Damaged

Some marriages were damaged before they even began. Some take time before they splinter. Others get their happily ever after... or so it seems. This is a collection of poetry that depicts the complicated story, but beautiful love between two very broken characters. This book of poetry was inspired by the romance novel Damaged, Book 3 in the Sins and Secrets Series of Duets by Wall Street Journal and USA Today Bestselling Author Willow Winters.

Damaged Things

A book of poetry, musings and observations on the human condition.

Damaged Goods

A damaged good isn't just an item. The term can also describe a person who is permanently affected by their experiences. As a person with mental health issues, I willingly identify as a damaged good. For example, I have trust issues. It's okay to be a damaged good. This poetry collection is to show that you're not alone.

The Rantings of a Damaged Mind - A Collection of Thoughts, Poetry and Verse

THE RANTINGS OF A DAMAGED MIND is Nick Armbrister's new poetry book jointly written with poetess Mel Grobler. Poetry includes light and dark work covering human emotions and relationships, the death of a northern town and mental health issues to name a few topics. Make up your own minds on this hard hitting and unique book of modern poetry for modern people. From Nick's work about England and his life to Mel Grobler's touching poetry from half a world away (South Africa), this is a book with a difference. It's about the human journey of life, told by two writers who are at opposite ends of the earth. The result is here, a collection of memorable poetry.

Storm Damage

A collection of poetry casting light upon the world we live in, and upon the darker corners of the self. The book tries to make sense of a world which is chaotic with unemployment, in-and-out affairs, street violence, hip vicars and terrorism among many other themes.

Damage: a Life in Poetry

Damage: A Life in Poetry is a collection of free verse poems about life, love, and loss. Equal parts raw emotion and dry wit, this publication will evoke thought and laughter. Every poem is based on the author's real life experiences, creating a highly personal collection. Containing everything from relationships to humanity, Damage is sure to have something for everyone.

Damaged Goods

A damaged good isn't just an item. The term can also describe a person who is permanently affected by their experiences. As a person with mental health issues, I willingly identify as a damaged good. For example, I have trust issues. It's okay to be a damaged good. This poetry collection is to show that you're not alone.

The Damage Done

A political intrigue of 1960s/70s FBI COINTELPRO clandestine operations written in narrative poetry. The "damage done" in Susana H. Case's remarkable poetry thriller set in late 1960s New York City is of two orders. On the surface, this is the story of Janey, a fashion model whose death under mysterious circumstances serves as an opportunity for a corrupt FBI agent in the Counter Intelligence Program (COINTELPRO) to frame Janey's Black Panther lover for her death, making them both collateral damage in J. Edgar Hoover's clandestine war on anyone he deemed un-American. But on another level, as Case instructs us, the greater damage done is to democracy itself, to trust and faith in government, an enduring legacy of suspicion and division that serves as a cautionary tale at a moment when those divisions and distrust are more enflamed than ever. That's a tall order for a volume of poetry, but Case more than succeeds in this audacious, breathtaking collection. Poetry.

Immiscible Damage

We are not defined by what impairs us, but by the results of the repair in us. Being damaged is when the body goes into destruction. This cycle of mutilation eventually interchanges, activating a defense mechanism, allowing the body to reboot to become operable again. Immiscible Damage is a collection of themed poetry that captures different levels of one being damaged or hurt, while experiencing a breakthrough of recovery. There are levels of being damaged and they are immiscible. The damages are incapable of being mixed because once they have been vibrated together, they can and will be divided into layers which become levels of reconstructing the body. First, we may experience a sense of fear when we are damaged by the outcome of a situation or change. Fear can cause us to become broken. But once we identify that we are indeed damaged because of how broken we may feel, we begin the repair cycle and become openminded of a chance to be better. We then become hopeful again, causing the body to experience love and its existence. Once love has been conquered and persevered, serotonin levels are increased. The brain then accesses a level so intense, full of life's most ultimate pleasures, a level of psychedelic euphoria. Once euphoria is reached, your cycle of being damaged becomes obsolete.

American Hurt

Poetry always did make me vulnerable. This is a journey unveiling America's faults through poetic words. It's as complex as my appreciation for my freedom of speech that allows me to honestly reflect on this country. This country has made so many strides towards progress but has so very far to go. I stand by every word in every poem down to the punctuation.

Damaged

Damaged is a compelling collection of poetry, the story of death, grief, and the will to survive. Birthing hope in the darkest of nights, these melancholy lines follow a lost girl learning to understand her power, using her wings to fly far away, and to find the home inside her own wounded heart. Crystal Well's Damaged is a riveting collection about finding yourself and paying all the costs, even when tending to the dead during a beginning that feels like the end.

Hard Damage

Hard Damage works to relentlessly interrogate the self and its shortcomings. In lyric and documentary poems and essayistic fragments, Aria Aber explores the historical and personal implications of Afghan American relations. Drawing on material dating back to the 1950s, she considers the consequences of these relations--in particular the funding of the Afghan mujahedeen, which led to the Taliban and modern-day Islamic terrorism--for her family and the world at large. Invested in and suspicious of the pain of family and the shame of selfhood, the speakers of these richly evocative and musical poems mourn the magnitude of citizenship as a state of place and a state of mind. While Hard Damage is framed by free-verse poetry, the middle sections comprise a lyric essay in fragments and a long documentary poem. Aber explores Rilke in the original German, the urban melancholia of city life, inherited trauma, and displacement on both linguistic and environmental levels, while employing surrealist and eerily domestic imagery.

The Art of a Damaged Soul

This book is for all the damaged souls out there. Those who have felt lost, alone, afraid, abandoned, scared. Those who felt they do not belong. Those who have felt such anger towards those who have left the many scars they have now collected. For those whose mind, heart and soul is filled with so much darkness they feel they can no longer go on. Yet we do... for the most damaged souls are the strongest and we all shall make our beautiful, magical mark on this sometimes ugly and scary world. So, to my fellow damaged souls, join me on a heartfelt journey of truth and discovery. I hope, through reading this, that you start to realise there is beauty and light amongst the darkness that surrounds you. You are art, my love, you are the art of a damaged soul.

An Unread Book of Damaged Poetry

Poetry about the lost and wandering, the broken and healing, and the loving and damaged

And for All of This I Am Sorry

Broken Ballads is a collection of poetry that reflects a healing process from messy moments of pain and loss to the transformative power of love and peace. It shares a release of emotions during challenging times and a deliverance from a falsified definition of a successful life.

Edge of Damage

THE RANTINGS OF A DAMAGED MIND is Nick Armbrister's new poetry book jointly written with poetess Mel Grobler. Poetry includes light and dark work covering human emotions and relationships, the death of a northern town and mental health issues to name a few topics. Make up your own minds on this hard hitting and unique book of modern poetry for modern people. Broken Ballads

A collection of new poems on the themes of hurt, melancholy, and healing by Jon Lupin, the Poetry Bandit From the poet behind You Only Love Me When I'm Suffering comes a new collection of poetry that will shake you to the core. Organized in the format of an encyclopedia, each letter of the alphabet includes several poems on the theme of the word that begins with that letter. Emotional and inspiring, Encyclopedia of a Broken Heart will appeal to every modern poetry lover.

THE RANTINGS OF A DAMAGED MIND

This is a collection of poetry that is written from the heart, by a bloke whose heart was broken and to help it mend he tried to write down his feelings. This book of poems is the result. They are for everyone that has ever loved, lost and felt broken. They are for everyone who has ever felt alone and that no one else could possibly know what they are going through. They are for love... because despite the pain it causes... when everything else is said and done... what is else is there?

Encyclopedia of a Broken Heart

'Just a Bit Broken' is E. C. Senior's debut poetry collection which explores ideas to do with identity, the self, and the world as a whole, wherein everything is just a little bit broken. Containing seventeen poems, this collection includes works detailing Senior's life in Britain, struggling with loss and with their own self, which includes the works 'Orange Peels and Oyster shells', 'Cathedrals and Catacombs', and 'My Little Ship of Theseus'.

Poems for The Lost, The Lonely & The Broken (Bloodied But Unbowed)

Unusual, interesting and uplifting, this set of poems deals with disabling injuries from a horrendous road traffic accident. The poems have a clear narrative arc, starting with the regaining of consciousness after the accident, ending with the return of health and hope. 'Broken' depicts glimpses of the natural and social world of the Sultanate of Oman where these events occurred and the writer currently lives. Free from self-pity, laced with self-questioning and leavened with generous dashes of humour, this is an honest poetic record of a journey out of severe poly-trauma towards a new wholeness, all in the sensitively illustrated beauty of Oman. The winning charm of Margaret Jeeves' illustrations combine with Helen Freeman's poignant poetry to make 'Broken' an outstanding and unforgettable book for all readers: those who are or feel broken, travellers to the Middle East, or simply those wanting an inspiring read.

Just a Bit Broken

Jacque Vaught Brogan's new collection of poems, *Damage*, examines a variety of cultural, natural, and personal damages in a lyrical voice ironically marked by intense beauty. This disjunction is precisely what makes the volume so disturbing and yet so tantalizing. The first section, *Windows*, examines the public sphere of failures and violence, including the simple cyclical decay of nature itself. The next section, *Blue Waters*, shifts the focus from the public to the personal, in poems fraught with betrayal and desire, disillusionment and erotic bondings. In the last section, *Notes from the Body*, Brogan braids these two spheres into a strikingly original and risky series of poems which fearlessly addresses the modern emotional terrain or what might be called the genuinely body politic.

Broken

Broken Times is the debut poetry collection by Sean Buranahiran, who has garnered over 100 million views online reading his poetry and retelling philosophical stories with his own unique voice. This book features his famous poem "Dear Soulmate" which has been shared over 200,000 times across various platforms. After receiving false charges against him, Sean took a six-month hiatus from content creation and wrote these "Poems of Empowerment and Healing--with a philosophical Thought-Provoking Nature".

Broken Pieces - Tales of Heartbreak takes the reader on a deep, beautiful, and reflective journey to love's other side. With his collection of one hundred sublimely written poems, Shah Asad Rizvi captures the full spectrum of love lost with words that will both resonate with and haunt the reader's soul. A truthful and poignant telling, Shah does not shy away from the pain nor causes of broken hardinesses. *Broken Pieces* is akin to a master's thesis on all the ways that a heart can hurt after love has departed. From the ill actions that bring us to such a hurtful place to the heart's every willing desire to love again even though held back by our painful misgivings, the reader will find themselves again and again in the pages of *Broken Pieces*. Even with such complicated and painful subject matter, Shah has a startling and astonishing way of wrapping the reader up in the pages of his books. *Broken Pieces* is no exception. Perhaps even a cathartic and feeling journey for some, this exquisite poetry collection invites the reader to a tour of heartbreak. However, as only he can do, Shah subtly reminds us that even the heart's pain and suffering is a beautiful experience. To know such sorrow, we must first have known unimaginable love. By acknowledging the path of broken heartedness, Shah's compelling words will have even those with a jaded and rejected heart, wondering if new love is possible. Simply stated, *Broken Pieces* is a poetry collection that will show you the triumph of love in the shattered and *Broken Pieces* of a broken heart.

Beautiful Broken

Bram Stoker Award(R) winners Linda D. Addison and Alessandro Manzetti use their unique voices to create a dark, surrealistic poetry collection exploring the many ways shattered bodies, minds, and souls endure. They created poems of visionary imagery encompassing death, gods, goddesses and shadowy, Kafkaesque futures by inspiring each other, along with inspiration from others (Allen Ginsberg, Pablo Neruda, Phillis Wheatley, etc.). Construction of The Place started with the first bitten apple dropped in the Garden. The foundation defined by the crushed, forgotten, and rejected. Filled with timeless space, its walls weep with the blood of brutality, the tears of the innocent, and predatory desire. Enter and let it whisper dark secrets to you. Proudly represented by Crystal Lake Publishing--Tales from the Darkest Depths. Interview with the poets: What makes this poetry collection so special? Alessandro: Collaborations are the salt of poetry, can create special, unique blends and flavours. This book is exquisite, in that way. Linda: Collaborations can create remarkable work, whether it's poetry or fiction. Alessandro and I each did a third on our own and then a third together. This book was written with us in completely different time zones (Arizona & Italy), without ego and is the best poetry I've created so far. Tell us more about the theme of this book. Linda: There was no hard rules, we agreed to riff off any of the words in the title: Place; Broken; Thing(s). The real magic is how the book flowed from us, as we allowed our imagination freedom to play, trusting the dark, surrealistic tales told would fit; and they did! Alessandro: Imagine a collage of different places, connected by invisible wires. We play the role of the explorers of that elusive, borderlands world. Why should readers give this book or your work a try? Linda: Our book has unique songs to offer, something we couldn't recreate separately. It stands alone with any work we do in the future because even the poems I wrote by myself were influenced by working in our shared arena in undefinable ways. Alessandro: If you're a curious traveler, ready to walk with us along a trail without markers, this is a good book for you.

Inside A Brain Damaged Heart

Also by the author: - THE CULT OF THE RIGHT HAND, (Doubleday, 1991, ISBN 0-385-41812-4)

The Place of Broken Things

When we're young, every bit of lust feels like love and every moment feels like it's going to last forever. It's when we grow up that we realize our memories aren't as clear as we thought they were. And soon, they damn us into being broken. So how do we heal?

Beautifully Damaged Things

A collection of poems about love, melancholy, passion, and hope. Love with all you are, dream with all your heart, believe with all of your soul. Let no one bury you beneath their rubble. You can get through tough times, you can heal, and you can love life again.

Damages

Powerful first collection by acclaimed Filipina Australian performance poet In Flood Damages Andrada explores themes associated with immigration and inheritance, through the figure of a young Australian Filipina woman, whose family has been irreparably damaged by deportation, violence and illness. The wounds inflicted by these events, political and personal, are felt most keenly in and through her body – 'your blood sings of the scattered histories/ that left you here' – and in a dramatic use of language, influenced by the rhythms of prayer, which expresses pain and anger with passionate intensity. A performance poet, Andrada combines the theatrical qualities of voice and image in this, her first published collection, affirming the female body as a site of vulnerability and power.

Memories of the Broken and Damned

Poetry Ambassadors presents the work of three exceptional new poets from the Solent region. It is the first publication from the Poetry Ambassadors mentoring scheme, a new programme supporting emerging literary talent co-founded by ArtfulScribe, Winchester Poetry Festival, and Will May from the University of Southampton. The work of these three poets takes in everything from Tolstoy to the Supremes, birth certificates to the underworld. Arresting, playful, and compelling, here are poems to challenge, provoke, and inspire.

Damaged Doesn't Mean Dead

"Between Broken Lines" is an outline of the author's 19 year long relationship with life. The book is a compilation of her best poems, and pieces, from different phases of her life, and as she claims, they're mostly sad. This memoir is your perfect dosage of love, heartbreak, sadness, recovery, and revival. The purpose behind writing this book was to unveil the author's most vulnerable emotions, draw a picture of her idea of this generation, link the two, and present it to the world in her very own words. In a world full of casualty and pretence, this is her attempt to bring the authenticity in people, back.

Flood Damages

This poetry collection is written by the author of "Tested Love," a dystopian romance novel. The collection discusses mental health and tragedy in many poetic ways from nursery rhyme-like passages to the 16th Century German format of the abecedarian. The author brings to light the struggle of keeping a "Christian" point of view through each of life's challenges. Note From The Author: "My poetry collection will center around mental health topics. I will be discussing feelings of depression, grief, post-traumatic stress disorder, and more. Some of the topics I discuss may be triggering to certain audiences that have fresh experience with loss or mental health. While I would love for you to relate to my work on any level, please take it at a comfortable pace if you feel that you may have certain triggers. Healing is a process that poetry can assist you in, when you are ready!"

Poetry Ambassadors

A collection of poetry created through intense Emotion. Everyone has there battles and to be able to direct your pain in such a way creates so much more meaning. Even in your darkest times there are little rays of light where producing art can help you get through.
