Cuentos que curan

Los cuentos nos conectan con nuestros deseos más profundos, ya que nos permiten imaginar el mejor de los mundos y viajar a nuestro propio centro. Este libro nos enseña cómo los relatos son una vía privilegiada para conocernos mejor, crecer y disfrutar de la vida. Cuentos que curan es un libro excelente para los amantes de los relatos que quieren profundizar en su estructura y significado, y también para quienes deseen iniciarse en la escritura creativa y el arte de los cuentos en general, tanto en solitario como para trabajar en pareja o en grupo.

Mapa para educar niños felices

Encuentra el camino en la educación de tus hijos con Susanna Isern. ¿Cuántas veces has sentido que no terminas de hallar el camino en la educación de tus hijos? Para nuestros hijos, a menudo somos como un mapa que los guía en sus primeros pasos por la vida y, sin embargo, muchas veces nos desorientamos tanto con su educación que los que acabamos necesitando un mapa somos los padres. ¿Cómo conseguir una comunicación fluida, empática, asertiva y bidireccional? ¿Cómo fomentar que mi hijo se acepte y se quiera? ¿Cómo promover que mi hijo identifique y regule sus emociones y aborde los nuevos retos con positividad? ¿Cómo enfocar la educación de la conducta de mi hijo? ¿Cómo potenciar que mi hijo se sienta feliz hoy y mañana? Con este Mapa para educar niños felices emprendemos un gran viaje, plano en mano, circulando por los aspectos más importantes de la crianza: la comunicación, la autoestima, la inteligencia emocional, la conducta y los valores, así como por las principales herramientas de las que disponemos para abordarlos. Este libro te ofrece un mapa donde encontrarás las teorías, las experiencias y las reflexiones, los cuentos, las actividades y los casos prácticos necesarios. Todo un periplo impregnado de cariño, respeto y sentido común, para que cada familia encuentre su propio camino y viva la crianza de sus hijos como lo que siempre es, un maravilloso viaje.

Women Who Run with the Wolves

NEW YORK TIMES BESTSELLER • More than 2.7 million copies sold! • “A deeply spiritual book [that] honors what is tough, smart and untamed in women.”—The Washington Post Book World Book club pick for Emma Watson’s Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

The House of the Spirits

The Trueba family embodies strong feelings. This family saga starts at the beginning of the 20th century and continues through the assassination of Allende in 1973.

The Diary of a Young Girl

In July 1942, thirteen-year-old Anne Frank and her family, fleeing the occupation, went into hiding in an Amsterdam warehouse. Over the next two years Anne vividly describes in her diary the frustrations of living in such close quarters, and her thoughts, feelings and longings as she grows up. Her diary ends abruptly when, in August 1944, they were all betrayed. First published over sixty years ago, Anne Frank’s *Diary of a Young Girl* has reached millions of young people throughout the world. BBC TV’s major new dramatization brings her extraordinary writing to life in a way that will engage and inspire a whole new generation. ‘One of the greatest books of the last century’ - Guardian

The Boy Who Was Raised as a Dog

In this classic work of developmental psychology, renowned psychiatrist and the coauthor of the #1 New York Times bestseller *What Happened to You?* reveals how trauma affects children—and outlines the path to recovery “Fascinating and upbeat...Dr. Perry is both a world-class creative scientist and a compassionate therapist.”—Mary Pipher, PhD, author of *Reviving Ophelia* How does trauma affect a child’s mind—and how can that mind recover? Child psychiatrist Dr. Bruce D. Perry has helped children faced with unimaginable horror: genocide survivors, murder witnesses, kidnapped teenagers, and victims of family violence. In the classic *The Boy Who Was Raised as a Dog*, Dr. Perry tells their stories of trauma and transformation and shares their lessons of courage, humanity, and hope. Deftly combining unforgettable case histories with his own compassionate, insightful strategies for rehabilitation, Perry explains what happens to children’s brains when they are exposed to extreme stress—and reveals the unexpected measures that can be taken to ease such pain and help them grow into healthy adults. Only when we understand the science of the mind and the power of love and nurturing can we hope to heal the spirit of even the most wounded child.

A User's Guide to the Brain

Dr John Ratey explores the brain's most important systems, the role they play in determining how we interact with the world and ways in which we can influence their operations for the better. Amazing examples of how the brain works are used throughout.

The Thousand and One Nights

Almost three centuries have passed since the oldest manuscript of “The Thousand and One Nights” arrived in Europe. Since then, the “Nights” have occupied the minds of scholars world-wide, in particular the questions of origin, composition, language and literary form. In this book, Muhsin Mahdi, whose critical edition of the text brought so much praise, explores the complex literary history of the “Nights,” bringing to fruition the search for the archetype that constituted the core of the surviving editions, and treating the fascinating story of the growth of the collection of stories that we now know as “The Thousand and One Nights,”

Norwegian Wood

'A masterly novel' New York Times 'Such is the exquisite, gossamer construction of Murakami's writing that everything he chooses to describe trembles with symbolic possibility' Guardian Read the haunting love story that turned Murakami into a literary superstar. When he hears her favourite Beatles song, Toru Watanabe recalls his first love Naoko, the girlfriend of his best friend Kizuki. Immediately he is transported back almost twenty years to his student days in Tokyo, adrift in a world of uneasy friendships, casual sex, passion, loss and desire - to a time when an impetuous young woman called Midori marches into his life and he has to choose between the future and the past. *Murakami's new book *Novelist as a Vocation* is available now* 'Evocative, entertaining, sexy and funny; but then Murakami is one of the best writers around' Time Out 'Poignant, romantic and hopeless, it beautifully encapsulates the heartbreak and loss of faith' Sunday Times 'This book is undeniably hip, full of student uprisings, free love, booze and 1960s pop, it's also genuinely emotionally engaging, and describes the highs of adolescence as well as the lows' Independent on Sunday

Digestive Intelligence

Digestive Intelligence tells the fascinating story of how our digestive systems are the centre of our bodies' second brain and how we think and live our emotions via our stomachs. Not surprising when you consider there is something equivalent to the size of a village football pitch hiding inside our bellies--that's the incredible magnitude of our digestive systems. Dr Matveikova answers the obvious questions: "How?" and "Why can this be so?" by explaining, in straight forward layman's language, that the digestive system contains more than one million neurones, identical to those in the brain and is responsible for producing 90% of the body's hormone, serotonin, the all-important hormone which makes us feel happy and full of wellbeing. It follows that, if our stomach is "out of sorts" we feel irritable and lacking in energy; and those feelings block our intellectual productivity, disorientate us and completely change our thought patterns and physical processes.

Daniel Goleman Omnibus

Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us. Working with Emotional Intelligence Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

The Spontaneous Healing of Belief

What would it mean to discover that everything from the DNA of life, to the future of our world, is based upon a simple Reality Code—one that we can change and upgrade by choice? New revelations in physics and biology suggest that we're about to find out! A growing body of scientific evidence suggests that our universe works like a Consciousness Computer. Rather than the number codes of typical software, our Consciousness Computer uses a language that we all have, yet are only beginning to understand. Life's reality code is based in the language of human emotion and focused belief. Knowing that belief is our reality-maker, the way we think of ourselves and our world is now more important than ever! For us to change the beliefs that have led to war, disease, and the failed careers and relationships of our past we need a reason to see things differently. Our ancestors used miracles to change what they believed. Today we use science. The Spontaneous Healing of Belief offers us both: the miracles that open the door to a powerful new way of seeing the world, and the science that tells us why the miracles are possible, revealing: why we are not limited by the "laws" of physics and biology as we know them today. Once we become aware of the paradigm-shattering discoveries and true-life miracles, we must think of ourselves differently. And that difference is where the spontaneous healing of belief begins.

The New Strong-Willed Child

Is a willful little darling driving you to distraction? The New Strong-Willed Child is the resource you need—a classic bestseller completely rewritten, updated, and expanded for a new generation of parents and teachers. Challenging as they are to raise, strong-willed children can grow up to be men and women of strong character—if lovingly guided with understanding and the right kind of discipline. Find out what Dr. James Dobson, today's most trusted authority on parenting, has to say about what makes strong-willed children the way they are; shaping the will while protecting the spirit; avoiding the most common parenting mistake; and much more. If you are struggling to raise and teach children who are convinced they should be able to live by their own rules, The New Strong-Willed Child is a must-read! (This new edition is part of Dr. James Dobson's Building A Family Legacy initiative.)

Journey Through the Workbook of A Course in Miracles

This eight-volume set is the end product of a series of classes I conducted at our Foundation's former location in New York. The classes consisted of a line-by-line analysis of the lessons, introductions, reviews, summaries, and the Epilogue. I have considerably enlarged some of the original discussion, supplying additional references to other relevant portions of the Course, the Preface, the two pamphlets, poems from The Gifts of God, and the prose poem "The Gifts of God." This work can thus be seen as a complete Course companion to accompany students on their own journey through the workbook. My purpose in presenting the classes originally, as it remains in this book, was to help students better understand the meaning of the lessons and their place in the curriculum of A Course in Miracles, and most of all, to help students see the importance of applying the daily lessons to their everyday lives. Without such application, the brilliance of Jesus' words is wasted, and they become simply a sterile system of intellectual teachings. This book can be read in at least three ways: 1) straight through, as one would do with the text; 2) different lessons at different times; or 3) one lesson at a time, as a companion to each lesson. I would urge students, however, if they are doing the workbook for the first time, to read the lessons as they are, without my commentary. In other words, as with all my other work on A Course in Miracles, this book is meant to supplement a student's experience of the workbook, not to substitute for the workbook as it was given to us. (Adapted from the Preface)

I See Satan Fall Like Lightning

Rene Girard holds up the gospels as mirrors that reveal our broken humanity, and shows that they also reflect a new reality that can make us whole. Like Simone Weil, Girard looks at the Bible as a map of human behavior, and sees Jesus Christ as the turning point leading to new life. The title echoes Jesus' words: "I saw Satan falling like lightning from heaven". Girard persuades us that even as our world grows increasingly violent the power of the Christ-event is so great that the evils of scapegoating and sacrifice are being defeated even now. A new community, God's nonviolent kingdom, is being realized -- even now.

English is Not Easy

A quirkily illustrated, brilliantly risqué, but thoroughly practical, guide to the peculiarities of one of the trickiest languages on earth, for (strictly adult) students of English as a foreign language and native speakers alike Do you know when to use whether opposed to if? For example, I wonder whether I should have added a little more poison to his tea? Or where to place the comma in a conditional sentence? English is Not Easy presents the intricacies of the English language in a whimsically illustrated guide that is appealing even to the grammar averse. If all other language and grammar guides leave you snoring, look no further. English Is Not Easy doesn't offer run-of-the-mill phrases about extreme sports and atmospheric conditions that you'll learn in a generic English textbook. This book offers vocabulary for situations the reader will actually find themselves in. Need an insult? Those are here, too, and imbecile is the kindest of the bunch. From 'to be' to complicated verb tenses and seemingly nonsensical idioms, Luci's characters, cheeky dialogue, and playful sentences bring the vocabulary, grammar and usage to life. For those who haven't brushed up on grammar since primary school or non-native English speakers looking to improve conversation, English Is Not Easy is a fresh and infectious guide to revisiting the rules with striking illustrative adventure along the way.

The Unwomanly Face of War

The long-awaited translation of the classic oral history of Soviet women's experiences in the Second World War - from the winner of the Nobel Prize in Literature Bringing together dozens of voices in her distinctive style, *The Unwomanly Face of War* is Svetlana Alexievich's collection of stories from Soviet women who lived through the Second World War: on the front lines, on the home front, and in occupied territories. As Alexievich gives voice to women who are absent from official narratives - captains, sergeants, nurses, snipers, pilots - she shows us a new version of the war we're so familiar with, creating an extraordinary alternative history from their private stories. Published in 1985 in Russia and now available in English for the first time, *The Unwomanly Face of War* was Alexievich's first book and a huge bestseller in the Soviet Union, establishing her as a brilliantly revolutionary writer.

Love Has Forgotten No One

Join Gary Renard, the best-selling author of *The Disappearance of the Universe* and *Your Immortal Reality*, for the final installment of his trilogy: a fascinating roller-coaster ride to the mysterious truth behind the modern spiritual masterpiece *A Course in Miracles*. His teachers, Ascended Masters Arten and Pursah, will take you on a whirlwind tour of the afterlife; teach you a method that will, with practice, melt away all of your past bad karma; and reveal the "missing ingredient" to the popular self-help techniques of today. This book will blow your mind and hand you the key to enlightenment . . . at the same time! In the end, you will discover that, indeed, Love has forgotten no one.

Lilus Kikus and Other Stories by Elena Poniatowska

NEW YORK TIMES BESTSELLER • Ramses the Great returns in this “darkly magical” (USA Today) novel from bestselling author Anne Rice “The reader is held captive and, ultimately, seduced.”—San Francisco Chronicle Ramses the Great lives! But having drunk the elixir of life, he is now Ramses the Damned, doomed forever to wander the earth, desperate to quell hungers that can never be satisfied—for food, for wine, for women. Reawakened in opulent Edwardian London, he becomes Dr. Ramsey, expert in Egyptology. He also becomes the close companion of voluptuous, adventurous Julie Stratford, heiress to a vast shipping fortune and the center of a group of jaded aristocrats with appetites of their own to appease. But the pleasures Ramses enjoys with Julie cannot soothe him. Searing memories of his last reawakening, at the behest of Cleopatra, his beloved Queen of Egypt, burn in his immortal soul. And though he is immortal, he is still all too human. His intense longings for his great love, undiminished over the centuries, will force him to commit an act that will place everyone around him in the gravest danger. . . .

Simple Abundance

The true nature of our minds is enlightened and peaceful, as the depth of the ocean is calm and clear. But when we mentally grasp and emotionally cling to our wants and worries with all our energy, we lose our own enlightened freedom and healing power, only to gain stress and exhaustion, suffering and overexcitement, like the turbulent waves rolling on the surface of the ocean. Our minds possess the power to heal pain and stress, and to blossom into peace and joy, by loosening the clinging attitudes that Buddhists call “grasping at self.” If we apply the mind's healing power, we can heal not only our mental and emotional afflictions, but physical problems also. This book is an invitation to awaken the healing power of mind through inspiring images and sounds, mindful movements, positive perceptions, soothing feelings, trusting confidence, and the realization of openness. The healing principle on which these exercises are based is the universal nature and omnipresent power envisioned in Mahayana Buddhism. Yet for healing, we don't have to be believers in any particular faith. We can heal body and mind simply by being what we truly are, and by allowing our own natural healing qualities to manifest: a peaceful and open mind, a loving and positive attitude, and warm, joyful energy in a state of balance and harmony.

City of Marvels

Barbara Ann Brennan continues her ground-breaking exploration of the human energy field, or aura—the source of our experience of health or illness. Drawing on many new developments in her teaching and practice, she shows how we can be empowered as both patients and healers to understand and work with our most fundamental healing power: the light that emerges from the very center of our humanity. In a unique approach that encourages a cooperative effort among healer, patient, and other health-care providers, *Light Emerging* explains what the healer perceives visually, audibly, and kinesthetically and how each of us can participate in every stage of the healing process. Presenting a fascinating range of research, from a paradigm of healing based on the science of holography to insights into the “hara level” and the “core star,” *Light Emerging* is at the leading edge of healing practice in our time.

The Mummy or Ramses the Damned

The Tao of Leadership is an invaluable tool for anyone in a position of leadership. This book provides the most simple and clear advice on how to be the very best kind of leader: be faithful, trust the process, pay attention, and inspire others to become their own leaders. Heider's book is a blend of practical insight

and profound wisdom, offering inspiration and advice. This book is used as a Management/Leadership training text by many Fortune 500 corporations, including IBM, Mitsubishi, and Prudential. What others are saying about this book: This is a particularly readable and accessible version of a great but difficult work. - Publisher's Weekly

Psychological Development of the Child

Acting as a historical detective, the author of this text strips away the layers of deception and propaganda that surround the Christian story in a quest to find the real Mary Magdalene, asking such questions as was she a reformed prostitute who spent the rest of her life in penitence; or was she merely one of the women who followed Jesus?

The Healing Power of Mind

Stop Seeking Happiness; Just Get Out of Its Way! Happiness is our natural state, for each of us and for humanity as a whole, argues John Izzo. But that happiness is being stolen by insidious mental patterns that he depicts as thieves: the thief of control, the thief of conceit, the thief of coveting, the thief of consumption, and the thief of comfort. He discovered these thieves as he sought the true source of happiness during a year-long sabbatical, walking the Camino de Santiago in Spain and living in the Andes of Peru. This thoughtful and inspiring book describes the disguises these thieves wear, the tools they use to break into our hearts, and how to lock them out once and for all. Izzo shows how these same thieves of personal happiness are destroying society as well. This book will help us all discover, develop, and defend the happiness that is our true nature while creating a world we all want to live in.

Light Emerging

Whether you realize it or not, you play a part in the divine plan of creation. Once you recognize this, you can gain access to the immense power in the universe. It's simple: when you engage the right celestial helpers, anything becomes possible. In *Hiring the Heavens*, Jean Slatter shares how she learned to hire the Heavens and offers a fresh, revitalized way of bringing spirituality back into your everyday life. Whether the task is large or small, whether you want to manifest your dreams, find a soul mate, improve your finances, or simply get through your days without stress and worry, the Heavens are ready to help. With their assistance, you become cocreator and codirector of your life, experiencing more joy and more serendipity every day.

The Tao of Leadership

Using Jungian archetypes, the I-Ching, and color/number combinations, Hamaker-Zondag shows you how to interpret the tarot without having to refer to a guidebook for definitions. Her methods will help you use the tarot to understand your personal innerchanges and their potential manifestations in daily life. She also makes an engaging comparison of the imagery in various decks, so that you can choose the deck that you like the best.

Mary Magdalene

This book contains tales from all round the world - from Australia to the Shetland Isles - full of strange and wonderful happenings. Some are happy stories, others haunting and sad, but all have the power to enchant and enthrall.

Honor, Or, The Story of the Brave Caspar and the Fair Annerl

This full-color, profusely illustrated book provides an insightful approach to the 22 cards of the major arcana. Drawing on Jungian psychology and his own considerable knowledge of esoterica, Banzhaf clearly shows how the major arcana of the Waite tarotdeck tell the story of the hero's journey. It is the world's oldest story, residing in our collective unconscious, as women and men alike find themselves engaged in the heroic task of maturation. 126 color illustrations. Color foldout. Notes. The Five Thieves of Happiness

Transparency is the order of the day. It is a term, a slogan, that dominates public discourse about corruption and freedom of information. Considered crucial to democracy, it touches our political and economic lives as well as our private lives. Anyone can obtain information about anything. Every-

thing—and everyone—has become transparent: unveiled or exposed by the apparatuses that exert a kind of collective control over the post-capitalist world. Yet, transparency has a dark side that, ironically, has everything to do with a lack of mystery, shadow, and nuance. Behind the apparent accessibility of knowledge lies the disappearance of privacy, homogenization, and the collapse of trust. The anxiety to accumulate ever more information does not necessarily produce more knowledge or faith. Technology creates the illusion of total containment and the constant monitoring of information, but what we lack is adequate interpretation of the information. In this manifesto, Byung-Chul Han denounces transparency as a false ideal, the strongest and most pernicious of our contemporary mythologies.

Hiring the Heavens

Destined to transform its field, this volume features some of the most exciting feminist scholars and activists working within feminist political ecology, including Giovanna Di Chiro, Dianne Rocheleau, Catherine Walsh and Christa Wichterich. Offering a collective critique of the 'green economy', it features the latest analyses of the post-Rio+20 debates alongside a nuanced reading of the impact of the current ecological and economic crises on women as well as their communities and ecologies. This new, politically timely and engaging text puts feminist political ecology back on the map.

Tales of Wonder and Magic

From the iconic, bestselling author of The Vampire Chronicles—Ramses the Great, former pharaoh of Egypt, is reawakened by the elixir of life in Edwardian England. Now immortal with his bride-to-be, he is swept up in a fierce and deadly battle of wills and psyches against the once-great Queen Cleopatra. In this mesmerizing, glamorous tale of ancient feuds and modern passions, Ramses has reawakened Cleopatra with the same perilous elixir whose unworldly force brings the dead back to life. But as these ancient rulers defy one another in their quest to understand the powers of the strange elixir, they are haunted by a mysterious presence even older and more powerful than they, a figure drawn forth from the mists of history who possesses spectacular magical potions and tonics eight millennia old. This is a figure who ruled over an ancient kingdom stretching from the once-fertile earth of the Sahara to the far corners of the world, a queen with a supreme knowledge of the deepest origins of the elixir of life. She may be the only one who can make known to Ramses and Cleopatra the key to their immortality—and the secrets of the miraculous, unknowable, endless expanse of the universe.
