Intro

Welcome to this Mechanical Engineering interview training tutorial.

1. Read the job description and person specification.

Q. Tell me about yourself and why you want to be a Mechanical Engineer? I am naturally an inquisitive person who enjoys working in a team environment where the ability to problem-solve and collaborate with others is an essential part of the role. I believe I have a good balance of technical analytical and practical skills that mean I am a strong candidate for this mechanical engineering position

I think the most important skill as a mechanical engineer is safety awareness and compliance. You also need numerous other technical and non-technical skills to be a competent and safe mechanical engineer

Questions to ask in a mechanical engineering interview...

I would start out by DEFINING THE EXACT PROBLEM. This is one of the most important steps, because it's quite easy to misinterpret information and data and you need to make sure you don't jump to any conclusions
