"Four Dances" for Guitar Trio (Score) is an exquisite collection of dance compositions arranged for guitar trio by the talented Matteo Rigotti. With a focus on ensemble play as a crucial moment for socialization and skill development in instrumental learning, the author emphasizes the importance of each musician's contribution and the synergy of their combined abilities. Rigotti has skillfully reduced complex orchestral scores to create arrangements that maintain the original form without compromising their essence. At the same time, he has struck a delicate balance between the inherent difficulty of the pieces and the skill level of the students for whom they are intended. In addition to the musical scores, the file includes informative pages in 10 different languages: English, French, German, Spanish, Italian, Portuguese, Korean, Japanese, and Chinese. These translations provide readers with deep insights into the music and its cultural significance, promising a comprehensive and culturally rich experience for musicians worldwide. The selection includes Brahms' "Hungarian Dance No. 5," Bizet's "Habanera," Tchaikovsky's "Trépak," and Ponchielli's "Dance of the Hours," offering a satisfying journey through ensemble music. Guitar 3 part of Four Dances for Guitar trio

Obra essencial para músicos, historiadores e pesquisadores, em sua segunda edição, revista e ampliada, apresenta a primeira biografia musical do visconde de Taunay, do ponto de vista histórico e musicológico, e retrata, em outro texto, o aspecto especial que a música adquiriu no Segundo Reinado. A presença da mulher é valorizada em dois capítulos: Vozes Negras Femininas e Mulheres Compositoras. Traz ainda estudos sobre a Carmen de Bizet, analisando seu contexto social e comportamental. No campo mais teórico, a importância e o significado do silêncio na música e a controversa relação de cor e som mereceram especial atenção, com base em dados da História, Fisiologia, Física e Psicologia. O autor nos transporta ao momento histórico no qual viveram os personagens retratados, tamanha a riqueza de detalhes e a mestria do estilo, que nos leva a desejar conhecer cada um deles com mais profundidade.

Transnational Italian Studies is specifically targeted at a student audience and is designed to be used as a key text when approaching the disciplinary field of Italian studies. It allows the study of Italian culture to be construed and practised not simply as the inquiry into a national tradition but as the study of the interaction of cultural practices both within Italy itself and in those parts of the world that have witnessed the extent of Italian mobility. The text argues that Italian culture needs to be considered in a transnational/transcultural perspective and that an understanding of linguistic and cultural translation underlies all approaches to the study of Italian culture in a global context. Contributions deploy a range of methodological approaches to understand and illustrate how language operates, how culture inhabits and constitutes public and private space, how notions of time operate within people's lives, and the multiple ways in which people experience a sense of personhood. Chapters stretch from the medieval period to the present and demonstrate how transnational Italian culture can be critically addressed through the examination of carefully chosen examples.
