Saggi sulla letteratura e sull'arte

Attraverso i saggi qui raccolti Vinícius Nicastro Honesko indaga la figura di Pier Paolo Pasolini come intellettuale. Al di là di ogni approccio storiografico o di analisi dell'opera pasoliniana, questi testi hanno l'obiettivo di esaminare il modo in cui gli interventi dell'intellettuale si collocano in maniera intempestiva nel contesto pubblico. I gesti di Pasolini hanno prodotto effetti ben oltre il contesto in cui si sono collocati e le inquietudini che hanno attraversato il pensatore italiano negli anni Cinquanta-Settanta del secolo scorso sono ancora fonte di riflessioni capaci di scuotere, in altri tempi e contesti, il dibattito pubblico e il pensiero critico. Questo libro rappresenta dunque un modo di chiamare in causa la figura dell'intellettuale – sempre più sospetta nella nostra contemporaneità – per un dialogo nel e sul presente.

Pasolini

Negli ultimi anni dell'intensa e prolifica attività di scrittore e regista di Pier Paolo Pasolini, la dialettica fra passato e presente diviene drammatica: condanna i lineamenti della contemporaneità che continua a vivisezionare nei suoi scritti ma che rifiuta di filmare nel suo cinema. Negli ultimi cinque anni, dal 1970 al 1975, realizza sei lungometraggi. Uno dei "fili rossi" che li accomuna è il rifiuto del presente, di filmare e raccontare l'Italia contemporanea. Un rifiuto che ha ragioni profonde e che contrasta con gli articoli "corsari" e "luterani" che scrive proprio in quegli anni sul Corriere della sera e Il Mondo e col romanzo che lascerà incompiuto Petrolio. Ma a quale passato pensava Pasolini? Quali erano i connotati, anche fisici e concreti, del mondo che rimpiangeva così disperatamente? È probabile che le ragioni più profonde del perché il suo pensiero e la sua figura continuino ad avere una tormentata attualità anche a distanza di quarantasette anni dalla sua morte si celino proprio in questa dialettica fra

nostalgia e condanna. Questo libro tenta di spiegare le ragioni contraddittorie e complesse di questa visione della realtà, che è all'origine dell'ultimo, fervido e importante periodo dell'arte pasoliniana.

Pier Paolo Pasolini

This cross-disciplinary volume, *Pier Paolo Pasolini, Framed and Unframed*, explores and complicates our understanding of Pasolini today, probing notions of otherness in his works, his media image, and his legacy. Over 40 years after his death Pier Paolo Pasolini continues to challenge and interest us, both in academic circles and in popular discourses. Today his films stand as lampposts of Italian cinematic production, his cinematic theories resonate broadly through academic circles, and his philosophical, essayistic, and journalistic writings-albeit relatively sparsely translated into other languages-are still widely influential. Pasolini has also become an image, a mascot, a face on tote bags, a graffiti image on walls, an adjective (pasolinian). The collected essays push us to consider and reconsider Pasolini, a thinker for the twenty-first century.

Pasolini.

Qual è il rapporto di Pier Paolo Pasolini con gli altri? E quale, tramite gli altri, ciò che in una voce "singolare" (non singola) gli altri hanno rappresentato e rappresentano come figure, luoghi, dialoghi del reale e dell'immaginario? Nel centenario della nascita di una delle figure più poliedriche della storia della cultura italiana e internazionale, il convegno tenutosi presso il Dipartimento di Studi umanistici dell'Università di Trieste il 24 e 25 febbraio 2023– l'ultimo dei numerosi convegni organizzati nell'anno pasoliniano – mette insieme voci plurime del mondo della cultura desiderose di interrogare aspetti ancora inesplorati e fertili dell'eredità pasoliniana. Le interrelazioni tra lo scrittore e altre figure di amici, poeti, intellettuali italiani e stranieri: il dialogo nell'assenza con Proust, quello, tramite la corrispondenza epistolare in parte inedita, con Attilio Bertolucci, la relazione con i poeti triestini, il legame distante con il femminile e l'Algeria di S  nac. Ancora gli spazi e i luoghi con cui egli    stato e pu   continuare a essere in dialogo. La relazione tra la scrittura letteraria e quella per il cinema, i lati in ombra della scrittura epistolare, le contraddizioni di quella teatrale. E di riflesso a tutte queste tracce di ricerca, solo apparentemente note e ancora esplorabili, il posizionamento e la discussione sulla possibile– o impossibile – funzione estetico-politica di Pier Paolo Pasolini nel presente. Nell'arte, nella cultura. Soprattutto nella poesia.

Pier Paolo Pasolini, *Framed and Unframed*

A collection of essays discussing the famed Italian film director, writer, and intellectual. More than thirty years after the tragic death of Pier Paolo Pasolini, this volume is intended to acknowledge the significance of his living memory. His artistic and cultural production continues to be a fundamental reference point in any discourse on the state of the arts, and on contemporary political events, in Italy and abroad. This collection of essays intends to continue the recognition of Pasolini's teachings and of his role as engaged intellectual, not only as acute observer of the society in which he lived, but also as semiologist, writer, and filmmaker, always heretical in all his endeavors. Many directors, reporters, and contemporary writers see in the "inconvenient intellectual" personified by Pasolini in his writings, in his films, and in his interviews, an emblematic figure with whom to institute and maintain a constant dialog, both because of the controversial topics he addressed, which are still relevant today, and because of the ways in which he confronted the power structures. His analytical ability made it impossible for him to believe in the myth of progress; instead, he embraced an ideal that pushed him always to struggle on the firing line of controversy.

Pier Paolo Pasolini

Le lettere d'amore di Leopardi, le novelle giocose di Boccaccio; e ancora, il carteggio privato di Machiavelli, il romanzo nascosto di Saba, i sonetti lussuriosi del Rinascimento. La letteratura italiana ha raccontato, nei secoli, l'amore tra uomini: molti sono gli autori che si sono espressi sul tema e molti quelli che hanno osato parlare di s   e della propria natura, nonostante gli anatemi e le censure. Per la prima volta in assoluto, si ricostruisce l'intero percorso dell'omosessuale nella nostra letteratura: dai sodomiti della Divina Commedia ai ragazzi di vita di Pasolini, si ripercorre la storia di un amore vietato, condannato a essere «in disgrazia del cielo e della terra», come Michelangelo diceva di s  .

Pier Paolo Pasolini

Il libro scandaglia la figura e il ruolo di Pier Paolo Pasolini nella cultura italiana del Novecento. Autore plurale, apocalittico e corsaro, ha attraversato le contraddizioni del Paese, restituendole in oggetti di pura arte che ci aiutano a comprendere un'epoca, la sua, che è anche un po' la nostra. Capace di resistere a opposti tentativi di marginalizzazione, ha colto l'odore della vita, nelle sue sfaccettate protuberanze, mettendosene al centro e costringendo la società, la politica e la coscienza civile, dell'Italia e non solo, a confrontarsi con lui.

In disgrazia del cielo e della terra

Rid. IT. Rivista on line di Italianistica. Numero 2, Anno 2006

«Che cos'è e com'è fatta la critica? Naturalmente questo è un problema molto vecchio, benché neanche lontanamente risolto. Tuttavia pensavo che facendo personalmente io della critica e per tanto tempo questo "mistero" mi si sarebbe almeno un po' e almeno pragmaticamente chiarito. Invece no... Ho fatto delle "descrizioni". Ecco tutto quello che so della mia critica in quanto critica. E "descrizioni" di che cosa? Di altre "descrizioni", ché altro i libri non sono.» (Pier Paolo Pasolini). Descrizioni di descrizioni raccoglie gli interventi scritti da Pier Paolo Pasolini per il settimanale «Tempo» tra il 26 novembre 1972 e il 24 gennaio 1975. Pasolini vi recensì libri italiani e stranieri, classici e contemporanei, svariando da Shakespeare e Manzoni a Calvino e alla Morante, da Porta e Belli a Gadda, da Baudelaire a Sologub fino alle 101 storie zen.

P.P.P., Pier Paolo Pasolini

Disperato interprete dei mutamenti sociali del nostro paese, Pasolini ha cercato ininterrottamente con la sua opera di comunicare il fondamento della sua eretica trasgressività, ma soprattutto dei suoi sogni impossibili, del suo essere poeta. Con rigore metodologico e impegno analitico, attraverso e alla luce di una puntuale presentazione dei suoi scritti pubblicati in vita e postumi, Martellini sigla un denso ritratto dell'ultimo intellettuale del secolo scorso.

L'odore della vita

This study argues that neorealism's visual genius is inseparable from its almost invisible relation to the Fascist past: a connection inscribed in cinematic landscapes. While largely a silent narrative, neorealism's complex visual processing of two decades of Fascism remains the greatest cultural production in the service of memorialization and comprehension for a nation that had neither a Nuremberg nor a formal process of reconciliation. Through her readings of canonical neorealist films, Minghelli unearths the memorial strata of the neorealist image and investigates the complex historical charge that invests this cinema. This book is both a formal analysis of the new conception of the cinematic image born from a crisis of memory, and a reflection on the relation between cinema and memory. Films discussed include *Ossessione* (1943) *Paisà* (1946), *Ladri di biciclette* (1948), and *Cronaca di un amore* (1950).

Saggi sulla letteratura e sull'arte

Passione e ideologia costituisce la massima e – nonostante le apparenze – la più organica espressione dell'attività critica di Pasolini. Al centro del volume sono le due ampie panoramiche dedicate rispettivamente alla poesia dialettale e alla poesia popolare italiane del nostro secolo; nella seconda parte, i saggi su figure di spicco della nostra letteratura: Pascoli, Gadda, Saba, Rëbora, Penna, Bertolucci, fino ad affrontare il problema dello sperimentalismo...

Altre sociologie. Dodici lezioni sulla vita e la convivenza

“Ancor oggi più di ieri, e con l'intera opera letteraria edita e il susseguirsi ininterrotto di studi, saggi, polemiche, retrospettive cinematografiche, è sembrato apparirci un Pasolini “sconosciuto”, come fosse risucchiato e appiattito dalla sua stessa innaturale morte e dalla triste sorte toccatagli di vivere in modo postumo in un mondo ormai a lui già incomprensibile. L'affaire “Petrolio” è caso sintomatico di tale condizione. Per l'appunto, scantonando tale prospettiva, e fermando il tempo idealmente a una settimana prima il tragico evento - per intenderci dalla conferenza “Volgar'Eloquio” al profetico monito di “Siamo tutti in pericolo” - è partita l'idea di ricordare e in più tappe, dalle celebrazioni del trentennale del 2005 alla pubblicazione di questo volume, il poeta e regista friulano e lo si è fatto proprio andando a scovare parole che lo raccontassero come altri mai l'avevano fatto. A tal scopo sono stati raccolti contributi, editi e originali, che divisi in capitoli riuscissero in qualche modo a fotografare tutti i campi dell'attività teorica e artistica toccati dalla sua multiforme genialità. Pertanto, il tentativo d'interpretare le tante “anime” di Pasolini è stato affidato ad amici e studiosi, ancora intellettuali, critici e registi, che hanno offerto letture spesso inedite dell'intera opera. Dunque, Pasolini sconosciuto si presenta come occasione unica per affrontare il cinema, il teatro, la poesia, la musica e altri aspetti ritenuti erroneamente secondari e ispirati alla varietà linguistica ed espressiva del poeta-regista nei suoi anni più creativi”. Interventi di Adriano Aprà, Ciro Arcadio, Gideon Bachman, Massimo Bacigalupo, Bernardo Bertolucci, Giuseppe Bertolucci, Laura Betti, Antonio Capuano, Guido Chiesa, Roberto Chiesi, Franco Citti, Franco Cordelli, Lino Del Fra, Federico Fellini, Umberto Fiori, Goffredo Fofi, Fabio Francione, Vittorio Gassman, Fabrizio Gifuni, Marco Tullio Giordana, Francesco Leonetti, Carlo Lizzani, Luciano Lucignani, Massimo Mida Puccini, Jonas Mekas, Cesare Musatti, Pier Paolo Pasolini, Roberto Perpignani, Ivan Petraulo, Alberto Pezzotta, Daniele Piccini, Pier Francesco Pingitore, Antonio Piromalli, Oliviero Ponte Di Pino, Quirino Principe, Enzo Siciliano, Piero Spila, Alfredo Traversa, Antonello Trombadori, Anna Zanolì.

Descrizioni di descrizioni

In Empirismo eretico Pier Paolo Pasolini raccoglie nel 1972 i suoi interventi critici e polemici intorno a tre nuclei tematici fondamentali: la lingua, la letteratura e il cinema. Si tratta dunque dell'officina in cui Pasolini riflette sulla propria attività artistica e nel contempo affina i propri strumenti espressivi di poeta, di romanziere e di regista cinematografico. Scritti tra la fine degli anni Sessanta e l'inizio del decennio successivo, questi articoli e saggi sono il frutto dell'impegno estetico, sociale e politico – nel senso più alto e ampio del termine – di Pasolini, e mettono in luce il suo ruolo in un periodo ricco di novità, fermenti e contrasti. E, con le sue prese di posizione spesso provocatorie, Empirismo eretico (qui accompagnato da una prefazione di Guido Fink) diventa la testimonianza di una appassionata, generosa e impervia ricerca della verità.

Ritratto di Pasolini

«Creano queste lettere dialoghi intersecati e simultanei la cui verità, capace di destare l'interesse del lettore, sta nel montaggio finale delle varie voci. Per ottenere questo montaggio di voci, di ambienti, di climi, di situazioni alcune espresse altre taciute ma intraviste, di echi che in qualche caso sono chiari più a chi legge che a chi scrive, la raccolta doveva essere il più possibile completa, variata e senza privilegio di destinatari.» Nico Naldini Questo volume riunisce per la prima volta in forma completa l'epistolario di Pier Paolo Pasolini. I curatori Antonella Giordano e Nico Naldini – mancato poco prima della conclusione dell'impresa – hanno interpellato per anni archivi di fondazioni, biblioteche e istituti culturali, contattato i destinatari dello scrittore o i loro eredi, consultato giornali e riviste riuscendo così a integrare con oltre trecento lettere il corpus finora conosciuto. Spiccano tra le inedite quelle indirizzate a Paolo Volponi, Elsa Morante, Gianfranco Contini, Giuseppe Ungaretti, Attilio Bertolucci, Giorgio Bassani, Vanni Scheiwiller, che arricchiscono una raccolta già tra le più ampie e significative della letteratura italiana. Il risultato è un carteggio unico per qualità degli interlocutori e ampiezza dei registri, l'equivalente di una vera e propria autobiografia. A introdurre i testi vi è una nuova Cronologia della vita e delle opere di Pasolini che segue l'impianto ideato da Nico Naldini e viene qui ampliata con integrazioni, aggiornamenti e rettifiche sia su fatti biografici sia sulle opere, tenendo conto degli studi e dei ritrovamenti degli ultimi anni e dando ampio spazio alla voce dell'autore.

Landscape and Memory in Post-Fascist Italian Film

After almost seven centuries, Dante endures and even seems to haunt the present. Metamorphosing Dante explores what so many authors, artists and thinkers from varied backgrounds have found in Dante's oeuvre, and the ways in which they have engaged with it through rewritings, dialogues, and

transpositions. By establishing trans-disciplinary routes, the volume shows that, along with a corpus of multiple linguistic and narrative structures, characters, and stories, Dante has provided a field of tensions in which to mirror and investigate one's own time. Authors explored include Samuel Beckett, Walter Benjamin, André Gide, Derek Jarman, LeRoi Jones/Amiri Baraka, James Joyce, Wolfgang Koeppen, Jacques Lacan, Thomas Mann, James Merrill, Eugenio Montale, Pier Paolo Pasolini, Cesare Pavese, Giorgio Pressburger, Robert Rauschenberg, Vittorio Sereni, Virginia Woolf.

Passione e ideologia

This issue of Engramma is inspired by a reflection on the theme of Pier Paolo Pasolini and the Middle Ages which started last September during the Pasolini Summer School and it is an anthology of the contributions by the authors who intervened then. The original core was then expanded with a small collection of essays aimed at enriching the scientific debate. Overall, this volume intends to shed light on the complex aspects of language, poetry and themes related to models deriving from the Medieval traditions, dominated by Dante and by other authors like Petrarca, Boccaccio, Giotto and Cimabue, and on the ways Pasolini appropriates and reinvents them. Figurative art, poetry and prose of the Middle Ages all played a crucial role in Pasolini's works - whether literature, theatre or cinema.

Pier Paolo Pasolini sconosciuto

«Se è dalla mia vita che ho raccolto il materiale di questo libro, vuol dire che non ho avuto paura di farlo... E se ho avuto, al contrario, troppo coraggio, prego il lettore di indignarsi contro la violenza, non contro l'anomalia dell'amore.» I due brevi romanzi *Atti impuri* e *Amado mio* testimoniano la giovinezza friulana di Pier Paolo Pasolini. Per trent'anni, come fossero una colpa, sono rimasti inediti, sempre sul punto di essere pubblicati ma inesorabilmente tenuti nascosti al tenero e innocente animo della madre. *Amado mio* è il racconto compiuto di uno scandaloso incontro estivo, un amore apparentemente fallito tra spiagge e balli pomeridiani. *Atti impuri* – testo ricavato da tormentate stesure dattiloscritte – narra invece le giornate di un giovane professore che descrive l'ossessione del suo eros e insieme l'impegno a trasmettere l'amore per la poesia ai ragazzi del paese. Al tempo stesso autonomi testi letterari e preziosi documenti, con queste opere Pier Paolo Pasolini ci offre un'autobiografia in via di trasformarsi in vero e proprio romanzo e «preso nei lacci dell'“anomalia” dei suoi amori, ci dà», come scrive Attilio Bertolucci, «due idilli, e insieme elegie, della gioventù».

Pier Paolo Pasolini

Nella ricorrenza del quarantennale della morte di Pier Paolo Pasolini abbiamo ritenuto necessario riportare al centro del dibattito culturale la questione del rapporto tra lettura critica e opera pasoliniana. Da qui è nata la volontà di organizzare un convegno che ha visto la partecipazione di importanti studiosi della materia, di diverse generazioni e scuole che, attraverso interventi inediti, hanno avviato un'attenta e originale rilettura dell'intera officina pasoliniana, nel tentativo di privilegiare il testo rispetto al gesto, trovando in essa materia su cui misurare indagini linguistiche e letterarie. Le giornate di studio – tenutesi all'Università di Roma Tre, il 10 e l'11 dicembre 2015 e articolate in nuclei omogenei – di cui questo volume raccoglie gli atti, rappresentano una conferma dell'inesauribile vitalità dell'opera pasoliniana che continua a svelarsi in nuove ed inedite risonanze.

Scritti corsari

«La trama di *Una vita violenta* mi si è fulmineamente delineata una sera del '53 o '54... C'era un'aria fradicia e dolente... Camminavo nel fango. E lì, alla fermata dell'autobus che svolta verso Pietralata, ho conosciuto Tommaso. Non si chiamava Tommaso: ma era identico, di faccia, a come poi l'ho dipinto... Come spesso usano fare i giovani romani, prese subito confidenza: e in pochi minuti mi raccontò tutta la sua storia.» (Pier Paolo Pasolini, *Le belle bandiere*, 1966)

Empirismo eretico

Teorema ebbe due versioni: quella cinematografica, portata a termine nel fatidico 1968; e questa, in forma di romanzo, scritta durante la lavorazione del film e pubblicata l'anno successivo. Il testo, inframmezzato da interventi poetici, è l'impetosa descrizione dei comportamenti e dei conflitti in un interno borghese durante un momento di crisi, e insieme una parabola sull'irruzione del religioso nell'ordine familiare e sulle sue dirompenti conseguenze. Provocatorio e profetico, *Teorema* segna

una svolta nell'opera di Pier Paolo Pasolini, con l'approdo a una visione sacrale, vivacemente simbolica della realtà.

Le lettere

This volume provides an overview of contemporary Italian philosophy from the perspective of animality. Its rationale rests on two main premises: the great topicality of both Italian contemporary philosophy (the so-called “Italian Theory”) and of the animal question (the so-called “animal turn” in the humanities and the social sciences) in the contemporary philosophical panorama. The volume not only intersects these two axes, illuminating Italian Theory through the animal question, but also proposes an original thesis: that the animal question is a central and founding issue of contemporary Italian philosophy. It combines historical-descriptive chapters with analyses of the theme in several philosophical branches, such as biopolitics, Posthumanism, Marxism, Feminism, Antispeciesism and Theology, and with original contributions by renowned authors of contemporary Italian (animal) philosophy. The volume is both historical-descriptive and speculative and is intended for a broad academic audience, embracing both Italian studies and Animal studies at all levels.

L'alternativa fantasma

Nel centenario della nascita di Pier Paolo Pasolini, questo libro vuole essere un doveroso contributo a uno degli intellettuali più importanti del Novecento. Attraverso gli scritti di Dario Bellezza, Gianni Borgna, Davide D'Alessandro, Antonio De Simone, Giovanni Franzoni, Enzo Siciliano e Paolo Volponi e con le interviste a Franco Ferrarotti e Walter Siti, il volume intende ripercorrere, con sguardo critico, l'opera di Pasolini, mostrandone la forza e la debolezza, l'espressività delle arti poetica e cinematografica, la cifra autentica di uno scrittore “corsaro”, scomodo e urticante, che ha trovato la morte forse dopo averla accuratamente preparata. Da queste pagine emergono il senso tragico di un cammino, le intuizioni profetiche, il costante lavoro su sé stesso, la difficile separazione tra l'opera e la vita. Pasolini ha ceduto la vita lasciando un'opera destinata a restare. Scritti di: Dario Bellezza, Gianni Borgna, Davide D'Alessandro, Antonio De Simone, Giovanni Franzoni, Enzo Siciliano, Paolo Volponi

Viewing African Cinema in the Twenty-first Century brings together a set of fascinating essays by international scholars on these contrasting cinema forms.

Valerie Howard's Guide to African Movies & Nollywood

The first volume focusing on film music as a worldwide phenomenon

Viewing African Cinema in the Twenty-First Century

Studies of the media in Africa, incorporating both African and international perspectives, are few. The thirty papers collected here were presented at a seminar organised and hosted by the Kenya-based Twaweza Communications and the International African Institute in Nairobi in 2004. They demonstrate how media outlets are used to perpetuate, question or modify the unequal power relations between the North and the South. Focusing on east Africa, the papers include discussions of the construction of old and new social entities, as defined by class, gender, ethnicity, political and economic differences, wealth, poverty, cultural behaviour, language and religion. The authors illustrate how there is increasing control by local people of traditional and modern forms of media. Globalization is being countered by local responses, within the context of social and cultural identities. Essentially, the book describes the tensions between the global and the local, tensions not often discussed in media studies, thus pioneering new debates.

Global Soundtracks

9/11 has been described as an "absolute event" that radically changed the course of history. It reinforced the opposition between Christian and Muslim worlds and led to the declaration of a unilateral war against a global network of terrorists that broke up the classical definition of war as a war between nation states. Yet, 9/11 also created responses in parts of the world that were not directly involved in the unfolding "war on terror." In Africa, local conflicts were re-mapped into an emerging new geography of anger that also reflects the effects of marginalization in a globalized world. The essays of this volume explore local remediations of 9/11 in African popular culture (posters, photographs, videos, cartoons, etc.) and visual arts. They give evidence of the fundamental ambivalence towards the event of 9/11 and provide insights into the various ways distant conflicts are translated into intense proximities. (Series: African Art and Visual Cultures - Vol. 3) [Subject: African Studies, Cultural Studies, Art]

Media and Identity in Africa

This exploration of African adaptations of global pop culture is "a genuinely innovative book unlike most others in either anthropology or African studies" (American Ethnologist). Why would a Hollywood film become a Nigerian video remake, a Tanzanian comic book, or a Congolese music video? Matthias Krings explores the myriad ways Africans respond to the relentless onslaught of global culture. He seeks out places where they have adapted pervasive cultural forms to their own purposes as photo novels, comic books, songs, posters, and even scam letters. These African appropriations reveal the broad scope of cultural mediation that is characteristic of our hyperlinked age. Krings argues that there is no longer an "original" or "faithful copy," but only endless transformations that thrive in the fertile ground of African popular culture. "The text is jargon free, a pleasure to read, remarkably well researched, and enriched by 40 illustrations . . . Highly recommended." —Choice

9/11 and its Remediations in Popular Culture and Arts in Africa

Fiction. African & African American Studies. Translated from the Hausa by Aliyu Kamal. Beginning in the late 1980s, northern Nigeria saw a boom in popular fiction written in the Hausa language. Known as littattafan soyayya ("love literature"), the books are often inspired by Hindi films, which have been hugely popular among Hausa speakers for decades and are primarily written by women. They have sparked a craze among young adult readers as well as a backlash from government censors and book-burning conservatives. SIN IS A PUPPY THAT FOLLOWS YOU HOME is an Islamic soap opera complete with polygamous households, virtuous women, scheming harlots, and black magic. "Utterly addictive... The main character's plight was so abysmal and her husband was such a lowdown a\$ \$, I was sure that by the end of the story, he'd get his and I wanted to be there to see it... Would I read more by this author? Heck yeah!" --Nnedi Okarafor "Blaft refers to Sin is a Puppy as a kind of "Islamic soap opera"

Anthropological Linguistics

This handbook offers the most comprehensive, analytic, and multidisciplinary study of oral traditions and folklore in Africa and the African Diaspora to date. Preeminent scholars Akintunde Akinyemi and Toyin Falola assemble a team of leading and rising stars across African Studies research to retrieve and

renew the scholarship of oral traditions and folklore in Africa and the Diaspora just as critical concerns about their survival are pushed to the forefront of the field. With five sections on the central themes within orality and folklore – including engagement ranging from popular culture to technology, methods to pedagogy – this handbook is an indispensable resource to scholars, students, and practitioners of oral traditions and folklore preservation alike. This definitive reference is the first to provide detailed, systematic discussion, and up-to-date analysis of African oral traditions and folklore.

African Appropriations

DIVExamines the role of media technologies in shaping urban Africa through an ethnographic study of popular culture in northern Nigeria./div

Sin is a Puppy that Follows You Home

Examines the history, customs, and daily life of the Hausa, a tribe of people living in West Africa.

The Palgrave Handbook of African Oral Traditions and Folklore

Reflecting academic interests in nation, race, gender, sexuality and other axes of identity, this text gathers these concerns under the same umbrella, contending that these issues must be discussed in relation to each other because communities, societies and nations do not exist autonomously.

Signal and Noise

Includes Proceedings of the Executive council and List of members, also section "Review of books".

Film International

Since their beginnings in the 1930s, Hindi films and film songs have dominated Indian public culture in India, and have also made their presence felt strongly in many global contexts. Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic. Anna Morcom addresses many of the paradoxes eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context. While the presence of songs in Hindi films is commonly dismissed as purely commercial this book demonstrates that in terms of the production process, musical style, and commercial life, it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round. While they constitute India's still foremost genre of popular music, film songs are also situational, dramatic sequences, inherently multi-media in style and conception. This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs, song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries. Its findings lead to highly novel ways of viewing Hindi film songs, their key role in Hindi cinema, and how this affects their wider life in India and across the globe. It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema. It also forms a major contribution to popular music, popular culture, film music studies and ethnomusicology, tackling pertinent issues of cultural production, (multi-)media, and the cross-cultural use of music in Hindi cinema. The book caters for both music specialists as well as a wider audience.

Hausa

In African Film: Re-imagining a Continent, Josef Gugler provides an introduction to African cinema through an analysis of 15 films made by African filmmakers. These directors set out to re-image Africa; their films offer Western viewers the opportunity to re-imagine the continent and its people. As a point of comparison, two additional films on Africa--one from Hollywood, the other from apartheid South Africa--serve to highlight African directors' altogether different perspectives. Gugler's interpretation considers the financial and technical difficulties of African film production, the intended audiences in Africa and the West, the constraints on distribution, and the critical reception of the films.

Multiculturalism, Postcoloniality, and Transnational Media

An intimate portrait of life and artistry among Hausa women singers.

The News

Focuses on women and the civilizations and societies in which Islam has played a historic role. Surveys all facets of life (society, economy, politics, religion, the arts, popular culture, sports, health, science, medicine, environment, and so forth) of women in these societies.

Educators Guide to Free Social Studies Materials

'Focus on African Films' offers pluralistic perspectives on filmmaking across Africa, highlighting the distinct thematic, stylistic, and socioeconomic circumstances of African film production.

Africa

Provides a road map of the scholarship on modern Hindi cinema in India, with an emphasis on understanding the interplay between cinema and colonialism, nationalism, and globalization. This book attends to issues of capitalism, nationalism, orientalism, and modernity through understandings of race, gender and sexuality, religion, and politics.

Dictionary of the Hausa Language

Adejunmobi highlights the continuing appeal of local identities for participants in social networks where communication occurs in languages that are not mother tongues. He shows how in West Africa notions of localness & locality remain important despite the growing prominence of global languages.

Hindi Film Songs and the Cinema

Person's unknown bring our world a message in an adventure about identity, change and frocks. Lots of them. From the contaminated Capitol to moth-eaten Bengal, a multi-racial British Empire is getting round to revolution. Will the Queen's imposter be released from the Tower of London? Who is she now? Her lawyer clings to Justice but might lose her grip; How many of those bloody beautiful idiot women are there? The New Management is making the Empire change and it in turn is changing them, the counter-revolutionary's knees hurt and Joshi hasn't got a suit that fits. Welcome to an alternative past, present and future.

Au cours des trois dernières décennies, l'industrie audiovisuelle africaine a subi des transformations de grande envergure. Les innovations technologiques et les processus de libéralisation politique et économique ont facilité l'accès à la production et à la distribution à des segments de la population qui en étaient jusqu'alors globalement exclues, mais elles ont également attisé un intérêt grandissant des grands groupes commerciaux internationaux pour le secteur. Ce dossier analyse les effets de ces transformations sur l'économie et la politique de la production et de la distribution audiovisuelle en Afrique. Il interroge également les cadres théoriques et méthodologiques que nous pouvons mobiliser pour les étudier, en soulignant l'importance d'historiciser nos analyses et d'interroger de manière autoréflexive nos pratiques de recherche ethnographique. Ces réflexions sont conduites à partir d'études de cas, en Côte d'Ivoire et au Nigeria, mais aussi de débats plus transversaux autour des transformations récentes de l'industrie audiovisuelle sur le continent africain.

African and notably sub-Saharan African film's relative eclipse on the international scene in the early twenty-first century does not transcend the growth within the African genre. This time period has seen African cinema forging a new relationship with the real and implementing new aesthetic strategies, as well as the emergence of a post-colonial popular cinema. Drawing on more than 1,500 articles, reviews, and interviews written over the past fifteen years, Olivier Barlet identifies the critical questions brought about by the evolution of African cinema. In the process, he offers us a personal and passionate vision, making this book an indispensable sum of thought that challenges preconceived ideas and enriches an approach to cinema as a critical art.

Muslim Women Sing

An authoritative guide to African cinema with contributions from a team of experts on the topic A Companion to African Cinema offers an overview of critical approaches to African cinema. With contributions from an international panel of experts, the Companion approaches the topic through the lens of cultural studies, contemporary transformations in the world order, the rise of globalization, film production, distribution, and exhibition. This volume represents a new approach to African cinema criticism that once stressed the sociological and sociopolitical aspects of a film. The text explores a wide range of broad topics including: cinematic economics, video movies, life in cinematic urban Africa, reframing human rights, as well as more targeted topics such as the linguistic domestication of Indian films in the Hausa language and the importance of female African filmmakers and their successes in overcoming limitations caused by gender inequality. The book also highlights a comparative perspective of African videoscapes of Southern Nigeria, Ethiopia, and Côte d'Ivoire and explores the rise of Nairobi-based Female Filmmakers. This important resource: Puts the focus on critical analyses that take into account manifestations of the political changes brought by neocolonialism and the waning of the cold war Explores Examines the urgent questions raised by commercial video about globalization Addresses issues such as funding, the acquisition of adequate production technologies and apparatuses, and the development of adequately trained actors Written for film students and scholars, A Companion to African Cinema offers a look at new critical approaches to African cinema.

Dear Children: This book is for you. In it you will read all about Abd al-Khaliq s beautiful village in Hausaland, Northern Nigeria. The Muslims of Giginya village are very hard working, creative people. You will learn many things about their interesting lives. Abd al-Khaliq speaks the beautiful Hausa language which has a very rich oral tradition. The language is still full of hundreds of clever proverbs that enliven conversations. One such proverb is the following: Inuwar giginya na nesa ke sha. Those farther away are most likely to enjoy the shade of a giginya [palm] tree. Do you see the wisdom in this proverb?
