All Right You'Re GonNa Need To Figure Out Your Top and Your Bottom this Is My Bottom this Is My Top Okay You'Re Going To Want To Bring this Down to Where You'Re Not Totally Flush with the Bottom but Maybe a 16th from the Bottom Edge Up Okay and that's Going To Leave Us some Headroom Here Okay if You Don't Like Having this Strip in between Okay if It Bothers You Put another Strip in Here It Doesn't Bother Me Okay It's Not Going To Impact My Album any or Make It Ugly I Need My Score Tape and before I Always Put My Hinges Binding All this Down First before I Put the Pages to Them It's Easier that Way

So What You'Re Going To Want To Do so that You Do Your Hinges Correctly Is if You Have It like this Look Good Upside Down Okay Now if You Notice Now this Is Just or Here I Just Want To Make Sure My Things Correct Yep and We Will Have Plenty of Room Perfect Okay Take Them Flip Them Over like I Had You Doing Okay Now You Can Softly Flatten It Out Not Totally Just so that You Can Work with It You Can Move Your Album out of the Way Okay this Is Where We Are Going To Put the Adhesive Now You Can Softly Flatten It Out Not Totally Just so that You Can Work with It You Can Move Your Album out of the Way Okay this Is Where We Are Going To Put the Adhesive the Middle Only Do Not Get these Sides Okay Just the Middle Is What We'Re GonNa Work with I Hope You Can See this Okay My Hands Are All in the Way So I'M GonNa Turn It a Little because I'M Right-Handed and I'Ve Got this Camera at My Forehead Almost So Okay So Right on the Inside Do Not Get It on Your Crease

Okay What I Do Is I Hold It like this and I Pinch Down One Side Okay this Is How I'M Able To See Where I Need To Be Now before You Go Sticking this Look at Your Bottom You Don't Have Your Adhesive Undone under There So Measure It Up at 1 / 16 from the Bottom but this Is Where You Can Use Your Fingers Now To Line Up Up Here as You Can See so that Your Your Seam Doesn't Show Okay and Then You'Re GonNa Press It Down

I'M Going To Go Ahead and Just Snip Off a Little Piece Put It Up There Make Me Feel Better Sure It Ain't GonNa Go Anywhere but All Right There What Happened to It Did Not Go Anywhere Okay It's Fine Okay One Sheet Is all I'M Going To Do So Just Lay Your Things Down Flat like this Okay Pull Your Flat Back Do the Same Thing as You Wouldn't Measure It Up Where You Want It Is It GonNa Lay Flat Is It GonNa Be Even at the Top It Sure Is So Now What I'M Going To Do Is I'M Going To Take Off the Tape and I'M Holding My Paper Down in Place

We Want To Put Your Ribbon On before We Put Our Paper so Our Ribbon Is Tucked Underneath and It's Not Going Anywhere Okay So I Am Going To Pause this Video for a Moment and Let You Catch Up Hopefully You Don't Have any Questions That I Covered Everything but You May You Can Always Message Me on Facebook Designs by Shelley To Ask any Questions if You Get Stuck Okay All Right Quick Break Let You Catch Up and I'Li Be Right Back

So Now that I'Ve Scored this I'M Just GonNa Grab It Make Sure that I Go Down Pretty Even on My Score Line I Think I Am if You Get a Little Bit off It's Not GonNa Hurt Anything if You'Re a Lot off You May Be Able To See It Okay All Right Now What We Need Is Our Tape Okay So Let's Turn this Over and Get Our Score Tape because We Never Want this To Ever Lift Its Permanent My Crease Is Right Here so so You Guys Know Where It Is I'M Not Putting It Right on the Crease

Doing the Front Panel

But We Need To Finish Up this Front and this Is Not GonNa Hurt It by Bending It Back Okay So Don't Worry about Your Paper As Long as You'Re Not Creasing It It's Not Going To Hurt It One Bit Wow I See What I Did Score Tape over the Other There We Go All Right Put Your Album Up Again Just Do It Normal Now Just Press Down if It's Easier for You Just Do It Like this Go Ahead Okay Turn Your Album over Let's Get Off All the Adhesive or the Spine
