NTC's Dictionary of Everyday American English Expressions

With more than 7,000 up-to-date phrases, this dictionary covers situations from talking to a doctor to ordering a meal, and helps learners communicate personal feelings, and make small talk.

McGraw-Hill's Conversational American English

Learn more than 3,000 English expressions and speak and understand the language easily As a new speaker of English, you may hear some expressions in your daily conversations that you do not understand--yet. McGraw-Hill's Conversational American English will help you learn these expressions, so not only do you know what a person is saying to you, but that you can use the expression yourself! More than 3,000 expressions are organized by theme, so you can find what you are looking for quickly. And each topic is illustrated to further help you understand context. The book features: Common expressions are batched into 350 themes, ranging from general greetings and asking how someone is, to the more specific needs, like showing disbelief, asking someone's intentions, and expressions for a forgotten word or name A comprehensive thematic glossary provides an additional means for the learner to locate expressions by key words and concepts Topics include: Basic Social Encounters, Greetings, Small Talk, Introductions, Ending a Conversation, Good-Byes, Agreeing, Disagreeing Conversational Encounters, Focusing Attention, Launching the Conversation, Making Friends, Complex Matters, Disputes, Discussion and Resolution, Polite Encounters, Prefaces, Communication Barriers

McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs

Learn the language of Nebraska . . .and 49 other states With more entries than any other reference of its kind, McGraw-Hill's Dictionary of American Idioms and Phrasal Verbs shows you how American English is spoken today. You will find commonly used phrasal verbs, idiomatic expressions, proverbial

expressions, and clichés. The dictionary contains more than 24,000 entries, each defined and followed by one or two example sentences. It also includes a Phrase-Finder Index with more than 60,000 entries.

McGraw-Hill's Dictionary of American Slang and Colloquial Expressions

Presents a comprehensive dictionary of American slang and colloquialisms, and contains over twelve thousand terms, the origins of slang, and much more.

NTC's Super-Mini Common American Phrases

Learning everyday expressions is now more convenient for non-native speakers of English thanks to these pocket-size dictionaries. Each is a compact, yet complete and up-to-date, reprint of one of NTC's top-selling ESL titles.

NTC's Super-Mini British Slang Dictionary

Learning everyday expressions is now more convenient for non-native speakers of English thanks to these pocket-size dictionaries. Each is a compact, yet complete and up-to-date, reprint of one of NTC's top-selling ESL titles. This includes rhyming slang (bees and honey for "money"), back slang (eefink for "knife"), and everyday slang expressions such as bangers and mash for "sausages and mashed potatoes".

NTC's American Idioms Dictionary

Completely revised, updated, reorganized, and enlarged with 600 new entries. Essential for writers and learners of American English, it features a unique new format, an appendix of 500 fixed-order phrases--such as "fast and furious"--that cannot be reversed, and a Phrase-Finder Index for easy lookups of even partially remembered phrases.

American Slang Dictionary, Fourth Edition

For the 411 on American slang, this guidebook is the top banana. From "head trip" to "foot in mouth," American Slang Dictionary gives you the complete definitions of thousands of uniquely American words and phrases, ranging from golden oldies such as "catch some rays" and "take the fifth" to more up-to-the-minute coinages like Wall Street's "jonx," the Internet's "ping," and the gangsta's favorite, "shizzle." Inside you'll find more than 12,000 words and expressions from a wide variety of sources, including gangsta rap, the blogosphere, and the U.S. prison system. In a New York minute, you'll be down with the colloquialisms, vulgarities, and substandard English that make everyday interactions in contemporary American life so colorful. BSOD or blue screen of death the blue computer screen that appears after a programming or operational error crunk wild; crazy; out of control kvetch to complain left-handed monkey wrench a nonexistent tool word of mouse a message spread by e-mail

Common American Phrases in Everyday Contexts

Realistic example sentences--provided for each sense of every entry--show how expressions are used in current, everyday American English. Pronunciations and cautionary notes are provided as needed, and a Phrase-Finder Index helps users locate entries quickly.

NTC's Dictionary of American Slang and Colloquial Expressions

Teaching Social Studies to English Language Learners provides readers with a comprehensive understanding of both the challenges that face English language learners (ELLs) and ways in which educators might address them in the social studies classroom. The authors offer context-specific

strategies for the full range of the social studies curriculum, including geography, U.S. history, world history, economics, and government. These practical instructional strategies will effectively engage learners and can be incorporated as a regular part of instruction in any classroom. An annotated list of web and print resources completes the volume, making this a valuable reference to help social studies teachers meet the challenges of including all learners in effective instruction. Features and updates to this new edition include: • An updated and streamlined Part 1 provides an essential overview of ELL theory in a social studies specific-context. • "Teaching Tips" offer helpful suggestions and ideas for creating and modifying lesson plans to be inclusive of ELLs. • Additional practical examples and new pedagogical elements in Part 3 include more visuals, suggestions for harnessing new technologies, discussion questions, and reflection points. • New material that takes into account the demands of the Common Core State Standards, as well as updates to the web and print resources in Part 4.

Teaching Social Studies to English Language Learners

A prescriptive guide to restoring cognitive calm, based on Amen Clinics chief psychiatrist Dr. Joseph Annibali's three decades of treating patients who suffer from overloaded, overstimulated brains. Dr. Joseph Annibali has treated thousands of people with overloaded, overstimulated brains. Some people describe their brain as being "in chaos"; others feel that their brain is "on fire." But whether they are ultimately diagnosed with anxiety, disabling OCD, depression, bipolar disorder, or even substance abuse, the underlying problem is a Too-Busy Brain, a great irritant that interferes with attention, concentration, focus, mood, and often much more. It may even be a sign of undetected damage to either the brain or the body itself. But through practical strategies, understandable explanations, and prescriptive mind-management techniques, Dr. Annibali will help readers finally reclaim their brains and get back in control of their lives.

Reclaim Your Brain

Since 1995, more than 150,000 students and researchers have turned to *The Craft of Research* for clear and helpful guidance on how to conduct research and report it effectively. Now, master teachers Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams present a completely revised and updated version of their classic handbook. Like its predecessor, this new edition reflects the way researchers actually work: in a complex circuit of thinking, writing, revising, and rethinking. It shows how each part of this process influences the others and how a successful research report is an orchestrated conversation between a researcher and a reader. Along with many other topics, *The Craft of Research* explains how to build an argument that motivates readers to accept a claim; how to anticipate the reservations of thoughtful yet critical readers and to respond to them appropriately; and how to create introductions and conclusions that answer that most demanding question, "So what?" Celebrated by reviewers for its logic and clarity, this popular book retains its five-part structure. Part 1 provides an orientation to the research process and begins the discussion of what motivates researchers and their readers. Part 2 focuses on finding a topic, planning the project, and locating appropriate sources. This section is brought up to date with new information on the role of the Internet in research, including how to find and evaluate sources, avoid their misuse, and test their reliability. Part 3 explains the art of making an argument and supporting it. The authors have extensively revised this section to present the structure of an argument in clearer and more accessible terms than in the first edition. New distinctions are made among reasons, evidence, and reports of evidence. The concepts of qualifications and rebuttals are recast as acknowledgment and response. Part 4 covers drafting and revising, and offers new information on the visual representation of data. Part 5 concludes the book with an updated discussion of the ethics of research, as well as an expanded bibliography that includes many electronic sources. The new edition retains the accessibility, insights, and directness that have made *The Craft of Research* an indispensable guide for anyone doing research, from students in high school through advanced graduate study to businesspeople and government employees. The authors demonstrate convincingly that researching and reporting skills can be learned and used by all who undertake research projects. New to this edition: Extensive coverage of how to do research on the internet, including how to evaluate and test the reliability of sources New information on the visual representation of data Expanded bibliography with many electronic sources

The Craft of Research, 2nd edition

Is English changing? To what degree is it changing? Is this change good or bad? In answering these questions, *Is English Changing?* provides a lively and concise introduction to language change,

refuting commonly held misconceptions about language evolution as we understand it. Showing that English, like all living languages, has historically changed and continues to change, this book: analyzes developments in the lexicon, the way words are spoken or written, and the way in which speakers and writers use words; offers a basic overview of the major subfields of linguistics, including phonetics, morphology, syntax, semantics, pragmatics, and sociolinguistics, all viewed through the prism of language change; discusses change over time with examples from Old English, Middle English, and Modern English; reinforces important concepts with examples from other languages, including Spanish, Japanese, and Czech; clearly defines key terms and includes advice on rules, usage, and style, as well as ample annotated further reading and activities throughout. Aimed at undergraduate students with little or no prior knowledge of linguistics, this book is essential reading for those studying this topic for the first time.

Is English Changing?

Teaching Social Studies to English Language Learners provides readers with a comprehensive understanding of both the challenges that face English language learners (ELLs) and ways in which educators might address them in the social studies classroom. The authors offer context-specific strategies for the full range of the social studies curriculum, including geography, U.S. history, world history, economics, and government. These practical instructional strategies will effectively engage learners and can be incorporated as a regular part of instruction in any classroom. An annotated list of web and print resources completes the volume, making this a valuable reference to help social studies teachers meet the challenges of including all learners in effective instruction. Teaching Social Studies to English Language Learners

Although proficiency in vocabulary has long been recognized as basic to reading proficiency, there has been a paucity of research on vocabulary teaching and learning over the last two decades. Recognizing this, the U.S. Department of Education recently sponsored a Focus on Vocabulary conference that attracted the best-known and most active researchers in the vocabulary field. This book is the outgrowth of that conference. It presents scientific evidence from leading research programs that address persistent issues regarding the role of vocabulary in text comprehension. Part I examines how vocabulary is learned; Part II presents instructional interventions that enhance vocabulary; and Part III looks at which words to choose for vocabulary instruction. Other key features of this timely new book include: *Broad Coverage. The book addresses the full range of students populating current classrooms--young children, English Language Learners, and young adolescents. *Issues Focus. By focusing on persistent issues from the perspective of critical school populations, this volume provides a rich, scientific foundation for effective vocabulary instruction and policy. *Author Expertise. Few volumes can boast of a more luminous cast of contributing authors (see table of contents). This book is suitable for anyone (graduate students, in-service reading specialists and curriculum directors, college faculty, and researchers) who deals with vocabulary learning and instruction as a vital component of reading proficiency.

Teaching and Learning Vocabulary

Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Library Journal

The book is arranged alphabetically from Academic English to Zelasko, Nancy.

Encyclopedia of Bilingual Education

Global English Slang brings together nineteen key international experts and provides a timely and essential overview of English slang around the world today. The book illustrates the application of a range of different methodologies to the study of slang and demonstrates the interconnection between the different sub-fields of linguistics. A key argument throughout is that slang is a function played by specific words or phrases rather than a characteristic inherent in the words themselves- what is slang in one context is not slang in another. The volume also challenges received wisdom on the nature of slang: that it is short-lived and that slang is restricted to verbal language. With an introduction by editor Julie Coleman, the topics covered range from Inner City New York slang and Hip Hop Slang to UK student slang and slang in Scotland. Authors also explore slang in Jamaica, Australia, New Zealand, India and Hong Kong and the influence of English slang on Norwegian, Italian and Japanese. A final section looks at slang and new media including online slang usage, and the possibilities offered by the internet to document verbal and gestural slang. Global English Slang is an essential reference for advanced undergraduates, postgraduates and researchers working in the areas of lexicology, slang and World Englishes.

Longman Dictionary of American English

This book is designed to enhance written and spoken English of readers. Besides, the book will be of immense help to almost everyone engaged in the pursuit of knowledge-- schoolchildren, college students, parents, teachers and professionals. the 2,000 phrases and sentences in this book highlight the rich tapestry of expressions in the English language. Many words and phrases have intriguing meanings that may not be apparent or register at first glance. Some words have contrasting meanings in different situations. Yet others are just the opposite of what the word or sentence seems to suggest! the book is categorised into 12 segments that classify sentences into various types. This facilitates the reader's search for the correct sentence in specific scenarios and the book can be used as a reference guide to find the right sentence, much like a dictionary is used for words.

2000 English Phrases and Sentences

Almstedt shares her personal story of how she connected with the Divine and shows how to use these powerful and graceful symbols in healing. Drawings of 88 symbols and the channeled messages are included, as well as personal healing stories.

Practice Makes Perfect: Basic English, Premium Third Edition

The 3rd Edition of Literacy & Learning in the Content Areas helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping/webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also learn how to integrate children's and young adult literature, primary sources, biographies, essays, poetry, and online content, communities, and websites into their classrooms. Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to students' content area learning. Author Sharon Kane demonstrates how relevant reading, writing, speaking, listening, and visual learning activities can improve learning in content area subjects and at the same time help readers meet national content knowledge standards and benchmarks.

Literacy and Learning in the Content Areas

Core Concepts of Marketing is a brief, paperback introduction to marketing principles that leads students to the marketing strategies and tools that practitioners use to market their products. It emphasizes how the various marketing areas work together to create a cohesive strategy.

Core Concepts of Marketing

This book focuses on how to effectively integrate the teaching and learning of visual and media literacies in K-12 and higher education. Not only does it address and review the elements and principles of visual design but also identifies, discusses and describes the value of media in learning diverse and challenging content across disciplines. Finally, this book provides a balanced treatment of how visual and media literacies support deep content learning, student engagement, critical thinking, creativity, problem solving, and production.

Essentials of Teaching and Integrating Visual and Media Literacy

The Marketing Book is everything you need to know but were afraid to ask about marketing. Divided into 25 chapters, each written by an expert in their field, it's a crash course in marketing theory and practice. From planning, strategy and research through to getting the marketing mix right, branding, promotions and even marketing for small to medium enterprises. This classic reference from renowned professors Michael Baker and Susan Hart was designed for student use, especially for professionals taking their CIM qualifications. Nevertheless, it is also invaluable for practitioners due to its modular approach. Each chapter is set out in a clean and concise way with plenty of diagrams and examples, so that you don't have to dig for the information you need. Much of this long-awaited seventh edition contains brand new chapters and a new selection of experts to bring you bang up to date with the latest in marketing thought. Also included are brand new content in direct, data and digital marketing, and social marketing. If you're a marketing student or practitioner with a question, this book should be the first place you look.
