After the collapse of the Soviet Union

controversially annexed by Russia

the makeup of the Ukrainian people and their history

During the Cold War, the former USSR created

part of the then-Ukrainian Soviet Socialist Republic

Those weapons remained in the country after its independence in 1991

Then, in 2000, Russia signed a deal with the EU

pro-Russian President Viktor Yanukovich announced that

Protesters flooded the streets of the capital Kiev

and the crisis, known as the Euromaidan Revolution

ultimately led to Yanukovich fleeing the country

Russia sent special forces into the Crimean peninsula

dividing the Sea of Azov and the Black Sea

the people overwhelmingly voted to leave Ukraine and join Russia

the geographic integrity and sovereignty of Ukraine

And now, there's been trouble in the Black Sea

Since the annexation of Crimea, Russia has claimed control of

both sides of the Kerch Strait

Russia then seized the ships and their crew

More than 10,000 people have been killed in eastern Ukraine

The geographic location of Ukraine is very important

Since the 2014 crisis

the Deep and Comprehensive Free Trade Areas (DCFTA) in 2016

Disagreements between Russia and Ukraine

There was the nuclear issue but that was not all

From 1993 to 2010, there were several gas disputes
