The Adventures of Simply Sam

... Meet Sam. In this adventure, he sets off on a bright sunny day to find a birthday present for his PAPA. The adventure he encounters and the trouble he gets himself into lead him to get a great present that only he could give his PAPA.

The Adventures of Simply Sam

This is a Children's Coloring Book and is based on the book "The Adventures of Simply Sam: A Present For PAPA" purchased through Amazon.com or createspace.com/4904664. The story has been simplified for the purpose of providing a tool for children to exercise their imaginations and dexterity.

Sam Meets Sophia at Camp Cool

Sam is off on another adventure. He meets two new characters in this story and, of course, gets into trouble. Along with the problems they get into there is a lesson to be learned by Sam and his new friends. Read the book then find out and discuss what they learn from their adventure. This is the second book in the series, "The Adventures of Simply Sam."

Simply Sam

A century after Captain Kidd's first expedition to Mars, Arabella Ashby is set to leave her Martian plantation home for London to learn to be a lady, until her home is threatened and she joins the crew of a Mars Trading Company ship disguised as a boy.

Arabella of Mars

A little boy describes some ways in which he is like other members of his family.

Simply Sam

Inspired Spiritual wisdom from a cat named Sam-Moo. This fun filled and wise book is inspired by my cat Sam-Moo who died in 2010. In the last 10 days of his life I began to pay greater attention to him. He seemed to begin to whisper inspiration and wisdom to me in those last days. As I began to write it down I realized that he surely did have wisdom and inspiration to share. His overall message was simple, we as humans just need to spend more time "being than doing" and just "love" and "chill out." To him it was really very simple. It is a profound message of inspired wisdom and humor about how to live each day simply and in the moment. Zen kitty wisdom for everyday living.

Unsought Adventure

Silly Sam starts his life in an animal shelter but soon finds the love he so desires from a beautiful little girl. If only it could have been that simple. Silly Sam has quite an adventure before he can truly find that home and loving family he so badly wants. Read and see how Silly Sam overcomes all the obstacles in his way. This truly shows the reader that no matter what happens or how many obstacles you have to go through, it's truly worth it in the end.

Inspired Spiritual Wisdom From a Cat Named Sam-Moo

This is the story of Sam Small, a man from Yorkshire who wakes up one morning and decides that he can fly on his own two hands. So he does. This is for all those who know that dogs talk, Sundays can be repeated seven days in a row so that Monday never comes, and other dreamy escapism. You'll have to read to believe how he learned to fly like a bird, by faith; how he changed a dog into a girl and back again; how he coped with the two selves of his split personality; and how he was called upon to explain the tricky foreign phrase, *droit de seigneur*, which said in effect that the duke of the neighboring parish was required by law to go to bed with Ian Cawper's Mary Ann the night of their wedding. Here are fun humorous fantasies and shaggy dog stories by the author who would create "Lassie."

The Adventures of Silly Sam the Beagle Hound

Oorah! The Adventures of a Brave Girl is the story of an American ten-year-old tomboy. Although her name is Samantha, she prefers to be called Sam in honor of her father's first name. Her greatest desire is to become as brave as her dad, a United States Marine who died in battle during the Vietnam War. Although Sam's mother, Priscilla, is also American, she was born and raised in Surrey, England. Priscilla decides to send Sam to England for the summer where the youngster will be greeted by her grandmother, the Duchess of Surrey. Priscilla hopes the duchess will turn her little ruffian into a proper lady. Will it work? Even Priscilla has her doubts. As soon as Sam arrives, she meets an English boy, Oliver, who is a year older than she. Together they have one riotous adventure after the other—riding across the English hillsides on horseback with their trusted Great Dane at their side. How will a rough-and-tumble ten-year-old girl deal with lordly British aristocrats? How will she battle a ghostly knight come to life? How will she capture the one animal the English could never land: The Beast? And what mind-boggling discovery will make her an international celebrity?

Sam Small Flies Again: The Amazing adventures of the Flying Yorkshireman

"Sam Manicom's fourth book is a gripping rollercoaster of a two-wheeled journey which takes you riding across the dramatic landscapes of Mexico, the [western] United States and Canada ... There are canyons, cowboys, idyllic beaches, bears, mountains, Californian vineyards, gun-toting policemen with grudges, glaciers, exploding volcanoes, dodgy border crossings and some of the most stunning open roads that a traveller could ever wish to see"--Publisher's description.

The Adventures of Sam Pig

This is the first book in a trilogy that follows the life of Sam the Ram and his companion, Gabbit. It is an inspiring story of transformation told through the eyes of a wise old ram to encourage children and adults alike. It is a powerful story that illustrates how simple acts of courage, kindness and persistence can forever reverse a lifecycle of bullying. It helps those of all ages who may be prone to bullying see the effects of their actions and to see that it is never too late to change the direction of their lives.

Oorah!

This edited collection provides a fresh, up-to-date exploration of this Terry Gilliam's oeuvre and artistic practice as a director whose films weave avant-garde cinematic style, imaginative exaggeration, and social critique together

Tortillas to Totems

2013 Critics Award Scotland Best Technical Presentation WINNER 2013 Critics Award Scotland Best Children and Young People's Show NOMINEE Sam McTannan is just a typical 15 year old, with one exception. Sam is a Superhero! He can literally turn See-Thru when it suits him, only today something is wrong. In Superhero comics they would call it a blip. Sam's powers are failing him and the people he doesn't want to see him start paying a little bit too much attention. The story of an ordinary boy with an extraordinary life. A heartbreaking, life affirming comedy about life, love and being a total loser.

Lucky for them, Stop-Sign Sam is there to help them on their recreational adventure. He has a plan that includes safety tips set to a musical beat, rapping his cautionary tales to a rhythm that the boys can understand...and enjoy! In The Adventures of Stop-Sign Sam, Matt Robbins shows how teaching valuable lessons can be anything but dull. In fact, if handled with the right amount of pizzazz, learning about safety can be fun for any kind of reader, young or old. Open the book, flip through the pages, sing out its words, and soon you'll be rapping along with Stop-Sign Sam. He will have you and your children tapping your feet, snapping your fingers, and just downright wiggling to the fun musical sounds of playtime safety.

The Adventures of Sam Earn

Shalamaine Reicher is a comely girl from the other sides of the tracks. Luck favored her with a rescue by a compassionate woman from the streets who cleaned her up and fostered her. They created a phony genealogy to acquire legitimate identification so the girl could be enrolled in school, giggling over the ease of the process, and settled on the name Shalamaine Reicher – as good or as bad as any she could have chosen from the repertoire of her mother's lovers (clients) – and now Celeste is her official aunt. After graduating college and earning a master's degree, she got a job in journalism at the local newspaper, a profession for which she found a passion and bettering herself in the newspaper business. But she was sorely disillusioned (left for dead) by a brutal rape and beating by her "peers." She was still a party favor! Picking herself up again, she relocated to survive, "butching" up her image being tall and strong, diminishing her feminine attributes, and concentrating on her mental skills and

ability in journalism. But a man, her new boss, offers friendship, affection ... and deep down she still wants to believe, even trust, until her carefully manufactured metamorphosis starts unraveling.
