Becoming Alpha

One stupid party. One stupid boy. One stupid kiss. And my life was virtually over. Tessa McCaide has a unique talent for getting into trouble. Then again, it isn't easy for a girl with psychic visions to ignore what she sees. Luckily Tessa and her family are leaving California and moving halfway across the country, giving her the perfect opportunity to leave her reputation as "Freaky Tessa" behind. But Tessa doesn't realize that kissing the wrong guy in her new Texas town could land her in far more trouble than she ever imagined. Like being forced to attend St. Ailbe's Academy, a secret boarding school for werewolves. Even if the wrong guy did accidentally turn her into a shapeshifter and doom her to attending the weirdest high school ever, Tessa can't help her growing attraction to the mysterious Dastien Laurent. When vampires attack St. Ailbe's and her visions pinpoint an enemy in their midst, Tessa realizes that boy drama and her newfound canine tendencies might just be the least of her problems. Alpha Divided

From USA Today Bestselling Author Aileen Erin Life has been crazy since Tessa McCaide moved to Texas. She's gone from being a normal-ish girl with visions to a super-powered werewolf. She's fought off vampires and broken a nearly unbreakable curse. And she's got a hot mate, Dastien Laurent, to keep her busy. Things are looking up until the full moon ceremony rolls around. Before Tessa can

strengthen her bond with Dastien, the local coven crashes the gates, demanding that Tessa--their heir apparent--be returned. If the pack wants to avoid a war with the witches, handing Tessa over is the only option. Tessa doesn't want to cause an all-out fight, but joining a dark-magic coven isn't on her to-do list, especially if embracing her magic side means parting with Dastien. When the coven leader tries to control Tessa with dark-magic, Tessa realizes she has to dismantle the coven or prepare the pack for war. Either choice will change her life--and her world--forever. "I am in complete love with this book as I have been with the series so far. It holds a magical combination of fast paced action, mystery, witty dialog, and of course the romance makes it a winner." - Eve, Functioning Insanity "So I must say, this novel is, without a doubt, wonderful. I felt like an excited Jennifer Lawrence. Happy, giddy, and slightly insane." -- The Not So Public Library It's time to catch up with the Alpha Girls series, which has sold more than 500,000 copies: Book 1: Becoming Alpha, which hit #1 at all major eBook retailers Book 2: Avoiding Alpha Book 3: Alpha Divided, an USA Today Bestseller Book 4: Bruja Book 5: Alpha Unleashed, an USA Today Bestseller Book 6: Shattered Pack Book 7: Being Alpha Book 8: Lunar Court Get ready for Off Planet, the biggest and boldest adventure yet from the mind of Aileen Erin. Being Alpha

From USA Today Bestselling Author Aileen Erin For the first time since Tessa met Dastien, life is quiet. The evil witch, Luciana, is six glorious feet under, St. Ailbe's is closed due to human trespassers, and people are finally getting used to the fact that supernaturals exist in the world. It seems like the perfect time for a honeymoon. After traveling to Dastien's house in Provence, clubbing in Paris, and attending Meredith and Donovan's Full Moon Ceremony in Ireland, Tessa and Dastien head to the Caribbean. Their trip is turning out to be the honeymoon that fantasies are made of--sunset cruises, long walks on the beach, and every romantic cliché you can imagine. Tessa couldn't be happier. Except that Tessa's visions are on the fritz. She hopes that means that nothing is brewing. That everything is quiet because all is well. But Tessa's never been one to assume anything. When she's magically attacked and nearly dies, Tessa knows she can't ignore the signs anymore. Something huge is going on. As much as she doesn't want to call an end to their six-week honeymoon, it's time to head back to Texas. Whoever messed with Tessa is in for a rude awakening. Because if there's one thing fighting rogue witches and werewolves has taught her, it's how to be Alpha. "Being Alpha is like a magnet that just keeps on pulling until you feel as if you are falling down, down, down right into its world not wanting to miss a thing." -- The Avid Reader "Being Alpha is about coming into what you are made to be... Avoiding Alpha

From USA Today Bestselling Author Aileen Erin Seventeen-year-old Tessa McCaide has come a long way since her abrupt entrance into the world of werewolves, but she still has just as far to go before she's comfortable with turning full wolf. In the meantime, she's avoiding the topic of shifting to four legs any way she can. Thankfully her mate, Dastien Laurent, is quite the distraction. When she finds her best friend, Meredith, getting sick in the bathroom, Tessa knows something's majorly wrong. Meredith was cursed years ago, and the dark magic kept her wolf dormant--only now the wolf is awake, and that same spell is killing her. Tessa has no intention of sitting around while Meredith wastes away. Even if it means playing with magic she doesn't understand, she'll do anything to save Meredith's life. Including bargaining with the local coven of witches and its crazed leader, whose only goal is getting Tessa to join the witchy ranks. Can Tessa save her friend without losing herself? ***A 52K Word Novella*** "There is no word to describe how much I love everything about this book." -- Feli, The Four Eyed Cat "Wow! She fought from the shadows as her coven turned dark, and with a little help from her half-witch/half-Alpha werewolf cousin, Teresa McCaide, Claudia is doing everything she can to keep her friends and family in the light. Now the coven has splintered into two factions: Luciana's army of witches wielding dark magic, and Claudia's few stragglers who fight with the wolves. War is coming, and it won't be much of a battle if Claudia can't find the spells to counteract Luciana's demonic power. But Luciana strikes before they're prepared, and Claudia's twin brother pays the price. Suddenly, going to Peru in search of ancient Incan magic doesn't seem so crazy. On Destiny

Bastian had to have been the most handsome man that Katherine had ever met. It really was unfortunate that he was also the most stubborn, controlling, downright infuriating jackass she'd ever known as well. Oh, and there was the fact that he was a werewolf – a werewolf who has bitten her. Sixteen-year-old Katherine Mayes had never believed in mythological creatures like werewolves or mermaids – certainly not those sparkly vampires that her friend Abby was obsessed with. Even when she's bitten by a massive animal after a reckless night of teenage adventure and her body begins to change in mystifying ways, she can't force herself to believe in what she's convinced is impossible. Little does she realize she's been infected with a disease a little more permanent than the rabies she feels fortunate to have not contracted. Lycanthropy. Her fierce denial is soundly shattered, however, when she is simultaneously saved and kidnapped by Bastian and his pack. Forced to leave small town Iowa behind and adjust to their way of life in a hidden society, Katherine must also deal with fighting the pull she feels towards the man – or wolf, rather – who has bitten her and disrupted her life so completely.

For many researchers, Python is a first-class tool mainly because of its libraries for storing, manipulating, and gaining insight from data. Several resources exist for individual pieces of this data science stack, but only with the Python Data Science Handbook do you get them all—IPython, NumPy, Pandas, Matplotlib, Scikit-Learn, and other related tools. Working scientists and data crunchers familiar with reading and writing Python code will find this comprehensive desk reference ideal for tackling day-to-day issues: manipulating, transforming, and cleaning data; visualizing different types of data; and using data to build statistical or machine learning models. Quite simply, this is the must-have

reference for scientific computing in Python. With this handbook, you'll learn how to use: IPython and Jupyter: provide computational environments for data scientists using Python NumPy: includes the ndarray for efficient storage and manipulation of dense data arrays in Python Pandas: features the DataFrame for efficient storage and manipulation of labeled/columnar data in Python Matplotlib: includes capabilities for a flexible range of data visualizations in Python Scikit-Learn: for efficient and clean Python implementations of the most important and established machine learning algorithms

"Four hundred years in the future, the Earth has turned primitive following a nuclear fire that has laid waste to civilization and nature. Though the radiation fall-out has ended, for some unknowable reason every person is born with a twin. Of each pair, one is an Alpha--physically perfect in every way--and the other an Omega--burdened with deformity, small or large. With the Council ruling an apartheid-like society, Omegas are branded and ostracized while the Alphas have gathered the world's sparse resources for themselves. Though proclaiming their superiority, for all their effort Alphas cannot escape one harsh fact: whenever one twin dies, so does the other"-

The Book of Lies was written by English occultist and teacher Aleister Crowley under the pen name of Frater Perdurabo. As Crowley describes it: "This book deals with many matters on all planes of the very highest importance. It is an official publication for Babes of the Abyss, but is recommended even to beginners as highly suggestive." The book consists of 91 chapters, each of which consists of one page of text. The chapters include a question mark, poems, rituals, instructions, and obscure allusions and cryptograms. The subject of each chapter is generally determined by its number and its corresponding Qabalistic meaning.

Heir of Fire

Broken, beaten-down, and plagued by nightmares, Amihanna di Aetes is surrounded by the Aunare race that makes up the other half of her heritage, but she feels alien amongst them. She's not sure which is worse: SpaceTech's overt hatred of Aunare or the Aunare's covert hatred of halfers. She hears their whispers whenever she enters a room and sees her death reflected in their eyes. Amihanna doesn't know who to trust anymore, but she hasn't survived this long by ignoring the warning signs all

around her, especially when her instincts are screaming that a familiar choice is coming: flee or fight. Her parents assure her everything is okay--that there won't be any reason for her to fight, let alone flee--but with Amihanna's sudden return, questions arise among the Aunare: who should be blamed for the start of a full-scale war with SpaceTech, how much danger will the war bring, and is Amihanna truly fit to be the next high queen? Honestly, Amihanna wants to forget all the politics, her betrothal to Lorne, and the possibility of being queen. Her needs are much more basic. All she wants is a solid night's sleep where she doesn't wake up screaming with the phantom pain of her skin burning. All she needs is to live without fear of a mob tearing her away from her family. All she hopes for is a chance to dream of a future instead of constantly fighting for her right to live. And yet, somehow, everything she does leads her back to Lorne. He always seems to know when she's about to break under the pressures of her new life. His quiet patience is wearing Amihanna's protective walls down, and she's terrified of what will happen if they fall.

Off Balance

From USA Today Bestselling Author Aileen Erin comes an all-new action-packed, romance-filled paranormal series. There are three things I know without question. One: demons are real. Two: humans make awful mistakes that get them in demonic trouble more often than you'd think. And three: I'm the only one who can help them. I straddle the line between the mortal and spiritual realms every day. People might think they're two different places, but they're not. They lay on top of each other. It's messy, and that's why so many people need my help. Since I was little, I've been called all kinds of names--unusual, abnormal, even insane. Which is fitting, since they keep throwing me in to mental facilities. I've been in and out of them my entire life. But no matter what people say, no matter what I'm risking, I will always help those in need. Because there's an endless war carrying on all around us, every minute of every day. One that can't be seen by mortal eyes. But I can see it, the spiritual battle for mortal souls, and I'm working hard to make sure my father is on the losing side. He -- Astaroth, Satan's general-- is why I can do this. He's why I'm not normal. I can't have friends, a life, or a boyfriend. I won't be selfish enough to drag someone into this fight. But I'm not lonely. Not exactly. I have my mom. She's my rock, my best friend, my partner. She helps me do what needs to be done, and she's never afraid when it feels like I'm always afraid. Because I hear my father whispering my name each night, his taunts echoing through the spiritual realm. He's hunting me, and I know the day will come when I must face him again. Every portal I open could be the one that finally pulls me back to Hell, and I wonder if I will be brave enough, strong enough, good enough to fight him. My name is Samantha Catherine Lopez, and I am Nephilim. This is my story. **Fans of the Alpha Girls series will love this new series set in the same world, with a few familiar faces, but you DO NOT have to have read a single word of the Alpha Girls series to enjoy Samantha's story. ;)

The New Alpha: Join the Rising Movement of Influencers and Changemakers Who are Redefining Leadership

An “infuriating, fast-paced” (The Washington Post) account of the Navy SEALs of Alpha platoon, the startling accusations against their chief, Eddie Gallagher, and the courtroom battle that exposed the dark underbelly of America’s special forces—from a Pulitzer Prize–winning reporter WINNER OF THE COLORADO BOOK AWARD • “Nearly impossible to put down.”—Jon Krakauer, New York Times bestselling author of *Where Men Win Glory* and *Into the Wild* In this “brilliantly written” (The New York Times Book Review) and startling account, Pulitzer Prize–winning New York Times correspondent David Philipps reveals a powerful moral crucible, one that would define the American military during the years of combat that became known as “the forever war.” When the Navy SEALs of Alpha platoon returned from their 2017 deployment to Iraq, a group of them reported their chief, Eddie Gallagher, for war crimes, alleging that he’d stabbed a prisoner in cold blood and taken lethal sniper shots at unarmed civilians. The story of Alpha’s war, both in Iraq and in the shocking trial that followed the men’s accusations, would complicate the SEALs’ post-9/11 hero narrative, turning brothers-in-arms against one another and bringing into stark relief the choice that elite soldiers face between loyalty to their unit and to their country. One of the great stories written about American special forces, Alpha is by turns a battlefield drama, a courtroom thriller, and a compelling examination of how soldiers define themselves and live with the decisions in the heat of combat.

Revelation

I broke the pact and now I'm stuck with five sexy mates. Wolves aren't supposed to mate humans. Humans also aren't supposed to interrupt sacred mating ceremonies, but I had a good reason, all right? I needed magic, and I needed a lot of it to save my little sister from the Moon Shadow plague running rampant in human territory. Do the wolves think twice about consequences? No. They've been careless of the side effects caused by their little territory battles. They have never cared about us. But they'll care now, because I have all of their magic in the palm of my hand. Literally. The Goddess Crescent was supposed to be a myth, the power to turn a human and unite the major clans. I just didn't expect it to bond me to an Alpha from each of the five packs, and now I'm afraid I bit off far more than I can chew. * Five Fated Mates with No Choosing Required * Slow-Burn Romance * Rejected Mate/Second Change tropes with severe groveling by book 3 * Human Female and Wolf Shifter Males
