[#business ethics](#) [#rational choice theory](#) [#ethical decision making](#) [#corporate social responsibility](#) [#strategic ethics](#)

Exploring business ethics through the lens of rational choice theory highlights how organizations and individuals make ethical decisions not just from moral obligation, but often as a strategic imperative. This perspective examines how sound ethical conduct, driven by a rational assessment of long-term benefits and risks, can lead to sustainable success and enhanced corporate social responsibility, ultimately building trust and reputation through strategic ethics.
