From the author of *Eichmann in Jerusalem* and *The Origins of Totalitarianism*, "a book to think with through the political impasses and cultural confusions of our day" (Harper's Magazine) Hannah Arendt's insightful observations of the modern world, based on a profound knowledge of the past, constitute an impassioned contribution to political philosophy. In *Between Past and Future* Arendt describes the perplexing crises modern society faces as a result of the loss of meaning of the traditional key words of politics: justice, reason, responsibility, virtue, and glory. Through a series of eight exercises, she shows how we can redistill the vital essence of these concepts and use them to regain a frame of reference for the future. To participate in these exercises is to associate, in action, with one of the most original and fruitful minds of the twentieth century.

Un lugar en mis sueños

"The Grand Inquisitor" is a significant and widely read chapter from Fyodor Dostoevsky's novel "The Brothers Karamazov." Dostoevsky's novel was first published in 1880. "The Grand Inquisitor" is a stand-alone section within the novel where Ivan Karamazov tells the story to his brother, Alyosha, of a Grand Inquisitor who questions and confronts Jesus Christ upon His return to Earth. In the story, the Grand Inquisitor represents the authority of the church and the state, while Jesus Christ represents spiritual and moral truth. The Grand Inquisitor's argument revolves around the idea that the church and state must control and limit individual freedom for the sake of the common people, who are not capable of handling true freedom. This section of the novel is often studied independently because it presents a thought-provoking exploration of religious, philosophical, and moral themes. Dostoevsky's work is celebrated for its deep and complex examinations of the human condition and the role of faith and morality in society. "The Grand Inquisitor" is a prime example of his ability to grapple with these profound questions.

"An international bestseller, originally published in 1970, when Shulamith Firestone was just twenty-five years old, *The Dialectic of Sex* was the first book of the women's liberation movement to put forth a feminist theory of politics. Beginning with a look at the radical and grassroots history of the first wave (with its foundation in the abolition movement of the time), Firestone documents its major victory, the expansion of the franchise in 1920, and the fifty years of ridicule that followed. She goes on to deftly synthesize the work of Freud, Marx, de Beauvoir, and Engels to create a cogent argument for feminist revolution. Ultimately she presents feminism as the key radical ideology, the missing link between Marx and Freud, uniting their visions of the political and the personal. *The Dialectic of Sex* remains remarkably relevant today - a testament to Firestone's startlingly prescient vision. The author died in 2012, but her ideas live on through this extraordinary book"--Unedited summary from book cover.

A pioneer in the fields of astrophysics and astro-archeology, J. Norman Lockyer believed that ancient Egyptian monuments were constructed "in strict relation to the stars." In this celebrated study, he explores the relationship between astronomy and architecture in the age of the pharaohs. Lockyer addresses one of the many points already extensively investigated by Egyptologists: the chronology

of the kings of Egypt. All experts are in accord regarding the identity of the first monarch, but they cannot agree upon the dates of his reign within a thousand years. The author contends that by applying a knowledge of astronomy to the actual site orientation of the region's pyramids and temples, accurate dating can be achieved. In order to accomplish this, Lockyer had to determine the level of the ancient Egyptian ideas of astronomy. Some of his inferences have been invalidated by subsequent scholarship, but many of his other conclusions stand firm and continue to provide sensational leads into contemporary understanding of archaic astronomy.

Between Past and Future

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown," writes H. P. Lovecraft at the start of his essay "Supernatural Horror in Literature." In real life, the author Agustin Fernandez Paz, Galicia's answer to H. P. Lovecraft, is reading the newspaper and comes across a classified ad for a haunted house. He imagines what would happen if someone answered that ad. Then what would happen if they went to see the house and liked it. Then what would happen if they had enough money and decided to buy it. And finally what would happen if they went to live there and discovered that the house was really haunted. This is the plot of "Winter Letters," one of the best-selling Galician novels of all time. The house will bring to mind, for older readers, the Bates' home in Alfred Hitchcock's film "Psycho." Inside the house is a book of prints that may remind younger readers of Tom Riddle's diary in "Harry Potter and the Chamber of Secrets." However this may be, the reader is sure to be drawn in by the force and power of the narrative, which is as smooth and sinuous as the sirens' song heard by Ulysses from the sanctuary of the mast of his ship. Agustin Fernandez Paz is the author of another novel in English, "Black Air," about a psychiatrist's race against time to save his patient from a malignant presence, the Great Beast. He was awarded the Spanish National Prize for Literature in 2008 and is Spain's nominee for the Hans Christian Andersen Award. Other titles in the series Galician Wave include: "Dragal I: The Dragon's Inheritance" and "Dragal II: The Dragon's Metamorphosis" by Elena Gallego Abad, "Dove and Cut Throat" by Fina Casalterrey, "The Painter with the Hat of Mallows" by Marcos Calveiro and "I Love You Leo A. Destination Somewhere" by Rosa Aneiros."

The Old Testament Speaks

First published in Rome in 1535, Leone Ebreo's Dialogues of Love is one of the most important texts of the European Renaissance. Well known in the Italian academies of the sixteenth century, its popularity quickly spread throughout Europe, with numerous reprintings and translations into French, Latin Spanish, and Hebrew. It attracted a diverse audience that included noblemen, courtesans, artists, poets, intellectuals, and philosophers. More than just a bestseller, the work exerted a deep influence over the centuries on figures as diverse as Giordano Bruno, John Donne, Miguel de Cervantes, and Baruch Spinoza. Leone's Dialogues consists of three conversations - 'On Love and Desire,' 'On the Universality of Love,' and 'On the Origin of Love' - that take place over a period of three subsequent days. They are organized in a dialogic format, much like a theatrical representation, of a conversation between a man, Philo, who plays the role of the lover and teacher, and a woman, Sophia, the beloved and pupil. The discussion covers a wide range of topics that have as their common denominator the idea of Love. Through the dialogue, the author explores many different points of view and complex philosophical ideas. Grounded in a distinctly Jewish tradition, and drawing on Neoplatonic philosophical structures and Arabic sources, the work offers a useful compendium of classical and contemporary thought, yet was not incompatible with Christian doctrine. Despite the unfinished state and somewhat controversial, enigmatic nature of Ebreo's famous text, it remains one of the most significant and influential works in the history of Western thought. This new, expertly translated and annotated English edition takes into account the latest scholarship and provides an invaluable resource for today's readers.

The grand inquisitor

The book traces the role of Judaism and the Jewish people in God's plan for the salvation of mankind, from Abraham through the Second Coming, as revealed by the Catholic faith and by a thoughtful examination of history. It will give Christians a deeper understanding of Judaism, both as a religion in itself and as a central component of Christian salvation. To Jews it reveals the incomprehensible importance, nobility and glory that Judaism most truly has. It examines the unique and central role Judaism plays in the destiny of the world. It documents that throughout history attacks on Jews and Judaism have been rooted not in Christianity, but in the most anti-Christian of forces. Areas addressed include: the Messianic prophecies in Jewish scripture; the anti-Christian roots of Nazi anti-Semitism; the links between Nazism and Arab anti-Semitism; the theological insights of major Jewish converts; and the role of the Jews in the Second Coming. "Perplexed by controversies new and old about the destiny of the Jewish people? Read this book by a Jew who became a Catholic for a well-written, provocative, ground-breaking account. Some of the answers most have never heard before." Ronda Chervin, Ph.D., Hebrew-Catholic

The Dawn of Astronomy

Variously described as a comedy of manners, a psychological romance, and a type of fabliau, the 13th-century narrative *Flamenca* is the best medieval romance written in Occitan. Its uniqueness springs from qualities that anticipate the preoccupations of modern-day narrative. Not content with being a love story fraught with risk and intrigue, the poem is layered with responses to the troubadour tradition of love and poetry, as well as the Bible and the classics. Though among the most bookish of romances, its tone is invariably ironic, comic, and satirical. This playfulness may be measured by the variety and vehemence of critical response to the poem. Is it a vindication of the troubadour ideal, a mockery of the Church, a satire on jealous husbands, or an undermining of the ideals that romance is said to inscribe? Or is it all of these elements held in suspense? The introduction confronts these questions. The most recent edition and translation of *Flamenca*, by Hubert and Porter, is now out of print; their translation was into octosyllabic couplets that match the original. Blodgett's translation is unrhymed and line-for-line, on pages facing the edition; it adheres as closely as possible to the literal meaning of the original. The edition follows the recent text prepared by Gschwind.

Winter Letters (Galician Wave Book 6)

Since the mid-1960s, Alvin and Heidi Toffler have predicted the far-reaching impact of emerging technological, economic, and social developments on our businesses, governments, families, and daily lives. In *REVOLUTIONARY WEALTH*, they once again demonstrate their unparalleled ability to

illuminate current trends and anticipate what they mean for the future. **REVOLUTIONARY WEALTH** focuses on how wealth will be created—and who will get it—in the twenty-first century. As the knowledge-based economy (a reality the Tofflers predicted forty years ago) continues to replace the industrial-based economy, they argue, money is no longer the sole determinate of wealth. The Tofflers explain that we are becoming a nation of “prosumers,” consuming what we ourselves produce, and argue that we have all taken on “third jobs”—work we unwittingly do without pay for some of the biggest corporations in the country. Using fascinating examples from our daily lives, they illustrate how our everyday activities—from parenting and volunteering to blogging, painting our houses, and improving our diets—contribute to a non-monetary economy that is largely hidden from economists. Writing with the same insight and clarity that made their earlier books bestsellers, the Tofflers present fresh, groundbreaking new ways of thinking about wealth.

Africa from the Sixteenth to the Eighteenth Century

Carlo Ginzburg considers how we assign historical context to events. More than twenty years after *Clues, Myths, and the Historical Method* was first published in English, this extraordinary collection remains a classic. The book brings together essays about Renaissance witchcraft, National Socialism, sixteenth-century Italian painting, Freud's wolf-man, and other topics. In the influential centerpiece of the volume Carlo Ginzburg places historical knowledge in a long tradition of cognitive practices and shows how a research strategy based on reading clues and traces embedded in the historical record reveals otherwise hidden information. Acknowledging his debt to art history, psychoanalysis, comparative religion, and anthropology, Ginzburg challenges us to retrieve cultural and social dimensions beyond disciplinary boundaries. In his new preface, Ginzburg reflects on how easily we miss the context in which we read, write, and live. Only hindsight allows some understanding. He examines his own path in research during the 1970s and its relationship to the times, especially the political scenes of Italy and Germany. Was he influenced by the environment, he asks himself, and if so, how? Ginzburg uses his own experience to examine the elusive and constantly evolving nature of history and historical research.

Clara Soutelo is a sixteen-year-old girl who spends her summers in the town of Vilarelle in Galicia. She descends from a well-to-do family that was on the winning side in Spain's Civil War and that occupies the manor house in Vilarelle. All the local families look up to them, and Clara has taken this attitude for granted. That is until the summer of 1995, when a skeleton is discovered in the manor house during restoration work. It has been walled up for many years, perhaps since the time of the Civil War, and the skull has a bullet hole. Clara also discovers a ring bearing the initial "R." What is the identity of the victim, and who wielded the murder weapon? The search for the discovery of the truth will lead Clara into her family's inglorious past through the witness of the town's inhabitants, and will also sow the seeds of romance between her and a young mechanic by the name of Miguel, descendant of the bookbinder Ishmael, with whom she shares the secret pleasure of reading. Other titles in the series Galician Wave include: "Heart of Jupiter" by Leticia Costas, "I Love You Leo A. Destination Somewhere" by Rosa Aneiros, "Dragal I: The Dragon's Inheritance" by Elena Gallego Abad, "The Painter with the Hat of Mallows" by Marcos Calveiro and "Dove and Cut Throat" by Fina Casallerrey.

Inspired by a true story, *My Mother's Secret* is a captivating and ultimately uplifting tale intertwining the lives of two Jewish families in hiding from the Nazis, a fleeing German soldier, and the mother and daughter who save them all. Franciszka and her daughter, Helena, are simple, ordinary people...until

1939, when the Nazis invade their homeland. Providing shelter to Jews in Nazi-occupied Poland is a death sentence, but Franciszka and Helena do exactly that. In their tiny home in Sokal, they hide a Jewish family in a loft above their pigsty, a Jewish doctor with his wife and son in a makeshift cellar under the kitchen, and a defecting German soldier in the attic—each party completely unknown to the others. For everyone to survive, Franciszka will have to outsmart her neighbors and the German commander. Told simply and succinctly from four different perspectives—all under one roof—My Mother's Secret is a testament to the kindness, courage, and generosity of ordinary people who chose to be extraordinary.
