looking at the skin through each body system

start by looking at the hair i'm looking at the texture

start with cranial nerve

check peripheral vision for optic nerve

bring your hands in three times per side at the top

check her extra ocular movements

moving on to cranial nerves five and seven

put my hands on the side of her face

whisper a number in your right ear

move to cranial nerves nine and twelve

move to cranial nerve 10

checking the thyroid gland

put them on the thyroid gland

move to the neck

check the other carotid artery

lay back at a 45 degree angle

looking for any jugular venous distension

start with the upper extremities

check the radial pulses

checking range of motion

check her pulses in her lower extremities

check her capillary refill

check the plantar flexion and the dorsiflexion

check your spine

checking the levelness of the scapula

looking for the work of breathing

listening for bronchoviscular

move to the posterior thorax
start above the scapula
coming in between the scapula
auscultate the heart
find the first intercostal space
auscultate for an apical heart rate for one full minute
assess the abdomen with the client laying flat
inspect for the contour
flip the head of my stethoscope away from the diaphragm
assess for the renal arteries
capture at least some vowel sounds
palpate the abdomen
move to the urinary system
