### A Centenary History of the Indian National Congress

A century of political history in India is studied in this comprehensive and thoroughly researched five-volume account of the Indian National Congress. Founded in 1885, the political party was instrumental in the movement for independence in India and has formed the majority of the Indian governments since. Originally published in 1985, these volumes reintroduce an important historical work and cover 100 years of Indian politics with unparalleled thoroughness. This fifth and final volume reports on a period of the Congress that spanned Indira Gandhi's rise to Prime Minister of India as well as her assassination, the rapid development and reform of the country, political scandals, and partisan debates. Contributors include Aparna Basu, Rakesh Batabyal, Bipan Chandra, Sanjukta Das Gupta, David Devadas, V. P. Dutt, Bhashyam Kasturi, Deepak Kumar, Inder Malhotra, Girish Mishra, Aditya Mukherjee, Sudha Pai, Mohinder Singh, Shekhar Singh, Yogendra Singh, Shantha Sinha, and B. G. Verghese.

### A Centenary History of the Indian National Congress, 1885-1985

This book is written to get an overall idea of "dynastic politics" in India. It is always kept in mind that a citizen of India should know more about the politicians who are in the Government and form policies, etc. to take the country in the proper direction, at the same time the book should be interesting. Wherever possible, family trees are shown as well as the assets of our politicians. It was natural to start with the Nehru Gandhi family, being one of the largest and long-ruling families at the helm of all affairs. Then State-wise, the families are chosen and the account is presented. Since the volume is huge, this book is in two volumes. States are chosen alphabetically. So, even if the Nehru Gandhi family is in Volume 1, Tamil Nadu, Telangana, Uttar Pradesh, etc. are in Volume 2. Early rulers in Indian history used to handover the throne to their sons and then to the next generations for generations to come until some larger event upset the process, mostly conspiracies by persons like very close aides of the king or a revolt. Similar lines were followed even during our democracy passing on the rule to the next

generation, which gave rise to dynastic rule. Indian politics has witnessed a large spectrum of politicians from various fields. Initially, it consisted mainly of leaders from the field of law. But now, we find that we have eminent personalities from the sports field, actors, actresses, superstars from the silver screen; the literary field is no exception; we have writers, poets, and so on; economists find a special place in the political arena; politics does not shun even criminals or few dacoits who then turned to politics after their surrender. Businessmen, kings or we can say princes from princely states as Britishers decided to call them are also found here. We have the learned people in politics as well as the illiterate people (angutha chhaap) who learnt to sign only after assuming office on getting elected.

## Ruling Dynasties of Independent India - Volume 2

Pramod Kapoor, the founder and publisher of Roli Books (established in 1978), is a connoisseur of images. A sepia aficionado, he has over the course of his illustrious career conceived and produced award-winning books that have proven to be game changers in the world of publishing. Be it the hit 'Then and Now' series and the seminal *Made for Maharajas*, or even the internationally acclaimed *New Delhi: The Making of a Capital*. In 2016, he was conferred with the prestigious 'Chevalier de la Legion d'Honneur (Knight of the Legion of Honour), the highest civil and military award in France, for his contribution towards producing books that have changed the landscape of Indian publishing and to promoting India's tangible and intangible heritage within the country and abroad. His first book as author, *Gandhi: An Illustrated Biography*, is the result of years of painstaking research on a subject close to his heart. Kapoor is dedicated towards decoding Gandhi for the modern generation.

## Gandhi: An Illustrated Biography

India's party system has been under flux, transformation and reconfiguration since the end of the 1980s. By the time the sun set on the twentieth century, the party system in India had developed a plurality of national and regional levels and following several experiences in fits and starts, coalition making among the parties too stabilized at the national level. The dawn of twenty first century thus witnessed a federalized party system in place, where coalition making and cohabitation amongst the parties stabilized at both national and regional levels. As a result, since 1999 India has had two completing governments completing their full term at the national level; the third, UPA II, has completed four years, and despite hiccups is likely to complete its full term till mid-2013. However, the party system in the country has turned competitive and several trajectories of alternation are being attempted by parties and leaders, making the emerging political situation fluid. The volume attempts to capture the emerging trajectories of the party system in India in the second decade of the twenty first century with seventeen essays written specially for this volume by scholars who met several times to discuss and formulate questions and critique each other's drafts. Overall, the volume provides an incisive and comprehensive analysis of the far-reaching changes that India's political parties and party system are undergoing. It looks into the institutional dimensions, processes and agenda, federal manifestations, transitions (including generational change) and extraneous influences brought in by globalization, Indian Diaspora and the impact of new media technology. Constituting an important contribution to the on-going debate on the Indian party system, this volume will attract the attention of students of Indian politics, political science, democracy, party systems and comparative politics.

## Party System in India

The study reveals that there is no relationship between caste and factional orientation in the politics of Congress factionalism. It discusses factionalism in Congress party, Congress factionalism in Kerala, social base of factionalism. (The book is a serious empirical study of factionalism in Kerala).

## A Centenary History of the Indian National Congress, 1885-1985: 1935-1947

The Indian National Congress, India's most important political party, was founded in 1885. These papers, by leading historians and political scientists, address a wide range of topics concerning the Congress's history and function, including its affinities with the Italian Risorgimento; its early links with British radicals; the role of women in the congress; its relationships with the Indian peasantry, merchant communities, and Hindu nationalist groups; its success in the Hindi belt; its acceptance of partition; Jinnah's link with the Congress; and its caste and regional composition.

## A Centenary History of the Indian National Congress, 1885-1985: 1885-1919

The history exaggerates itself in totality hitherto: the origin, objectives, the leaders hailing from all the regions of India—a book that glorifies the party, congress in terms of past and present times overtaking the latent evils of dynasty-Dom.

#### A Centenary History of the Indian National Congress, 1885-1985

Seminar papers on the life and work of Pherozeshah Mehta, 1845-1915, Indian statesman; published on the occasion of 150th birth anniversary celebration.

#### Essays on Indian History and Culture

Kakkaraveetil Kumaran Kusuman, 1943-2007, Indian historian; contributed articles.

#### A Centenary History of the Indian National Congress, 1885-1985: 1919-1935

The second most populous country of the world, India is a country of enormous diversity, yet its civilization and people have a remarkable unity. It endured centuries of control by, first, Islamic and later European peoples. Most recently, independent India has been faced with resource and urban overcrowding pressures.

#### India After Independence

On Subhas Chandra Bose, 1897-1945, Indian nationalist leader; comprises contributed articles on his life and work.

#### Politics of Congress Factionalism in Kerala Since 1982

This is an important collection of papers written by various experts in their selected fields. Both as to the range of topics dealt with as well as the academic calibre of the contributors, the volume is an invaluable one. It is a comprehensive and significant addition to enrich our understanding of India and its political, socio-economic development and resultant changes in the society in a proper perspective. The book is divided into four sections. The first section is devoted to Dr. V.K. Sukumar Nair, a distinguished son of Kerala to whom this book is dedicated. The second section 'Modern India' contains twelve articles on Indian democracy and its institutions, political stability, evaluation of political parties, Federalism and planned development, Jaya Prakash Narayan and his concept of 'Total Revolution' state and society, Communalism in West Bengal and Kerala, etc.

#### The Indian National Congress

Whether called 'Arabian' or 'Persian,' the Gulf is one of the most politically important regions of the world, and its history is necessary in understanding the contemporary Middle East. Paul Rich draws on previously closed archives to document the actual heritage of the area and dispel the myths, showing that the influences of Britain and India are far deeper than commonly acknowledged, and that the sheikhs are actually the creation of the British Raj.

#### The History of the Indian National Congress

Focusing on politics and society in India, this book explores new areas enmeshed in the complex social, economic and political processes in the country. Linking the structural characteristics with the broader sociological context, the book emphasizes the strong influence of sociological issues on politics, such as social milieu shaping and the articulation of the political in day-to-day events. Political events are connected with the ever-changing social, economic and political processes in order to provide an analytical framework to explain 'peculiarities' of Indian politics. Bidyut Chakrabarty argues that three major ideological influences of colonialism, nationalism and democracy have provided the foundational values of Indian politics. Structured thematically and chronologically, this work is a useful resource for students of political science, sociology and South Asian studies.

#### History of Indian National Congress, 1885-2002

A cumulative list of works represented by Library of Congress printed cards.

#### Pherozeshah Mehta

SCIENCE AND EMPIRES: FROM THE INTERNATIONAL COLLOQUIUM TO THE BOOK Patrick PETITJEAN, Catherine JAMI and Anne Marie MOULIN The International Colloquium "Science and Empires - Historical Studies about Scientific Development and European Expansion" is the product of an International Colloquium, "Sciences and Empires - A Comparative History of Scientific Exchanges: European Expansion and Scientific Development in Asian, African, American and Oceanian Countries". Organized by the REHSEIS group (Research on Epistemology and History of Exact Sciences and Scientific Institutions) of CNRS (National Center for Scientific Research), the colloquium was held from 3 to 6 April 1990 in the UNESCO building in Paris. This colloquium was an idea of Professor Roshdi Rashed who initiated this field of studies in France some years ago, and proposed "Sciences and Empires" as one of the main research programmes for the The project to organize such a colloquium was a bit REHSEIS group. of a gamble. Its subject, reflected in the title "Sciences and Empires"

### Studies in Indian History and Culture

The Coalition Years begins its journey in 1996 and explores the highs and lows that characterized sixteen years of one of the most tumultuous periods in the nation's political history. It is an insightful account of the larger governance phenomenon in India-coalition politics-as seen through the eyes of one of the chief architects of the post-Congress era of Indian politics.

### India

This Compendium gives an outline of the historical, philosophical and ethical aspects of the return of cultural objects (e.g. cultural objects displaced during war or in colonial contexts), cites past and present cases (Maya Temple Facade, Nigerian Bronzes, United States of America v. Schultz, Parthenon Marbles and many more) and analyses legal issues (bona fide, relevant UNESCO and UNIDROIT Conventions, Supreme Court Decisions, procedure for requests etc.). It is a landmark publication that bears testament to the ways in which peoples have lost their entire cultural heritage and analyses the issue of its return and restitution by providing a wide range of perspectives on this subject. Essential reading for students, specialists, scholars and decision-makers as well as those interested in these topics.

Enjoy this classic work today. These selected paragraphs distill the contents and give you a quick look inside History of the Reformation of the Sixteenth Century, Volume III: Look inside the book: In the spring of 1838 I examined, as far as was in my power, the manuscripts preserved in the public libraries of Paris, and it will be seen that a manuscript in the Royal Library, hitherto I believe

unknown, throws much light on the early stages of the Reformation;iv and in the autumn of 1839 I consulted the manuscripts in the library belonging to the consistory of the pastors of Neufchatel, a collection exceedingly rich with regard to this period, as having inherited the manuscripts of Farel's library; and through the kindness of the Chatelain of Meuron I obtained the use of a manuscript life of Farel written by Choupard, into which most of these documents have been copied. ...I willingly adopt as my law those words, which an historian of the sixteenth century, a man of the sword still more than of the pen, after writing a portion of the history of that Protestantism in France which I do not purpose narrating, addresses to those who might think of completing his task: 'I would give themx that law which I acknowledge myself: that, in seeking the glory of this precious instrument, their principal aim should be that of the arm which has prepared, employed, and wielded it at His good pleasure.

## HIST OF THE REFORMATION OF THE

Originally in five volumes this history of the Protestant Reformation still finds ready acceptance. As a popular work on the Reformation, it has had immense circulation in several languages. d'Aubigne's description of the prominent events and personalities of the Reformation is marked by a lively style of writing, a certain picturesqueness, and powerful word painting. It captures the heartbeats of the Reformation. Characters such as Erasmus, Luther, Melanchthon, Farel, Calvin, Tetzels, and Eck sprint to life. Their personality traits and their roles in the drama of the Reformation are captured in lively detail.

### History of the Reformation in the Sixteenth Century

Excerpt from History of the Reformation, Vol. 3: In the Sixteenth Century Complaints have been made of the delay which has taken place in the publication of this third volume. Some would even have had me not to print the first before the whole was completed. There may be certain superior intellects to which conditions may be prescribed, but there are others whose feebleness must give conditions, and to this class I belong. To publish a volume at one time, at another time when I am able a second volume, and then a third, is the course which my primary duties and humble abilities allow me to take. Other circumstances, moreover, have interposed; severe afflictions have on two occasions interrupted the composition of this third volume, and concentrated all my affections and all my thoughts on the tomb of beloved children. The thought that it was my duty to glorify the adorable Master, who addressed those powerful calls to me, and accompanied them with so much divine consolation, could alone have given me the courage necessary to prosecute my labours. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. ### History of the Reformation of the Sixteenth Century, Vol. 5 (Classic Reprint)

Excerpt from History of the Reformation in the Sixteenth Century, Vol. 1 The very charms of our secular historians have done much to throw church history and historians into the shade. In childhood we are fascinated with the spirit-stirring annals of Greece and Rome, and as we advance in years, Hume, Robertson, Gibbon, &c. Tend to confirm the illusion that while secular events form the staple of history, the memorials of that body to which all worldly things are subordinated in the Divine counsels, and which is destined to surpass all earthly empires in duration and glory, are merely adventitious and episodical. Some of our histories of particular periods and churches, and many of our ecclesiastical biographies, are admirable of their kind. But, neither together nor separately, do they supply the place of more extensive works. No where do we find so long and important a period as the sixteenth century, treated with the fulness which it receives in the pages of this Genevan historian. If any be prejudiced against this work because written by a foreigner, be it remembered that this very circumstance is attended with peculiar advantages. Residing at one time in Germany, at another in Belgium, settling finally at Geneva, and frequently visiting France, the author has had manifest facilities for collecting his materials, and by familiarity with some of the most important scenes of the Reformation, he has been enabled to describe these with much of the animation and graphic power of an eye-witness. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Pioneering women who have change the course of history.

On October 1,1847

She then joined the atheist National Secular Society

which promoted separation of church and state

her newfound interest brought her to India to explore spirituality.

first trip she gave 121 lectures.

At 68, she and Bal Gangadhar Tilak

British authorities put her under house arrest in Ooty

Her detention sparked protests by the Congress party

to elect her their first woman president.

At 72 she opposed Mahatma Gandhi's Non-Cooperation Movement

She is Annie Besant, the British woman
