The Iliad

A new translation of Homer's classic follows Merrill's successful earlier version of the "Odyssey" in capturing the feel of the original Greek

The Iliad of Homer

This translation of Homer's Iliad by the poet and classicist Ennis Rees attempts to be both faithful to the original and accessible to the modern reader.

The Iliad

This volume is a distinctive critical introduction to Homer's Iliad, the earliest epic poem, and the earliest known work of literature in ancient Greece. Michael Silk deals with the poem's historical context, its composition and its extensive influence, and relates its literary power to the peculiar coherence and inter-relation of such aspects of the poem as its style, character-portrayal and ideology. This revised edition takes account of recent scholarship in the field and includes an updated guide to further reading. It is essential reading for students of literature and classics.

Homer: The Iliad

A clear and stimulating introduction to Homer's Iliad, the greatest poem of Western culture.

Homer: The Iliad

Purchase one of 1st World Library's Classic Books and help support our free internet library of downloadable eBooks. 1st World Library-Literary Society is a non-profit educational organization. Visit us online at www.1stWorldLibrary.ORG - How Agamemnon and Achilles fell out at the siege of Troy; and Achilles withdrew himself from battle, and won from Zeus a pledge that his wrong should be avenged on Agamemnon and the Achaians. Sing, goddess, the wrath of Achilles Peleus' son, the ruinous wrath that brought on the Achaians woes innumerable, and hurled down into Hades many strong souls of heroes, and gave their bodies to be a prey to dogs and all winged fowls; and so the counsel of Zeus wrought out its accomplishment from the day when first strife parted Atreides king of men and noble Achilles. Who among the gods set the twain at strife and variance? Apollo, the son of Leto and of Zeus; for he in anger at the king sent a sore plague upon the host, so that the folk began to perish, because Atreides had done dishonour to Chryses the priest. For the priest had come to the Achaians' fleet ships to win his daughter's freedom, and brought a ransom beyond telling; and bare in his hands the fillet of Apollo the Far-darter upon a golden staff; and made his prayer unto all the Achaians, and most of all to the two sons of Atreus, orderers of the host; "Ye sons of Atreus and all ye well-greaved Achaians, now may the gods that dwell in the mansions of Olympus grant you to lay waste the city of Priam, and to fare happily homeward; only set ye my dear child free, and accept the ransom in reverence to the son of Zeus, far-darting Apollo."

The Iliad of Homer

Famously praised by John Keats for speaking 'loud and bold', Chapman's Homer brought Greek poetry and civilization to life for centuries of readers. Many have praised its rough energy and creativity, the crashing power of the verses, its grim depiction of life and death in war. The companion to Gordon Kendal's edition of Chapman's *Odyssey*, this edition of his *Iliad* features a newly edited version of the 1611 printing (including all the translator's combative notes and commentary) in modern spelling and punctuation. The introduction, "Looking into Chapman's Homer," explores the complicated history of revision behind the text, the intermediate Latin sources, and, most important, Chapman's early modern reception of the *Iliad*, that is, the later political, cultural, social, literary, moral, and theological ideas that shape his reading of the ancient Greek text. The edition provides also full textual collations, lexical and explanatory notes, a glossary, bibliography, an appendix on Chapman's contributions to the English language, and index. Like his great contemporary and rival, William Shakespeare, Chapman was a dramatist and one of the great wordsmiths of the Renaissance, a creator of the language that we speak and write today as Modern English. Chapman's *Iliad* deploys the resources of this developing English language for stunning poetic effects; this raw and powerful version of Homer's inspired song stands also as a masterpiece of English literature.

Iliad of Homer

The twenty-fourth book of the *Iliad* - the account of Priam's ransoming of Hector's body from Achilles - is one of the masterpieces of world literature, a work of interest to a far wider audience than scholars of ancient Greek. In this edition Colin Macleod tries to reach both scholars and Greekless readers alike. In his commentary he gives help to readers unfamiliar with the language of Homer and discusses problems of content and expression, never treating this book in isolation but drawing attention to Homer's artistry and thought in the context of the whole of the *Iliad*. In his introduction Mr Macleod examines Homer's notion of poetry, his style and language and the architecture and meaning of his work. He tries to show why Book XXIV is a proper conclusion to the *Iliad*. This is an edition for classical scholars, undergraduates and students in the upper forms of schools. The introduction and substantial parts of the commentary require no knowledge of Greek and should find readers among all who are interested in European literature.

George Chapman: Homer's 'Iliad'

Presents a series of critical essays discussing the structure, themes, and subject matter of Homer's *The Iliad*.

The Iliad of Homer

Book 18 of the Iliad is an outstanding example of the range and power of Homeric epic. It describes the reaction of the hero Achilles to the death of his closest friend, and his decision to re-enter the conflict even though it means he will lose his own life. The book also includes the forging of the marvellous shield for the hero by the smith-god Hephaestus: the images on the shield are described by the poet in detail, and this description forms the archetypal ecphrasis, influential on many later writers. In an extensive introduction, R. B. Rutherford discusses the themes, style and legacy of the book. The commentary provides line-by-line guidance for readers at all levels, addressing linguistic detail and larger questions of interpretation. A substantial appendix considers the relation between Iliad 18 and the Babylonian Epic of Gilgamesh, which has been prominent in much recent discussion.

Homer: Iliad Book XXIV

From the Preface: This book is addressed mainly to non-specialist readers who do not know Greek and who read, study, or teach the Iliad in translation; it also is meant for classical scholars whose professional specialization has prevented them from keeping abreast of recent work on Homer. It is grounded in technical scholarship, to which it constantly refers and is intended to contribute, and I hope that even Homeric specialists will find ideas and interpretations to interest them. I have tried to present clearly what seem to me the most valuable results of modern research and criticism of the Iliad while setting forth my own views. My goal has been to interpret the poem as much as possible on its own mythological, religious, ethical, and artistic terms. The topics and problems I focus on are those that have arisen most often and most insistently when I have thought the poem, in translation and in the original, as I have done every year since 1968. This book is a literary study of the Iliad. I have not discussed historical, archaeological, or even linguistic questions except where they are directly relevant to literary interpretation. Throughout I have emphasized what is thematically, ethically, and artistically distinctive in the Iliad in contrast to the conventions of the poetic tradition of which it is an end product.

The Iliad - Homer, Updated Edition

Homer's The Illiad. Are you looking for one of the best books of all time to read? Then you've come to the right spot! The Illiad by Homer is one of the best works of all time. Don't miss out on this great classic - read The Illiad by Homer today!

The Iliad of Homer

Homer: Poet of the "Iliad" is the perfect companion both for readers deepening their appreciation of the poem and its form and for those encountering Homer's work for the first time. Mark Edwards combines the advantages of a general introduction and a detailed commentary to make the insights of recent Homeric scholarship accessible to students and general readers as well as to classicists. Since interpretation of the epic requires an understanding of the ancient oral tradition and its conventions, Edwards offers a comprehensive analysis of the poetics of the Iliad and the Odyssey. He also discusses essential elements of Homeric society -- its religion, history, and social values -- to clarify the style and substance of the poetry. In the second half of the book, Edwards's scene-by-scene explication of ten major books of the Iliad leads the reader to a greater perception of Homer's mastery and manipulation of convention.

Homer: Iliad Book XVIII

The Iliad of Homer: The Iliad; sometimes referred to as the Song of Ilion or Song of Ilium) is an ancient Greek epic poem in dactylic hexameter, traditionally attributed to Homer. Set during the Trojan War, the ten-year siege of the city of Troy (Ilium) by a coalition of Greek states, it tells of the battles and events during the weeks of a quarrel between King Agamemnon and the warrior Achilles. Although the story covers only a few weeks in the final year of the war, the Iliad mentions or alludes to many of the Greek legends about the siege; the earlier events, such as the gathering of warriors for the siege, the cause of the war, and related concerns tend to appear near the beginning. Then the epic narrative takes up events prophesied for the future, such as Achilles' imminent death and the fall of Troy, although the narrative ends before these events take place. However, as these events are prefigured and alluded to more and more vividly, when it reaches an end the poem has told a more or less complete tale of the

The Mortal Hero

The Iliad (sometimes referred to as the Song of Ilion or Song of Ilium) is an ancient Greek epic poem in dactylic hexameter, traditionally attributed to Homer. Set during the Trojan War, the ten-year siege of the city of Troy (Ilium) by a coalition of Greek states, it tells of the battles and events during the weeks of a quarrel between King Agamemnon and the warrior Achilles. Although the story covers only a few weeks in the final year of the war, the Iliad mentions or alludes to many of the Greek legends about the siege; the earlier events, such as the gathering of warriors for the siege, the cause of the war, and related concerns tend to appear near the beginning. Then the epic narrative takes up events prophesied for the future, such as Achilles' looming death and the sack of Troy, prefigured and alluded to more and more vividly, so that when it reaches an end, the poem has told a more or less complete tale of the Trojan War. Alexander Pope (21 May 1688 – 30 May 1744) was an 18th-century English poet, best known for his satirical verse and for his translation of Homer. Famous for his use of the heroic couplet, he is the third-most frequently quoted writer in The Oxford Dictionary of Quotations, after Shakespeare and Tennyson.

Homer's Iliad

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Iliad of Homer

When Alexander Pope's majestic translation of Homer's Iliad appeared between 1715 and 1720, it was acclaimed by Samuel Johnson as "a performance which no age or nation could hope to equal." Pope himself was only 25 years old. While other translations have since claimed distinction in this or that respect, Pope's translation remains unrivaled in its melodious beauty. This is the Iliad that has formed generations of British and American culture through a beauteous poetics that lends itself to easy recollection. With a clean and crisp text illustrated by the inimitable line drawings of Flaxman, this edition finally gives to audiences a fitting rendering of this monument of English verse which captures uniquely the song of Homer himself. "The thing that best distinguishes this from all other translations of Homer is that it alone equals the original in its ceaseless pour of verbal music. . . . Pope worked miracles in highlighting the play of vowels through his lines. . . . Every word is weighted, with a pressure of mind behind it. This is a poem you can live your way into, over the years, since it yields more at every encounter." --Gary Wills "On Reading Pope's Homer" New York Times, 6/1/1997

Homer

The Iliad in Classical Attic; sometimes referred to as the Song of Ilion or Song of Ilium) is an ancient Greek epic poem in dactylic hexameter, traditionally attributed to Homer. Set during the Trojan War, the ten-year siege of the city of Troy (Ilium) by a coalition of Greek states, it tells of the battles and events during the weeks of a quarrel between King Agamemnon and the warrior Achilles.

The Iliad of Homer

TOLSTOY CALLED THE ILIAD A miracle; Goethe said that it always thrust him into a state of astonishment. Homer's story is thrilling, and his Greek is perhaps the most beautiful poetry ever sung or written. But until now, even the best English translations haven't been able to re-create the energy and simplicity, the speed, grace, and pulsing rhythm of the original. In Stephen Mitchell's Iliad, the epic story resounds again across 2,700 years, as if the lifeblood of its heroes Achilles and Patroclus, Hector and Priam flows in every word. And we are there with them, amid the horror and ecstasy of war, carried along by a poetry that lifts even the most devastating human events into the realm of the beautiful. Mitchell's Iliad is the first translation based on the work of the preeminent Homeric scholar Martin L. West, whose edition of the original Greek identifies many passages that were added after the Iliad was first written down, to the detriment of the music and the story. Omitting these hundreds of interpolated lines restores a dramatically sharper, leaner text. In addition, Mitchell's illuminating introduction opens the epic still further to our understanding and appreciation. Now, thanks to Stephen Mitchell's scholarship and the power of his language, the Iliad's ancient story comes to moving, vivid new life.

The Iliad Of Homer:

Book XXII recounts the climax of the Iliad: the fatal encounter between the main defender of Troy and the greatest warrior of the Greeks, which results in the death of Hector and Achilles' revenge for the death of his friend Patroclus; but at the same time adumbrates Achilles' own death and the fall of Troy. The introduction summarises central debates in Homeric scholarship, such as the circumstances of composition and the literary interpretation of an oral poem, and offers synoptic discussions of the structure of the Iliad, the role of the narrator, similes and epithets. There is a separate section on language, which provides a compact list of the most frequent Homeric characteristics. While the introduction is mainly geared at intermediate and advanced students, the commentary is designed for use by both students and professional classicists: it offers up-to-date linguistic guidance, and elucidates narrative techniques, typical elements and central themes.

The Iliad of Homer Rendered Into English Blank Verse

Those who are able to read Homer in Greek have ample recourse to commentaries, but the vast majority who read the Iliad in translation have not been so well served—the many available translations contain few, if any, notes. For these readers, Malcolm M. Willcock provides a line-by-line commentary that explains the many factual details, mythological allusions, and Homeric conventions that a student or general reader could not be expected to bring to an initial encounter with the Iliad. The notes, which always relate to particular lines in the text, have as their prime aim the simple, factual explanation of things the inexperienced reader would be unlikely to have at his or her command (What is a hecatomb? Who is Atreus' son?). Second, they enhance an appreciation of the Iliad by illuminating epic style, Homer's methods of composition, the structure of the work, and the characterization of the major heroes. The "Homeric Question," concerning the origin and authorship of the Iliad, is also discussed. Professor Willcock's commentary is based on Richmond Lattimore's translation—regarded by many as the outstanding translation of the present generation—but it may be used profitably with other versions as well. This clearly written commentary, which includes an excellent select bibliography, will make one of the touchstones of Western literature accessible to a wider audience.

The Iliad of Homer, Rendered Into English Blank Verse. By Edward Earl of Derby

The 'red Macmillan' Iliad in the edition of W. Leaf, which had served since the 1880s, was replaced by this classic two-volume edition of M.M. Willcock. Coverage of twelve books of the Iliad in each volume demands a concise introduction and commentary. The editor also includes, for example, mention of significant aspects of Homeric diction more fully in the early lines of each book, so that the student may begin on any particular line. Although the book is designed for students at sixth form

and undergraduates, the tight compass of these books does not prevent the editor engaging in - or referring to - problems of composition or text addressed by more advanced scholars.

The Iliad of Homer Rendered Into English Blank Verse

The Iliad and The Odyssey are two epic poems from Ancient Greece which have become cornerstones of Western literature. This stunning jacketed hardcover brings together these two works in accessible prose translations, ideal for those wanting to be thrown into the action of these thrilling tales. In The Iliad, the Greek's best warrior Achilles has abandoned the war with the Trojans on a mission of revenge. Only the death of his best friend Patroclus persuades Achilles to return to battle and confront the Trojan leader Hector in single combat. The Odyssey is set after the Trojan War as Odysseus sets off on his ten-year journey home to Ithaca, encountering natural and supernatural threats along the way. Filled with fallible gods and foolhardy heroes, these two classic works offer incredible insight into ancient Greek mythology and culture as well as remaining thrilling tales in their own right. ABOUT THE SERIES: The World Classics Library series gathers together the work of authors and philosophers whose ideas have stood the test of time. Perfect for bibliophiles, these gorgeous jacketed hardcovers are a wonderful addition to any bookshelf.

The Iliad of Homer (ĭž·)

One of the foremost achievements in Western literature, Homer's Iliad tells the story of the darkest episode of the Trojan War. At its center is Achilles, the greatest warrior-champion of the Greeks, and his conflict with his leader Agamemnon. Interwoven in the tragic sequence of events are powerfully moving descriptions of the ebb and flow of battle, the besieged city of Ilium, the feud between the gods, and the fate of mortals.
