Medieval History of the University of Cambridge - Medieval History of the University of Cambridge by M. Laser History 27,141 views 4 years ago 11 minutes, 48 seconds - Video scripts with sources are available for free on my Patreon. Extra Information and clarifications. 0:36 This map isn't a ... This map isn't a completely accurate representation of Cambridge in the 16th century as it is an artistic rendition of an 16th century artistic rendition of Cambridge.

Milton Keynes didn't exist at this point. Well at least not as it is now. The city was part of a new development project in the 1960s. Before that the area was mostly farmland with very small population. It was inhabited ever since the bronze age it just never was an established city or even a town until the 1960s. I put it in because I simply made a mistake.

This could have been more than three or even less, it's hard to prove where one was born in the 12th century. Not many birth certificates were printed out at that time.

Technically he was only a "master of the scholars" since the chancellery didn't exist yet but in practice he basically oversaw all the day to day administrations of the University just like a chancellor would. Another reason for staying may have been that Cambridge had a presence of ecclesiastical courts for the bishopric of Ely meaning students and specially law students would have had a great opportunity to work in the town as well as learn.

Joined by the Dominicans in 1238.

However there were new Universities in Scotland due to the fact that the oath by Cambridge and Oxford pertained only to England.

Hostels and halls are basically the same thing and the words are used interchangeable for the most part. However the main difference is that the word hostel was mainly used in Cambridge as the word Hall was mainly used in Oxford.

Hostels like St Bernard's or Physwick.

Starting in around the 15th century.

M. Laser is an idiot who can't do History.

Gonville Hall unlike where today's Gonville & Caius College stands was located at what is today the garden of Corpus Christi College.

6 of which survived to this day and King's Hall and Michaelhouse got absorbed in to today's Trinity College.

Allegedly one of the leaders of the rioters was the mayor of Cambridge.

Back then Corpus Christi College was located a bit more up street than it is today.
