child on child sexual abuse IS sexual abuse.

age of the perpetrator isn't the only important or defining factor.  
parents and other adults don't know what to say or do about it  
talking about this will help  
getting our child into therapy right away is best  
shame and disgust can come along with this type of abuse (really any type of abuse)  
hypersexuality is often a result of childhood sexual abuse  
even though many children were first abused themselves, they are still responsible for the pain they caused  
if a mandated reporter like a therapist or a teacher finds out about the abuse, child protective services will get involved and investigate  
we can heal from this!
