The Baby Arrangement by Moyra Tarling released on Mar 25, 1999 is available now for purchase.

Bundles of Joy?

Bundles of Joy AND BABY MAKES FOUR...?

Bundle of Joy

To her friends and family, Joy Wildman-McInnis had it all: a handsome, ambitious husband, a fulfilling career, loving friends and family and a beautiful home in the suburbs of Ottawa. In public, Joy works tirelessly to maintain the façade of the happy suburbanite, but in private, she is miserable. Her friends have all moved on in their relationships, but Joy feels that her marriage to James has stagnated. To make matters worse, she knows that he is less than truthful about his habits. She yearns to start a family, but the convoluted circumstances of her life have all but killed that dream. With her biological clock ticking, she must now find the strength to put on another brave face as societal pressure builds around her. As her desires and her worries threaten to consume her, Joy finds herself caught on a roller coaster of emotions, fears and despair. To Joy, the worst thing about being lied to is knowing that she's not worth the truth. She knows that something must change--but wonders if she is strong enough to make the biggest decision of her life. Just how much is she willing to sacrifice to regain her dignity, her true happiness and her dreams of motherhood?

The Baby Arrangement

Bundles of Joy PARDON ME, BUT THERE'S A NAKED MAN IN MY BED...

Baby, You're Mine (Mills & Boon Vintage Cherish)

As a child, Janice Brown looked forward to a happy and rewarding life, never picturing that one day, after the births of two of her children, she would be taken down a road of heartbreak, trials, disappointments, and rewards greater than she ever imagined. In her candid, true account of the joys and trying times of being the mother of two special gifts from heaven, Brown recalls her journey through life. She married her childhood sweetheart, eagerly awaited the arrival of their first baby, experienced the joy of birth and then received a diagnosis that changed her life forever. As she details how she learned to care for not one, but two severely and profoundly brain-damaged children, Brown shares how she and her husband learned to lean on their faith and on each other as they faced an uncertain future filled with challenges. In their lives, a battle between encouragement and discouragement raged. Even so, Brown and her husband never wavered from following the Lord's plan as they loved, nurtured, and celebrated the successes, both great and small, of all their children. Bundles of Joy is the heartwarming account of one mother's trials and triumphs as she learned to care for her two special-needs children with love, hope, and, most importantly, God's grace.

An Unexpected Bonus (Mills & Boon Medical) (Bundles of Joy, Book 29)

What is a rainbow baby? By definition a "Rainbow baby" is a baby born after the loss of another baby or child. Often children will be referred to as a rainbow baby and have no idea what people are referring to them as. Often they will ask questions in which the answer normally will bring upon more questions. My hope is that my book will help with that explanation just a little bit. This book is also part of the Angel series so please check out the other books in the series.

captions has been published for over a one-year period of the cat's life. Most books and images of kittens or cats use numerous cats that are non-related in order to get the images for the Internet or to publish a book. Before you start to enjoy the great photos and funny captions, I insured that a group of people previewed the book to determine if it would be worth the effort to publish. All the laughs, the facial expressions, giggles, smiles, and comments made showed me that the great images and funny captions catch the attention of the reader. The second volume covers the second few months in my home for Fergie and Fiona. There are some extra images of other animals at the end of the book.

My Bundles of Joy

Bundles of Joy HER SISTER'S FAMILY Gentle hearted Faith Nelson had willingly agreed to care for her identical twin's newborn as her own. But now she was living a lie. Because when a frantic Jared McAndrew had arrived to claim his son, Faith had stuck by her promise. Now she was sleeping under Jared's roof, masquerading as his brand-new, temporary wife! And living the ultimate domestic fantasy. Not only did Jared's touch awaken Faith's long-slumbering desire, but he was also the most honourable, loving man she'd ever met. And if she could be granted one wish, Faith didn't want this dream life to end when the baby arrangement did . Sometimes small packages lead to big surprises!

Sparkles of Joy

A Walk in the Forest introduced the enormously talented Maria Dek, and When I Am Big is a beguiling follow up to her first success. Charming illustrations and text encourage young children to explore what they can do as they grow up. The adventurous child imagines "I will tie my shoes all by myself, make 3 knots with big bows"; to eat twenty pizzas in one sitting, or walk animals, eight at a time, while teaching them tricks. When I Am Big is also an unconventional counting book, as it goes all the way to twenty-five. The result is a book that nourishes a child's curiosity, confidence, and delight in the world's wonders.
