Telling Your Story

From the winner of the 2014 Regional Emmy Award for A Farm Winter with Jerry Apps Jerry Apps, renowned author and veteran storyteller, believes that storytelling is the key to maintaining our humanity, fostering connection, and preserving our common history. In Telling Your Story, he offers tips for people who are interested in telling their own stories. Readers will learn how to choose stories from their memories, how to journal, and find tips for writing and oral storytelling as well as Jerry's seasoned tips on speaking to a live radio or TV audience. Telling Your Story reveals how Jerry weaves together his stories and teaches how to transform experiences into cherished tales. Along the way, readers will learn about the value of storytelling and how this skill ties generations together, preserves local history, and much more.

Little Stories of Your Life

Embrace the power of storytelling with Little Stories of Your Life. Start telling your own story, find your creative self and be more mindful. Combining the wellbeing benefits of mindfulness, creativity and daily photography, this book shows you how to use words and photographs to capture precious little moments and how to share these in order to connect with others. Each chapter explores the different ways you can tell your own stories, considers why you might choose to tell them and helps you to create a patchwork of tiny tales about your life, however small they might be. Throughout the book, Laura shares her own personal stories and research that shows you how to tune out of the bigger picture and focus on the everyday. There are exercises to gently guide you through how to journal and harness your inner creativity, as well as tips on improving your photography, photo challenges and writing prompts to get you started. It's easy to feel that our own lives are not enough, but real lives are not defined by bright, exciting events: we don't need a grand narrative arc. It's the stretches of time in between that matter, the tiny moments and the daily choices that make us who we are.

Tell Your Story Before They Do

For so long, people have been trying to tell your story. They've put you in a box. Made you feel less than, and challenged you to live life their way. You may feel frustration, anger, disgust. You're hungry for success. You're tired of giving your story away. In *Tell Your Story Before They Do*, Nate Howard will help you find the courage to accept yourself for who you are, despite what others may think of you. You will find the motivation to learn your true story, understand your true purpose and passion, bet on yourself and find financial success, and take a leap of faith and start on the path to a new life. You want to live your true story? Then heed Howard's call to trust your intuition, listen to your inner voice, and realize what you're truly called to be. Through personal anecdotes, Howard builds a guide to help you make the themes he discovered in his own life come true in yours. You get what you think about most, so believe in the greatest version of yourself. Find your story. Tell your story. Be your story.

Tell Your Story

No more blank pages, no more sweaty palms! Filled with behind-the-scenes stories from a career storyteller at Walt Disney World, *Tell Your Story* delivers the secret formula to engage an audience. Alice Fairfax provides over 50 tools for not only writing a great story, but getting up and delivering one in person or online. With wit, warmth, and plenty of stories, *Tell Your Story* helps anyone seeking to overcome the stress and fears of being a great communicator—from the weekly social post to the annual board presentation, and everything in between!

Tell Your Story

Learn how to increase students' skills as writers and storytellers with an innovative, inclusive, and empowering framework for teaching writing that centers student voice. *Tell Your Story: Teaching Students to Become World-Changing Thinkers and Writers* explores how to help students see themselves as writers and storytellers who are developing the skills and techniques to communicate in ways that resonate with various audiences. When students make that shift and see themselves as active and valued participants in their own communities, cultures, and literary journeys, they become powerful writers eager to explore and share ideas. With the strategies in this book, you can

- * Create an environment of belonging that fosters creativity and confidence.
- * Demonstrate the value of oral and visual storytelling.
- * Teach story structure, both old and new and in a variety of genres.
- * Offer a variety of role models and exemplars through mentor texts.
- * Assess and confer with student writers to help them improve their skills.
- * Value students' voices as future agents of change.

When you help students unlock the stories they want to tell, you'll see writing anxieties and resistance fade as students come alive to the multitude of ways in which they can make their voices heard. Storytelling can be a wellness practice, a tool for empowerment, and a method for self-understanding and self-expression. For all students, storytelling is a path to lifelong learning and to realizing the full power of their voice and their potential to change the world.

The Pathways to Peace Anger Management Workbook

This anger workbook is unique. It is the official guide for Pathways to Peace, a program which provides self-help anger management and violence prevention instruction for individuals and communities. Anger is a drug which often turns into a full-blown addiction. This pattern of anger abuse is reinforced socially. People learn to abuse anger from the examples of parents, peers, the media. The book helps people to un-learn these destructive patterns. It shows chronically angry people how to replace their anger habit with peaceful alternatives and respond to their anger triggers in non-violent ways. This workbook will help the reader:

- Discover how he learned his or her anger pattern
- Find new, nonviolent ways to experience personal power
- Learn to change abusive and violent behaviors
- Focus on values and goals that support a nonviolent rage-free lifestyle
- Identify and change negative attitudes and beliefs that keep a person stuck
- Avoid relapsing back into angry behavior
- Maintain recovery from chronic anger and rage

The workbook is easy to understand. Each of the eighteen chapters includes personal stories and questions for the reader.

The Authentic Swing

The Story Behind THE LEGEND OF BAGGER VANCE If you've read his books *THE WAR OF ART* and *TURNING PRO*, you know that for thirty years Steven Pressfield (*GATES OF FIRE*, *THE AFGHAN CAMPAIGN* etc.) wrote spec novel after spec novel before any publisher took him seriously. How did he finally break through? Ignoring just about every rule of commercial book publishing, Pressfield's "first" novel not only became a major bestseller (over 250,000 copies sold), it was adapted into a feature film directed by Robert Redford and starring Matt Damon, Will Smith, and Charlize Theron. Where

did he get the idea? What magical something did THE LEGEND OF BAGGER VANCE have that his previous manuscripts lacked? Why did Pressfield decide to write a novel when he already had a well established screenwriting career? How does writing a publishable novel really work? Taking a page from John Steinbeck's classic JOURNAL OF A NOVEL, Steven Pressfield offers answers for these and scores of other practical writing questions in THE AUTHENTIC SWING.

The Haunting of Lin-Manuel Miranda

"That's a lot of horse hockey, Hamilton." Described by the New York Times as "classic activist theater" and "a cross between 'A Christmas Carol' and a trial at The Hague's International Criminal Court." "In this, his latest work, the protean Ishmael Reed--the legendary artist and prolific writer--continues to burnish his already sterling reputation by dismantling the 'Creation Myth' of the founding of the U.S., as represented in the incredibly profitable play and musical, Hamilton. Reed, a verbal acrobat of global renown, demonstrates here why he is widely considered to be the leading intellectual in the U.S. today." -Gerald Horne, author of *The Counter-Revolution of 1776: Slave Resistance and the Origins of the USA* This powerful play, originally produced at the Nuyorican Poets Café, comprehensively dismantles the phenomenon of Lin-Manuel Miranda and Hamilton. Reed uses the musical's crimes against history to insist on a radical, cleareyed way of looking at our past and our selves. Both durable and timely, this goes beyond mere corrective – it is a meticulously researched rebuttal, an absorbing drama, and brilliant rallying cry for justice. The perfect tie-in to both the success of and backlash to Hamilton, it is the major voice in contrast to the recent movie. It captures both the earnest engagement that fans of the musical desire, as well as the exhausted disbelief of those who can't stand it. Teachers, students and fans of drama, literature, and history will find much to love. It is written by one of America's most respected and original writers, who is eagerly promoting it, and who is long overdue for a renaissance.

Married under the Influence

As the wife of an alcoholic, author Harmony Rose searched for some validity to her emotions: she didn't want to feel crazy anymore or continue to carry the shame and blame that came with her husband's alcoholism. In Married under the Influence, she shares her story of living year after year with a husband who is an alcoholic. With excerpts from her journal entries, Rose tells how all she ever wanted was to be loved by the man she had given her heart to, but she had no idea how to reach him, even briefly contemplating suicide. Then, she had a spiritual awakening that changed their lives forever. She tells the details of her journey to not only help her understand and heal, but to help others. Including interviews with recovering alcoholics and with other wives whose husbands are alcoholics, Married under the Influence offers stories of strength, love, and hope. Tell to Win

Stories have always had the power to move, but it has only recently become clear that purposeful stories - those created with a specific mission in mind - are essential in persuading others to support a vision or cause. For Peter Guber, what began as a knack for telling stories as one of the world's leading entertainment executives has evolved into a set of principles that anyone can use to achieve their goals - whatever you do in life, you need to be able to tell a good story. In Tell to Win Guber explains how to move beyond PowerPoint slides and spreadsheets to create purposeful stories that can serve as powerful calls to action. He reveals the best way to get noticed, how to turn passive listeners into active participants, and how technology can be used to ensure audience commitment. Featuring wisdom from Guber's meetings with (and lessons from) everyone from Nelson Mandela to YouTube founder Chad Hurley, and Muhammed Ali to Steven Spielberg (who he tutored in making films), Tell to Win entertainingly shows how to craft, deliver and own a story that is capable of turning others into viral advocates for your goal.

Videojournalism

Videojournalism is a new field that has grown out of traditional print photojournalism, slideshows that combine sound and pictures, public radio, documentary filmmaking and the best of television news features. This amalgam of traditions has emerged to serve the Internet's voracious appetite for video stories. Videojournalism is written for the new generation of "backpack" journalists. The solo videojournalist must find a riveting story; gain access to charismatic characters who can tell their own tales; shoot candid clips; expertly interview the players; record clear, clean sound; write a script with pizzazz; and, finally, edit the material into a piece worthy of five minutes of a viewer's attention. Videojournalism addresses all of these challenges, and more - never losing sight of the main point:

telling a great story. This book, based on extensive interviews with professionals in the field, is for anyone learning how to master the art and craft of telling real short-form stories with words, sound and pictures for the Web or television. The opening chapters cover the foundations of multimedia storytelling, and the book progresses to the techniques required to shoot professional video, and record high quality sound and market the resulting product. Videojournalism also has its own website - go to just one URL and find all the stories mentioned in the book. You also will find various "how-to" videos on the site. To keep up with the latest changes in the field such as new cameras, new books, new stories or editing software, check the site regularly and "like" www.facebook.com/KobreGuide.

Regenerate

"Loss. Fear. Doubt. What does anything mean when your ground of being is stripped away?" Tony met God when he was four years old through the love of his mother. When he was twelve, he realized he had a crush on one of his male friends and grew convinced God would have nothing to do with him. At sixteen, Tony reencountered God who affirmed that nothing stood between them but love. When he was twenty-three, married to the girl of his dreams, and on staff at a church, Tony's secret came out, and he came close to losing it all. What followed was arduous years of deconstruction, losing everything he thought he knew about God, only to rediscover God in the mystery. This God was not a new God—it was the same one as before, just seen with regenerated faith. This God was more beautiful and restorative than Tony could have ever imagined. Tony's story is not uncommon in the modern evangelical landscape. Thousands of people throughout the West are experiencing a crisis of faith that is commonly referred to as "deconstruction." With raw honesty, Tony uses his own story as a starting point for a dialogue on the deconstruction process. Tony unpacks what the deconstruction process is, why it happens, and how the church can help people experiencing a crisis of faith without worsening it along the way. In this memoir, Tony candidly pleads for the church to make a turn: not to a trendier, "progressive" version of Christianity, nor to a stricter form of fundamentalism, but to the revolutionary, Jesus-centered movement that changed the face of the earth. A movement once better known for its society of healing love than its dogma.

When You Don't Like Your Story

Bestselling author, cofounder of *Girlfriends in God*, and writer for *Proverbs 31 Ministries* Sharon Jaynes reveals the secret to living a better story: understanding that the worst parts of our past are the very things God uses most. Many people don't like the story God is writing in their lives. The mistakes, failures, tragedies, and circumstances outside of our control linger in our minds and hold us back. How do we come to grips with the pieces of our stories that we wish weren't there? How do we silence the pain of what has been done to us and the shame of what we've allowed to be done through us? In *When You Don't Like Your Story*, Bible teacher Sharon Jaynes shows us how God untangles our most painful emotions with the fingers of grace, putting his redemption on display. In the hardest parts of our narratives, we get to see God's greatest work--and this changes the ending of our stories. As we

overcome shame, offer forgiveness, and use our stories to help others, we find freedom from the past and learn to live in the restoration of the present.

Living to Tell Your Story

August 1952, the Korean War was in its second year. Granny stirred the pot on the stove as the image of Andy getting on the bus headed to the army base crossed her mind; she heard a noise then looked toward the front door. Momma looked up as she sat at the table shelling beans, impressed at the two men in uniform as they came in. They paused for a moment as they removed their caps. Her brother Andy was home on leave, bringing along a buddy of his, Clive, to enjoy a home-cooked meal and spend a few days on the Gulf Coast along the Long Branch River. Andy had spun many tales of his time along the river, and Clive was eager to see for himself. Their daddy was at the store working alone; usually they all would work together, allowing his wife and daughter to be at home when they arrived. Clive was immediately attracted to Momma: slim build, long black hair, and hazel-green eyes. Momma was swept off her feet, and she and Clive married nine months later. Daddy had to force Clive to marry and face his responsibilities. Granny never did like him very much because he was much older than her daughter and there was always strife between them, but she was pleased the children would have a daddy. She turned fifteen ten days after giving birth to her firstborn. By 1960, Momma had five children and a husband who was abusive and too interested in other women. Near year's end, he decided to leave once again, never to return. He left the family car, but Momma could not drive. Granny was living with them since her husband passed, and she could not drive either. They met Allen Stone, who lived in their neighborhood, who agreed to drive them to Machanna, which should have only taken about four hours. Several months later, their kidnapper Allen Stone was arrested along with Momma. They were placed in a foster home until she was cleared of any involvement with him in his crime-ridden trail across the country. She remained there with them working in the foster home until she paid them back for their care and raised enough cash for the trip home. Almost a year later, they made their way to Uncle Andy's house in Machanna.
