In a Hollow of the Hills

America has always had a fascination with the Wild West, and schoolchildren grow up learning about famous Westerners like Wyatt Earp, Buffalo Bill, Wild Bill Hickok, as well as the infamous shootout at O.K. Corral. Pioneering and cowboys and Indians have been just as popular in Hollywood, with Westerners helping turn John Wayne and Clint Eastwood into legends on the silver screen. HBO's *Deadwood*, about the historical 19th century mining town on the frontier was popular last decade. Not surprisingly, a lot has been written about the West, and one of the best known writers about the West in the 19th century was Francis Bret Harte (1836-1902), who wrote poetry and short stories during his literary career. Harte was on the West Coast by the 1860s, placing himself in perfect position to document and depict frontier life.

The Writings of Bret Harte

Excerpt from In a Hollow of the Hills The same square of light appeared once more, but the horsemen had evidently diverged in the darkness, for it seemed to be in a different direction. But it was more distinct, and as they gazed a shadow appeared upon its radiant surface - the outlined profile of a human face. Then the light suddenly went out and the face vanished with it. It is a window, and there was some one behind it, said the second speaker, emphatically. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. In a Hollow of the Hills

Excerpt from In a Hollow of the Hills, And, Other Tales The three voices rose in a prolonged shout, in which, however, the distinguishing quality of the pleasant voice was sustained. But there was no response from the dark ness beyond. The shouting was repeated after an interval with the same result: the silence and obscurity remained unchanged. Let's get out of this! Said the first speaker angrily. House or no house, man or woman, we're not wanted, and we '11 make nothing waltzing round here.

In a Hollow of the Hills (Classic Reprint)

This comprehensive collection offers readers an introduction to Bret Harte's early literary career. With stories like "The Luck of Roaring Camp," Harte created a sensation in American letters, introducing the cultural elite of the Northeast to the rough-hewn manners and speech of the nineteenth-century West.

In a Hollow of the Hills, And, Other Tales (Classic Reprint)

Excerpt: "It was very dark, and the wind was increasing. The last gust had been preceded by an ominous roaring down the whole mountain-side, which continued for some time after the trees in the little valley had lapsed into silence. The air was filled with a faint, cool, sodden odor, as of stirred forest depths. In those intervals of silence the darkness seemed to increase in proportion and grow almost palpable. Yet out of this sightless and soundless void now came the tinkle of a spur's rowels, the dry crackling of saddle leathers, and the muffled plunge of a hoof in the thick carpet of dust and desiccated leaves..." Bret Harte was an American short story writer and poet, best remembered for his short fiction featuring miners, gamblers, and other romantic figures of the California Gold Rush. In a career spanning more than four decades, he wrote poetry, fiction, plays, lectures, book reviews, editorials, and magazine sketches in addition to fiction. As he moved from California to the eastern U.S. to Europe, he incorporated new subjects and characters into his stories, but his Gold Rush tales have been most often reprinted, adapted, and admired.

The Luck of Roaring Camp and Other Tales

When three partners find a fortune in the Gold Rush it invites a lot of unwanted attention, deceit and death! Excerpt: "The sun was going down on the Black Spur Range. The red light it had kindled there was still eating its way along the serried crest, showing through gaps in the ranks of pines, etching out the interstices of broken boughs, fading away and then flashing suddenly out again like sparks in burnt-up paper. Then the night wind swept down the whole mountain side, and began its usual struggle with the shadows upclimbing from the valley, only to lose itself in the end and be absorbed in the all-conquering darkness..." In a Hollow of the Hills (a Californian Western Classic)

This delightful western novel by Bret Harte is exactly what you'd think it might be by the title -- the tale of a mine gone wrong. Two sets of men make conflicting claims to a single bit of mountain, and alternately one claim and then another prevails -- until the claims reach Washington, and everybody knows the buck stops there. Or does it -- ? Great fun, regardless: highly recommended.
