Curveball

In the fifth book in the New York Times bestselling middle grade series inspired by the life of iconic New York Yankee Derek Jeter, Derek spends the summer with his grandparents in Pequannock Township, New Jersey. Sometimes, you were looking for role models. And sometimes, you were being one yourself. Derek is having the best summer yet! Fun on the lake with his cousins, baseball, and a visit from his best friend, Dave: what more could he ask for? It gets even better when Derek gets to go to a Yankees game and meets a bunch of kids who play ball near the stadium, and they're good. Awesome, actually, especially Jumbo and Tiny. Derek can't wait to introduce them to Dave, but Grandma says if he wants to go to another Yankees game, he'll have to earn some of the money for tickets himself. This means spending quality time with Grandpa mowing lawns and learning the meaning of hard work. Derek brings Dave to meet Tiny and Jumbo, whom Derek admires. But when Jumbo tries to convince Derek to do something he's sure will get him in trouble, Derek has to rethink who his role models are. Inspired by Derek Jeter's childhood, Curveball is the fifth book in Jeter Publishing's New York Times bestselling middle grade baseball series that focuses on key life lessons from Derek Jeter's Turn 2 Foundation.

Derek Jeter

This book describes the life and achievements of Derek Jeter, who in 1996 realized his life ambition to play shortstop for the New York Yankees, and has gone on to become one of baseball's steadiest players.

Derek Jeter in the Community

Even during his first outstanding rookie season in Major League Baseball, Derek Jeter was determined to channel his burgeoning success into helping the community. This book explores the ways in which one of the world's top-performing baseball stars has become a role model by practicing what he

preaches—eating well and exercising, avoiding drugs and alcohol, and working hard to achieve success. Readers will learn all about Jeter's Turn 2 Foundation, which supports programs that encourage physical fitness and good values. All in all, this book shows the rewards that come from an athlete giving back.

The Life You Imagine

Ever wonder what it would take to turn all of your dreams into reality? In *The Life You Imagine*, All-Star New York Yankees shortstop Derek Jeter shows how you can use the same game plan that helped an eight-year-old boy who fantasized about playing baseball for the Bronx Bombers grow up and become MVP of the 2000 World Series. With the help and support of both of his parents, Derek developed a practical program that would assist him in achieving all of his personal and professional aspirations—and now he shares his secrets to success so that you can get closer to living your dream, too. In this inspiring, information-packed book, Derek provides you with the ten lessons that have guided him throughout his life on and off the field, from his dream of being a gifted, hardworking athlete to his goal of becoming an active community leader. Using personal stories from his own life as a student athlete in Kalamazoo, Michigan, and as a Yankee team player, Derek writes about the simple steps that put him on course for success, including: * Setting your goals high and finding the right role models * Being serious but still having fun * Challenging yourself daily and not being afraid to fail * Surrounding yourself with a strong supporting cast Filled with rare family photos and pictures of Derek playing for the Yankees, *The Life You Imagine* is an intimate look into the life of a superstar athlete -- including the remarkable relationship he has with his family, what it's like to play with the Yankees, and how he's used his baseball celebrity to found the Turn 2 Foundation, a drug and alcohol prevention program for kids.

Gotcha Again for Guys!

Here's help in selecting current, nonfiction books that will get boys excited about reading. Enticing boys to read is still a hot topic. With chapters like "Disasters and Mysteries," "Gross and Disgusting," "Machines and the Military," and "Prehistoric Creatures," *Gotcha Again for Guys!: More Nonfiction Books to Get Boys Excited about Reading* is a treasure trove of recent nonfiction books that will interest boys in grades 3-8. This sixth entry in Baxter and Kochel's *Gotcha* series covers books published between 2007 and 2009, with a few oldies-but-goodies also included. The book is organized into 12 thematic chapters, each of which offers booktalks for a select number of titles, followed by a list of other high-interest, well-reviewed titles that correspond with the chapter's topic. Features new to this volume include numerous booklists to be copied and saved, as well as profiles of new and innovative nonfiction authors writing for this age group. In addition, the book features interviews with seven male authors of nonfiction books for boys.

Encyclopedia of Sports Management and Marketing

This four-volume set introduces, on the management side, principles and procedures of economics, budgeting and finance; leadership; governance; communication; business law and ethics; and human resources practices; all in the sports context. On the marketing side this reference resource explores two broad streams: marketing of sport and of sport-related products (promoting a particular team or selling team- and sport-related merchandise, for example), and using sports as a platform for marketing non-sports products, such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament. Together, these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today, providing an invaluable print or online resource for student researchers.

Derek Jeter's You're a Star

"Derek and a shy star take a magical trip through New York City. By using his ten life lessons, Derek, with the help of some special friends, demonstrates how each one of us can shine brightly and attain greatness."--Publisher's website

Be Commandready

Have you ever watched the news after a natural disaster and thought, what were those people thinking? When people are given ample notice and still ignore the warnings, you have to wonder why. In *Be*

Commandready, authors Bill and Debra Romano present a life skills guidebook to help you always be prepared for not only disasters but everyday situations. Combining the best advice of many individuals gathered throughout their lifetime, the Romanos offer a new way of thinking to help you navigate and prepare yourself for the rigors of life. The tips will show you how to - maximize time and efforts needed to excel and come out ahead; - increase the opportunities that present themselves every day; - think properly to reduce or eliminate your debts and invest more wisely in time and money; - raise your expectations of yourself; - focus on completing your life's goals and desires; - leverage yourself better, bargain better, and add more time to relax and vacation in life; - seek the best in positive people, avoiding toxic people; and - filter out most of life's scams. Be Commandready focuses on preparing you for the third phase of your life, a point where you can leave the rat race behind because you will be ready to live life on your terms and not on whims, responsibilities, and stresses associated with the every-day 9 to 5 indebted grind.

One Season (in Pinstripes)

A true story about sports, faith, and redemption, compliments of one season with the New York Yankees. Author William Fredrick Cooper has experienced the loss of employment, painful character assaults on his literary journey and the painful truth that he must reinvent his life. Humbling himself before God and allowing the painful process of spiritual and emotional growth, an amazing journey begins. Taking a job as a maintenance attendant during the inaugural season at the new Yankee Stadium, his dreams start to come true. Connecting with colleagues, celebrities and players while rekindling a childhood love of sports, Cooper moves on from pain and loss with a championship season for the ages. In One Season (in Pinstripes), Cooper blends a sportswriter's command of facts, real-life perspectives from a spiritual standpoint, the inside knowledge of a historian and the passion of a believer in faith to weave a sensational tale of satisfaction of a fan who can realize the ultimate dream.

The Captain Class

The secret to winning is not what you think it is. It's not the coach. It's not the star. It's not money. It's not a strategy. It's something else entirely. The founding editor of The Wall Street Journal's sports section profiles the greatest teams in history and identifies the counterintuitive leadership qualities of the unconventional men and women who drove them to succeed. Fuelled by a lifetime of sports spectating, twenty years of reporting, and a decade of painstaking research, The Captain Class is not just a book on sports; it is the key to how successful teams are built and how transformative leadership is born. Several years ago, Sam Walker set out to answer the most hotly debated sports question: what are the greatest teams of all time? He devised a formula, applied it to thousands of teams and listed the 16 most dominant teams ever across all sports, from the English Premiere League to the NFL. But what did these freak teams have in common? As Walker dug deeper, a pattern emerged: all teams were driven by a singular type of leader, a captain, but not one you might expect. They were unorthodox outliers – awkward and disagreeable, marginally skilled, poor communicators, rule breaking and rather than pursuing fame, hid in the shadows. Captains, in short, who challenge your assumption of what inspired leadership looks like. Covering world renowned teams like Barcelona, Brazil, the All Blacks and the New York Yankees to lesser known successes of Soviet ice hockey or French handball, The Captain Class unveils the seven key qualities that make an exceptional leader. Drawing on original interviews with athletes, coaches and managers from two dozen countries, Walker questions if great captains are made or born, why teams pick the wrong captain and how the value of the captain can be revived.

Danica Patrick

At 10 years old, Danica Patrick thought that nothing compared to flying around the track in a go-kart. In 2008 she became the first woman ever to win an Indy car event, and her future appears bright.

School Library Journal

Um in jeder Situation - in Ihrer Karriere, Ihren Hobbys, Beziehungen oder in jeder Facette Ihres Lebens - bessere Leistungen zu erbringen, ist es wichtig, psychologische Fähigkeiten zu entwickeln, die ebenso wie körperliche Fähigkeiten gelehrt, erlernt und geübt werden können. Sowohl als Einzelpersonen als auch als Gruppe können wir diese psychologischen Fähigkeiten trainieren und nutzen, um das Bewusstsein zu schärfen, Talente und technische Fähigkeiten zu fördern und Spitzenleistungen zu erreichen. Mentale Bereitschaft und psychologisches Bewusstsein sind der Schlüssel zum Erfolg

in jeder Umgebung. Nur wenige verstehen die Bedeutung psychologischer Fähigkeiten besser als der international anerkannte Professor Michael Bar-Eli. Als Sport- und Organisationspsychologe seit mehr als 35 Jahren erforscht Bar-Eli nicht nur die Wissenschaft der Leistung, sondern arbeitet auch direkt mit Spitzensportlern, Trainern und Teams zusammen, um ihnen zu helfen, ihren Erfolg auf dem Platz oder Feld zu verbessern. Boost! nimmt die Lektionen, die er aus der Sportpsychologie gelernt hat, und übersetzt sie für Führungskräfte und Manager in jeder Phase ihrer Karriere. Bar-Eli zeigt, wie jeder diese Lektionen anwenden kann, um Mitarbeiter und Angestellte besser zu unterstützen und zu inspirieren sowie ein nachhaltiges, erfolgreiches Arbeitsumfeld und Geschäft zu schaffen. Boost! schlüsselt die komplexe Verhaltensforschung des "Vorwärtstommens" auf. Durch originelle wissenschaftliche Forschung, einzigartige Fallstudien und Anekdoten aus der Welt des Sports und darüber hinaus erklärt Bar-Eli die psychologischen Grundlagen des menschlichen Verhaltens und wie wir dieses Wissen nutzen können, um größtmöglich erfolgreich zu sein und unsere Karriere und unser Privatleben zu meistern.

Boost!

Chronicles the life of baseball player Derek Jeter, discussing his childhood, struggles in the minor leagues, early days with the Yankees, rivalry with his former best friend A-Rod, rise to the top of the major league, personal relationships, career accomplishments, and other related topics.

The Captain

While young Derek's friendship with a new student puts him at odds with his friends and impacts his baseball swing, he gets in trouble for confronting a student who is bullying his sister, in violation of the contract with his parents.

Hit & Miss

The debut book in the New York Times bestselling Contract series, The Contract is a middle grade baseball novel inspired by the youth of legendary sports icon and role model Derek Jeter. As a young boy, Derek Jeter dreams of being the shortstop for the New York Yankees. He even imagines himself in the World Series. So when Derek is chosen for the Little League Tigers, he hopes to play shortstop. But on the day of the assignments, Derek Starts at second base. Still, he tries his best while he wishes and dreams of that shortstop spot. And to help him stay focused on school, his parents make him a contract: keep up the grades or no baseball. Derek makes sure he always plays his best game—on and off the baseball field! Derek Jeter has played Major League Baseball for the New York Yankees for twenty seasons and is a five-time World Series Champion. He is a true legend in professional sports and a role model for young people both on the field and through his Turn 2 Foundation. Inspired by Derek Jeter's childhood, The Contract is the first book in Derek Jeter's middle grade baseball series, an important part of the Jeter Publishing program, which will encompass adult nonfiction titles, children's picture books, middle grade fiction, Ready-to-Read children's books, and children's nonfiction. For more about Jeter Publishing visit JeterPublishing.com.

The Contract

Most American young people, like their ancestors, harbor desires for a worthy life: a life of meaning, a life that makes sense. But they are increasingly confused about what such a life might look like, and how they might, in the present age, be able to live one. With a once confident culture no longer offering authoritative guidance, the young are now at sea—regarding work, family, religion, and civic identity. The true, the good, and the beautiful have few defenders, and the higher cynicism mocks any innocent love of wisdom or love of country. We are super-competent regarding efficiency and convenience; we are at a loss regarding what it's all for. Yet because the old orthodoxies have crumbled, our “interesting time” paradoxically offers genuine opportunities for renewal and growth. The old Socratic question, “How to live?”, suddenly commands serious attention. Young Americans, if liberated from the prevailing cynicism, will readily embrace weighty questions and undertake serious quests for a flourishing life. All they (and we) need is encouragement. This book provides that necessary encouragement by illuminating crucial (and still available) aspects of a worthy life, and by defending them against their enemies. With chapters on love, family, and friendship; human excellence and human dignity; teaching, learning, and truth; and the great human aspirations of Western civilization, it offers people who are looking on their own for meaning, and as well as to people who are looking to deepen what they have been taught or to square it with the spirit of our time.

Leading a Worthy Life

The 2024 edition of The New York Times Bestselling Guide. **PLAY BALL!** The 29th edition of this industry-leading baseball annual contains all of the important statistics, player predictions and insider-level commentary that readers have come to expect, along with significant improvements to several statistics that were created by, and are exclusive to, Baseball Prospectus, and an expanded focus on international players and teams. Baseball Prospectus 2024 provides fantasy players and insiders alike with prescient PECOTA projections, which The New York Times called “the überforecast of every player’s performance.” With more than 50 Baseball Prospectus alumni currently working for major-league baseball teams, nearly every organization has sought the advice of current or former BP analysts, and readers of Baseball Prospectus 2024 will understand why!

Baseball Prospectus 2024

A day at the beach becomes a lesson in sibling bonding for Gideon in this magical picture book. Every summer, Gideon and his younger sister Audrey build a sandcastle together. But this summer, everything changes. Gideon decides to build the most spectacular sandcastle anyone on the beach has ever seen. And he’s going to do it on his own—without any help from his sister. But much to his surprise, Gideon discovers that building together is more fun and that everyone has their own unique talent when it comes to creativity and imagination, even Audrey.

The Armenian Church

A baseball stadium comes to life in this magical picture book brought to you by legendary sports icon and role model Derek Jeter. Seven-year-old Gideon is overjoyed to be at Yankee Stadium watching his favorite team win! And when the game is over, he’s going to get an autograph from his favorite player. However, Gideon gets separated from his family and then he tumbles into a secret part of the stadium. There he discovers a magical world where everything from the rakes and the hoses to the bats and balls to the food to the monuments in Monument Park has a story to tell. But can Gideon finally find his family and get the autograph he really wants? An enchanting combination of *Night at the Museum* and *Alice in Wonderland*—with a little bit of *Field of Dreams* thrown in for good measure!—this book captures the excitement, wonder, and magic of your first trip to the ballpark!

The Economist

Triumphant wins, gut-wrenching losses, last-second shots, underdogs, competition, and loyalty—it’s fun to be a fan. But when a football player takes a hit to the head after yet another study has warned of the dangers of CTE, or when a team whose mascot was born in an era of racism and bigotry takes the field, or when a relief pitcher accused of domestic violence saves the game, how is one to cheer? Welcome to the club for sports fans who care too much. In *Loving Sports When They Don’t Love You Back*, acclaimed sports writers Jessica Luther and Kavitha A. Davidson tackle the most pressing issues in sports, why they matter, and how we can do better. For the authors, “sticking to sports” is not an

option—not when our taxes are paying for the stadiums, and college athletes aren't getting paid at all. But simply quitting a favorite team won't change corrupt and deplorable practices, and the root causes of many of these problems are endemic in our wider society. An essential read for modern fans, *Loving Sports When They Don't Love You Back* challenges the status quo and explores how we might begin to reconcile our conscience with our fandom.

Day at the Beach

GOLD AWARD WINNER -- Nonfiction Author's Association “'Wise Millennial' is enrapturing, edifying and transporting.” -- Reader's Favorite “An engaging and articulate self-help book, *Wise Millennial* combines personal storytelling and guidance and will resonate with its target generation” -- Clarion Review “Lively, appealing, and instructive; perfectly targeted to the millennial demographic.” -- Kirkus Review Who the hell is Peter Darrow? Health and wellness entrepreneur Peter Darrow thought he had life all figured out. A native of the posh and privileged Upper East Side, the young millennial lived large--attending elite schools, throwing lavish birthday parties, and spending summers in the Hamptons. Then one day his seemingly perfect, polished life came crashing down. Over the course of three hellacious years, his father died, he inherited and burned through a shit-ton of money, his girlfriend dumped him, and his first ever business floundered. One morning he found himself looking in the mirror thinking, Whose life am I living anyway? After thousands of hours of therapy, introspection, and meditation, Peter exchanged entitlement for humility and his parents' worldview for one authentically his own. His tragic crash course in the meaning of life revealed that true wealth and happiness are not found in affluence and privilege but within oneself and within healthy relationships with others. This is his story . . . In this book, you will learn: - What it was like for Peter to grow up in Manhattan's Upper East Side - How to overcome heartbreak when dealing with the loss of a parent, a failed relationship, or an unsuccessful business endeavor - About the grueling stresses of the restaurant industry, and an inside perspective on what it's like to be an owner - The unique world of online dating and how to cultivate more meaningful relationships - How millennials can break free from their parents' outdated values and their self-obsessed egos so they can discover their personal truths and live fulfilling, authentic lives ... and many other fascinating insights from a young, entitled, and privileged human being who now sees the world differently through loss, disappointment, and failure. "A powerful set of ruminations that are likely to hit many millennials of privilege where they live...and help start them on journeys that are likely to be both interesting and useful. *Wise Millennial* gives readers lots to think about." -- Len Schlesinger, President Emeritus-Babson College, Baker Foundation Professor, Harvard Business School "Millennials are given a bad rap--lazy, entitled, generally bad at life. But my generation is so much stronger and wiser than you might think, and *Wise Millennial* proves that! Peter gives an inside take that's alternatively hilarious, poignant, and inspiring for millennials and the people who love them." -- Nicole Lapin, New York Times bestselling author of *Rich Bitch* and *Boss Bitch* "The millennial generation is reminiscent of the baby boom generation: it is already wielding enormous influence over every facet of American culture, society, politics, and economics--and yet, it is poorly if at all understood by the generations that preceded it. In *Wise Millennial*, Peter N. Darrow offers insights based on hard-won personal experience and assiduous academic study that make the thoughts, dreams, wants, and desires of the millennial generation understandable at long last."-- Harry Hurt III, award-winning journalist and author of *Lost Tycoon: The Many Lives of Donald J. Trump*

Derek Jeter Presents Night at the Stadium

Muniowski analyzes the career narratives of eight selected NBA players who rose to prominence after Michael Jordan's second retirement in 1999. Combining a variety of approaches and perspectives, the author highlights how well-known archetypes influence modern-day forms of sports storytelling.

Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Narrating the NBA

From the author and illustrator of *Night at the Stadium* and *Day at the Beach* comes a modern holiday classic about a chipmunk who has to learn the true meaning of Christmas. It is Christmas Eve and Little Chipmunk asks his mother, "What is Christmas, Mama?" His Mama tells him that Christmas is many things and as they walk together through the woods, Little Chipmunk sees badgers decorating their burrow with bright red berries, ducks exchanging holidays greetings on golden leaves, beetles carrying presents on their shiny backs, and geese singing in the winter sky. Each time he asks his mother if this is Christmas, and each time she answers, that yes, this is part of Christmas. Night falls and Little Chipmunk and his Mama snuggle in to sleep. When he wakes up on Christmas morning, he is surprised by the wonderland that greets him: all the world is blanketed in deep snow. And, then, one by one, Chipmunk and his mother see the geese, the badgers, the ducks, and the beetles, as well as some new forest friends—all gathered to celebrate joy and friendship, beauty and wonder, love and kindness—all of what Christmas truly means.

Ebony

This is a book about young men who learned to play baseball during the 1930s and 1940s, and then went on to play for one of the most exciting major-league ball clubs ever fielded, the team that broke the colour barrier with Jackie Robinson. It is a book by and about a sportswriter who grew up near Ebbets Field, and who had the good fortune in the 1950s to cover the Dodgers for the *Herald Tribune*. This is a book about what happened to Jackie, Carl Erskine, Pee Wee Reese, and the others when their glory days were behind them. In short, it is a book fathers and sons and about the making of modern America. 'At a point in life when one is through with boyhood, but has not yet discovered how to be a man, it was my fortune to travel with the most marvelously appealing of teams.' Sentimental because it holds such promise, and bittersweet because that promise is past, the first sentence of this masterpiece of sporting literature, first published in the early '70s, sets its tone. The team is the mid-20th-century Brooklyn Dodgers, the team of Robinson and Snyder and Hodges and Reese, a team of great triumph and historical import composed of men whose fragile lives were filled with dignity and pathos. Roger Kahn, who covered that team for the *New York Herald Tribune*, makes understandable humans of his heroes as he chronicles the dreams and exploits of their young lives, beautifully intertwining them with his own, then recounts how so many of those sweet dreams curdled as the body of these once shining stars grew rusty with age and battered by experience.

Baseball's All-time Best Sluggers

There has been dramatic growth in the development and application of Bayesian inference in statistics. Berger (2000) documents the increase in Bayesian activity by the number of published research articles, the number of books, and the extensive number of applications of Bayesian articles in applied disciplines such as science and engineering. One reason for the dramatic growth in Bayesian modeling is the availability of computational algorithms to compute the range of integrals that are necessary in a Bayesian posterior analysis. Due to the speed of modern computers, it is now possible to use the Bayesian paradigm to fit very complex models that cannot be fit by alternative frequentist methods. To fit Bayesian models, one needs a statistical computing environment. This environment should be such that one can: write short scripts to define a Bayesian model use or write functions to summarize a posterior distribution use functions to simulate from the posterior distribution construct graphs to illustrate the posterior inference An environment that meets these requirements is the R system. R provides a wide range of functions for data manipulation, calculation, and graphical displays. Moreover, it includes a well-developed, simple programming language that users can extend by adding new functions. Many

such extensions of the language in the form of packages are easily downloadable from the Comprehensive R Archive Network (CRAN).

Communication and Sport: Surveying the Field provides students with an understanding of sports media, rhetoric, culture, and organizations through an examination of a wide range of topics. Authors Andrew C. Billings and Michael L. Butterworth address everything from youth to amateur to professional sports through varied lenses, including mythology, community, and identity. A comprehensive focus on communication scholarship gives attention to the ways that sports produce, maintain, or resist cultural attitudes about race, gender, sexuality, class, and politics. The Fourth Edition includes new interviews with prominent figures in the field and new discussions on current events like the Black Lives Matter movement and the COVID-19 pandemic.
