## Elisabeth Sladen

When Elisabeth Sladen debuted as journalist Sarah Jane Smith in 1973 Doctor Who story 'The Time Warrior', she had no idea that the character would become one of the most popular in the series' history. When she quit the TARDIS in 1976, having traversed space and time alongside Jon Pertwee and Tom Baker, the story was front page news. But you don't just walk away from the Doctor. Elisabeth reprised her role many times, and went on to tour the weird and wonderful world of Doctor Who fandom. So when TV wunderkind Russell T. Davies approached her to come back again, this time to a show backed by multi-million pound budgets and garlanded with critical plaudits, how could she refuse? Completed only months before her death in April 2011, Elisabeth's memoir is funny, ridiculous, insightful and entertaining, and a fitting tribute to a woman who will be sadly missed by millions.

## Doctor Who-Guide 1/3

His fans have spoken, but despite their requests, Peter Davison has gone ahead and written his autobiography anyway. It wasn't the book they tried to stop – it was more like the book they didn't want him to start. An aspiring singer-songwriter, once dubbed Woking's answer to Bob Dylan (by his mum, who once heard a Bob Dylan song), Peter actually penned a hit for Dave Clark but soon swapped a life on the pub circuit to tread the boards. From colonial roots – his dad was Guyanese and his mother was born in India – the family settled in Surrey where Peter's academic achievements were unspectacular – he even managed to fail CSE woodwork, eliciting a lament from his astonished teacher ('All you have to do is recognise wood!'). Despite this, Peter has secured his place in science fiction history, becoming the fifth Doctor Who, although he nearly turned down the role. The Time Lord connection continued with the marriage of his daughter Georgia to Dr Who number ten, David Tennant. The artist formerly known as Peter Malcolm Gordon Moffett has starred in a number of television series including Love for Lydia, A Very Peculiar Practice, At Home with the Braithwaites and The Last Detective and became a national treasure for having his arm up a cow in his role as Tristan Farnon in All Creatures Great and Small. He was also in a Michael Winner movie... He made his first stage appearance with an amateur

dramatic company, but The Byfleet Players' loss was the West End's gain as he now has a number of musicals to his name, including Legally Blonde, Chicago and Spamalot. Most recently he starred in the box office record-breaking Gypsy where he rubbed shoulders backstage with Dames Meryl Streep, Maggie Smith and Judi Dench – all asking him for directions to Imelda Staunton's dressing room. One thing is for sure: of all the British screen and stage actors of the last fifty years, Peter Davison is certainly one of them and, within these pages, intrepid readers will at last have the dubious honour of sharing in his life and times – as he despairs over whether there truly ever can be life outside the box.

### Is There Life Outside The Box?

What's to Love: No one can deny the cultural impact of Charles M. Schulz's Peanuts, and it has been a singular honor for us to be able to continue his legacy. In 2015, Peanuts celebrates its 65th anniversary, so we thought there was no better way to recognize Snoopy, Charlie Brown, and the rest of the gang than to invite some of the world's best-known names in comics, children's books, comic strips, cartoons, and webcomics to come together and show their love for Schulz. What It Is: Peanuts: A Tribute to Charles M. Schulz is a giant love letter from creators new and old from comic strips to webcomics, children's books to comic books. Unprecedented at this scale, it is very rare for the Schulz estate to allow other cartoonists to illustrate the Peanuts gang in their own signature styles. This collection of original stories, pin-ups, and strips pay tribute to Schulz and the world of Peanuts, and includes contributions from Raina Telgemeier (Smile), Jen Wang (In Real Life), Patrick McDonnell (Mutts), Stan Sakai (Usagi Yojimbo), Terry Moore (Rachel Rising), Mike Allred (Silver Surfer), Paul Pope (Battling Boy), and many more. Features an introduction by Lincoln Peirce (Big Nate).

### Peanuts: A Tribute to Charles M. Schulz

'A beautiful book.' Zoë Ball Be it as Nicky Hutchinson in Our Friends In The North, Maurice in The A Word, or his reinvention of Doctor Who, one man, in life and death, has accompanied Christopher Eccleston every step of the way – his father Ronnie. In I Love The Bones Of You, Eccleston unveils a vivid portrait of a relationship that has shaped his entire career trajectory, mirroring and defining his own highs and lows, from stage and screen triumph to breakdown, anorexia, self-doubt, and a deep belief in the basic principles of access and equality denied to generations. The actor reveals how his background in Salford, and vision of a person, like millions, denied their true potential, shaped his desire to make drama forever entwined with the marginalised, the oppressed, and the outsider. Movingly, and in scenes sadly familiar to increasing numbers, Eccleston also describes how the tightening grip of dementia on his father slowly blinded him to his son's existence, forcing a new and final chapter in their connection, and how 'Ronnie Ecc' still walks alongside him today. Told with trademark honesty and openness, I Love The Bones Of You is a celebration of those on whom the spotlight so rarely shines, as told by a man who found his voice in its glare. A love letter to one man, and a paean to many. 'My father was an "ordinary man", which of course means he was extraordinary. I aim to capture him and his impact on my life and career.' - Christopher Eccleston

### I Love the Bones of You

THE SUNDAY TIMES BESTSELLER What are you afraid of? In his first-ever Doctor Who novel, Tom Baker's incredible imagination is given free rein. A story so epic it was originally intended for the big screen, Scratchman is a gripping, white-knuckle thriller almost forty years in the making. The Doctor, Harry and Sarah Jane Smith arrive at a remote Scottish island, when their holiday is cut short by the appearance of strange creatures – hideous scarecrows, who are preying on the local population. The islanders are living in fear, and the Doctor vows to save them all. But it doesn't go to plan – the time travellers have fallen into a trap, and Scratchman is coming for them. With the fate of the universe hanging in the balance, the Doctor must battle an ancient force from another dimension, one who claims to be the Devil. Scratchman wants to know what the Doctor is most afraid of. And the Doctor's worst nightmares are coming out to play...

### Doctor Who: Scratchman

Tom Baker's autobiography covers his childhood in the poor, spirited Irish community in Liverpool; his six years as a monk; his struggling times as an out-of-work actor; and onto appearances alongside Olivier at the National Theatre, work with Pasolini and his time as Doctor Who.

### Who on Earth Is Tom Baker?

Throughout the long-running BBC series Doctor Who, the Doctor has rarely been alone--his companions are essential. Male or (mostly) female, alien or (mostly) human, young or old (none as old as he), the dozens of companions who have travelled with him over the past 50 years have served as sympathetic proxies for the audience. Through their adventures the companions are perfected, facing danger and thus discovering their strengths and weaknesses. Yet they all pay a price, losing their innocence and sometimes their lives. This collection of new essays examines the role of the companion as an intermediate between viewers and the Doctor. The contributors discuss who travels with the Doctor and why, how they interact, how the companions influence the narrative and how their journeys change them.

### Who Travels with the Doctor?

The Who's Who of Doctor Who is the must-have handbook exploring the dynamic cast of characters in Doctor Who over the past half century. With a heavy focus on the past three doctors, including Matt Smith.

### Who's Who of Doctor Who

Many years after the death of her grandmother, Lulah Ellender inherited a curious object - a book of handwritten lists. On the face of it, Elisabeth's lists seemed rather ordinary - shopping lists, items to be packed for a foreign trip, a tally of the eggs laid by her hens. But from these everyday fragments, Lulah began to weave together the extraordinary life of the grandmother she never knew - a life lived in the most rarefied and glamorous of circles, from Elisabeth's early years as an ambassador's daughter in 1930s China, to her marriage to a British diplomat and postings in Madrid under Franco's regime, post-war Beirut, Rio de Janeiro and Paris. But it was also a life of stark contrasts - between the opulent excess of embassy banquets and the deprivations of wartime rationing in England, between the unfailing charm she displayed in public and the dark depressions that blanketed her in private, between her great appetite for life and her sudden, early death. Throughout Elisabeth's adult life, the lists were a source of structure and comfort. And now, as Lulah learns that she is losing her own mother, she finds herself turning to her grandmother's life, and to her much-travelled book of lists, in search of meaning and solace. Elisabeth's Lists is both a vivid memoir and a moving study of the familial threads that binds us, even beyond death.

### The Autobiography of Elizabeth M. Sewell

The official guide to the hit television series featuring the eleventh Doctor.

### Elisabeth's Lists

Doctor Who is the world's longest-running science fiction television series, and has had children hiding behind sofa's since it was first broadcast in 1963. Eleven actors have played the famous Time Lord, starting with William Hartnell, and it has been a career landmark for all of them. Indeed, no other role in television history is as iconic, demanding, or as anticipated by its legions of fans as that of the famous time traveller with two hearts. Find out: \* Who was a bouncer for The Rolling Stones before taking control of the Tardis. \* Who was nearly blown up in the Second World War aboard HMS Hood. \* Who had a fondness for woolly hats and had a grandson who would become Harry Potter's nemesis. \* Who played a transvestite barmaid before becoming a Doctor Who heart-throb. Go back in time and read the human story behind a TV legend.

### Brilliant Book 2012

This collection of fresh essays addresses a broad range of topics in the BBC science fiction television series Doctor Who, both old (1963-1989) and new (2005-present). The book begins with the fan: There are essays on how the show is viewed and identified with, fan interactions with each other, reactions to changes, the wilderness years when it wasn't in production. Essays then look at the ways in which the stories are told (e.g., their timeliness, their use of time travel as a device, etc.). After discussing the stories and devices and themes, the essays turn to looking at the Doctor's female companions and how they evolve, are used, and changed by their journey with the Doctor.

### The Doctors Who's Who - The Story Behind Every Face of the Iconic Time Lord: Celebrating its 50th Year

A companion book to the popular, ongoing television series Doctor Who offers intriguing collections of lists covering everything in the show's universe over the past 50 years, including the TARDIS, the Daleks, doppelgangers, regenerations and much more. Original.

Reproduction of the original: An Autobiography by Elizabeth Butler

### Unofficial Doctor Who

This book is a powerful tool for understanding fiction and for transforming creative writing and taking it to new levels of clarity, energy and effectiveness. Learn what a story really is and what it is actually doing to and for readers, how all successful fiction follows universal patterns to attract and grip readers, the magnetic power that draws readers into a work of fiction even before the introduction of any character, what the thing called a 'character' actually is, and the secrets of how to rapidly build a convincing one that attracts readers, the things called 'plots', what they are and how they are actually made (rather than how you might suppose they are made). Find out about the writing model which, if followed, will create a machine generating unimaginable numbers of readers and heightened reader satisfaction for you, based on some of the most successful pieces of literature in the English-speaking world.

### An Autobiography

Reprint of the original, first published in 1859.

### How Stories Really Work

Excerpt from The Autobiography of Elizabeth M. Sewell I have been entrusted by my aunt, Miss Elizabeth Sewell, with her autobiography, and feel that I am carrying out her wishes in having it published, so that many to whom the record Of her life will be Of interest may have it in her own words. Some Of my friends have urged me to add to this record further extracts from her journal, so I have inserted them with the chapters in the auto biography, to correspond as nearly as possible with regard to dates. Any account Of her life would be incomplete without some notice Of her educational and literary work, and Of the deep interest she manifested in all schemes for women's welfare therefore a few additions will be found at the end Of the book. The following have kindly contributed papers on these subjects: Miss H. J. Harvey, who was. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. ### The Autobiography of Margaret Oliphant

"Many years after the death of her grandmother Elisabeth, Lulah Ellender inherited a curious object - a book of handwritten lists. They seemed rather ordinary - shopping lists, items to be packed for a foreign trip, a tally of the eggs laid by Elisabeth's hens. But from these everyday fragments, Lulah began to weave together the extraordinary life of the grandmother she never knew - a life lived in the most rarefied and glamorous of circles, from Elisabeth's early years as an ambassador's daughter in 1930s China, to her marriage to a British diplomat and postings in civil-war Madrid, Beirut, Rio de Janeiro and Paris. But it was also a life of stark contrasts -- between the necessity unfailing public charm and private deep depressions -- and in these moments of darkness and chaos, it was the act of making lists that gave Elisabeth some kind of comfort and structure. And now, as Lulah prepares to say goodbye to her own mother, she looks to grandmother's life, and to her much-travelled book of lists, to find the same solace."--

### The Autobiography of Elizabeth Storie

Before leaving for parts unknown, Clark Kent entrusted Earth's safety to his son. Now, Jonathan Kent is Superman! Top priority for this new Superman: to protect Metropolis. When a new version of Brainiac attacks, Jon takes drastic measures-which result in the Bottle City of Metropolis! But watch out, Jon,

because Supergirl is on her way, and she is not happy with your decision. Meanwhile, in the new bottle city, a new hero has risen. Jake Jordan, the former Manhattan Guardian, came to the City of Tomorrow to start over. But he's not the only one who wants a new beginning. An anarchist calling herself Honest Mary sees this time of trouble as an opportunity for rebirth-and she'll tear down the entire city to prove her point. Does Jake have what it takes to save his new home from disasters both inside and out of the bottle? Superman's former pal Jimmy Olsen is going to make sure he does! Finally, the current Mister Miracle, Shilo Norman, is also in the bottle, and he's looking for a way out! He'd better be careful, though, or he may end up someplace unexpected. It's a story that continues in Superman: Worlds of War #1!

A revealing witty memoir of Adrienne Barbeau's career and marriages.

### Elisabeth's Lists

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1907 edition. Excerpt: ... CHAPTER XXI. LATER DAYS. Miss Sewell's arduous life-work came to an end as she has told in her own words in 1890, and from that year to 1897 she kept up many outside activities, visiting St. Boniface School, attending committees there, visiting the village school, keenly interested in events of the day, reading the Times aloud in the evening or some book of note. She was working at her Outlines of Italian History and paid various visits to London and New College. She took up various pursuits, for which her busy life had left little time to indulge her taste, and I have before me two books of most delicately drawn sketches in sepia showing ability of no mean order, especially noticeable for what artists call "values," which she finished during these years, all bearing the marks of great accuracy and truth of detail. Her sympathy was always ready for her friends at their need, so strong, so understanding and withal so tender, that it held untold comfort in its depths. So life went on until the last shock of the sudden death of her sister Emma in 1897 broke down that faithful heart, which had borne so many shocks and sorrows in undaunted trust and endurance; after that her brain became gradually clouded, shown first in lapses of memory as to trivial things and weariness which craved more and more for sleep. It was very wonderful during that time how if a religious subject were started she would enter into it for a while with all her old keen interest. But the weariness increased, and when the last two deaths came, that of her brother the Warden of New College in 1903, and of her sister Ellen, the inseparable sharer of her work, her joys and sorrows for over ninety years, she did not know that her unselfish prayer, the great desire of her...

### The Autobiography of Elizabeth M. Sewell

Empress Elisabeth of Austria, known to her family as 'Sisi', belongs to a famous love story of European royalty. In 1853 the Emperor Franz Josef, the most eligible bachelor in Europe, fell in love with her at first sight when she was 15. They were married the next year. On the surface, it was a fairy-tale marriage, all the more poignant, with hindsight, because her tragic death augured the twilight years of the Habsburg Empire. First published in 1988, Brigitte Hamann's definitive biography tells Elisabeth's story from her birth into Bavarian nobility to her assassination at the hands of an Italian anarchist. In her lifetime she was idolised solely for her grace and beauty; but Hamann shows us a stronger character, bitter at her marriage, seeking independence, and struggling against the powerful influence of her mother-in-law, the Archduchess Sophie.

#### Elisabeth Elm

Bruce Forsyth is known across four generations as the face of family entertainment classics such as *The Generation Game*, *Play Your Cards Right* and *The Price is Right*. His is an amazing story that spans more than two thirds of the twentieth century. In the late 1950s, over half of Britain would tune in to *Sunday Night at the London Palladium*, making Bruce a star in a few weeks. But it had been a long slog since his debut as a fourteen-year-old 'Boy Bruce the Mighty Atom' in 1942, then wartime work for the Red Cross and National Service, and playing every theatre, concert party, summer season, double act and review known to man. Bruce's first-ever account of his whole life is chock full of anecdotes, honest appraisals of tough times, failed marriages and affairs, comments on entertainment and what it took to be a comedian at the height of his powers. 'In the gameshow of life, Bruce hasn't just won the TV, the golf clubs and the hostess trolley. He's won the cuddly toy as well' *Mirror*

#### The Autobiography of Elizabeth M. Sewell

Using an imaginative framework to dig into a complex issue, John Y. Crighton offers a classic essay on the Western world's deteriorating understanding of its identity, significance and future.

#### The Reluctant Empress

'One of the most important females in British music of my lifetime.' Colin Murray 'A beautiful, raw and exhilarating book that will leave you feeling empowered.' Fearne Cotton 'The pioneering Skunk Anansie frontwoman's memories offer a very different take on the Britpop era... Skin's story is one of a rhomboid peg spurning both the round and square hole, drilling dimensions of her own... We now have a lot of language – intersectionality, microaggressions – to describe many of the events in this memoir. However, nothing can really equal candid, first-hand experience, recounted matter of factly here. It would be instructive for anyone who thought they knew the story of the 90s to spend 300 pages in Skin's Skin.' *OBSERVER* 'The epic tale of Glastonbury's Black British headliner... Skin is one of the Britpop decade's forgotten epics... Skin's feet are positioned firmly on the ground throughout; she's a winningly genial, swearsy soul on paper. 4 stars' Jude Rogers, *MOJO* 'The former Skunk Anansie singer pulls no punches in this heady trawl through her life from tough beginnings in Brixton to work as an LGBTQ+ activist and beyond' *The I* 'It's the story of a trailblazer, and gives a refreshingly re-angled perspective on the Britpop era.' *Evening Standard*, 'Best music books of 2020' Lead singer of multi-million-selling rock band Skunk Anansie, solo artist, LGBTQ+ activist and all around trail blazer – Skin is a global icon, and she has been smashing stereotypes for over twenty-five years. Her journey from Brixton to one of the most influential women in British rock is nothing short of extraordinary. 'It's been a very difficult thing being a lead singer of a rock band looking like me and it still is. I have to say it's been a fight and it will always be a fight. That fight drives you and makes you want to work harder... It's not supposed to be easy, particularly if you're a woman, you're black or you are gay like me. You've got to keep moving forward, keep striving for everything you want to be.' Born to Jamaican parents, Skin grew up in Brixton in the 1970's. Her career as an artist began in the '90s, when Skunk Anansie was formed

in the sweat-drenched backrooms of London's pubs. Since then she has headlined Glastonbury and toured the world, both as lead singer of Skunk Anansie and as a solo artist. Her success has been groundbreaking in every way, which has come at a personal cost. She has always been vocal about social and cultural issues, and was championing LGBTQ+ rights at a time when few artists were out and gay. Told with honesty and passion, this is the story of how a gay, black, working-class girl with a vision fought poverty and prejudice to write songs, produce and front her own band, and become one of the most influential women in British rock.

#### Elisabeth, Empress Of Austria: A Memoir

FOR THE FIRST TIME EVER, THE LIFE STORY OF ONE OF THE GREAT TELEVISION AND STYLE ICONS Peter Wyngarde: the name elicits memories of an actor with worldwide renown and instantly adhesive star quality, who was to hit his professional zenith via his starring roles in the smash hit TV series, *Department S*, and its equally successful spin-off, *Jason King*. However, when this imperial phase of his career took a downturn during the mid-1970s, he stoically dusted himself off and returned to the theatre--the scene of so many of his earliest triumphs. There he enjoyed continued success until a late-period revival came with the role of General Klytus in the 1980 blockbuster, *Flash Gordon*. Ordinarily, this book would end there. The fact that it doesn't reveals an unusual dichotomy: it splits Wyngarde's life into two, almost equal, parts. From the late 1980s, the author came into his orbit as the long yearned-for, missing piece of the puzzle: namely a strong, dependable sounding board and, increasingly, his soulmate. To those who have been content to view Wyngarde as a two-dimensional figure on a TV screen, or merely as the subject of media gossip, this book will come as a revelation--and no doubt a startling one, as it will shatter many long-held myths and preconceptions. And yet in spite of her closeness to the subject, the author has refused to place him on a pedestal: her exploration of his life and career is as honest as it is eye-opening. While she does not shy away from Wyngarde's more difficult characteristics and painful life experiences, the thread running through the book is a story of love and devotion that is deeply touching and ultimately heart-wrenching. ""This is an intimate biography that is elegantly crafted, intensively researched, and presented with the utmost honour."" Steven Berkoff

#### Bruce

Over the past half-century Doctor Who has defined science fiction television. The women in the series--from orphans and heroic mothers to seductresses and clever teachers--flourish in their roles yet rarely surmount them. Some companions rescue the Doctor and charm viewers with their technical brilliance, while others only scream for rescue. The villainesses dazzle with their cruelty, from the Rani to Cassandra and Missy. Covering all of the series--classic and new--along with *Class*, *K9*, *Torchwood*, *The Sarah Jane Adventures*, novels, comics and Big Finish Audio adventures, this book examines the women archetypes in Doctor Who.

#### The parish registers of England

It began with a key. One afternoon in 1956, in the home of the Hitchings family in Battersea, south London, a small silver key appeared on Shirley Hitchings' bed. This seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here - by learning to write. Soon, the spirit had begun to make simply incredible claims about his identity, insisting that he was one of the most famous figures in world history - but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all - Shirley herself.

#### The Western Book of the Dead

Celebrating 40 years of the Doctor Who Club of Australia, this special collection features articles, interviews, comics and stories. The history of the club and the history of the show entwine as articles by club founder Antony Howe and long-running president Dallas Jones feature alongside interviews with Kerrie Dougherty, Nicholas Courtney, Katy Manning, Michael Troughton, David J Howe, Colin West and Peter Davison. The perfect book for Doctor Who fans everywhere.

#### It Takes Blood and Guts

As Doctor Who nears its 50th anniversary, it is very much a part of British popular culture, and the Doctor has become a British icon. Nevertheless, thanks to BBC America and BBC Worldwide's marketing strategy, as well as the Doctor's and his companions' recent in-person visits to the U.S., the venerable series is becoming more susceptible to an "American influence," including the possibility of becoming "Americanized." Doctor Who and recent spinoffs Torchwood and The Sarah Jane Adventures offer American audiences very different insights into the Whoniverse and have met with varying degrees of success. Whereas Torchwood became a U.S.-U.K. co-production, The Sarah Jane Adventures was largely mismarketed. To complicate matters, the interrelationships that keep the Doctor Who franchise alive through radio dramas, audiobooks, comics, novels, etc., during hiatuses in television broadcasts, may give U.S. and U.K. audiences different understandings of the lead characters—the Doctor, Captain Jack Harkness, and Sarah Jane Smith. Although the past decade has been an exciting time in the Whoniverse, the Doctor—and the franchise—are poised for yet another regeneration.

#### AUTOBIOG OF BISHOP ISAAC LANE

Isaac Lane, fifth bishop of the Colored Methodist Episcopal Church, founded Lane College, and established churches throughout the southwest.

#### Autobiography of Bishop Isaac Lane, LL.D.

This is a 2nd edition of the 1985 anthology that examines the religious history of African Americans.

## Life and Times of Bishop Isaac Lane

Compiles information and interpretations on the past 500 years of African American history, containing essays on historical research aids, bibliographies, resources for women's issues, and an accompanying CD-ROM providing bibliographical entries.

## The History of the Colored Methodist Episcopal Church in America

With the conclusion of the Civil War, the beginnings of Reconstruction, and the realities of emancipation, former slaves were confronted with the possibility of freedom and, with it, a new way of life. In *The Times Were Strange and Stirring*, Reginald F. Hildebrand examines the role of the Methodist Church in the process of emancipation—and in shaping a new world at a unique moment in American, African American, and Methodist history. Hildebrand explores the ideas and ideals of missionaries from several branches of Methodism—the African Methodist Episcopal Church, the Colored Methodist Episcopal Church, and the northern-based Methodist Episcopal Church—and the significant and highly charged battle waged between them over the challenge and meaning of freedom. He traces the various strategies and goals pursued by these competing visions and develops a typology of some of the ways in which emancipation was approached and understood. Focusing on individual church leaders such as Lucius H. Holsey, Richard Harvey Cain, and Gilbert Haven, and with the benefit of extensive research in church archives and newspapers, Hildebrand tells the dramatic and sometimes moving story of how missionaries labored to organize their denominations in the black South, and of how they were overwhelmed at times by the struggles of freedom.

## The Rise of Colored Methodism

In 2003, Methodists celebrated the 300th anniversary of the birth of their founder, John Wesley. Today, there are more than 300 Methodist denominations in 140 nations. Covering the activities of this group that plays an important role in the ecumenical movement through its many social and charitable activities in world affairs, this book offers more than 400 entries that describe important events, doctrines, and the church founders, leaders, and other prominent figures who have made notable contributions. It also includes: a list of commonly used acronyms, chronology of historical events, introductory essay on the history of Methodism, 15-page black-and-white photo spread, bibliography, listing of important libraries and depositories of Methodist materials. The impressive list of contributors includes more than 60 specialists who are academics, administrators, pastors, and theologians.

## African American Religious History

Black churches in America have long been recognized as the most independent, stable, and dominant institutions in black communities. In *The Black Church in the African American Experience*, based on a ten-year study, is the largest nongovernmental study of urban and rural churches ever undertaken and the first major field study on the subject since the 1930s. Drawing on interviews with more than 1,800 black clergy in both urban and rural settings, combined with a comprehensive historical overview of seven mainline black denominations, C. Eric Lincoln and Lawrence H. Mamiya present an analysis of the Black Church as it relates to the history of African Americans and to contemporary black culture. In examining both the internal structure of the Church and the reactions of the Church to external, societal changes, the authors provide important insights into the Church's relationship to politics, economics, women, youth, and music. Among other topics, Lincoln and Mamiya discuss the attitude of the clergy toward women pastors, the reaction of the Church to the civil rights movement, the attempts of the Church to involve young people, the impact of the black consciousness movement and Black Liberation Theology and clergy, and trends that will define the Black Church well into the next century. This study is complete with a comprehensive bibliography of literature on the black experience in religion. Funding for the ten-year survey was made possible by the Lilly Endowment and the Ford Foundation.

## The Harvard Guide to African-American History

The growing availability of full-text books and journals on the Internet has made vast amounts of valuable genealogical information available at the touch of a button. The *Genealogist's Virtual Library* is a new volume that directs readers to the sites on the web that contain the full text of books.

## The Times Were Strange and Stirring

Rivers' biography of Page is an important addition, and corrective, to our understanding of black spirituality and religion, political organizing, and civic engagement.

### Historical Dictionary of Methodism

Both the North and the South viewed the Civil War in Christian terms. Each side believed that its fight was just, that God favored its cause. *Rebuilding Zion* is the first study to explore simultaneously the reaction of southern white evangelicals, northern white evangelicals, and Christian freedpeople to Confederate defeat. As white southerners struggled to assure themselves that the collapse of the Confederacy was not an indication of God's stern judgment, white northerners and freedpeople were certain that it was. Author Daniel W. Stowell tells the story of the religious reconstruction of the South following the war, a bitter contest between southern and northern evangelicals, at the heart of which was the fate of the freedpeople's souls and the southern effort to maintain a sense of sectional identity. Central to the southern churches' vision of the Civil War was the idea that God had not abandoned the South; defeat was a Father's stern chastisement. Secession and slavery had not been sinful; rather, it was the radicalism of the northern denominations that threatened the purity of the Gospel. Northern evangelicals, armed with a vastly different vision of the meaning of the war and their call to Christian duty, entered the post-war South intending to save white southerner and ex-slave alike. The freedpeople, however, drew their own providential meaning from the war and its outcome. The goal for blacks in the postwar period was to establish churches for themselves separate from the control of their former masters. Stowell plots the conflicts that resulted from these competing visions of the religious reconstruction of the South. By demonstrating how the southern vision eventually came to predominate over, but not eradicate, the northern and freedpeople's visions for the religious life of the South, he shows how the southern churches became one of the principal bulwarks of the New South, a region marked by intense piety and intense racism throughout the twentieth century.

### Literacy and Historical Development

In a sweeping analysis of religion in the post-Civil War and twentieth-century South, *Freedom's Coming* puts race and culture at the center, describing southern Protestant cultures as both priestly and prophetic: as southern formal theology sanctified dominant political and social hierarchies, evangelical belief and practice subtly undermined them. The seeds of subversion, Paul Harvey argues, were embedded in the passionate individualism, exuberant expressive forms, and profound faith of believers in the region. Harvey explains how black and white religious folk within and outside of mainstream religious groups formed a southern "evangelical counterculture" of Christian interracialism that challenged the theologically grounded racism pervasive among white southerners and ultimately helped to end Jim Crow in the South. Moving from the folk theology of segregation to the women who organized the Montgomery bus boycott, from the hymn-inspired freedom songs of the 1960s to the influence of black Pentecostal preachers on Elvis Presley, Harvey deploys cultural history in fresh and innovative ways and fills a decades-old need for a comprehensive history of Protestant religion and its relationship to the central question of race in the South for the postbellum and twentieth-century period.

### The Black Church in the African American Experience

Preceded by three introductory essays and a chronology of major events in black religious history from 1618 to 1991, this A-Z encyclopedia includes three types of entries: \* Biographical sketches of 773 African American religious leaders \* 341 entries on African American denominations and religious organizations (including white churches with significant black memberships and educational institutions) \* Topical articles on important aspects of African American religious life (e.g., African American Christians during the Colonial Era, Music in the African American Church)

### The Genealogist's Virtual Library

Presents an overview of the history of religion in America and includes excerpts from primary source documents, short biographies of influential people, and more.

### Father James Page

Christopher Z. Hobson offers the first in-depth study of prophetic traditions in African American religion. Drawing on contemporary speeches, essays, sermons, reminiscences, and works of theological speculation from 1800 to 1950, he shows how African American prophets shared a belief in a "God

of the oppressed:" a God who tested the nation's ability to move toward justice and who showed favor toward struggles for equality. The Mount of Vision also examines the conflict between the African American prophets who believed that the nation could one day be redeemed through struggle, and those who felt that its hypocrisy and malevolence lay too deep for redemption. Contrary to the prevalent view that black nationalism is the strongest African American justice tradition, Hobson argues that the reformatory tradition in prophecy has been most important and constant in the struggle for equality, and has sparked a politics of prophetic integrationism spanning most of two centuries. Hobson shows too the special role of millennial teaching in sustaining hope for oppressed people and cross-fertilizing other prophecy traditions. The Mount of Vision incorporates a wide range of biblical scholarship illuminating diverse prophetic traditions as well as recent studies in politics and culture. It concludes with an examination of the meaning of African American prophecy today, in the time of the first African American presidency, the semicentenary of the civil rights movement, and the sesquicentennial of the American Civil War: paradoxical moments in which our "post-racial" society is still pervaded by injustice, and prophecy is not fulfilled but endures as a challenge.

### Rebuilding Zion

On May 1, 1866, a minor exchange between white Memphis city police and a group of black Union soldiers quickly escalated into murder and mayhem. Changes wrought by the Civil War and African American emancipation sent long-standing racial, economic, cultural, class, and gender tensions rocketing to new heights. For three days, a mob of white men roamed through South Memphis, leaving a trail of blood, rubble, and terror in their wake. By May 3, at least forty-six African American men, women, and children and two white men lay dead. An unknown number of black people had been driven out of the city. Every African American church and schoolhouse lay in ruins, homes and businesses burglarized and burned, and at least five women had been raped. As a federal military commander noted in the days following, "what [was] called the 'riot'" was "in reality [a] massacre" of extended proportions. It was also a massacre whose effects spread far beyond Memphis, Tennessee. As the essays in this collection reveal, the massacre at Memphis changed the trajectory of the post-Civil War nation. Led by recently freed slaves who refused to be cowed and federal officials who took their concerns seriously, the national response to the horror that ripped through the city in May 1866 helped to shape the nation we know today. Remembering the Memphis Massacre brings this pivotal moment and its players, long hidden from all but specialists in the field, to a public that continues to feel the effects of those three days and the history that made them possible.

### Freedom's Coming

The eleven essays in this collection explore the variety of ways in which whites and blacks in Georgia interacted from the end of the Civil War to the dawn of the civil rights movement. They reveal the extent to which racial matters infused politics, religion, education, gender relationships, kinship structure, and community dynamics. In their focus on a broad range of individuals, incidents, and locales, the essays look beyond the obvious injustices of the color line to examine the intricacies, ambiguities, contradictions, and above all, the human dimension that made that line far less rigid or absolute than is often assumed. The stories told here offer new insights into, and provocative interpretations of, the actions and reactions of the men and women, black and white, engaged on both sides of the struggle for racial justice and reform. They provide vivid testimony to the complexity and diversity that have always characterized southern race relations.

### Encyclopedia of African American Religions

An 8-volume reference set containing over 4,000 entries written by distinguished scholars, 'The African American National Biography' is the most significant and expansive compilation of black lives in print today.

### The History of the CME Church

Alphabetically-arranged entries from O to T that explores significant events, major persons, organizations, and political and social movements in African-American history from 1896 to the twenty-first-century.

### Religion in America

This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States. A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks. Spans a wide range of traditions and movements, from the Baptists and Methodists, to Buddhists and Mormons. Explores topics ranging from religion and the media, immigration, and piety, though to politics and social reform. Considers how American religion has influenced and been interpreted in literature and popular culture. Provides insights into the historiography of religion, but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment.

### The Mount of Vision

Best Book Award — Mormon History Association Best Book Award — John Whitmer Historical Association. More of Mormonism's canonized revelations originated in or near Kirtland than any other place. Yet many of the events connected with those revelations and their 1830s historical context have faded over time. Barely twenty-five years after the first of these Ohio revelations, Brigham Young lamented in 1856: "These revelations, after a lapse of years, become mystified [sic] to those who were not personally acquainted with the circumstances at the time they were given." He gloomily predicted that eventually the revelations "may be as mysterious to our children . . . as the revelations contained in the Old and New Testaments are to this generation." Now, more than 150 years later, the distance between what Brigham Young and his Kirtland contemporaries considered common knowledge and our understanding of the same material today has widened into a sometimes daunting gap. Mark Staker narrows the chasm in *Hearken, O Ye People* by reconstructing the cultural experiences by which Kirtland's Latter-day Saints made sense of the revelations Joseph Smith pronounced. This volume rebuilds that exciting decade using clues from numerous archives, privately held records, museum collections, and even the soil where early members planted corn and homes. From this vast array of sources he shapes a detailed narrative of weather, religious backgrounds, dialect differences, race relations, theological discussions, food preparation, frontier violence, astronomical phenomena, and myriad daily customs of nineteenth-century life. The result is a "from the ground up" experience that today's Latter-day Saints can all but walk into and touch.

### These Stones: Pleasant Hill/Carter Tabernacle

Volume IV (bound as two volumes) provides a critical and descriptive bibliography of religion in American life that is unequalled in any other source. Arranged topically, so that books and articles on a single subject are discussed in relation to each other, and carefully cross-referenced and indexed, it will be an indispensable tool for anyone exploring further into American religion or related subjects. Originally published in 1961. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

### Remembering the Memphis Massacre

Owned by his father, Isaac Harold Anderson (1835–1906) was born a slave but went on to become a wealthy businessman, grocer, politician, publisher, and religious leader in the African American community in the state of Georgia. Elected to the state senate, Anderson replaced his white father there, and later shepherded his people as a founding member and leader of the Colored Methodist Episcopal church. He helped support the establishment of Lane College in Jackson, Tennessee, where he subsequently served as vice president. Anderson was instrumental in helping freed people leave Georgia for the security of progressive safe havens with significantly large Black communities in northern Mississippi and Arkansas. Eventually under threat to his life, Anderson made his own exodus to Arkansas, and then later still, to Holly Springs, Mississippi, where a vibrant Black community thrived. Much of Anderson's unique story has been lost to history—until now. In *The Recovered Life of Isaac Anderson*, author Alicia K. Jackson presents a biography of Anderson and in it a microhistory of Black religious life and politics after emancipation. A work of recovery, the volume captures the life of a shepherd to his journeying people, and of a college pioneer, a CME minister, a politician, and a former slave. Gathering together threads from salvaged details of his life, Jackson sheds light on the varied

perspectives and strategies adopted by Black leaders dealing with a society that was antithetical to them and to their success.

### Georgia in Black and White

"Calvin McBride has shown us his unique literary ability in the life journey of Robert E. Hart's transition from one denomination (Christian Methodist Episcopal Church) to another (Church of God in Christ). He has plunged us into the history of not only an individual but has transported us as well into the history of African-Americans as it relates to the church as an institution." --Stevey M. Wilburn, pg. ii.

### Black Theology as the Foundation of Three Methodist Colleges

...This unique collection of more than fifty documents - many of them rare, out of print, not easily accessible - covers Afro-American religious from Africa into early America through Reconstruction and into the rise of black nationalism, civil rights, and black theology of today. Excerpts from classic studies of Afro-American religion, including Du Bois, Mays and Nicholson, Drake and Clayton, and Frazier add depth and scope to this collection. The editor provides a general introduction, explanatory comments that give historical context and significance to each selection, and suggestions for further reading to both the specialist and general reader...

## Aristide

In this riveting memoir, Jean-Bertrand Aristide, a Catholic priest who became Haiti's first democratically-elected president, recounts his life--from his early education through his formal training as a priest, scripture scholar, and psychologist. The New York Times calls Aristide, "(a) Pied Piper-like leader of Haiti's liberation theology movement".

## Dignity

There, U.N. negotiators shuttled between the temporary residences of President Aristide and General Cedras in order to produce the agreement that contained inexplicable concessions to the junta but was nevertheless ignored by the junta for a full year after the date set for surrender of power.

## A View from the Edge

>

## Plunging Into Haiti

For much of the early 1990s, Haiti held the world's attention. A fiery populist priest, Jean Bertrand Aristide, was elected president and deposed a year later in a military coup. Soon thousands of desperately poor Haitians started to arrive in makeshift boats on the shores of Florida. In early 1993, the newly elected Clinton administration pledged to make the restoration of President Aristide one of the cornerstones of its foreign policy. But that fall the U.S. let supporters of Haiti's ruling military junta intimidate America into ordering the USS Harlan County and its cargo of UN peacekeeping troops to scotch plans and return to port. Less than a year later, for the first time in U.S. history, a deposed president of another country prevailed on the United States to use its military might to return him to office. These extraordinary events provide the backdrop for Plunging into Haiti: Clinton, Aristide, and the Defeat of Diplomacy mdash;Ralph Pezzullo's detailed account of the international diplomatic effort to resolve the political crisis.

## Brother, I'm Dying

In a personal memoir, the author describes her relationships with the two men closest to her--her father and his brother, Joseph, a charismatic pastor with whom she lived after her parents emigrated from Haiti to the United States.

## Killing Hope

Is the United States a force for democracy? From China in the 1940s to Guatemala today, William Blum presents a comprehensive study of American covert and overt interference, by one means or another, in the internal affairs of other countries. Each chapter of the book covers a year in which the author takes one particular country case and tells the story - and each case throws light on particular US tactics of intervention.

## The Caribbean Basin

The Caribbean Basin: An International History provides a study of the entire Caribbean region, including Central America and the Caribbean coast of northern South America. It also offers analysis of: \* the role of international intervention \* the complex interaction among major world powers in the area \* conflicts over colonial possessions and trade routes \* Soviet-American confrontation in the Cold

War years. Integrating the recent political, social and economic history of the Caribbean with its military and diplomatic past, this book charts the region's emergence from colonialism during the course of the twentieth century.

#### Haiti's Predatory Republic

With the collapse of the Duvalier dictatorship in 1986 came optimistic hopes for a transition toward a sound democracy, accompanied by economic development and social peace--a vision which has failed to materialize in the past 15 years. A native of Haiti, Fatton (government, U. of Virginia) analyzes Haitian politics from 1986 to 2001, revealing the complications and conflicts which have slowed the country's progress toward an effective democracy. The author also explores alternatives which could lead the country toward success. Annotation copyrighted by Book News, Inc., Portland, OR

#### Autobiography and Political Perspective of Politologue Vilio Bacette

This book highlights the autobiography of Vilio Bacette, who achieved a high academic level at his older age, a Master's Degree in Political Science. Vilio Bacette became a Political Scientist in French is Politologue. The Politologue has his perspective on several social issues. He mentioned that the world must be productive for any human beings under the control of the universal organization supported by a giant superpower state, the United States, which reveals the contrary: human resources, natural resources, freedom, security, and peace turn backs. However, the U.N. promotes wars rather than peace. It prefers to play the repressive game soldier of the world instead. Like the U.S., a primacy state must play the role of the father of the world.

#### Haitian History

Despite Haiti's proximity to the United States, and its considerable importance to our own history, Haiti barely registered in the historic consciousness of most Americans until recently. Those who struggled to understand Haiti's suffering in the earthquake of 2010 often spoke of it as the poorest country in the Western hemisphere, but could not explain how it came to be so. In recent years, the amount of scholarship about the island has increased dramatically. Whereas once this scholarship was focused on Haiti's political or military leaders, now the historiography of Haiti features lively debates and different schools of thought. Even as this body of knowledge has developed, it has been hard for students to grasp its various strands. Haitian History presents the best of the recent articles on Haitian history, by both Haitian and foreign scholars, moving from colonial Saint Domingue to the aftermath of the 2010 earthquake. It will be the go-to one-volume introduction to the field of Haitian history, helping to explain how the promise of the Haitian Revolution dissipated, and presenting the major debates and questions in the field today.

#### Pionnier de l'ouest canadien

\_\_\_\_\_ 'In this explosive book Moore brings a world pulsating to life, with vivid descriptive writing and a series of beautifully accurate vignettes' - Financial Times 'Tightly-made and absorbing. Brian Moore is a highly intelligent writer who has the enviable ability to make you want to go on turning the pages... this is a very exciting book' - A. N. Wilson, Evening Standard 'The profundity of this book is achieved with breathtaking lightness... Moore can push the reader's mind against its own extremities' - Guardian \_\_\_\_\_ When Father Paul Michel, a missionary on the desperately poor Caribbean island of Ganae, plucks a black child from abject poverty, he does not expect the boy to become a charismatic Catholic priest and outspoken revolutionary. Jeannot, as Father Paul calls him, is a messianic orator who bravely urges his black brethren to rise against their oppressors. At odds with the Vatican in Rome, he is expelled from his order only to emerge as the first democratically elected president of the volatile Ganae. Antagonising the mulatto elite and the ruling military junta, Jeannot discovers his enemies will stop at nothing - assassination, arson, brutal repression - to destroy him. Even Father Paul, who tells this story, is unsure whether Jeannot is saint or tyrant. In this deeply unsettling novel, Brian Moore weighs immortal souls against mortal misery. \_\_\_\_\_ 'Poised, bracing and moving... if pleasure indeed corrupts the soul, then this very novel is a twenty-four carat sin' - Independent

#### No Other Life

Winner of the 2021 Haitian Studies Association Book Prize *Haiti Fights Back: The Life and Legacy of Charlemagne Peralte* is the first US scholarly examination of the politician and caco leader (guerrilla fighter) who fought against the US military occupation of Haiti. The occupation lasted close to two decades, from 1915-1934. Alexis argues for the importance of documenting resistance while exploring the occupation's mechanics and its imperialism. She takes us to Haiti, exploring the sites of what she labels as resistance zones, including Peralte's hometown of Hinche and the nation's large port areas--Port-au-Prince and Cap-Haïtien. Alexis offers a new reading of U.S. military archival sources that record Haitian protests as banditry. *Haiti Fights Back* illuminates how Peralte launched a political movement, and meticulously captures how Haitian women and men resisted occupation through silence, military battles, and writings. She locates and assembles rare, multilingual primary sources from traditional repositories, living archives (oral stories), and artistic representations in Haiti and the United States. The interdisciplinary work draws on legislation, cacos' letters, newspapers, and murals, offering a unique examination of Peralte's life (1885-1919) and the significance of his legacy through the twenty-first century. *Haiti Fights Back* offers a new approach to the study of the U.S. invasion of the Americas by chronicling how Caribbean people fought back.

### Haiti Fights Back

In *Revolutionary Change and Democratic Religion*, Celucien Joseph provides a fresh and careful reexamination of Haiti's intellectual history by focusing on the ideas and writings of five prominent thinkers and public intellectuals: Toussaint Louverture, Joseph Antenor Firmin, Jacques Roumain, Dantes Bellegarde, and Jean Price-Mars. The book articulates a twofold argument. First of all, Haiti has produced a strong intellectual tradition from the revolutionary era to the postcolonial present, and that Haitian thought is not homogeneous and monolithic. Joseph puts forth the idea that the general interweaving themes of rhetoric, the race concept, race vindication, universal emancipation, religious pluralism, secular humanism, the particular and the universal, and cosmopolitanism are representative of Haiti's intellectual tradition. Secondly, the book also contends that Haitian intellectuals have produced a religious discourse in the twentieth century that could be phrased religious metissage. The religious ideas of these thinkers have been shaped by various forces, ideologies, religious traditions, and philosophical schools. In the same way, the religious experience of the Haitian people should be understood in terms of conflicting, heterodox, and pluralistic manifestations of religious piety, as the people in Haiti reacted to the crisis of slavery, Western colonialism and imperialism, and the arrogance of race in modernity in their striving to reposition themselves within the framework of universal and human metanarratives. The book departs from the dominant (contemporary) Vodou scholarship that is often characteristic of North American and Western studies on the religious life of the Haitian people and Haitian thinkers.

### Revolutionary Change and Democratic Religion

Journal of an American in the mountains of Haiti. This book challenges us to find our own path. 250pp. English.

### Something to Teach Me

Why has Haiti been plagued by so many woes? Why has the United States felt a need to repeatedly intervene in Haiti's affairs? Why have multiple U.S. efforts to create a stable democracy in Haiti failed so spectacularly? Philippe Girard answers these and other questions in *Paradise Lost*. He examines how colonialism and slavery have left a legacy of racial tension, both within Haiti and internationally, as Haitians remain deeply suspicious of white foreigners' motives, many of whom doubt Haitians' ability to govern themselves. He also examines how Haiti's current political instability is merely a continuation of two hundred years of political strife that began during the War of Independence (1791-1804). Finally, Girard explores poverty's devastating impact on contemporary Haiti. This book is different from others in the field, arguing that Haitians - particularly home-grown dictators - bear a big share of the responsibility for their nation's troubles. In addressing the current situation in Haiti by looking to the nation's tumultuous past, *Paradise Lost* is timely and potentially controversial.

### Paradise Lost

Winner of the National Book Critics Circle Award for Autobiography, this is a brilliant writer's account of a long, painful, ecstatic—and unreciprocated—affair with a country that has long fascinated the world. A foreign correspondent on a simple story becomes, over time and in the pages of this book,

a lover of Haiti, pursuing the heart of this beautiful and confounding land into its darkest corners and brightest clearings. Farewell, Fred Voodoo is a journey into the depths of the human soul as well as a vivid portrayal of the nation's extraordinary people and their uncanny resilience. Haiti has found in Amy Wilentz an author of astonishing wit, sympathy, and eloquence.

#### Farewell, Fred Voodoo

When Joegodson Déralciné was still a small child, his parents left rural Haiti to resettle in the rapidly growing zones of Port-au-Prince. As his family entered the city in 1986, Duvalier and his dictatorship exited. Haitians, once terrorized under Duvalier's reign, were liberated and emboldened to believe that they could take control of their lives. But how? Joining hundreds of thousands of other peasants trying to adjust to urban life, Joegodson and his family sought work and a means of survival. But all they found was low-waged assembly plant jobs of the sort to which the repressive Duvalier regime had opened Haiti's doors—the combination of flexible capital and cheap labour too attractive to multinational manufacturers to be overlooked. With the death of his mother, Joegodson was placed in his uncle's care, and so began a childhood of starvation, endless labour, and abuse. In honest, reflective prose, Joegodson—now a father himself—allows us to walk in the ditches of Cité Soleil, to hide from the macoutes under the bed, to feel the ache of an empty stomach. But, most importantly, he provides an account of life in Haiti from a perspective that is rarely heard. Free of sentimentality and hackneyed clichés, his narrative explores the spirituality of Vodou, Catholicism, and Protestantism, describes the harrowing day of the 2010 earthquake and its aftermath, and illustrates the inner workings of MINUSTAH. Written with Canadian historian Paul Jackson—Joegodson telling his story in Creole, Jackson translating, the two of them then reviewing and reworking—the memoir is a true collaboration, the struggle of two people from different lands and vastly different circumstances to arrive at a place of mutual understanding. In the process, they have given us an unforgettable account of a country determined to survive, and on its own terms.

#### Rocks in the Water, Rocks in the Sun

From the author of *The Debt* comes a memoir that charts his journey from the most powerful nation on earth to the tiny tropical island where his wife was born. A #1 *Essence* bestseller.

#### Quitting America

Ten young scholars from a variety of disciplines explore how the concept of romance, initially constructed in the imperial imagination of Europe and America, is employed within contemporary Caribbean popular culture and literature to idealize the newly independent, postcolonial societies of the region. Annotation copyrighted by Book News, Inc., Portland, OR

#### Caribbean Romances

Edwidge Danticat had long been scared off from Carnival by a loved one, who spun tales of people dislocating hips from gyrating with too much abandon, losing their voices from singing too loudly, going deaf from the clamor of immense speakers, and being punched, stabbed, pummeled, or fondled by other lustful revelers. Now an adult, she resolves to return and exorcise her Carnival demons. During her journeys she traces the heroic and tragic history of the island, from French colonists and Haitian revolutionaries to American invaders and home-grown dictators. Danticat also introduces us to many of the performers, artists, and organizers who re-create the myths and legends that bring the Carnival festivities to life. When Carnival arrives, we watch as she goes from observer to participant and finally loses herself in the overwhelming embrace of the crowd. Part travelogue, part memoir, this is a lyrical narrative of a writer rediscovering her country along with a part of herself.

#### After The Dance

This book is a study of Jimmy Carter's career, his approach to human rights, his formulation of goals, and his practices before, during, and after his presidency, with a focus on the extent to which the promotion and protection of human rights influenced his actions at home and abroad. Historians underestimate the uniqueness of the juncture in the 1970s when Carter missed an opportunity to change priorities in American diplomacy, a misreading that might be explained by the disparity between Carter's agenda and the reality created by his administration's record. This book identifies and examines how Carter's ambitious words and promising ideals did not translate into policy, though

his intentions were noble. At a pivotal moment, his administration adopted human rights as a tenet for foreign policy, but Carter did not design imaginative guidelines or prescribe new practices to advance this theme. *The Future Almost Arrived* illuminates how, had Carter succeeded in recruiting senior staff to support and implement an innovative agenda, the result might have been an overhaul of U.S. foreign policy, with human rights at its center - which, by improving his chances for re-election, would have changed the course of history.

### The Future Almost Arrived

Long before a devastating earthquake hit in January 2010, Haiti was one of the most impoverished and oppressed countries in the world. However, in the late 1980s a remarkable popular mobilization known as Lavalas ("the flood") sought to liberate the island from decades of US-backed dictatorial rule. *Damming the Flood* analyzes how and why the Lavalas governments led by President Jean-Bertrand Aristide were overthrown, in 1991 and again in 2004, by the enemies of democracy in Haiti and abroad. The elaborate campaign to suppress Lavalas was perhaps the most successful act of imperial sabotage since the end of the Cold War. It has left the people of Haiti at the mercy of some of the most rapacious political and economic forces on the planet. Updated with a substantial new afterword that addresses the international response to the earthquake, *Damming the Flood* is both an invaluable account of recent Haitian history and an illuminating analysis of twenty-first-century imperialism.

### Damming the Flood

Haiti, long noted for poverty and repression, has a powerful and too-often-overlooked history of resistance. Women in Haiti have played a large role in changing the balance of political and social power, even as they have endured rampant and devastating state-sponsored violence, including torture, rape, abuse, illegal arrest, disappearance, and assassination. In *Walking on Fire*, Beverly Bell, an activist and an expert on Haitian social movements, brings together thirty-eight oral histories from a diverse group of Haitian women. The interviewees include, for example, a former prime minister, an illiterate poet, a leading feminist theologian, and a vodou dancer. Defying victim status despite gender- and state-based repression, they tell how Haiti's poor and dispossessed women have fought for their personal and collective survival. The women's powerfully moving accounts of horror and heroism can best be characterized by the Creole word *istwa*, which means both "story" and "history." They combine theory with case studies concerning resistance, gender, and alternative models of power. Photographs of the women who have lived through Haiti's recent past accompany their words to further personalize the interviews in *Walking on Fire*.

### Walking on Fire

"Widor's Toccata is the most famous organ piece composed in the past three hundred years-since Bach's ubiquitous Toccata in D Minor. Linked inseparably with the organ through his ten seminal organ symphonies and legendary sixty-four years as organist at Saint-Sulpice, Widor drew crowds of doting admirers from all walks of life around himself and Cavaill  -Coll's great organ of one hundred stops. It is apparent throughout these "Autobiographical Recollections" that Widor was well-connected, moving with ease among the intelligentsia, presidents, politicians, royalty, nobility, patrons, and artists. A keen observer and a man of sophistication and extraordinary erudition, Widor was an all-embracing musician and notable historical figure who led an active life beyond his famous organ gallery. As permanent secretary of the Academy of Fine-Arts, he was the cultural ambassador of France for more than twenty years. Few musicians of any era have had a broader experience, wider sphere of influence, and greater number of significant and varied accomplishments. Preceded by a comprehensive Preface, these "Autobiographical Recollections," narrated in the last months of Widor's life, are translated into English for the first time, meticulously edited, and profusely annotated. The persons, political details, and historical events that Widor spoke of with great fluency are identified in notes that give the reader a full understanding of the narrative. Several appendixes and a trove of hitherto unpublished photos illuminate the text. John R. Near is Professor Emeritus of Music, Principia College, and author of *Widor: A Life beyond the Toccata and Widor on Organ Performance Practice and Technique*--

### Autobiographical Recollections of Charles-Marie Widor (1844-1937)

*Silencing the Guns in Haiti* traces Haiti's halting and uncertain quest for democracy from the perspective of someone who played a leading part in every stage of that process. "A provocative study of the prospects for the rule of law in Haiti."—Marilyn Bowden, *Miami Today* "[Stotzky] deepens insights

into the contradictory obstacles to democratic governance in Haiti."—Library Journal "Controversial and stimulating."—Choice "Lucid and informative. . . . Stotzky gives readers a good foundation for understanding the pressures facing the impoverished but determined Caribbean island."—Islands

### Silencing the Guns in Haiti

This is a collection of essays on the history of Christianity and the role of the Church in the processes of colonization and decolonization in the Caribbean. They look at the relationships that existed among slavery, colonialism and Catholicism.

### Christianity in the Caribbean

Theologizing in Black is a creative and rigorous comparative study on black theological musings and liberative intellectual contemplations engaging the theological ethics and anthropology of both continental African theologians (Tanzania, Kenya, Democratic Republic of the Congo) and black theologians in the African Diaspora (Haiti, Trinidad, Jamaica, Antigua and Barbuda, United States). Using the pluralist approach to religion promoted by the philosopher of religion and theologian John Hick, the book is also an attempt to bridge an important gap in the comparative study of religion, Africana Studies, and Liberation theology, both in Africa and its diaspora. The book provides an analytical framework and intellectual critique of white Christian theologians who deliberately disengage with and exclude black and Africana theologians in their theological writings and conversations. From this vantage point, Africana critical theology is said to be a theology of contestation as it seeks to deconstruct white supremacy in the theological enterprise. This book not only articulates a rhetoric of protest about the misrepresentation and underrepresentation of the humanity of African and black people in white theological imagination; it also enunciates a positive image of black humanity and congruently promulgates a constructive representation of blackness. The paramount goal of Africana theological anthropology and ethics is the preservation of life and promotion of human dignity and the sheer acknowledgement that the African people and people of African descent are bearers of the image of God.

### The Tears of Haiti

Agatha Christie's personal memoirs about her travels to Syria and Iraq in the 1930s with her archaeologist husband Max Mallowan, where she worked on the digs and wrote some of her most evocative novels.

### Come, Tell Me How You Live: An Archaeological Memoir

Looks at globalization, colonialism, education, and women's status through the eyes of the Haitian people.

### New York Times Saturday Book Review Supplement

Aristide Oconostota Marshall was a full-time pastor at Franklin Avenue East in New Orleans before Katrina. He is now a disease surveillance specialist for the state of Louisiana. Aristide and his wife Stephenie are the parents of one daughter Elaina Maria Marshall. They make their home in New Orleans, Louisiana. Aristide has a BS in biology and completed some graduate work at New Orleans Baptist Theological Seminary and is also a registered sanitarian.

### Eyes of the Heart

Presents an exploration of the turbulent history of Haiti, from Columbus's arrival to the abduction of former president Jean-Bertrand Aristide in 2004, and the nation's ongoing struggle to achieve stability and prosperity.

### Autobiography

The ecstatic election of President Jean-Bertrand Aristide in 1990, his American-supported restoration to office in 1994, and the peaceful election in 1995 of President René Préval were harbingers of a

radically new and promising era in Haitian political and economic life. For the first time in Haiti's 190-year old independent tradition, men of and chosen by the majority of Haiti's people had gained power, and attained their positions legally and peacefully. With a five-year presidency, Préval now has the opportunity to reconstruct and remold the Haitian state, to raise Haitian living standards, and to create a new political culture of democracy and tolerance. The future of his country, and the success of Haiti's last best chance to break its chains of poverty, desperation, and deprivation, depend on the choices that he and his colleagues make in the months ahead. The context of those choices is stark. Haiti remains the poorest and least industrialized nation in the Western Hemisphere. The Préval government thus has much to do. This book provides an agenda for Préval and his successors, one that examines both Haiti's political culture--its historical legacy and what that means for future reconstruction--and many of its most critical political, economic, and social challenges. In addition to Rotberg, the contributors include: Patrick Bellegarde-Smith, University of Wisconsin, Milwaukee; Anthony V. Cantanese, DePauw University; Robert Fatton, Jr., University of Virginia; Clive Gray, Harvard Institute for International Development; Michel S. Laguerre, University of California, Berkeley; Mats Lundahl, Stockholm School of Economics; Robert Maguire, Inter-American Foundation, Jennifer McCoy, Georgia State University; William G. O'Neill, former Director of the Legal Department of the OAS/UN International Civilian Mission in Haiti; Robert A. Pastor, Carter Center; Marc Prou, University of Massachusetts, Boston; Donald E. Schultz, U.S. Army War College; and Michel-Rolph Trouillot, Johns Hopkins University. A Brookings Institution and World Peace Foundation copublication

### The Trumpet Talked with Me!

If every writer necessarily draws on their own life, is any writing outside the realm of 'autobiography'? The new edition of this classic guide is fully updated to include: developments in autobiographical criticism, highlighting major theoretical issues and concepts different forms of the genre from confessions and narratives to memoirs and diaries uses of the genre in their historical and cultural contexts major autobiographical writers including St Augustine, Bunyan, Boswell, Rousseau and Wordsworth, alongside non-canonical autobiographies by women twentieth-century autobiography including women's writing, black and postcolonial writing, and personal criticism a new chapter on narrative and new material examining recent trends in autobiography such as blogs, the popularity of literary memoirs and recent developments in theory on testimonial writing. Combining theoretical discussion with thought-provoking readings of major texts, this is the ideal introduction to the study of a fascinating genre.
