Au printemps 1994, un massacre programmé décima, avec une rapidité stupéfiante, la République du Rwanda. Avec des moyens rudimentaires (à la machette, principalement), près d'un million de personnes furent exécutées en à peine cent jours, sur une population initiale de sept millions et demi d'habitants. Envoyé sur place comme reporter par le New Yorker, un an après le drame, Philip Gourevitch s'est fait l'historien-dramaturge de ce génocide perpétré par les Hutus contre les Tutsis. C'est à travers des centaines de témoignages, comme autant de fables édifiantes, et donc par la voix des Rwandais eux-mêmes (le titre est extrait de la lettre envoyée par un pasteur tutsi, la veille de l'extermination de son village, à son confrère hutu), qu'il révèle peu à peu la mécanique fatale, mise en place à l'époque coloniale, dont résultent ces conflits ethniques. Pièce par pièce, il démonte cette " fabrique du génocide ".

Ce livre révèle la vérité sur l'opération « humanitaire » Turquoise, confiée à des militaires. Cette opération planifiée par les autorités françaises, contestée dès l'origine, commence douze jours seulement avant la chute de Kigali et la fin du génocide – douze jours entachés d'imposture militaire et politique et de choix très fautifs, selon Prunnaud. Cet ancien du GIGN sait de quoi il parle, il a fait Turquoise au sein du Commandement des forces spéciales. Acteur et témoin, il évoque un état-major français presque toujours pro hutu, dévoile des zones d'ombre, effrayantes, notamment à Bisesero entre le 27 et le 30 juin 1994, où plus d'un millier de Tutsis ont été massacrés et alors que, à proximité, la hiérarchie connaissait le danger qui pesait sur eux. Elle n'a donné aucun ordre pour les protéger. Il y a quelques années, la justice a été saisie d'une plainte contre l'État français pour « complicité de génocide et de crimes contre l'humanité ». Depuis, le tribunal aux Armées instruit – mollement. L'enquête serrée de L. de Vulpian s'appuie sur le témoignage du sous-officier. Elle met en évidence les faiblesses de la Mission parlementaire Quilès, la campagne de désinformation orchestrée par une poignée de hauts responsables militaires et politiques, notamment sous la plume de Péan, le positionnement très

« idéologique » – anti Tutsi – d'officiers supérieurs de Turquoise, ainsi que leurs mensonges. Cette enquête nous amène sur le terrain politique franco-français, expose les difficultés de la justice à faire la vérité sur le rôle de l'État français. Elle parle aussi des militaires qui, voulant accomplir leur devoir, ont outrepassé les ordres. Ils ont ainsi sauvé l'honneur sinon de la France, au moins des Français.

A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. *Promise at Dawn* begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”

"[W]hat is true of Rwanda is true in each of us; we all share in Africa." -- L'Harmattan "[This novel] comes closer than have many political scientists or historians to trying to understand why this small country... sank in such appalling violence." -- Radio France International In April of 1994, nearly a million Rwandans were killed in what would prove to be one of the swiftest, most terrifying killing sprees of the 20th century. In *Murambi, The Book of Bones*, Boubacar Boris Diop comes face to face with the chilling horror and overwhelming sadness of the tragedy. Now, the power of Diop's acclaimed novel is available to English-speaking readers through Fiona Mc Laughlin's crisp translation. The novel recounts the story of a Rwandan history teacher, Cornelius Uvimana, who was living and working in Djibouti at the time of the massacre. He returns to Rwanda to try to comprehend the death of his family and to write a play about the events that took place there. As the novel unfolds, Cornelius begins to understand that it is only our humanity that will save us, and that as a writer, he must bear witness to the atrocities of the genocide. From the novel: "If only by the way people are walking, you can see that tension is mounting by the minute. I can feel it almost physically. Everyone is running or at least hurrying about. I meet more and more passersby who seem to be walking around in circles. There seems to be another light in their eyes. I think of the fathers who have to face the anguished eyes of their children and who can't tell them anything. For them, the country has become an immense trap in the space of just a few hours. Death is on the prowl. They can't even dream of defending themselves. Everything has been meticulously prepared for a long time: the administration, the army, and the [militia] are going to combine forces to kill, if possible, every last one of them."

A Concordance to Marivaux's Comedies in Prose

With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' *Times Literary Supplement*
