Rougarou III

Young people have been disappearing from their homes in Saint Anthony Parish, Louisiana, for years. However, now that both Jonathan and Rafael are dead and thrown into hell, there should be no more danger. Except, Lawrence Hindel is not about to forget it was Detectives Hays and Olivier' who helped make this happen. Now the only focus on Lawrence Hindel's mind is the young son of Jack Olivier' whose fault it is that Jonathan has not been reborn back onto this plane. Evil will always find a way to extract payment for what it believes is its just due. Especially when that evil lives in the body of a Rougarou. Killing the Rougarou

On Friday the thirteenth of October, a five-year-old girl named James meets a monster at the Shreveport Holiday Inn. Now, there are those in southern Louisiana who believe in the legend of the rougarou—a werewolf that prowls the bayou. Others think the monster is nothing more than a Cajun tall tale. The Gauthier family, though, knows true evil exists. Matthew Gauthier, his wife, and their four kids are a family built on love and pride, but their shared happiness is shattered that terrible Friday in October after attending the Louisiana State Fair. They move on in the aftermath, even James, who grows into a great beauty is always fearful of what hides in the night. It is James's loveliness that initially attracts rural Texas boy Charles "Cat" Thomas when they meet years later. It is her fragile nature—reminding him of his own tragic family history—that makes Cat want to protect this shy, secretive, young woman. Loving James comes at a terrible price, though, because the rougarou is still out there watching.

Book of Death

They live among us. We know they are there. No government can control them; no authority can stop them. Some are evil. Some are good. All are powerful. They inhabit our myths and fairy tales. But what if they were real, the witches, wizards, and fairy godmothers? What if they were called "adepts" and were organized into guilds for mutual protection and benefit? And what if some of them discovered a power that other adepts could not match. During the turbulent 1960s, when American adept Peter Branton agrees to go to Transylvania for the CIA, he suspects it's not about ball bearings as he was told. What he finds is a plot that could kill millions of people and plunge the world into eternal tyranny and bloodshed. Branton doesn't know it, but he's about to face the adept guilds' worst nightmare: practicing necromancers with a taste for human blood. "An adventure spanning 500 years, written in Townsend's impactful style, that will keep you guessing." -- Judith Ann McDowell Author of Rougarou, Rougarou II and The Devil's Child: Rougarou III.

The Devil's Playground

A fascinating survey of the entire history of tall tales, folklore, and mythology in the United States from earliest times to the present, including stories and myths from the modern era that have become an essential part of contemporary popular culture. Folklore has been a part of American culture for as long as humans have inhabited North America, and increasingly formed an intrinsic part of American culture as diverse peoples from Europe, Africa, Asia, and Oceania arrived. In modern times, folklore and tall tales experienced a rejuvenation with the emergence of urban legends and the growing popularity of science fiction and conspiracy theories, with mass media such as comic books, television, and films contributing to the retelling of old myths. This multi-volume encyclopedia will teach readers the central myths and legends that have formed American culture since its earliest years of settlement. Its entries provide a fascinating glimpse into the collective American imagination over the past 400 years through the stories that have shaped it. Organized alphabetically, the coverage includes Native American creation myths, "tall tales" like George Washington chopping down his father's cherry tree and the adventures of "King of the Wild Frontier" Davy Crockett, through to today's "urban myths." Each entry explains the myth or legend and its importance and provides detailed information about the people and events involved. Each entry also includes a short bibliography that will direct students or interested general readers toward other sources for further investigation. Special attention is paid to African American folklore, Asian American folklore, and the folklore of other traditions that are often overlooked or marginalized in other studies of the topic.

American Myths, Legends, and Tall Tales [3 volumes]

"Lean back into Louisiana lore with an earful of New Orleans jazz and a bellyful of Cajun cuisine. But when the music dies down and the lights flicker out, hushed conversations bleed into the darker mysteries of the Pelican State. Storied outlaws like John Murrell, Eugene Bunch and Leather Britches Smith steal into the room. Voodoo priestesses Marie Laveau and Julia Brown are already there, along with the Phantom Whistler and the Axeman of New Orleans. Folklorist Alan Brown educates and entertains with tales of the unseemly, bizarre and otherworldly, like the legends of the Rougarou, the Lutin and the Honey Island Swamp Monster."--Back cover.

The Lafourche Country

SOON TO BE A MAJOR MOTION PICTURE SLATED FOR PRODUCTION IN 2018: Rural Louisiana country life is peaceful, idyllic, and sanguine. One bucolic town leads to another in an endless series of southern country life. Yet beneath the tranquil surface lies another story. A story of the south which hasn't been told only hinted at. As 26 -year -old Jody stands on the cracked, aged driveway of his childhood home, a black mass settles itself on his chest. A sense of fear is manifesting around the edges of his psyche as unmentioned memories flood back to the last time he stood on this spot years ago. There is an empty space where the trailer once stood. The place he called home; thought of as his refuge together with his mother and younger brother, but all was ripped apart along with the innocence of childhood. Growing up in the late eighties and early nineties in the small town of Hammond, Louisiana, with his best friend Jack, was full of wonderful memories. Their lives on Rhine Road are typical for boys their age. Time is spent playing in the woods, shooting pellet guns, blowing up mailboxes, fighting at school and the beginnings of interests in girls. Their lives are what you would expect from children with no responsibilities or worries beyond the next pop-quiz or getting to second base. As they grow older together and experience the joys and pains of life, love, family and friendship, they discover a meddlesomeness borne of lazy summer days, boredom and childhood rebellion. Through idle curiosity, they stumble upon something horrific in the woods one evening and their lives quickly take a turn. They soon become hunted by an unspeakable evil and the hunting ground was home.
