

Ethnomethodological Studies Of Work

[#ethnomethodology](#) [#studies of work](#) [#workplace research](#) [#social organization of work](#) [#qualitative work analysis](#)

Ethnomethodological studies of work explore how people make sense of and organize their daily activities in various professional settings. These qualitative work analyses delve into the taken-for-granted practices and social interactions that constitute the very fabric of the workplace, offering unique insights into the social organization of work.

Each paper contributes unique insights to the field it represents.
