Q. Tell me about yourself and why you want this particular apprenticeship?

I am someone who is hard-working, conscientious and professional. I fully understand that you want to take someone on within this apprenticeship who will not only work hard to do the job properly, but who will also continually grow and develop as the apprenticeship progresses.

Q. How can we be sure you will successfully complete the apprenticeship to the required standard? Although I have little work experience to date, I feel I am mature, and I understand that the apprenticeship will only be successful if I put in the hard work and learn and develop as my time here progresses.

Q. What skills would you like to focus on improving and developing during this apprenticeship?

Firstly, I would like to learn the applicable skills and knowledge relevant to the industry that will enable me to perform the role to a high standard. Secondly, I would like to develop a strong work ethic that enables me to become a competent employee.

Q. What are your main strengths that will help you to successfully complete this

Q. Part of this apprenticeship requires an ability to follow rules and procedures whilst under pressure. How will you ensure you follow our company rules and policies during the apprenticeship?

Yes, I understand that whilst under pressure, inexperienced people can make mistakes by making rash and potentially dangerous decisions. I would ensure that I remained calm whilst under pressure and would keep reminding myself of my training and also the importance of following company rules

and procedures.
