## The Red Brigands

When the Reich yielded on May 8 1945, the assets of Germany, second only to the United States, fell into the hands of the victors. Within 36 months, the time taken for Hitler to create the world's wealthiest nation, Germany was reduced to a shell. Everything from a wristwatch to ocean liners, entire contents of factories, tens of thousands of cars, homes, the world's most precious artworks, and 10 million slaves, were distributed among the British, U.S and Soviet Empires. Such was scale of looting that it would have been difficult to find a bicycle in looted Germany. The victors were equally blameworthy but the USSR benefited the most. Given a free hand by Churchill and Roosevelt the Soviet Union took the lion's share of plunder from the defeated Reich. The greatest irony is that Poland was one of the 21 nations gifted to the USSR as plunder, the country for whose territorial integrity the war was started.

## The Lives and Exploits of Banditti and Robbers in All Parts of the World

A trailblazing study of the social bandit or rebel BANDITS is a study of the social bandit or bandit-rebel - robbers and outlaws who are not regarded by public opinion as simple criminals, but rather as champions of social justice, as avengers or as primitive resistance fighters. Whether Balkan haiduks, Indian dacoits or Brazilian congaceiros, their spectacular exploits have been celebrated and preserved in story and myth. Some are only known to their fellow countrymen; others such as Rob Roy, Robin Hood and Jesse James are famous throughout the world. First published in 1969, BANDITS inspired a new field of historical study: bandit history.

The red-cross knights. A play. Founded on The robbers of Schiller

With a strong central character rooted firmly in reality, CHERUB action is believable and attainable, making this a much more credible read than many of the spy stories on the market.

## The Brigands' Song: Serving in the Army of A Native Chieftain

Published in 1951, inspired by a chronicle episode that really happened in Calabria at the end of the war, "Il brigante " is a novel that fits into the tradition of neorealism and tells the story of a young man who became a bandit in spite of himself, only because he was unjustly blamed for having killed someone. One of the most beautiful and tragic novels that have appeared for years, truly a small masterpiece. Writing is superb: precise, clear, neither too simple, nor too pompous. Both for the style and for the content, only the preface (by Berto himself) is noteworthy: in a few pages, or rather in a few words, he manages to draw a picture of the immediate post-war period and of neorealism of extreme clarity and ...

## Brigand Life in Italy a History of Bourbonist Reaction Edited from Original and Authentic Documents by Count Maffei

I Our ship, the space-flyer, Planetara, whose home port was Greater New York, carried mail and passenger traffic to and from both Venus and Mars. Of astronomical necessity, our flights were irregular. The spring of 2070, with both planets close to the Earth, we were making two complete round trips. We had just arrived in Greater New York, one May evening, from Grebhar, Venus Free State. With only five hours in port here, we were departing the same night at the zero hour for Ferrok-Shahn, capital of the Martian Union. We were no sooner at the landing stage than I found a code flash summoning Dan Dean and me to Divisional Detective Headquarters. Dan "Snap" Dean was one of my closest friends. He was electron-radio operator of the Planetara. A small, wiry, red-headed chap, with a quick, ready laugh and the kind of wit that made everyone like him. The summons to Detective-Colonel Halsey's office surprised us. Dean eyed me. "You haven't been opening any treasure vaults, have you, Gregg?"

Get ready to ride! In this massive box set, you'll get the complete Great Wolves MC-Ohio series. We're talking five, full-length novels (over 1200 pages) featuring sinfully hot bad boy bikers who bleed for the club but burn for their women. This is sizzling romantic suspense that'll melt your heart while keeping you on the edge of your seat. This set includes: Colt Kellan Brax Joker Torch Colt Everything they said about me when they ran me out of town was true. Black sheep doesn't even begin to cover it. Mayhem follows me wherever I go and I've got nowhere left to ride. Even so, I shoulda kept on going. But then I

saw Amy. She's too good, too pure for me and I damn well know it. But those lips, those curves. When she looks at me, I know it brings back pain she wants to forget. But not everyone who wears this cut is the same. I won't let her get away without a fight and I'll kill any man who tries to hurt her again. No matter what patch he wears. Kellan Everything worth having is worth fighting for. I should know. I bear more battle scars than most. I lost half my leg when an IED blew a hole through my Humvee in Afghanistan. Since I got back, I've done things to protect my MC that would make you afraid of me. And you should be. When I laid eyes on Mallory, I knew she was worth fighting for too. I wasn't expecting it. She stepped into the spotlight in that hole in the wall bar singing the first slow, quiet notes of some rock song and that was all it took. I knew she was about to spin my world around and the timing couldn't be worse. On the verge of a club war, everyone close to me could be at risk. But, just one look from Mallory was enough to change my life forever. Because no matter what, I knew I had to make her mine. Brax As enforcer for the Great Wolves MC, bloody hands and deadly force were just another Tuesday in my world. I'm not sorry. I'm not on some quest for redemption. Sometimes it takes a monster to fight off something even worse and sleep tight . . . you need me to be that monster. But when Nicole walked back into my life asking for my help, she stirred things in me I like to keep buried. She was a one-night stand I'll never forget. She brought me light when it's better if I keep to the darkness. And now she's offered me the one thing I want from her if I agree to help her. It's dangerous to owe me something because I always collect. Joker There are two things in my life I'll protect above all else. My son Toby, and my club. I thought they were all I ever needed. Then, I saw Tara, my son's new teacher. She's sweet, innocent, and untouchable for a guy like me. I knew I should keep my distance. Keep things professional. But, after one touch I knew she was mine. After one kiss, I knew I would kill for her. I just had no idea how quickly I'd be put to the test. Tara doesn't live in my world, but she's got me on my knees and it's too late to let her go. Darkness is coming for the Great Wolves M.C. Then, Maura walked into my club and spun my heart. Tough. Smart. Classy. But, she needs my protection even if she's too stubborn to see it. And I need to make her mine, no matter what it costs. Torch I've got no time for games. There's a war coming. Anyone close to me is bound to get hurt. Except I want Sydney anyway. She's a spoiled little rich girl. Expensive hair. Designer clothes. Living off her family's trust fund. When she bats those lashes at me, I know just how to ruin that pretty makeup. Because I don't flirt. I want to possess her. I want to make her beg for me. It's selfish of me, but I don't care. And now I'm in too deep to walk away. But, the devil's at my doorstep and he'll swallow us both whole. ÿBook Themes MC Romance, Romantic Suspense, standalone full length romance novel, biker romance, motorcycle club romance series, action and adventure, possessive alpha male, strong female heroine, HEA, second chance romance, box set, complete series, omnibus

### Brigands of the Moon

The big one MC Romance fans have been craving! In this giant box set, you'll get the complete Great Wolves MC-California series. That's five, full-length novels (over 1300 pages) featuring those smoldering, rugged, muscle-bound, tatted-up and overprotective outlaw bikers who live and die for their club and the women who rev their engines. This set includes: Dex Sly Gunn Angel Switch Dex When they locked me away for another man's crime they called it justice. When they set me free they called that justice too. But their damned justice cost me my freedom, my family, my club, and the only woman I ever wanted ... Ava. Now I'm back. Only two things have kept me sane all these years. I want to hurt the man responsible for sending me to prison and end his hold over the Great Wolves M.C. forever. And I want the feel of Ava's body beneath mine again. I need to watch the way she surrenders only to me and makes me whole. It's selfish of me to think Ava would wait for me. But, I'm a selfish man and it's time for me to take back what's mine. Sly Outlaws. That's all the Great Wolves M.C. were ever supposed to be. But that's the thinking of a lost generation and I've finally brought my club out of the darkness. We're headed for a brighter future and it only cost me my soul. A small price to pay until I met Scarlett. She came out of nowhere to stir my body and blood. Her dark yearnings equal mine. I can't get enough. I know she's hiding something from me and before I'm through, I mean to make her bare everything to me...her body, her heart and her secrets. Because she doesn't realize she's met her match. Gunn Like every member of the Great Wolves M.C., I paid for the privilege to wear this patch in blood. My best friend Scotty paid for it with his life. With his dying breath, he made me swear to watch out for his mom and little sister, Brenna. That was seven years ago and I've kept my distance but done my best. Until Brenna walked into my clubhouse and turned my world upside down. She's all grown up with curves that don't quit. I know I can't have her. I know I shouldn't even look, let alone touch. I warned her to stay away from me. But, she's as stubborn as she is tempting and I want to make her mine no matter how many rules I have to break. Angel My road name has nothing to do with my looks, no matter what women think. I earned it taking a bullet for my Prez and I'd do it again. Soon enough, I may have to. There's a club war on the horizon and my mission is clear when that day comes. I'll bleed and die for this brotherhood. It's too dangerous to let anyone get close to me. Then, Maura walked into my club and spun my heart. Tough. Smart. Classy. But, she needs my protection even if she's too stubborn to see it. And I need to make her mine, no matter what it costs. Switch When my old man turned rat, the club should have turned their back on me. They didn't. They took me in and gave me a life. Now, in the middle of a club war, I was willing to give it back to protect my brothers. An easy choice, until I met Kitt. I've never wanted anything as much as I want her. Her lips. Those curves. But more than that, she's got her broken parts and secrets, just like me. She tries to hide them but that only makes me want her more. Only my gut is telling me her secrets could get one of us killed. Book Themes MC Romance, Romantic Suspense, standalone full length romance novel, biker romance, motorcycle club romance series, action and adventure, possessive alpha male, strong female heroine, HEA, second chance romance, box set, complete series, omnibus
