Dentists Debunk 15 More Teeth Myths | Debunked - Dentists Debunk 15 More Teeth Myths | Debunked by Insider Science 4,518,305 views 2 years ago 13 minutes, 37 seconds - Dentists, Dr. John Yoo and Dr. Jason Lin debunk 15 **more**, myths about teeth. They explain how cavities can be reversed, if acidic ...

Intro

Cavities are irreversible

Acidic fruits will whiten your smile

Braces are just for crooked teeth

A knocked-out tooth is gone for good

Diet sodas won't give you cavities

Fillings last forever

Dental cleanings aren't necessary

Retainers aren't for life

You should floss before brushing

Baby teeth aren't important

Everyone has wisdom teeth

Hydrogen peroxide and baking soda are good toothpaste replacements

You're too old to get braces

Teeth that have had root canals can't feel

You'll inevitably lose all your teeth when you're old

Since then, he's **used**, his dental ...

Intro

10 lessons from Dr. Deren Flesher on how to get what you want in life and dentistry

\$265,000 dental school debt

DSO = Dental Services Organization = corporate dentistry

you won't always find the right fit right away

don't focus on sunk cost

associateship #2 felt he wasn't growing as a clinician

only undertake what will help you get closer to your long term goals

carve your own path, don't follow someone else's

aggressively invest into yourself and your practice

don't let life happen to you, regain control

know what you want and work backwards on how to achieve it

know what you can offer and what you need from partners

have a purpose behind what you do
