Vatican Council II: Constitutions, Decrees, Declarations

As Pope Francis leads the worldwide church wholly within and from the teachings of the Council (1962-65), there is a great need in college classrooms and parish faith formation groups—as well as for individuals—to again have access to these documents in contemporary English. This volume contains the sixteen official documents—constitutions, decrees, and declarations—of the Second Vatican Council in the most popular and widely used inclusive-language edition translated by Irish Dominican Austin Flannery (+2008). This edition is also presented with a larger, more readable font than previous editions. Table of Contents: Dogmatic Constitution on the Church, Lumen Gentium Dogmatic Constitution on Divine Revelation, Dei Verbum Constitution on the Sacred Liturgy, Sacrosanctum Concilium Pastoral Constitution on the Church in the Modern World, Gaudium et Spes Decree on the Pastoral Office of Bishops in the Church, Christus Dominus Decree on the Ministry and Life of Priests, Presbyterorum Ordinis Decree on the Training of Priests, Optatum Totius Decree on the Up-to-Date Renewal of Religious Life, Perfectae Caritatis Decree on the Apostolate of Lay People, Apostolicam Actuositatem Decree on the Church's Missionary Activity, Ad Gentes Divinitus Decree on Ecumenism, Unitatis Redintegratio Decree on the Catholic Eastern Churches, Orientalium Ecclesiarum Decree on the Mass Media, Inter Mirifica Declaration on Religious Liberty, Dignitatis Humanae Declaration on the Relation of the Church to Non-Christian Religions, Nostra Aetate Declaration on Christian Education, Gravissimum Educationis Each of these sixteen documents is also available as separate eBooks (PDF, ePub, and Mobi) priced at \$2.99 each. An affordable solution for students and scholars who only need to reference particular decrees or declarations. See more on our digital edition page. https://litpress.org/LP/vatdoc_chapter_ebook

Vatican II Constitution

Bill Huebsch provides an introduction to Vatican II and sense-line translations of all the documents. Known for an ability to make theology accessible to lay readers, Huebsch makes the documents read like poetry.

The Constitutions

The Second Vatican Council met from 1962 through 1965 and is the most significant event in the last 400 years of Christian history. It changed the face of the Roman Catholic Church forever and dramatically affected all the people of the world. Author and theologian Bill Huebsch has provided a thorough and thoroughly readable telling of the story of Vatican II.

Vatican II in Plain English - the Collection

The hope and dream of the creators of these study guides is that all the faithful of the Church--laity, religious, and clergy--become familiar with the Vatican II documents and better equipped to pass on the faith. That all the faithful become better informed ministers of the Church and help animate the world with the Christian Spirit. It is the dream of Pope John XXIII himself. May we recognize that, in the council's work.

The Pastoral Constitution on the Church in the Modern World

Introductory ; Essay by Pope Benedict XVI This collection ; includes the four constitutions of the Second Vatican ; Council, the most popular and key documents for ; understanding the Council itself, its decrees, and its ; declarations. Few events in the history of the modern ; Catholic Church have been as far-reaching as the Second ; Vatican Council (1962-1965). And few have been as ; controversial. No one denies great changes have come about ; since the close of the Council. Have the changes been all ; good, all bad, or a mixture of both? To what extent were ; the changes, for good or ill, the result of the Council ; itself? Some have criticized the Council for not ; going far enough, though they maintain that the ""spirit ; of Vatican II"" supports their rejection of many firmly ; established Catholic beliefs and practices. Others claim ; the Council went too far and abandoned certain fundamental ; Catholic tenets in the name of ""updating"" the ; Church. The popes of the Council-John XXII and Paul VI-and ; their successors who also participated in the Council -John ; Paul I, John Paul II, and Benedict XVI-have insisted that ; the Council itself was the work of the Holy Spirit. They ; have aggressively criticized misinterpretations and ; distortions of it. They insist that the Council be ; understood in fundamental continuity with the Church's ; Tradition, even while deepening the Church's ; self-understanding and calling for authentic reforms and ; renewal of Catholic life. Readers can learn for ; themselves what the Second Vatican Council taught using ; this highly accessible collection of its basic ; texts. This book uses the Catholic Truth Society ; translation and features: The Constitution on ; the Sacred Liturgy, Sacrosanctum Concilium, ; introduced by Cardinal Francis Arinze. The ; Dogmatic Constitution on the Church, Lumen ; Gentium, introduced by Cardinal Paul ; Poupard. The Dogmatic Constitution on Divine ; Revelation, Dei Verbum, introduced by Archbishop ; Charles J. Chaput, OFM, Cap. The Pastoral ; Constitution on the Church in the Modern World, Gaudium ; et Spes, introduced by Cardinal Angelo ; Scola. Four major aspects of the Church's ; life-the Sacred Liturgy, the mystery of the Church herself, ; the Word of God, and the Church in the world as it is ; today-are explored. No twenty-first-century Catholic should ; be without these four foundational texts in this superb ; translation. The collection also includes a general ; introduction by Archbishop Salvatore Cordileone of San ; Francisco, as well as an address given by Pope Emeritus ; Benedict XVI in 2005, explaining how best to understand the ; Second Vatican Council in the history of the Church.

The hope and dream of the creators of these study guides is that all the faithful of the Church--laity, religious, and clergy--become familiar with the Vatican II documents and better equipped to pass on the faith. May we recognize that, in the council's work.

The Dogmatic Constitution on Divine Revelation

The sixteen basic documents of Vatican Council II are presented here in a new revised translation reflecting inclusive language, edited by Austin Flannery, O.P.

The Constitution on the Sacred Liturgy

Author and theologian Bill Huebsch has provided a complete and thoroughly readable telling of the story of Vatican II.

Vatican Council II

The sixteen official documents—constitutions, decrees, and declarations—of the Second Vatican Council are now available from Liturgical Press in the most popular and widely used inclusive-language edition translated by Irish Dominican Austin Flannery (+October 21, 2008). As the worldwide Church continues to celebrate the fiftieth anniversary of the Council (1962–65), there is a great need in college classrooms and parish faith formation groups—as well as for individuals—to again have access to these documents in contemporary English. As Flannery wrote in his introduction to the 1996 edition, “The translation of the texts of the Vatican documents in the present volume differs from that in the previous publication in two respects. It has been very considerably revised and, in place, corrected. It is also, to a very large extent, in inclusive language. “I say ‘to a very large extent,’ because we have used inclusive language in passages about men and women but not, however, in passages about God, except where the use of the masculine pronoun was easily avoidable.”

Vatican II in Plain English

This set of three books unpacks the vision and power of Vatican II and makes it available to everyone.

Gaudium et Spes

Gaudium Et Spes Gaudium et spes, the Pastoral Constitution on the Church in the Modern World, was one of the four constitutions resulting from the Second Vatican Council. The document is an overview of the Catholic Church's teachings about humanity's relationship to society, especially in reference to economics, poverty, social justice, culture, science, technology and ecumenism. Approved by a vote of 2,307 to 75 of the bishops assembled at the council, it was promulgated by Pope Paul VI on 7 December 1965, the day the council ended. The title is taken from its opening words in Latin "the joys and hopes".

The Decrees and Declarations Vatican II in Plain English Volume Three

Here Bill Huebsch offers a blueprint for how to bring the dreams and visions for a GREAT parish to fruition. He shows parish leaders and ministers how to move in the direction of lifelong faith formation by offering adults in the parish powerful conversion experiences (particularly through parish-based retreats and intergenerational Faith Gatherings). He also offers a clear and consistent plan for step-by-step growth, with special emphasis on excellent liturgies, strong and effective catechist and teacher formation, and developing households of faith. In this definitive guide, he not only shows parishes how to get started but also how to keep going until lifelong faith formation is a reality.

Gaudium Et Spes

The revised second edition of the award-winning *The RCIA: Transforming the Church* incorporates new insights in liturgical catechesis and ritual celebration that have emerged since the original edition. The changed format includes an expanded commentary on each of the periods of the rite, expanded sections, all-new sections, practical guidelines, and suggestions for using the rite with children. Again divided into three parts, this resource first looks at foundational issues for implementing the rite, including underlying theological issues and ministries in initiation. The second section looks at each stage in the rite following a four-step process. The third section examines pastoral issues such as annulments, ecumenical sensitivity, discerning valid baptism, etc.

Second Vatican Council

Leisa Anslinger and Vikki Shepp believe that these three giants of parish life are essential components of a vibrant parish. They provide indispensable principles to guide pastoral leaders as they seek to transform their parishes into places where people embrace and live Christian discipleship. An excellent resource for all pastors, parish teams, Stewardship teams, and parish ministers.

Dreams and Visions

The sixteen official documents—constitutions, decrees, and declarations—of the Second Vatican Council are now available from Liturgical Press in the most popular and widely used inclusive-language edition translated by Irish Dominican Austin Flannery (+October 21, 2008). As the worldwide Church continues to celebrate the fiftieth anniversary of the Council (1962–65), there is a great need in college classrooms and parish faith formation groups—as well as for individuals—to again have access to these documents in contemporary English. As Flannery wrote in his introduction to the 1996 edition, “The translation of the texts of the Vatican documents in the present volume differs from that in the previous publication in two respects. It has been very considerably revised and, in place, corrected. It is also, to a very large extent, in inclusive language. ‘I say ‘to a very large extent,’ because we have used inclusive language in passages about men and women but not, however, in passages about God, except where the use of the masculine pronoun was easily avoidable.”

Pastoral Constitution on the Church in the Modern World

An "internationally known author and inspirational speaker" (Catholic Online) inspires us to see the mother of Jesus as our spiritual mother and as a model for women everywhere. Vatican Council II

In presenting to the English reading public "The Decrees of the Vatican Council" we make no apology for calling it the "best book" and most valuable religious relic left to the twentieth century by the nineteenth. It is somewhat surprising that collections of the "hundred best books," which usually begin with the Bible and generally include Marcus Aurelius, should give no place to the Acts of the General Councils; though mere literary works have done little beyond filling vacant hours, and these Acts have renewed the face of the earth. Vatican II, the Constitution on the Church

Christian-Jewish relations have had changing fortunes throughout the centuries. Occasionally there has been peace and even mutual understanding, but usually these relations have been ones of tension, often involving recrimination and even violence. This volume addresses a number of the major questions that have been at the heart and the periphery of these tenuous relations through the years. The volume begins with a number of papers discussing relations as Christianity emerged from and defined itself in terms of Judaism. Other papers trace the relations through the intervening years. And a number of papers confront issues that have been at the heart of the troubled twentieth century. In all, these papers address a sensitive yet vital set of issues from a variety of approaches and perspectives, becoming in their own way a part of the ongoing dialogue.
