Chronos has the power to see the future, and that's the future Chronos foresees. All she wants is to get a good night's sleep, so she decides to have a simple conversation with the fated ringleader in hopes that it will set that horrible future straight. But Kendra is not an easy person to convince. Kendra wants to save the world. And if she has to cram that down the world's throat, well, so be it. To Prevent Chic Costumes Chronos doesn't want to be a villain. She also doesn't want a houseguest. Unfortunately for her, Kendra is insisting on both, and the former magical girl will not listen to reason. In desperation, Chronos goes to the one person

she trusts least for help: Her sister, Rhea. Rhea, who is a fashion designer for villains. Rhea, whose favorite hobby is corrupting magical girls. Big Book of Christmas Novels, Tales, Legends & Carols (Illustrated Edition)

Tanya is no ordinary girl. She can see fairies. But not the fairies we imagine. Evil fairies who cast spells on her, rousing her from her sleep and propelling her out of bed. At wit's end with her daughter's inexplicable behavior, Tanya's mother sends her away to live with her grandmother at Elvesden Manor, a secluded countryside mansion on the outskirts of a peculiar Essex town. There is plenty to explore, as long as Tanya stays away from Hangman's Wood- a vast stretch of forest, full of catacombs and notorious for people losing their lives. Fifty years ago a girl vanished in the woods, a girl Tanya's grandmother will not speak of. As Tanya learns more about this girl, she finds herself dangerously close to vanishing into the fairy realm forever. Debut author Michelle Harrison weaves an intricate mystery into a beautiful and haunting fantasy that captures a rich world of fairy lore where only the color red can offer protection.

'WONDERFUL. ONE NEVER MESSES WITH THE FAERIES' Melanie Reid, The Times 'AN ABSOLUTE TRIUMPH' Sarah Haywood, author of The Cactus 'EXTRAORDINARILY VIVID' Michelle Gallen, author of Big Girl Small Town A spellbinding novel combining Scottish folklore with hidden history, by the Sunday Times bestselling author Sally Magnusson. Loch Katrine waterworks, 1856. A Highland wilderness fast becoming an industrial wasteland. No place for a lady. Isabel Aird is aghast when her husband is appointed doctor to an extraordinary waterworks being built miles from the city. But Isabel, denied the motherhood role that is expected of her by a succession of miscarriages, finds unexpected consolations in a place where she can feel the presence of her unborn children and begin to work out what her life in Victorian society is for. The hills echo with the gunpowder blasts of hundreds of navvies tunnelling day and night to bring clean water to diseased Glasgow thirty miles away - digging so deep that there are those who worry they are disturbing the land of faery itself. Here, just inside the Highland line, the membrane between the modern world and the ancient unseen places is very thin. With new life quickening within her again, Isabel can only wait. But a darker presence has also emerged from the gunpowder smoke. And he is waiting too. Inspired by the mysterious death of the seventeenth-century minister Robert Kirke and set in a pivotal era two centuries later when engineering innovation flourished but women did not, The Ninth Child blends folklore with historical realism in a spellbinding narrative. *PRAISE FOR THE SEALWOMAN'S GIFT* 'I enjoyed and admired it in equal measure' Sarah Perry 'An extraordinarily immersive read' Guardian 'Richly imagined and energetically told' Sunday Times 'An epic journey' Zoe Ball Book Club

Magical Mayhem Books 1-3 Omnibus

Nearly a hundred years had passed by since Giotto lived and worked in Florence, and in the same hilly country where he used to tend his sheep another great painter was born. Many other artists had come and gone, and had added their golden links of beauty to the chain of Art which bound these years together. Some day you will learn to know all their names and what they did. But now we will only single out, here and there, a few of those names which are perhaps greater than the rest. Just as on a clear night, when we look up into the starlit sky, it would bewilder us to try and remember all the stars, so we learn first to know those that are most easily recognised--the Plough, or the Great Bear, as they shine with a clear steady light against the background of a thousand lesser stars. The name by which this second great painter is known is Fra Angelico, but that was only the name he earned in later years. His baby name was Guido, and his home was in a village close to where Giotto was born. He was not a poor boy, and did not need to work in the fields or tend the sheep on the hillside. Indeed, he might have soon become rich and famous, for his wonderful talent for painting would have quickly brought him honours and wealth if he had gone out into the world. But instead of this, when he was a young man of twenty he made up his mind to enter the convent at Fiesole, and to become a monk of the Order of Saint Dominic. Every brother, or frate, as he is called, who leaves the world and enters the life of the convent is given a new name, and his old name is never used again. So young Guido was called Fra Giovanni, or Brother John. But it is not by that name that he is known best, but that of Fra Angelico, or the angelic brother--a name which was given him afterwards because of his pure and beautiful life, and the heavenly pictures which he painted. With all his great gifts in his hands, with all the years of youth and pleasure stretching out green and fair before him, he said good-bye to earthly joys, and chose rather to serve his Master Christ in the way he thought was right....
