God Is Not Physical God Is Spirit and the Fundamental Stuff in the Universe Is Mind and Spirit It's Not Material So Then if I Could Finish the Universe Comes from Nothing Physical but It Doesn't Come from Nothing It Comes from God Who Created It Let There Be Light and There Was Light and so that Is My Position That's Not a Position Which You Believe Conflicts with the Science We Do Know of the Big Bang Not at All the Big Bang Is Wonderful because It Simply Tells Us There Was a Beginning and Science Caught Up from the Bible with the Bible in the 1960s because Science Was Tied to Aristotle for Centuries Believing

I Have Trusted Him that What He Did on the Cross No this May Seem all Mistake to You but Let Me Say What It Is that What He Did There Means that I Can Be Accepted that the Beginning of the Journey That Makes a Spectacular Difference in Fact You Wouldn't if It Was a Question of Marriage Imagine I Proposed to a Girl and Say Look Here's a Cookbook There Are Rules in It You Keep Them Pretty Well for the Next Forty Years and Then I'll Accept You Well She'd Throw the Book in My Face but that's What Many of Us Think of God no Wonder People Give Up on Religion in My View
