

# The Illusion Of Progress Unsustainable Development In International Law And Policy

[#unsustainable development](#) [#international law policy](#) [#illusion of progress](#) [#global development challenges](#) [#environmental law policy](#)

This article critically examines the pervasive 'illusion of progress' within global development, highlighting how existing frameworks in international law and policy often contribute to unsustainable development. It delves into the systemic failures and inherent challenges that prevent genuine global advancement, arguing for a fundamental re-evaluation of strategies to achieve a truly sustainable future.
