In Your Body Is the Garden of Flowers

'In Your Body is the Garden of Flowers - A Tapestry of Tales' is a dreamlike voyage that takes the reader through a multilevel scape of stories that weave together. It is a hazy work of fiction that masks many lucid truths. Nothing seems quite real in these tales, as the reader is taken almost imperceptibly through the door of each one. There are two principle narrative threads running simultaneously; each distinct yet somehow interlinked. As if a metaphor for our current sense of reality, the tales make us question the very validity of our waking hours. Beguiling and enchanting.

In Your Body is the Garden of Flowers

In Your Body is the Garden of Flowers is an otherworldly, dimensional journey that takes the reader through a dreamscape of stories that weave together. It is a hazy work of fiction that masks many lucid truths. Nothing seems quite real in these tales, as the reader is taken almost imperceptibly through the door of each one. There are several narrative threads running simultaneously - distinct yet interlinked. In Your Body is the Garden of Flowers touches upon themes of longing, memory, identity, desire, and loss. As if an allegory for our current sense of reality, these tales make us question the very validity of our waking hours. *****Sprinkles of wet spray touch my skin and rest gently upon my arm. Each touch dissolving between the hairs that dampen slightly. With each gentle spray upon the skin it feels as if the body is gradually disintegrating into light. From the interior of my form, where blood and desires mix like fluttering fishes, a flame of scarlet rises up like fiery water. I am an ocean where all yet none swim. I am a gestation pool of unformed yet eternal thoughts. There is a moment within endless moments where waking life seems but a blur of imaginal pictures that become everyone's dreams.*****In Your Body is the Garden of Flowers is a reflective pool that is beguiling and enchanting.

On a warm spring day in the 1950s, twelve-year-old Jason, an only child from the Midlands, arrives for a holiday in a small seaside village where his father lived as a child. Staying with his uncle and aunt, he plans to explore the rocks at low tide which his father remembers from childhood. Soon he meets Joe, an old man who once was an expert fisher of the shores. Joe becomes a mentor for the boy as he can describe, from memory, the layout and secrets of the rocks. When he starts to investigate the shoreline, a shy Jason meets Abby, a lively young Australian girl. As their friendship grows, she comes to realise that he has a secret and is escaping from something he'd rather not talk about. With more confidence, Jason becomes adept at catching shellfish. Yet he encounters unexpected trouble, even in these beautiful places, and will have to draw on his new resources to confront possible obstacles ahead...

Joseph Conrad (1857-1924), was a Polish author who wrote in English after settling in England. Conrad is regarded as one of the greatest novelists in English, though he did not speak the language fluently until he was in his twenties. He wrote stories and novels, often with a nautical setting, that depict trials of the human spirit in the midst of an indifferent universe. He was a master prose stylist who brought a distinctly non-English tragic sensibility into English literature. Drawn from insights of the past twenty years, the essays reflect the renewed approach of gender and sexuality as they relate to homosexuality and its representation, and they rely on models that differentiate between sexuality and gender and between natural inclinations and social constructs. Despite the wide variety of subjects, critical positions, and authors' backgrounds, what these essays have in common is the willingness of the contributors to go beyond a set of rhetorics, a set of limitations

that were a defining moment in the struggle of gay liberation, and its reflection in both creative and critical writing.

Articulations of Difference

WITH INTRODUCTIONS BY JEANETTE WINTERSON AND GILLIAN BEER *The Waves* is an astonishingly beautiful and poetic novel. It begins with six children playing in a garden by the sea and follows their lives as they grow up and experience friendship, love and grief at the death of their beloved friend Percival. Regarded by many as her greatest work, *The Waves* is also seen as Virginia Woolf's response to the loss of her brother Thoby, who died when he was twenty-six. The Vintage Classics Virginia Woolf series has been curated by Jeanette Winterson, and the texts used are based on the original Hogarth Press editions published by Leonard and Virginia Woolf.

Popular Science

The tall ship *Sofia* sank off New Zealand's North Island in February 1982, stranding its crew on disabled life rafts for five days. They struggled to survive as any realistic hope of rescue dwindled. Just a few years earlier, Pamela Sisman Bitterman was a naïve swabbie looking for adventure, signing on with a sailing co-operative taking this sixty-year-old, 123-foot, three-masted gaff-topsail schooner around the globe. The aged Baltic trader had been rescued from a wooden boat graveyard in Sweden and reincarnated as a floating commune in the 1960s. By the time *Sofia* went down, Bitterman had become an able seaman, promoted first to bos'un and then acting first mate, immersing herself in this life of a tall ship sailor, world traveler, and survivor.
