Rescue Road

How far would you go to save a dog's life? The extraordinary story of one man who has driven more than 1 million miles to rescue thousands of dogs from hunger, abuse and neglect and give them a second chance at life and love. For years, Greg Mahle struggled to keep the last of his family-run restaurants afloat in Ohio. When it finally closed, he was broke and unsure what to do next. Then a stranded van-load of puppies changed his life forever. Join journalist Peter Zheutlin as he travels with Greg from Ohio to the Gulf Coast on his Rescue Road Trips to bring hard-luck dogs from the deep South to loving "forever families" up north, with the help of many selfless volunteers along the way. From Houston's impoverished Fifth Ward--where thousands of strays roam the streets--and high-kill shelters in Louisiana, to joyous scenes of adopters embracing their new pups in the Northeast, Rescue Road is full of heart: an inspiring story about the unique bond between dogs and humans, and how going the extra mile can make a life-changing difference for these loyal canines--and for us all.

Rescued

"In the follow-up to his New York Times bestseller Rescue Road, acclaimed journalist Peter Zheutlin offers a heartwarming and often humorous new look into the world of rescue dogs. Sharing lessons from his own experiences adopting Labs with large personalities as well as stories and advice from dozens of families and rescue advocates, Zheutlin reveals the surprising and inspiring life lessons rescue dogs can teach us, such as: How to "walk a mile in a dog's paws" to get a brand-new perspective - Living with a dog is not one continuous Hallmark moment--but it's never dull! - Why having a dog helps you see your faults and quirks in a new light, even if you can't "shed" them completely - How to set the world right, one dog at a time. For anyone who loves, lives with, or has ever wanted a dog, this charming book shows how the dogs whose lives we save can change ours for the better too"--

The Dog Went Over the Mountain

The New York Times bestselling author of Rescue Road embarks on a cross-country journey to take the measure of America with a loyal friend. *A Lowell Thomas / Society of American Travel Writers Foundation Award Winner * On the cusp of turning 65, a man and his beloved rescue dog of similar vintage take a poignant, often bemusing, and keenly observed journey across America and discover a big-hearted, welcoming country filled with memorable characters, a new-found appreciation for the life they temporarily left behind, and a determination to live more fully in the moment as old age looms. Inspired by John Steinbeck's Travels with Charley, Zheutlin, hits the road for a 9,000-mile odyssey with Albie to experience all that America is and means today. Similar in approach and tone to Bill Bryson's best-selling travel classics, with with an endearing canine sidekick, The Dog Went Over the Mountain will delight dog lovers, baby boomers and anyone who seeks to experience life on the open road with a four-legged companion.

Rescue Matters

Rescue Matters is based on true events that happened in Rolette County, North Dakota from 2013 to 2018, a five year period of time where blood was spilled and sweat and tears formed rivers. One man rallied a small team who would transform a landscape known for death and despair into hope and salvation. By saving nearly seventy starving and unwanted animals each month, Keith Benning and his team have changed the world for thousands of dogs and tens of thousands more to come. Through a series of riveting and inspiring real-life rescue stories, Rescue Matters tells a larger tale of tragedy-meets-redemption. In a land forgotten, with an insurmountable problem, a spark of hope ignites a fire. One man's will to persevere against all odds proves that it doesn't take a government or law to change the world. It only takes a few people trying to make a difference to start a revolution.

Sasha (Family of Rescue Dogs Book 1)

SASHA is the story of a very remarkable dog: a Staffordshire Bull Terrier abandoned close to death at the age of 6 weeks old. Rescued from a street gutter, she had the good fortune to be adopted by author Brian L. Porter and his family. Despite suffering from a catalogue of injuries, including two broken legs and skin allergies, and eventually being diagnosed as a serious epileptic at just two years old, Sasha's story is one of triumph over adversity; of love, happiness and inspiration. Her love of life and capacity for enjoying every day to the fullest is nothing short of miraculous, and her story is told here by the person who shares every moment of her life on a daily basis, and how a disabled author and his dog have become dependent on each other. It is a story that has already touched many who have come into contact with her, from vets to nurses and a whole host of followers on her own Facebook page. Read her story and join them in sharing in the life of an amazing and very special dog!

The Man Who Talks to Dogs

Go to any unpopulated or abandoned area in any given urban setting, and you'll find them. Thousands and thousands of wild dogs—abandoned to disease, starvation, and inevitable death—are leading short and brutal lives in the no-man's-land between domestication and wildness, byproducts of the human destitution around them. A lucky few are saved by dedicated rescuers, and Randy Grim, has emerged as one of the country's leading dog saviors. After years of rescuing dogs on his own, he founded Stray Rescue of St. Louis, an organization dedicated to rescue and rehabilitation. These are dogs that belong to no one, the ones animal-control experts can't catch and humane shelters won't deal with. They are stray or feral, either abandoned or born wild on the streets, which means they won't come near humans and statistically won't live past their second year. And their numbers are growing every day. In *The Man Who Talks to Dogs*, journalist Melinda Roth narrates Grim's dramatic, inspiring efforts and tells the horrific and heartwarming stories of the dogs he saves, showing how this growing national health problem—controlled by no federal or local regulations—can no longer be ignored.

Cassie's Tale (Family of Rescue Dogs Book 3)

This is the story of Cassie: a rescue dog who was just over two years old when she joined Brian and Juliet's family of rescues, having already had three previous owners in her short life. The tiny little terrier soon wormed her way into the hearts of the family, and her antics and oversized attitude quickly earned her the nicknames 'The Mad Ferret' and 'The Wicked Witch of the West.' Cassie can best be described as a 'pocket dynamo' or, as the author puts it, "She is filled with boundless energy, and despite being fourteen years old now, she's like a Duracell bunny without an off switch." Cassie has bounced back from operations, managed to get lost and found in one afternoon, chased away Rottweilers and Dobermans that have had the nerve to try and steal her tennis ball, and found herself being injured by interfering in larger dogs' squabbles. People just can't help falling in love with this tiny bundle of joy. *Cassie's Tale* is the third book in Brian L. Porter's series of rescue dogs, following on from the award-winning bestsellers, *Sasha* and *Sheba: From Hell to Happiness*.

Men's Health

Men's Health magazine contains daily tips and articles on fitness, nutrition, relationships, sex, career and lifestyle.

Backpacker

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

The Other End of the Leash

Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret

our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Only Road

"Twelve-year-old Jaime makes the treacherous journey from his home in Guatemala to his older brother in New Mexico after his cousin is murdered by a drug cartel"--

The Guardian

Swept off your feet and into a nightmare . . . A powerful blend of love story, betrayal and obsession, *The Guardian* is written with electrifying intensity, playing with your emotions at every turn. Widowed at a young age, Julie understands the pain that comes with love and has avoided romance for a long time. As she eases herself back into the dating scene, her eye is caught by the darkly sophisticated Richard, as he begins a passionate pursuit of her affections. But she is still confused by her feelings for best friend Mike: funny, loyal, but definitely not sophisticated. A seemingly innocent choice sets off a deadly chain of events that leaves Julie fighting for her life, as jealousy simmers into murderous desire.

Kings of the Wyld

'A fantastic read, a rollicking, page-turning, edge-of-your-seat road-trip of a book' - John Gwynne, author of *Shadow of the Gods* Clay Cooper and his band were once the best of the best - the meanest, dirtiest, most feared and admired crew of mercenaries this side of the Heartwyld. But their glory days are long past; the mercs have grown apart and grown old, fat, drunk - or a combination of the three. Then a former bandmate turns up at Clay's door with a plea for help: his daughter Rose is trapped in a city besieged by an enemy horde one hundred thousand strong and hungry for blood. Rescuing Rose is the kind of impossible mission that only the very brave or the very stupid would sign up for. It's time to get the band back together for one last tour across the Wyld. 'Every avid fantasy reader, pay attention and let me do you a favour. Make sure you read this book no matter what. As of now, I'm calling *Kings of the Wyld* one of the best fantasy debuts of all time' Novel Notions 'Every single word is bloody brilliant . . . 11 out of 10' Fantasy Hive **LOOK OUT FOR BLOODY ROSE, THE SECOND BOOK IN THE BAND SERIES**

Galignani's Messenger

A heartstopping, poignant, epic adventure story about a boy destined to live forever, who only wants to grow up. Without death, life is just existence. Have you ever wondered what it would be like to live forever? Well, Alfie Monk can tell you. He may seem like an ordinary eleven-year-old boy, but he's actually more than a thousand years old--and remembers the last Viking invasion of England, not to mention the French Revolution and both World Wars. Way back in the tenth century, he and his mother were given the alchemical secret to eternal life. But when everything Alfie knows is destroyed in a fire, and the modern world intrudes, he must embark on a mission--along with friends Aidan and Roxy--to find a way to reverse the process and grow up like a regular boy. This astonishing new novel from the author of *Time Traveling with a Hamster*, told in alternating perspectives by Alfie and Aidan, is a tour de force--a sweeping epic that takes you on an unforgettable, breathtaking adventure and asks big questions about the meaning of life.

Portland Transcript

Original publication and copyright date: 2003.

The 1000 Year Old Boy

Madman, tyrant, animal—history has given Adolf Hitler many names. In *Mein Kampf* (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich "Beer-hall putsch" was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. He vented his sentiments against communism and the Jewish people in this document, which was to become *Mein Kampf*, the controversial book that is seen as the blue-print for Hitler's political and military campaign. In *Mein Kampf*, Hitler describes his strategy for rebuilding Germany and conquering Europe. It is a glimpse into the mind of a man who destabilized world peace and pursued the genocide now known as the Holocaust.

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

Ask a Manager

"The dogs that deserved a chance, the guy who needed a second, and the girl determined to save him." My name is Emma Sawyer. I met Charlie and Wyatt on the same sultry, summer day. It was unexpected, leaving a feeling in the pit of my stomach like the time I drove too fast over Beckett Hill. The moment happened out of nowhere, all fast and quick and a little strange. Or maybe that was just Wyatt's personality. It was Charlie that brought us together. Little Charlie with those ridiculous ears. I

found the dog, waiting in a pool of his own blood. Waiting for someone. Waiting for me. Now Wyatt, he wasn't waiting for anyone. At least that's what he said, except I saw something different in the broken guy all alone out in the woods. I knew he needed me before he knew it himself. Wyatt with his hidden dimples. Wyatt with his warnings to stay away. He was a hard lump of coal, ready to burn everything around him. The more he burned, the more it pulled me into the pain I saw etched on his troubled face. I wanted to help Wyatt. I wanted to save him like he had saved all the Charlies in the world. He told me not to fall for him, but I did anyway. I fell hard and fast and deeply in love with Wyatt Caulfield. But that was before I knew his secret. Author Note: Waiting for Wyatt is the love story of Wyatt Caulfield and Emma Sawyer, which also features rescue animals. It's a 112,000 word standalone, Contemporary Romance / New Adult Novel.

Harper's Weekly

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Waiting for Wyatt

"In a tiny village in Italy, the self-appointed mayor (and vacuum cleaner repairman) Signor Speranza will do anything he can to save his beloved town. When he learns that the water is going to be cut off in sixty days unless he can come up with some quick cash, he tries to boost tourism by spreading a harmless rumor that major movie star Dante Rinaldi is planning to film a movie in the village. The plan works a little too well, and soon everyone wants to be a part of the fictional movie. Village butcher Signor Maestro will even invest in the film - if Signor Speranza can find roles for each of his fifteen enormous sons. Speranza soon realizes that the only way to keep the momentum going is to actually make the movie, assuring the villagers that Dante is on his way. Luckily, his hapless assistant Smilzo happens to have written a screenplay - not so secretly based on his undying love for the film's leading lady. As the entire town becomes involved in the movie - even the village priest invests! - Signor Speranza starts to think he might be able to pull this off...until word reaches Dante Rinaldi's ears"--

The Illustrated London News

Volume Three of the Border Trilogy In Cormac McCarthy's Cities of the Plain, two men marked by the boyhood adventures of All the Pretty Horses and The Crossing now stand together, between their vivid

pasts and uncertain futures, to confront a country changing beyond recognition. In the fall of 1952, John Grady Cole and Billy Parham are cowboys on a New Mexico ranch encroached upon from the north by the military. On the southern horizon are the mountains of Mexico, where one of the men is drawn again and again, in this story of friendships and passion, to a love as dangerous as it is inevitable.

The Spanish Love Deception

First contact with extraordinary aliens, glittering technologies that could destroy the universe in a nanosecond, huge sweeping space operas: Alastair Reynolds is back! Some centuries from now, the exploration and exploitation of the Solar System is in full swing. On the cold edge of the system, Bella Lind, captain of the huge commercial spacecraft Rockhopper IV, helps fuel this new gold rush by attaching mass-driver motors to organic-rich water-ice comets to move them back to the inner worlds. Her crew are tough, blue-collar miners, engineers and demolition experts. Around Saturn, something inexplicable happens: one of the moons leaves its orbit and accelerates out of the Solar System. The icy mantle peels away to reveal that it was never a moon in the first place, just a parked spacecraft, millions of years old, that has now decided to move on. Rockhopper IV, trapped in the pull, is hurled across time and space into the deep, distant future, arriving in a vast, alien-constructed chamber. And the crew are not alone, for each chamber contains an alien culture dragged into this cosmic menagerie at the end of time. The crew of the Rockhopper IV know a lot about blowing up comets, but not much about first contact with ultra-advanced aliens. They have two things to worry about: can they (and their new alien allies) negotiate their way through each harrying contact? And can they assimilate the avalanche of knowledge about their own future - including all the glittering, dangerous technologies that are now theirs for the taking - without destroying themselves in the process?

Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

The Patron Saint of Second Chances

'This book may help those who are susceptible to illnesses that can be prevented with proper nutrition' – His Holiness the Dalai Lama The international bestseller, Dr Michael Greger's *How Not To Die* gives effective, scientifically-proven nutritional advice to prevent our biggest killers – including heart disease, breast cancer, prostate cancer, high blood pressure and diabetes – and reveals the astounding health benefits that simple dietary choices can provide. Why rely on drugs and surgery to cure you of life-threatening disease when the right decisions can prevent you from falling ill to begin with? Based on the latest scientific research, *How Not To Die* examines each of the most common diseases to reveal what, how and why different foods affect us, and how increasing our consumption of certain foods and avoiding others can dramatically reduce our risk of falling sick and even reverse the effects of disease. It also shares Dr Greger's 'Daily Dozen' – the twelve foods we should all eat every day to stay in the best of health. With emphasis on individual family health history and acknowledging that everyone needs something different, Dr Michael Greger offers practical dietary advice to help you live longer, healthier lives. 'Dr Michael Greger reveals the foods that will help you live longer.' – Daily Mail

Youth's Companion

From kitten rescuer and New York Times bestselling author Hannah Shaw, also known as Kitten Lady on YouTube and Instagram, comes an inspiring picture book that takes readers on the adorable journey of foster kittens from their first days after birth all the way to adoption! Did you know that kittens are born

with their eyes closed, and they are so small that they can fit in the palm of your hand? Or that being groomed with a toothbrush reminds orphan kittens of their mothers' tongues, and helps them feel comfy and safe? Learn these facts and more in Kitten Lady's first picture book! Hannah uses her engaging, fun voice to show how she helps orphan kittens grow up, get adopted, and become healthy, happy cats. Featuring irresistible photographs and playful doodles, Kitten Lady's Big Book of Little Kittens shows what you can do to help the tiniest felines in our big, big world.

A Hundred Million Francs

This is a print on demand edition of a hard to find publication. Examines terrorists' involvement in a variety of crimes ranging from motor vehicle violations, immigration fraud, and mfg. illegal firearms to counterfeiting, armed bank robbery, and smuggling weapons of mass destruction. There are 3 parts: (1) Compares the criminality of internat. jihad groups with domestic right-wing groups. (2) Six case studies of crimes includes trial transcripts, official reports, previous scholarship, and interviews with law enforce. officials and former terrorists are used to explore skills that made crimes possible; or events and lack of skill that the prevented crimes. Includes brief bio. of the terrorists along with descriptions of their org., strategies, and plots. (3) Analysis of the themes in closing arguments of the transcripts in Part 2. Illus.

Indianapolis Monthly

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

How Not to Die

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

War and Peace

Sit, Stay, Heal

"Written with grace and emotional honesty, *Sit, Stay, Heal* will live with you long after the last page."—John Grogan, bestselling author of *Marley & Me* For more than two decades, esteemed veterinary oncologist Dr. Renee Alsarraf treated cancer in her beloved canine patients. Then, at age fifty-one, she was diagnosed with cancer herself. *Sit, Stay, Heal: What Dogs Can Teach Us About Living Well* is Dr. Renee's unforgettable testament to the extraordinary healing nature of dogs. Every day in her veterinary practice, she bears witness to the undeniable bond between pets and their people. However, while we are busy teaching them to "sit" and "stay," they have their own, more profound, lessons to

impart. In *Sit, Stay, Heal*, we meet Cosmo, the golden retriever who arrives at Renee's office just before his fourteenth family vacation to the beach; Daisy, the cocker spaniel, an emotional support dog for a special needs child; and Franny, the bloodhound, a police dog who wasn't ready to retire from the force. Then there's Dr. Renee's own dog Newtie, who falls ill when she needs him most. Our dogs are wise in ways humans are not. For Dr. Renee, it was her patients—those furry, four-legged, slobbering animals—who seemed to uniquely understand her difficult journey and who showed her the true power of positivity and unconditional love. Full of life lessons and healing metaphors, perfect dogs and their imperfect humans, *Sit, Stay, Heal* is a captivating, heartwarming story for dog lovers far and wide.

Sit. Stay. Heal

Rowdy, reckless Seamus is the last dog you'd find in a training field. Instead of obediently retrieving, he stubbornly follows his heart, wherever it may lead. Mel Miskimen's heart is heavy. Her mom, the family rock, the provider of apple pies and stubborn fan of Brett Favre, just died. Even more, her curmudgeon of a father isn't really coping. How can Mel reconnect with an old man more interested in field dog training than discussing his feelings? Enter Seamus. The hapless black lab throws their grief into joyful disarray. Mel encourages her dad to mold Seamus into a champion retriever.. But as the seasons change, and memories follow, Mel realizes she must face her own fears, and that the road to Seamus's field trials might just heal them all. At turns hilarious and heart breaking, *Sit Stay Heal* will touch the souls of dog lovers everything, and speak to anyone seeking a way to connect with those they've lost.

Sit Stay Heal

Good Dogs, Bad Habits

In a world no longer simple with clear enemies and ready strategies to protect oneself, the aging warriors from the Vietnam era are forced to once again fight for their lives. This time, it's not against a peasant force in the steamy jungles of Vietnam defending their homeland. This time they find themselves under attack in the forests of their own homeland by a fanatical force of Jihadists dedicated to the destruction of America itself. In addition o being vastly outnumbered and aging, the Americans have a unique disadvantage: they are all amputees. The only advantage that the Americans have is now it's their homeland that they are defending. To the end, it's not clear whether or not that and the few friendlies that are able to be recruited to the cause will be enough to prevail over their adversaries. The Vietnam Vets Amputee Group is both inspirational and an ode to those brave soldiers that fought

not so long ago. They finally might be accorded the respect that they deserve, perhaps posthumously, from a changed and grateful nation.

Letters from Camp Wilderness

Echoing the novels of Mary Alice Monroe, Allie Larkin, and Holly Robinson, this charming debut novel tells the unforgettable story of a rescue dog that helps a struggling young outsider make peace with the past. Addie Andrews is living a life interrupted. Tragedy sent her fleeing from Chicago to the shelter of an unexpected inheritance—her beloved aunt's somewhat dilapidated home in Eunice, Arkansas, population very tiny. There she reconnects with some of her most cherished childhood memories. If only they didn't make her feel so much! People say nothing happens in small towns, but Addie quickly learns better. She's got an elderly next door neighbor who perplexingly dances outside in his underwear, a house needing more work than she has money, a best friend whose son uncannily predicts the weather, and a local drug dealer holding a massive grudge against her. Most surprising of all, she's got a dog. But not any dog, but a bedraggled puppy she discovered abandoned, lost, and in desperate need of love. Kind of like Addie herself. She'd come to Eunice hoping to hide from the world, but soon she discovers that perhaps she's finding the way back—to living, laughing, and loving once more.

Sit! Stay! Speak!

When the complexities of modern living demanded that, for his own protection as well as his master's convenience, the dog be made controllable, the average owner sought advice from the most available source, which was, too often, some local dog-show exhibitor. Not realizing that, excepting a few praiseworthy individuals, these exhibitors were only superficially concerned with the qualities of use and companionship, an unfortunate dog owner would accept the sight of trophies or ribbons as the credits of an expert. Growing numbers of people and dogs continued to emphasize the advantages of proper dog-behavior and when, in 1935, The American Kennel Club instituted its obedience trials, the competition necessary to focus attention on results and improvement of methods was provided. And something else was observed. It was evident that thorough obedience training does more than assure a dog's response to his master's command; capacities for learning and emotional stability could be increased and integrated as permanent qualities of character. Recently, leading magazines of both general and specialized nature have made the public aware of the trained dog's potential, and of the recreational possibilities of dog training as a hobby. Interest in dog-training classes and other activities where dogs are dignified by usefulness, rather than merely looked at, is evidence that the dog-training public has outgrown the "make a game" and "tid-bit tossing" techniques that, by not being founded on positive and proper motivations, demonstrate the inadequacy of the master, thus promoting failure of response at those times when control is most needed, as well as contributing to the dog's feeling of insecurity. Dog owners of perspective have come to want the type of obedience upon which a blind person might stake his life, and the emotional stability that is vital to dogs in the presence of small, unpredictable children. This classic includes the following chapters: Introduction Lesson I. Fables and Foibles Lesson II. Correct Equipment Lesson III. The Foundation Lesson IV. Heeling Lesson V. Sitting Lesson VI. The Automatic Sit Lesson VII. The Sit-Stay Lesson VIII. The Down Lesson IX. Down-Stay Lesson X. Stand-For-Examination Lesson XI. Recall Lesson XII. Finish Lesson XIII. Polishing Lesson XIV. The Throw-Chain Lesson XV. The Light Line Lesson XVI. Don't Lose It—Use It Problems

The Koehler Method of Dog Training

Discusses the Buddhist concept of shenpa in order to describe how to become free from the destructive energy experienced during moments of conflict.

Taking the Leap

A moving and scientific look at the curative powers--both physical and mental--of rescuing a shelter animal, by the president of Humane Society Silicon Valley. MUTUAL RESCUE profiles the transformational impact that shelter pets have on humans, exploring the emotional, physical, and spiritual gifts that rescued animals provide. It explores through anecdote, observation, and scientific research, the complexity and depth of the role that pets play in our lives. Every story in the book brings an unrecognized benefit of adopting homeless animals to the forefront of the rescue conversation. In a nation plagued by illnesses--16 million adults suffer from depression, 29 million have diabetes, 8 million in any given year have PTSD, and nearly 40% are obese--rescue pets can help: 60% of doctors said they prescribe pet adoption and a staggering 97% believe that pet ownership provides health benefits.

For people in chronic emotional, physical, or spiritual pain, adopting an animal can transform, and even save, their lives. Each story in the book takes a deep dive into one potent aspect of animal adoption, told through the lens of people's personal experiences with their rescued pets and the science that backs up the results. This book will resonate with readers hungering for stories of healing and redemption.

Mutual Rescue

A revolutionary way to raise and train your dog, with “a wealth of practical tips, tricks, and fun games that will enrich the lives of many dogs and their human companions” (Dr. Ian Dunbar, veterinarian and animal behaviorist). Zak George is a new type of dog trainer. A dynamic YouTube star and Animal Planet personality with a fresh approach, Zak helps you tailor dog training to your pet's unique traits and energy level—leading to quicker results and a much happier pup. For the first time, Zak has distilled the information from his hundreds of videos and experience with thousands of dogs into this comprehensive dog and puppy training guide that includes: • Choosing the right pup for you • Housetraining and basic training • Handling biting, leash pulling, jumping up, barking, aggression, chewing, and other behavioral issues • Health care essentials like finding a vet and selecting the right food • Cool tricks, traveling tips, and activities to enjoy with your dog • Topics with corresponding videos on Zak's YouTube channel so you can see his advice in action Packed with everything you need to know to raise and care for your dog, this book will help you communicate and bond with one another in a way that makes training easier, more rewarding, and—most of all—fun!

Zak George's Dog Training Revolution

Take one abrasive professional athlete, a quirky out-of-work schoolteacher, and an overweight geriatric dog, and you're ready for a lesson in love...Tippy style. Pro baseball pitcher Cal Crawford is not a dog guy. When he inherits his deceased mother's elderly dog, Tippy, he's quick to call on a pet-sitting service. Gina isn't thrilled to be a dog sitter when her aspirations lie in the classroom. Furthermore, she can't abide the unfriendly Cal, a man with all the charm of a wet towel. But with no other prospects and a deep love for all things canine, she takes the job caring for Tippy. As Gina travels through Cal's world with Tippy in tow, she begins to see Cal in a different light. Gina longs to show Cal the God-given blessings in his life that have nothing to do with baseball or fame. When her longing blooms into attraction, Gina does her best to suppress it. But Cal is falling in love with her too... Discover the charming story of Tippy, the dog who brought a family together.

Sit, Stay, Love

Excite your students with The Science of Superheroes e-Book! This action-packed nonfiction reader explores superhero stories, including scientists that have gone bad, supervillains, mighty mutants, and real-life superhero qualities and capabilities found in nature! This e-Book engages middle school students with purposefully leveled content to increase comprehension for different types of learners. The Science of Superheroes e-Book features complex and rigorous content appropriate for the 6th grade classroom. Aligned with Common Core State Standards, this text connects with McREL, WIDA/TESOL standards and prepares students for college and career readiness.

The Science of Superpowers

About the silly things people do to their dogs to make them behave the way they do. As told by a professional dog trainer.

Tails From The Barkside

Animal Assisted Therapy in Counseling is the most comprehensive book available dedicated to training mental health practitioners in Animal Assisted Therapy (AAT). It explains the history and practice of AAT in counseling, discusses the latest empirical research, and provides an in-depth explanation of the psychodynamics of AAT within various theoretical frameworks. Readers will learn the proper way to select, train, and evaluate an animal for therapy. The use of a number of different therapy animals is considered, including dogs, cats, horses, birds, farm animals, rabbits and other small animals, and dolphins. Guidelines for implementing AAT in settings such as private practices, community agencies, schools, hospices, and prisons are covered, as well as ethical and legal considerations, risk management, diversity issues, and crisis and disaster response applications. Numerous case examples illustrate the use of AAT principles with clients, and forms, client handouts, and other resources provide

valuable tools. This unique resource is an indispensable guide for any counselor looking to develop and implement AAT techniques in his or her practice.

Animal Assisted Therapy in Counseling

"A book of beauty, creativity, wisdom, and great good will. Her chapter on forgiveness alone is worth the price of the book." —Hugo Prather, bestselling author of *Notes to Myself* Mary Anne Radmacher is among the most-quoted women writers of our day. Her wisdom is found on greeting cards, journals, calendars, Instagram and Pinterest, in broadcast news, sermons, ceremonies and commencement speeches. This noted author, artist and teacher lost a dear one. As memorial to her friend her book became the manifesto for an intentional life for thousands of people. In *Live with Intention*, Radmacher shares the story of how she learned to live more robustly by watching how her courageous friend chose to die. People who keep Radmacher's writings at the ready, say this writing is both inspiring and comforting. Extraordinary lessons are drawn from ordinary experiences. Rich in story, metaphor and poetry, *Live with Intention* explores with you what it means to live each day with purposeful intent: Understand what matters most for you Deepen what already makes your life rich Determine your unique way to make a difference "Live with Intention is a pure gift . . . Pick up this gem and bask in insight after insight." —David Kundtz, author of *The Art of Stopping* "Live with Intention gives us the tools to believe we can go after dreams and actually capture them." —Pat Ballard, author of *10 Steps to Loving Your Body (No Matter What Size You Are)* "Beautiful, artistic, inspiring, and written from her heart." —Dr. Patrick Williams, coauthor of *Becoming a Professional Life Coach*

Live with Intention

Check It Out! includes suggested resources for further reading. Aligned with state standards, this title features complex content appropriate for students preparing for college and career readiness.

The Science of Superpowers

"The Story of Lilly & Lou" invites children (9-15 years old) to take an exciting journey with Alicia, the main character, on what begins as a routine walk with her dog Bella in New York City. Little does she know that what she discovers in the park will forever change her life, the life of two dogs and many others. "The Story of Lilly & Lou" is gripping and touching and teaches us all the power of compassion, courage and purpose. About the Author: Doriane Lucia, M.Ed. is the founder of Humane Nation Foundation focusing on Humane Education. She received her Master's degree in Humane Education from Cambridge College and The Institute for Humane Education and is a member of APHE (Association for Professional Humane Educators).

Official Gazette of the United States Patent and Trademark Office

In this uplifting novel, a woman recovering from trauma finds compassion and connection with a rescue dog as they help each other overcome fear. Lila Elliot knows she's lucky to be alive. A shooting rampage at her office left several colleagues dead and others seriously wounded. Though Lila's injuries will heal in time, she's having trouble moving past her fear and anger. Being drafted into caring for Grace—a shaggy, formerly abused golden retriever—only adds to her stress. Lila has been terrified of dogs since childhood. But Grace, like Lila, needs time and space to recover. Grace keeps her distance, sensing Lila's wariness, and only perks up for Adam, the neighbor who rescued her. But as an accomplished artist, Lila begins to see the beauty in Grace's wisps of fur and haunted eyes. Each of them has suffered through no fault of her own. And in helping Grace to trust, Lila begins to develop the courage she needs to do the same. Includes reading group guide

The Story of Lilly & Lou

Mr. Sims needed someone to give him a second chance. This young Shih Tzu was headed for the pound and possible euthanizing when our paths crossed. I had just started my personal dog training

business when we met. He was brought to me for obedience instruction, but after just a few lessons, he was abandoned on my doorstep. My book, *Rescuing an Angel: Heel, Mr. Sims, Heal*, is the story of our twelve-year relationship in which the roles of teacher and student constantly shifted. It shows the strong partnership we built with relationship-based dog training methods, competitive obedience, therapy dog work, and my education into canine physical issues, both obvious ones and very elusive ones. This story is a blend of dog training instruction, human–dog camaraderie, mystery, and humor and ends with the ultimate act of selfless love. Each chapter has information that is helpful to a dog owner, and it continues the thread of Mr. Sims's story. "Everyone has a story to tell about their pet, but Peg Lovelock's *Rescuing an Angel: Heel, Mr. Sims, Heal* is extraordinary. Peg brought me into the world of a handsome Shih Tzu, Mr. Sims. Mr. Sims brought me into the world of a compassionate dog trainer, Peg Lovelock. This is a beautiful story about the relationship between Peg and Mr. Sims, who she rescued and gave unconditional love and respect. As Peg trained Mr. Sims to become an outstanding competitor, and he won all kinds of titles and awards, Mr. Sims gave his love right back to Peg in appreciation for how much he was loved and how well he was cared for. I loved the way Peg started each chapter with a message and the way that she caught my attention with the phrase, peeling the onion. I loved the uncanny wit of this author. *Rescuing an Angel: Heel, Mr. Sims, Heal* will warm your heart as you feel the mutual bond between Peg and her dog, Mr. Sims, and the love and respect they had for each other. I loved reading Peg's book, *Rescuing an Angel: Heel, Mr. Sims, Heal*." Linda Caputo

An Unexpected Grace

Rescuing an Angel

Loving Again: Precious Chelsea and the Queen of Sheba is a heartwarming story of a woman who received the gift of a German Shepherd puppy. Never before experiencing the love that these four-legged "children" unconditionally give, Chelsea wins over her heart. This dog is now part of the family and creates memories that will make you laugh and cry as Chelsea succumbs to old age. The pain of losing Chelsea is almost unbearable, and as the years pass she thinks this bond of love will never happen again. Then along comes Sheba, and Karen finds herself loving again. This book includes stories that not only amuse, but also give the realities and responsibilities of owning a pet and training them, so when they are older you will still want them to be part of the family. This book is a must read for all ages!

Planet Dog

Mack at Rainbow Bridge is about the life of a rescued dog, her journey through her life with her new human family, and through the end of it. She was a real dog who taught many people many things, just by being herself. A wonderful companion to the world. This book was written so the world would know her. Know that there are many, many rescue animals that can seize your heart, teach you a lesson about life, and show you what true love is.

Loving Again

On a pleasure trip to Barbados, David and Robyne befriend a stray beach dog and Robyne decides he must come and live with her in America. Thus opens the story of the adventures of this "local" dog as he waits for the day when he can fly to Chicago and live with Robyne and David. Learn how he got his name—Bajan. Meet Baskerville Bajan's worst enemy. Among Bajan's local "friends" are Deedra Dread and Jeb the Kennel Master. Fly with Bajan and his companion Richard the Roach. You will enjoy meeting Tyler—and Jezebel, Bajan's brother and sister. And live with the ache and pains of illness, the joys of a three dog family and the incredible magnetism of "just a beach dog" from Barbados. Enjoy the recognition Bajan receives from friends and organizations. Most of all feel the warmth and love and gratefulness of a lovely dog toward his parents and friends. He never forgets that he is a lucky dog!

Mack at Rainbow Bridge

Cheeba the Dog was part of our family for eighteen years. During those eighteen years, Cheeba did some very unusual and shocking things. I felt I needed to share the stories with others. This book is written for everyone to enjoy—children, adults, pet lovers, or those who are looking for a little additional

joy and laughter. Cheeba the Dog will bring that to you. Cheeba the Dog will keep you wanting to read and craving to find out what mischief he gets into next.

Bajan's Tale

Why Does My Cat Look at Me Like That? Ponderings of a Small Town Veterinarian By: Dr. John H. Hunt
Why Does My Cat Look at Me Like That? is a collection of short essays covering a broad range of topics related to pets and veterinary medicine. Topics include behavior, medical, and social and historic issue originating from the author's experiences owning and operating a small animal veterinary hospital on the coast of Maine. Each essay is short, informative, and humorous, leaving the reader with the flavor of a small-town experience.

Cheeba the Dog

A father offers his advice, opinions, and the many useful stories gleaned from his past experiences in order to help his beloved daughter not only survive, but thrive in the dangerous and unpredictable world of young adulthood. From the pen of a former abused child, drug addict, womanizing frat boy, and suicidal depressive, comes forth the emotionally stirring account of a young man's battle with crippling inner demons and his eventual road to enlightenment. Peter Greyson calls upon his wisdom as both father and school teacher to gently lead teenage girls through a maze of truth, deception, and adolescent uncertainty. Greyson's literary style sparkles with a youthful enthusiasm that will capture your heart and provide boundless inspiration. Dear Lilly is a survival guide that offers the brutally honest male perspective to young women struggling for answers to life's deepest questions. Topics include: Boys lie What every guy wants from his girlfriend Tales from the drug world Everybody hurts High school exposed

Why Does My Cat Look at Me Like That?

When Julian Thomas arrived home that night, as usual, his wife Chris, was depressed and in a drunken fog. To avoid her rage and rejection, he stayed away, reclining on the couch watching the Johnny Carson Show. He was contemplating the life between him and his wife...if only for my own sanity, I have to tell her, if not tonight, tomorrow morning for sure. Minutes later, he heard her say something from the bedroom. It sounded like... maybe...goodbye. Then came the sound of a single gunshot, it broke the silence like a clap of thunder. OVER THE EDGE is the suspenseful account of the true story of a Susan Haywardlookalike living during the tumult of California in the 1960s-1970s- a beautiful, intelligent, but troubled woman who shot herself - and her husband who tried in vain to help her.

Dear Lilly

A Grammar of Tshangla is the first major linguistic description of Tshangla, a Tibeto-Burman language spoken in Bhutan, northeast India, and southwest China. Written from a functional-typological perspective, it contains a wealth of illustrative examples both from elicited data and from spontaneously generated texts. It is a truly comprehensive description, including sections on phonology, lexicon, morphophonemics, morphosyntactic structure, clause-concatenating constructions, as well as discourse-pragmatic features. The volume will be of interest to language students, and to linguists and ethnographic scholars seeking to understand the Bhutanese and South Asian linguistic situation. The large amount of raw language data presented here make this Grammar of Tshangla an indispensable tool for students of Tibeto-Burman comparative linguistics and morphosyntactic theory in general.

OVER THE EDGE

For more than a quarter century, How to Be Your Dog's Best Friend has been the standard against which all other dog-training books have been measured. This expanded edition preserves the best features of the original classic while bringing the book fully up-to-date. The result: the ultimate training manual for a new generation of dog owners--and, of course, for their canine best friends. The Monks of New Skete have achieved international renown as breeders of German shepherds and as outstanding trainers of dogs of all breeds. Their unique approach to canine training, developed and refined over four decades, is based on the philosophy that "understanding is the key to communication, compassion, and communion" with your dog. How to Be Your Dog's Best Friend covers virtually every aspect of living with and caring for your dog, including: Selecting a dog (what breed? male? female? puppy or older dog?) to fit your lifestyle Where to get--and where not to get--a dog Reading a pedigree Training your dog or

puppy--when, where, and how The proper use of praise and discipline Feeding, grooming, and ensuring your dog's physical fitness Recognizing and correcting canine behavioral problems The particular challenges of raising a dog where you live - in the city, country, or suburb The proper techniques for complete care of your pet at every stage of his or her life In its scope, its clarity, and its authority, How to Be Your Dog's Best Friend remains unrivaled as a basic training guide for dog owners. Like no other book, this guide can help you understand and appreciate your dog's nature as well as his or her distinct personality--and in so doing, it can significantly enrich the life you share with your dog.

A Grammar of Tshangla

Bronze Medal Winner of a 2009 National Health Information Award Stop your pelvic pain . . . naturally! If you suffer from an agonizing and emotionally stressful pelvic floor disorder, including pelvic pain, irritable bowel syndrome, endometriosis, prostatitis, incontinence, or discomfort during sex, urination, or bowel movements, it's time to alleviate your symptoms and start healing--without drugs or surgery. Natural cures, in the form of exercise, nutrition, massage, and self-care therapy, focus on the underlying cause of your pain, heal your condition, and stop your pain forever. The life-changing plan in this book gets to the root of your disorder with: A stretching, muscle-strengthening, and massage program you can do at home Guidelines on foods that will ease your discomfort Suggestions for stress- and pain-reducing home spa treatments Exercises for building core strength and enhancing sexual pleasure

How to Be Your Dog's Best Friend

Dogs have always been our friends and changed our lives for the better. But they may save our lives as well. Seamlessly weaving scientific research with compelling narrative, Paws & Effect tells incredibly moving stories of beloved pets who have supported their people through periods of ill health and other crises—with miraculous results: *Little Ben, a Chihuahua who can sense impending epileptic seizures *Abdul, a Golden Retriever/Lab mix, who was the world's first service dog and helped his owner by retrieving keys and phones, medicine from countertops, water from the refrigerator, and could even hand in credit cards at the grocery store *A Dalmation named Trudii, whose obsessive behavior prompted her owner to seek a medical examination that revealed melanoma

Heal Pelvic Pain: The Proven Stretching, Strengthening, and Nutrition Program for Relieving Pain, Incontinence, I.B.S, and Other Symptoms Without Surgery

"Teach Us to Sit Still is the visceral, thought-provoking, and inexplicably entertaining story of how Tim Parks found himself in serious pain, how doctors failed to help, and the quest he took to find his own way out. Overwhelmed by a crippling condition which nobody could explain or relieve, Parks follows a fruitless journey through the conventional medical system only to find relief in the most unexpected place: a breathing exercise that eventually leads him to take up meditation. This was the very last place Parks anticipated finding answers; he was about as far from New Age as you can get. As everything that he once held true is called into question, Parks confronts the relationship between his mind and body, the hectic modern world that seems to demand all our focus, and his chosen life as an intellectual and writer. He is drawn to consider the effects of illness on the work of other writers, the role of religion in shaping our sense of self, and the influence of sports and art on our attitudes toward health and well-being. Most of us will fall ill at some point; few will describe that journey with the same verve, insight, and radiant intelligence as Tim Parks"--Provided by publisher.

Paws & Effect

Dealing with the loss of a loved one can indeed put a toll on a persons life and can naturally affect ones view of the world. Nonetheless, this is not a permanent state of being, for hope is possible and if nurtured well can bring great fruits. This is the gist of author N Lee Sharps new book titled Learning to Heal. A riveting work about one womans journey to recovery, this one-of-a-kind selection takes readers to a path of knowledge, wisdom, strength and endurance. Sharps story is an enlightening tool which can teach millions about what it truly means to be a woman. Empowering, this book provides an up-close and personal glimpse into the symbolic experience of loss, wherein the experience of endings becomes a necessary rite of passage for the emergence of new beginnings. Though dramatic and filled with poignant episodes, this book not only provides enlightenment, but also a sense of humor, reminding readers that although emotions can get in the way of ones outlook, human beings are also capable of making a choice, to, whether or not, destroy or uplift their own realities. Overall, Sharps witty,

profound and amusing style of writing is indeed a testimony to the amount of power that is inevitably gained from transforming tragedy into triumph.

Teach Us to Sit Still

This book is a comprehensive resource to guide work with individuals on the autism spectrum. It reflects the true range of needs presented by individuals with autism, pulling together the most salient aspects of treatment with invaluable information from several disciplines synthesized to guide your work. Divided into topical sections with chapters from three field experts in each, this book features contributions from therapists, educators, and medical doctors, as well as financial planners, health advocates, and innovators. The diverse disciplines and backgrounds of each author lend a different voice and perspective to each chapter, reflecting the continuum of care necessary when working with clientele on the autism spectrum, and that, for clients on the spectrum, one solution does not fit all. For use by psychotherapists, counselors, applied behavioral analysts, occupational therapists, social workers, teachers, and more, this text presents readers with expertise from various contributing disciplines to give them a treatment resource that can inform and guide their daily work with clients on the autism spectrum.

Learning to Heal

This is my story, no fabrications, no bullshit, just a small glimpse into the life of a young woman. There is a lot to be said about going through the volatile years of ages 18-26. How do we get through them? How do we approach our decisions? How can we tell the difference between a man with good intentions and a man with a mission to get laid? You honestly can't. There are so many things that young women must learn on their own. No matter how much a father or mother try to protect their children from the world, somehow the world happens anyway. I Dated This Guy Once... is intended to not only entertain you, but also to somehow educate you through my experiences. We are all made up of our past experiences, both good and bad. It is these experiences that form the fabric of the future. With that said, maybe people will start looking at life, relationships and marriage differently. Maybe perspective is all we need to change this society. I have no idea. If nothing else, you will undoubtedly be entertained. Red wine recommended.

Hunde im Einsatz - Helden auf vier Pfoten

Die feinste Spürnase der Londoner Feuerwehr - »ein Ausnahmetalent!« BBC Seit zwanzig Jahren arbeitet Paul Osborne als Brandermittler bei der Londoner Feuerwehr und hat dabei schon alles erlebt. Das dachte er zumindest bis zu jenem Tag, an dem ihm ein aufgeweckter Cockerspaniel namens Sherlock anvertraut wird. Der kleine Hund erobert Pauls Familie im Sturm. Und mit seinem außergewöhnlichen Talent, Brandursachen zu erschnüffeln, wird er schnell zum beliebtesten Mitarbeiter der Feuerwehr. Denn während moderne Messgeräte zehn Stunden für eine Ermittlung benötigen, erledigt Sherlocks feine Spürnase die Arbeit in einer halben. Gemeinsam begibt sich das tapfere Duo in brandgefährliche Situationen und rettet Tag für Tag Leben – die inspirierende Geschichte einer

besonderen Freundschaft und eines wahren Helden. Mit vielen farbigen Bildern bietet Ihnen das Buch einen ganz besonderen Einblick in Sherlocks spannenden Alltag!

Sherlock, der Feuerwehrhund

Das Geschenkbuch für Hundefreunde (Band 3) ist ein Gedicht- und Prosabuch rund um das Thema Hund. Der größte Teil der Gedichte und Texte kommt aus der Feder von Petra Busch, ein kleinerer Teil von anderen (auch einigen unbekannten) Autorinnen und Autoren. Auch Pablo Picasso und Antoine de St. Exupéry sind dabei. Jeder Hundefreund wird sich von der Sammlung lustiger, nachdenklicher und liebevoller Gedichte und Texte begeistern lassen. Immer steht der Hund mit seinen ganz besonderen Fähigkeiten, Eigenschaften und Eigenarten im Focus der Prosa. Es ist ein bezauberndes Verschenkbuch an Hundefreunde, Herrchen und Frauchen, oder die, die es werden wollen. Aber auch die Prosa- und Gedichtfreunde werden begeistert sein. Es ist das dritte Buch, das Petra Busch als Geschenkbuch für Hundefreunde vorlegt.

Auf diese Pfoten ist Verlass

Chase, Marshall, Rubble, Skye, and the rest of Nickelodeon's puppy heroes are on a mission to save their friends and protect the community of Adventure Bay, using their paw-some vehicles, tools, and teamwork.

Das Geschenkbuch für Hundefreunde

No matter how cushy their lives, dogs live on our terms. They compromise their freedom and instinctual pleasure, as well as their innate strategies for coping with stress and anxiety, in exchange for the love, comfort, and care they get from us. But it is possible to let dogs be dogs without wreaking havoc on our lives, as biologist Marc Bekoff and bioethicist Jessica Pierce show in this fascinating book. They begin by illuminating the true nature of dogs and helping us "walk in their paws."; They reveal what smell, taste, touch, sight, and hearing mean to dogs and then guide readers through everyday ways of enhancing dogs's freedom in safe, mutually happy ways. The rewards, they show, are great for dog and human alike.

News: Österreichs grösstes Nachrichtenmagazin

Dogs have become the subject of increasing scientific study over the past two decades, chiefly due to their development of specialized social skills, seemingly a result of selection pressures during domestication to help them adapt to the human environment. The Social Dog: Behaviour and Cognition includes chapters from leading researchers in the fields of social cognition and behavior, vocalization, evolution, and more, focusing on topics including dog-dog and dog-human interaction, bonding with humans, social behavior and learning, and more. Dogs are being studied in comparative cognitive sciences as well as genetics, ethology, and many more areas. As the number of published studies increases, this book aims to give the reader an overview of the state of the art on dog research, with an emphasis on social behavior and socio-cognitive skills. It represents a valuable resource for students, veterinarians, dog specialists, or anyone who wants deeper knowledge of his or her canine companion. Reviews the state of the art of research on dog social interactions and cognition Includes topics on dog-dog as well as dog-human interactions Features contributions from leading experts in the field, which examine current studies while highlighting the potential for future research

Tipps vom Fips

The findings in this volume deepen our understanding of human and animal behavior, including the impact that pets can have on children's development and the efficacy of animal-assisted therapies.

Halloween Heroes! (Paw Patrol)

This “vividly imagined and well-written novel” (Booklist, starred review) tells a gripping story about a boy from Scotland and a girl from West Africa who join together to save a migrating Osprey—and end up saving each other. When Callum spots crazy Iona McNair on his family’s sprawling property, she’s catching a fish with her bare hands. She won’t share the fish, but does share something else: a secret. She’s discovered a rare endangered bird, an Osprey, and it’s clear to both her and Callum that if anyone finds out about the bird, it, and its species, is likely doomed. Poachers, egg thieves, and wild weather are just some of the threats, so Iona and Callum vow to keep track of the bird and check her migratory progress using the code a preservationist tagged on her ankle, no matter what. But when one of them can no longer keep the promise, it’s up to the other to do it for them both. No matter what. Set against the dramatic landscapes of Scotland and West Africa, this is a story of unlikely friendships, the wonders of the wild—and the everyday leaps of faith that set our souls to flight.

Zitty

The Farm in the Green Mountains is a story of a refugee family finding its true home—thousands of miles from its homeland. Alice and Carl Zuckmayer lived at the center of Weimar era Berlin. She was a former actor turned medical student, he was a playwright, and their circle of friends included Stefan Zweig, Alma Mahler, and Bertolt Brecht. But then the Nazis took over and Carl’s most recent success, a play satirizing German militarism, impressed them in all the wrong ways. The couple and their two daughters were forced to flee, first to Austria, then to Switzerland, and finally to the United States. Los Angeles didn’t suit them, neither did New York, but a chance stroll in the Vermont woods led them to Backwoods Farm and the eighteenth-century farmhouse where they would spend the next five years. In Europe, the Zuckmayers were accustomed to servants; in Vermont, they found themselves building chicken coops, refereeing fights between fractious ducks, and caring for temperamental water pipes “like babies.” But in spite of the endless work and the brutal, depressing winters, Alice found that in America she had at last discovered her “native land.” This generous, surprising, and witty memoir, a best seller in postwar Germany, has all the charm of an unlikely romantic comedy.

Unleashing Your Dog

Do our dogs experience the equivalent of infancy and puberty? Do they go through the terrible teens or struggle with midlife crises? And what can we do to ensure they take each step in stride? In *The Seven Ages of Man's Best Friend*, best-selling author Jan Fennell leads us through the key phases of a dog's development by uniquely defining the seven ages of our dogs. In a fresh, new approach to the subject, Jan charts a dog's life in stages: the buoyant, boundless energy of the Puppy and the Pioneer, the troublesome teens that are the ages of the Playboy and the Protégé, the difficult middle years of the Pretender and the Protector, and the twilight years of the Pensioner. The book works as a comprehensive guide to coping with the problems that crop up at particular times in a dog's development, including training and vaccinations as well as puberty and parenthood. In *The Dog Listener*, Jan Fennell changed the way we think about our dogs. Now, in her most important book since, Jan once more challenges conventional thinking and puts forward an alternative view of the dog's world. It is a book you will want to read straight through -- then keep close at hand for years.

Disc Dogs! The Complete Guide

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Medical theory and practice of the 1700s developed rapidly, as is evidenced by the extensive collection, which includes descriptions of diseases, their conditions, and treatments. Books on science and technology, agriculture, military technology, natural philosophy, even cookbooks, are all contained here. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library T100612 Published in 6 numbers, the last plates being dated 1805. The text breaks off in the section on the mastiff at the word "Manwood." No more published. London: printed by C. Whittingham, for the author, Chelsea; and sold by J. White; J. Robson; H. D. Symonds; L.B. Seeley; T. Curtis; and A. and J. Arch, 1800[-05]. 8, [72]p., plates; 2°

The Social Dog

After receiving a response to his letter to Santa Claus, Felix ventures off to become Santa's newest little helper, in a book that includes gatefolds, a letter from Santa, and a recipe for Swedish-style saffron rolls.

FF.

You do everything you can to maintain your optimum health. Doesn't your best friend deserve the same? Your dog's a member of the family and needs the same attention to health and nutrition as you do to stay healthy, be happy, and live longer. However, it's easy to get lost in the pet store's sea of dog products, passing aisle after aisle of dog food. Keeping your dog healthy or getting her back on the road to good health doesn't have to be difficult, though. *Dog Health and Nutrition for Dummies* makes it easy to make sure your canine is living a healthy lifestyle. It gives you expert tips and advice on: Basic canine healthcare Feeding your dog Recognizing and treating common maladies Caring for the canine senior Author M. Christine Zink, DVM, PhD is a specialist in canine sports medicine and professor at The Johns Hopkins University, but above all, a dog lover. How Animals Affect Us

Theodor Fontane (1819-98), widely regarded as Germany's most significant novelist between Goethe and Thomas Mann, pioneered the German novel of manners and upper-class society, following a trend in European fiction of the period. *The Stechlin* is Fontane's last book and his political testament. Like *Effi Briest*, his great work on the place of women in Bismarck's empire, it is set at the apex of the Wilhelmine era, both in Berlin and on the estate of a Prussian Junker on the shores of Lake Stechlin. It is a significant historical and cultural document, probably the finest chronicle of the life style of the German upper classes in the late nineteenth century; Fontane portrays the best in the life and ways of the passing Prussian aristocrats, while describing his hopes for the future of Germany and its nobility, which were never to be fully realized. Although this novel has been translated into many languages, it has never before been available in English; this edition thus fills an important gap in the significant works of European literature accessible to English readers.

Wild Wings

Bear has been sitting and waiting since dawn. "I'm waiting for Goliath," he tells everyone. "Goliath is coming! He's my best friend."

The Farm in the Green Mountains

A bear and his animal friends build a boat.

The Seven Ages of Man's Best Friend

Merino sheep have been one of the main supports of the Australian economy for over 140 years and their history is inextricably bound up with that of the nation. These magnificent animals, bred from the domesticated sheep of North Africa, have indeed proved to be the Golden Fleece for Australia. The first edition of *THE AUSTRALIAN MERINO*, published in 1990, was the most complete and detailed account of the evolution, history and present state of the Merino sheep. In this 2nd edition, Charles has uncovered more information about this remarkable animal, and genetic testing has added another layer of empirical science to the mix. Included in the work is a discussion of the state of the industry today and its future.

Film-Dienst

Dog Health and Nutrition For Dummies

Grandpa Elephant knows that it is his time to go to the elephant graveyard, and so he begins his farewell to his grandchildren. The young elephants are confused, but they soon realize that although there is sadness, the mystery of death holds countless possibilities. Maybe Grandpa Elephant will go to heaven and walk on clouds, or maybe he will come back to earth in a new form. Even he does not know. Though the little elephants will never see Grandpa Elephant again, they learn that he will live on in their thoughts and dreams. Helping children deal with the loss of a loved one can be difficult, but Farewell, Grandpa Elephant can make it easier to explain what is happening in terms that they will understand. Through the elephants' eyes, children learn that even though they will never see a beloved face again, there is the certainty of preservation through their memory.

The Stechlin

Say "algae" and most people think of pond scum. What they don't know is that without algae, none of us would exist.

Waiting for Goliath

Have you been trying to learn German and simply can't find the way to expand your vocabulary? Do your teachers recommend you boring textbooks and complicated stories that you don't really understand? Are you looking for a way to learn the language quicker without taking shortcuts? If you answered "Yes!" to at least one of those previous questions, then this book is for you! We've compiled the 2000 Most Common Words in German, a list of terms that will expand your vocabulary to levels previously unseen. Did you know that -- according to an important study -- learning the top two thousand (2000) most frequently used words will enable you to understand up to 84% of all non-fiction and 86.1% of fiction literature and 92.7% of oral speech? Those are amazing stats, and this book will take you even further than those numbers! In this book: A detailed introduction with tips and tricks on how to improve your learning A list of 2000 of the most common words in German and their translations An example sentence for each word - in both German and English Finally, a conclusion to make sure you've learned

and supply you with a final list of tips Don't look any further, we've got what you need right here! In fact, we're ready to turn you into a German speaker... are you ready to get involved in becoming one?

Barnaby Bear Builds a Boat

Beatrix Potter meets I Spy in this detailed and charming storybook adventure Best friends Julia and Sam are mice who live in the Mouse Mansion. When they're together they find all sorts of adventures—and all kinds of trouble! Come with them as they discover a secret hiding place, greet the ragman, and learn to make pancakes. There is a shop that sells everything and a box full of treasure. And—oh no!—there might even be a rat! The Mouse Mansion is always full of surprises. Author and artist Karina Schaapman spent years building and furnishing the Mouse Mansion in which this collection of stories takes place. The elaborate dollhouse is made of cardboard boxes and papier-mâché and contains more than one hundred rooms to explore.

A Starry Ticket

It sounded like a respectable and worthy enough death for an explorer - tumbling from an ice bridge to be impaled upon a mammoth tusk - but Stella really, really didn't want that to happen, just the same. Join Stella Starflake Pearl and her three fellow explorers as they trek across the snowy Icelands and come face-to-face with frost fairies, snow queens, outlaw hideouts, unicorns, pygmy dinosaurs and carnivorous cabbages . . . When Stella and three other junior explorers get separated from their expedition can they cross the frozen wilderness and live to tell the tale? A gorgeously imaginative middle grade fantasy adventure combining the best of Peter Pan, Lemony Snicket, Northern Lights and Alice in Wonderland. 'A magical adventure of friendship, bravery and derring-do in a richly imagined world.' The Bookseller 'A fantastic frosty adventure.' Sunday Express 'Wintry, atmospheric, highly imaginative fantasy.' Metro 'The most huggable book of the year . . . An (iced) gem.' SFX
