### The Messiahs of Princep Street

### The Messiahs of Princep Street

The Gospel According to St. Mark. Author: Henry Barclay Swete. Publisher: Macmillan and Co. Publication Date: 1898. Henry Barclay Swete (1835–1917) was an Anglican clergyman and noted biblical scholar who published works on the Old and New Testaments, as well as on Christian doctrine. he earliest of extant commentators on St Mark urges as his apology for undertaking so serious a task the neglect which that Evangelist appeared to have suffered at the hands of the great teachers of the Church. While each of the other Gospels had received separate treatment, the Gospel according to St Mark, so far as he could discover, had been passed by, as if it needed no elucidation or none which could not be gathered from expositions of St Matthew and St Luke.

### Baghdadi Jewish Networks in the Age of Nationalism

First published in 1920, this book examines the influence of St Paul on the early church, and was intended as a beginner's guide to the study of the apostle's impact. McNeile divides the book into three sections: Paul's life, his epistles and his Christian doctrine. The text is illustrated with three maps of Paul's missionary tours. This book will be of value to anyone with an interest in early Christianity and the writings of St Paul.

### The Messiah Jesus and John the Baptist

"Caesar's Messiah," a real life "Da Vinci Code," presents the dramatic and controversial discovery that the conventional views of Christian origins may be wrong. Author Joseph Atwill makes the case that the Christian Gospels were actually written under the direction of first-century Roman emperors. The purpose of these texts was to establish a peaceful Jewish sect to counterbalance the militaristic Jewish forces that had just been defeated by the Roman Emperor Titus in 70 A.D. Atwill uncovered the secret key to this story in the writings of Josephus, the famed first-century Roman historian. Reading Josephus's chronicle, "The War of the Jews," the author found detail after detail that closely paralleled events recounted in the Gospels. Atwill skillfully demonstrates that the emperors used the Gospels to spark a new religious movement that would aid them in maintaining power and order. What's more, by including hidden literary clues, they took the story of the Emperor Titus's glorious military victory, as recounted by Josephus, and embedded that story in the Gospels - a sly and satirical way of glorifying the emperors through the ages.

### In the Footsteps of Jesus, the Messiah, in Phoenicia/Lebanon

The earliest scientific studies of Jewish messianism were conducted by the scholars of the Wissenschaft des Judentums school, particularly Heinrich Graetz, the first great Jewish historian of the Jews since Josephus. These researches were invaluable because they utilized primary sources in print and manuscript which had been previously unknown or used only in polemics. The Wissenschaft studies themselves, however, prove to be polemics as well on closer inspection. Among the goals of this group was to demonstrate that Judaism is a rational and logical faith whose legitimacy and historical progress deserve recognition by the nations of Europe. Mystical and messianic beliefs which might undermine this image were presented as aberrations or the result of corrosive foreign influences on the Jews. Gershom Scholem took upon himself the task of returning mysticism and messianism to their rightful central place in the panorama of Jewish thought. Jewish messianism was, for Scholem, a central theme in the philosophy and life of the Jews throughout their history, shaped anew by each generation to fit its specific hopes and needs. Scholem emphasized that this phenomenon was essentially independent of messianic or millenarian trends among other peoples. For example, in discussing messianism in the early modern era Scholem describes a trunk of influence on the Jewish psyche set off by the expulsion from Spain in 1492.
