Spawn faces his greatest challenge - \_ The Disciple. Armageddon is approaching fast and with Heaven's new recruits lining up for battle, Hell is going to need to swell its ranks too. #### Spawn

This is the big one: Armageddon! Not a trick, not an imaginary story: The end of the world is at hand. God and Satan go head to head in the Final Conflict and as Spawn's counter heads towards zero, it looks like he is about to lose the battle to save the human race.

#### Spawn #161

When Armageddon consumed the world, Spawn turned against his masters, destroying all life on Earth. While God and Satan continue their endless conflict in a parallel universe, Spawn has re-created the world and resurrected the human race in what has become known as the White Light. The portals to Heaven and Hell are closed, leaving humanity free from the influence of angels and demons. Collects SPAWN #161-166

#### Spawn Origins Vol. 27

Alors que l'armageddon était en train de se produire, Spawn s'est retourné contre ses anciens maîtres en détruisant toute vie sur Terre. Laissant Dieu et Satan se battre dans un univers parallèle, Spawn a recréé le monde, au cours de l'événement appelé La Grande Lumière, et ressuscité l'ensemble de la race humaine, débarrassée des Anges et des Démon... #### Spawn T17

ARMAGEDDON: DAS ENDE IST NAH! Während Al Simmons/Spawn in der Hölle fest sitzt und von Mammons Schergen gefoltert wird, beginnt auf der Erde das Ende aller Tage, das Armageddon. Flüsse verwandeln sich in Blut, die Toten steigen aus den Gräbern und der Himmel verfinstert sich. Spawn ist womöglich der Einzige, der den biblischen Weltuntergang noch aufhalten kann. Das ahnen auch die beiden Police Detectives Sam und Twitch, die sich auf den beschwerlichen Weg ins Inferno machen, um ihren unliebsamen Bekannten zu suchen.

### Spawn #300

'Tartarin of Tarascon' is a novel written by the French author Alphonse Daudet. The story is set in the Provençal town of Tarascon, whose citizens are so enthusiastic about hunting that no game lives

anywhere near it, and its inhabitants resort to telling hunting stories and throwing their own caps in the air to shoot at them. Tartarin, a plump middle-aged man, is the chief "cap-hunter"

Staggering home truths & portents abound for our newly reassembled Hellspawn in the foresightful 14th vol. of Todd McFarlane's symbolic Spawn saga. At last, the big picture starts to emerge, the Hellspawn's role in the ever-escalating war between the forces of light & darkness revealed. Since his (original) recreation, the former Al Simmons has blundered around in the dark -- literally -- unsure if he has a greater purpose or is just a pawn in some celestial power game. But now a third player makes its presence felt, a verdant force threatened by the wiles of heaven & hell alike, one that views Spawn not as just a means to an end, but the end itself. Plus, the gargantuan new menace of The Heap!

### Spawn

Eric Draven has returned from the dead, driven only by hate and the need to wreak revenge on those who killed him and raped and then killed his beloved Shelly.

### The Crow

Matt Murdock steps in to defend a boy who, with his friends, is being railroaded for killing a young boy in the small town of Redemption Valley.

### Son of M

"It was 1933, four long years after Wall Street crashed and took the rest of the world with it, and the Great Depression was just getting started. And so was the Goblin. A master at turning hopelessness into a commodity, the corrupt mob boss led a colorful gang of circus sideshow freaks-- including the cannibalistic Vulture-- in a corrupt stranglehold on the city. Peter Parker came of age during this time of struggle and hardship. Raised by his Uncle Ben and Aunt May, two stemwinding Socialists committed to positive change for the people, Peter would have been a boyish beacon of optimism in any other era. But in this world of noir, he was an embittered, angry young man in search of justice. And then along came a spider. After a fated meeting with a mystical arachnid and its life-changing bite, he may have just inherited the force to honor the phrase, 'If those in power can't be trusted, it's the responsibility of the people to remove them'"--Dust jacket back cover.

### Daredevil

Disgraced FBI agent Nick Truman failed to save his sister, who was held hostage by a drug cartel until he could give them Alex Crow, who eluded him. His epic downfall lands him in witness protection, where he plays by the rules and keeps to himself. But the murder of his neighbor brings danger to his door. He unexpectedly finds himself the champion of innocents and helplessly attracted to the homicide detective in charge of the case. Nick knows it won't end well. Homicide Detective Hank Axelrod is good at digging out secrets, maybe because he hides a big one of his own. He also suspects his husband has one foot out of the door of their marriage and the specter of single life looms unpleasantly on the horizon. A murder resembling a previous one brings Nick into his world, a man who claims to be a mystery writer looking for a real-life resource. Hank's instincts say he's more than that, and he's rarely wrong. Torn between the errant soon-to-be-ex husband and the distracting, sexy stranger, Hank needs to focus all his attention on his murder case before he becomes the next victim.

## Spider-Man Noir

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

Wilks was a space marine with a near-fatal flaw: he had a heart. Billie was a child, the only survivor of a far-flung colony outpost. Thrown together in the last hellish night of an alien invasion, Billie and Wilks helped each other get out alive. Thirteen years later Wilks is in prison, and Billie lives in a mental institution, the nightmare memories of the massacre at Rim seared into her mind. Now the government has tapped Wilks to lead an expedition to the aliens' home planet to bring back a live alien. But the competition on Earth to develop the aliens as a new weapons system is brutal. When Wilks's team departs on their mission, a trained assassin trails them. And what follows is no less than guerrilla warfare on the aliens' planet--and alien conquest on Earth!

Considered an important photographer of his generation, Glen E. Friedman has been a unique documentarian since the age of 12, and soon thereafter his first published photo appeared in *SkateBoarder* magazine. Over the past 25 years he has photographed some of the most idealistic, interesting and rebellious cultural icons around, documenting the rise of the hard-core punk rock scene in the late 70's/early 80's with such bands as Black Flag, Dead Kennedy's, Minor Threat and even producing the 1st album for Suicidal Tendencies (also from DogTown) and later the rise of rap music in the mid 1980's with groups such as Public Enemy, Run-DMC, and the Beastie Boys. He was one of the first to publicize these groups nationally and many of his photographs are recognized as the subjects' definitive portraits. Glen E. Friedman has compiled images from his 25-year involvement within the rebellious cultures of skateboarding, punk and hip-hop music into two collections, *Fuck You Heroes* (1994) and *Fuck You Too* (1996). Selections from these books became the *Fuck You All* photography exhibit, which has toured internationally since 1997. In 1998 Friedman released *The Idealist* which showcases his unique perspective and aesthetic.

Though unaware of the danger it poses, the scientists there recognize their prize's immeasurable value. Early tests reveal little, however, and they come to an inevitable conclusion. They need a human test subject... **ENTER ZULA HENDRICKS** A member of the Jericho 3 security staff, Colonial Marines veteran Zula Hendricks has been tasked with training personnel to deal with anything the treacherous planet can throw their way.
