pub or at a party, reflections on anything from weather and inquisitive neighbours to a passion for music and how it can help handicapped children. At times amusing, surprising, entertaining or simply hard to believe, they are all related in the kind of natural informal style which language learners so often wish to imitate. This collection will help show you how to do just that.

Practice Makes Perfect Intermediate English Reading and Comprehension

Take your skills to the next level and get more meaning out of the English language Reading English texts that are created especially for ESL students like you is a critical part to learning the language, but that does not mean you have to be bored with the subjects! A Conversation Book 1

A Conversation Book 1: English in Everyday Life, by Tina Kasloff Carver and Sandra D. Fotinos-Riggs, helps beginning level students to develop conversation fluency. The student-centered text and audio teach the vocabulary and life skills necessary for natural communication. Each of the ten units focuses on an essential aspect of daily life such as food, shopping, and work. Activities ranging from role plays to group surveys promise a lively class and help students achieve the language competencies needed to succeed at school and work. With chants by Carolyn Graham. New to this edition: Easy-to-follow unit structure includes a Preview page, six 2-page lessons, Listening Practice, Review, and Assessment wrap-up. Picture Dictionary openers introduce and contextualize the vocabulary of each lesson. Model Conversations and Partner Interviews offer students opportunities to talk about their own lives. Conversation Chants help students acquire the sounds, rhythms, and intonation of conversational English. The Scope and Sequence highlights correlations to CASAS and state curricula. Note: This is the standalone book

Compelling Conversations

This innovative ESL/EFL textbook helps advanced English language learners develop conversation skills and improve fluency by sharing experiences, reflecting on their lives, and discussing proverbs and quotations.

Resources in Education

The hardest part of learning any language is knowing what to say and to understand what is being said. Learning to read and write, although difficult, is still manageable because you have time to think about what you are reading and writing. However, when talking and listening it is harder because it is more immediate. Further, it can be difficult to find the people or situations necessary to have conversations to become fluent. This is where this book helps. Easy English provides conversations, in many different settings to help you increase your fluency. By using the conversations in this book you can prepare to talk to people in many different arenas. In Easy English you'll find: - 50 different conversations- 10 categories of conversations- 10 reviews- Short conversations to aid in memorization- Unique and interesting material with basic conversations; and- Sentences constructed (mostly) in the present tense By reading these conversations you can learn how to respond in numerous situations and you can take what you learn and mix and match them for the future. By revisiting what you learn from time to time, the conversations will become a permanent part of your tool kit you can use when speaking with others. This book can also be used for conversation classes, language meet-ups, classrooms and among friends and family that want to improve their English skills. You will be surprised by what you learn and how using this book will increase your fluency.

Easy English:

Artificial Intelligence (AI) is a rapidly developing field of computer science which integrates multiple disciplines such as computer science, psychology, and philosophy. It is a technology that develops theories, methods, technologies, and application systems to simulate, extend, and expand human intelligence by attempting to understand its essence, producing a new, intelligent machine that can respond in a way similar to human intelligence. Artificial intelligence now plays an increasingly important role in the development of global industries and economies, and as such is currently changing our world significantly, making AI research a hot topic worldwide. This book presents the proceedings of ICICTA

2023, the 16th International Conference on Intelligent Computing Technology and Automation, held on 24-25 October 2023 in Xi'an, China. The conference is an annual forum dedicated to emerging and challenging topics in AI and its applications, and its aim is to bring together an international community of researchers and practitioners in the field of AI to share the latest research achievements, discuss recent advances influence future direction, and promote the diffusion of the discipline throughout the scientific community at large. A total of 322 submissions were received for ICICTA 2023, and each paper received at least 2 review reports in a rigorous peer-review procedure. Based on these reports, 141 papers were ultimately accepted and are included in this book. The book offers a current overview of developments in AI technology, and will be of interest to all those working in the field.
