Critical Race Theory

They Actually Reflected What People Thought the Relationships Ought To Be and Quite Often because of What We're Recognizing Now Is They Were Grounded in a Colonial Vision They Were Grounded in a Notion of Racial Hierarchy and They Are It They Are Infused with It in Many Many Ways So Even When the Cases Don't Talk about Race Even When the Parties Are Not Specifically Racialized There Is a Way in Which a Particular World Order Is Embodied in the Skin in the Rules That They Are Expounding So for Example We Could Take the Rule of First Possession the Rule of First Possession

There Is a Way in Which a Particular World Order Is Embodied in the Skin in the Rules That They Are Expounding So for Example We Could Take the Rule of First Possession the Rule of First Possession and Property Is One That We Sort Of Think of as Coming to Us from English Common Law but if We Stop and Think about Who Were the Actual First Possessors of the Property and the Ground upon Which We Stand We Can See that that Rule of First Possession Had a Big Carve out It Didn't Mean Indigenous People Even though They Were the First Possessors

' Sa Practicum notwithstanding What We Said about Practice and and Theory We Have a Place in the Curriculum That's Marked as a Practice Experience and It's Precisely in that Space As Well as the Others That We Trouble this Line and Today We'll Talk about How She Does It in Her Own Course and Finally There's a Writing Requirement Where We Gives Us an Opportunity To Articulate in Scholarly Terms Their Sense of Their Anti-Racist World Their Sense of Doctrinal Rearticulation so that's Roughly the Way the Curriculum Is Structured To Get Students To Engage All the Issues That We Just Explored and To Take that with Them to Whatever Practice Context in Which They Find Themselves Thank You and Tendayi this Is a Great Place I Think To Bring In Your Own Work in Clinical Education and and Sort Of Allow Us To Put a Spotlight on that

But It's the Ways in Which those Engagements Fundamentally Shape the Way Students Understand Their Role as Lawyers the Complicity of Law and Producing Violations while Also Giving Them the Kinds of Skills That They Will Be Able To Transfer You Know once They Graduate and So the Thing That I Think Makes Us Work Exciting Is Again Resistance of this Idea that There's a World of Theory and a World of Praxis but Rather Saying that in every Act of Lawyering There Is a Theory of Change a Theory of Law a Theory of Justice That Is at Work How Do We Interrogate that in Ways That Undo Structures of Racial Subordination

As a Project That We'll Have that Is both Going To Have To Be within Particular Kind of Institutional Forms and It's Going To Have To Challenge those Institutional Forms and the Reason I Say that Is the Process of Truth and Reconciliation in the South African Context Has Been Deeply Problematic and Limited in Terms of What It Actually Delivered and I'm Not Saying that To Say that It Had no Value I Would Not Say that but the Literature on this Is Actually Pretty Clear As Well as the Experience of People on the Ground about the Parameters of that Institutional Framework What Got Set outside of It What Was Permitted within It and the Ways in Which There Was a Problematic

It's Going To Require the Kind of Self-Examination That Most Institutions Have Resisted What We Have Tended To Have Is a Pitch to as I Say some Sort of Legal Reform and Then Retreat Back into the Same Structural Position I'll Just Add Very Quickly Ooh What Cheryl and Hyundai I Said Made It Very Easy for Me It Seems to Me that in some Ways the Reconciliation Move Might Be the Easy One To Make that Is To Say I Am Interested in Knowing What the Predicates for Reconciliation Move Might Be Concretely

I Was Reading some some Work and and Speaking to People There Who Were Talking about Indigenous Approaches to Thinking about Transitioning in these Kinds of Contexts Might Actually Be a Better Place To Begin To Think about What Kind of Mechanism We Want and this I Think Is a Challenge to Lawyers To Think about How Our Very Kind of Ways of Understanding and Framing the Problems Themselves Are Steeped in the Structures We're Trying To Undo and Part of the Challenge Might Be Again Finding Completely Different Epistemic Sources for Thinking about What these Mechanisms Might Look like

Because It Goes to the Question of How Do We Think about the Existing Racial Baseline if We Think about the Existing Racial Baseline as Being One in Which Everyone Is Relatively Equal Then Taking Race into Account Obviously Is Constitutes some Kind of Preference but if We Think about the Existing Racial Baseline as Being Asymmetric and Structurally Unequal Then Taking Race into Account Becomes a Necessary Way of Doing any Kind of Meaningful Repair Now Admittedly the

Supreme Court's Interpretation of Affirmative Action Has Pretty Much Watered that Down It Has Only Allowed for Consideration of a Firm of Action in Service of Diversity

She Received a Ba from Smith College and an Ms and Education and Administration from Bank Street College since Then She's Frequently Lived Abroad Mostly in Asia and Then When in America in Princeton in New York City in 1988 Nancy Moved to Houston To Become the Third Executive Director of the Texas Center of the Asia Society in 2003 She Was Awarded the Ywca Outstanding Women of Achievement Award Nancy Halls Thank You Carl It's Always a Pleasure To Work with Carl and with Brazos Bookstore and I Congratulate Them on 30 Years as You Must Have Known You Know They'Re a Very Important Part of Our Community

So Much of What It Means To Be an Indian Has Emerged from His Own Evocation of Indian Nationalism That I Thought that Here Are the Beginning of the 21st Century To Look Back on this 20th Century Life and Study Its Legacy Would Be a Worthwhile Endeavor so this Is the Book That Tells You the Story of the Life Whole but Ends with a Concluding Chapter That Summarizes the Legacy and and Tries To Place Narrows Life in Context for Readers after Day It's Not a Scholarly Book There's Practically Not a Footnote in It like My Other Nonfiction

It's Better that I Talk about and Then Read from It I Will Read One Small Portion Just To Help Set the Tone for the Evening and that Is from the Beginning of the Book because as a Novelist I Couldn't Resist the Beginning with a Story and and I Think that's What I'll Read to You before I Talk about Niro and His Life this Is Our Chapter One Begins in January 1889 or So the Story Goes Motilal Nehru a 27 Year Old Lawyer from the North Indian City of Allahabad Travelled To Rishikesh a Town Holy to Hindus Up in the Foothills of the Himalayas on the Banks of the Sacred River Ganga the Ganges Motilal

And that all They Were Doing Was To Give Contemporary Political Expression to the Longing for Freedom and Self-Determination of the Indian People so It's Not in that Sense that I Mean My Subtitle

but Rather in the Sense of How these Particular Pillars Have Contributed to a Notion of India of Indian Asst that in Many Ways Left aa Long Lasting Stamp on India That Is Only Now as I Said Earlier Being Transformed So Let Me Take each of these in Turn because these Are I Think the Most Interesting Parts of the Legacy Democracy First of all

These Particular Pillars Have Contributed to a Notion of India of Indian Asst that in Many Ways Left aa Long Lasting Stamp on India That Is Only Now as I Said Earlier Being Transformed So Let Me Take each of these in Turn because these Are I Think the Most Interesting Parts of the Legacy Democracy First of all and I Think What's Extraordinary about the Fact that that Neru Achieved So Much in Building the Institutions of Democracy in India Is that He Could So Easily Have Gone the Other Way So Many Nationalist Heroes in So Many Developing Countries Post-Colonial Countries Have Written to Power as the Heroes of the People

And I Think What's Extraordinary about the Fact that that Neru Achieved So Much in Building the Institutions of Democracy in India Is that He Could So Easily Have Gone the Other Way So Many Nationalist Heroes in So Many Developing Countries Post-Colonial Countries Have Written to Power as the Heroes of the People and Then Converted Themselves into Autocrats Tyrants Dictators Usually Saying that of Course the Challenges before Them and Required a Firm Hand and Narrow Had every Excuse Available to Him He Had Not Only the Horrors of Partition the Birth of India in Blood and Flame When a Million People Were Killed in 30 Million Displaced in the Partition of the Country from India into India and Pakistan

He Made It a Point To Shop Only at Shops Owned by Jewish Shopkeepers To Signal His Private Rejection His Personal Rejection of the Regime Death That Rule the Country Had no Choice but To Be and because His Wife Was Dying There or To Give You another Example You Know that in those Days You Had no Long-Distance Flights Planes Had To Stop for Refueling He Was Coming Back from Europe Once and His Plane Had To Stop in Rome and Mussolini Sent an Envoy To Say Come In and Meet Me I'll Be Glad To Receive You this Great Sort of Nationalist Hero from India

You Know that in those Days You Had no Long-Distance Flights Planes Had To Stop for Refueling He Was Coming Back from Europe Once and His Plane Had To Stop in Rome and Mussolini Sent an Envoy To Say Come In and Meet Me I'll Be Glad To Receive You this Great Sort of Nationalist Hero from India and a Petty a Man Might Have Thought What a Great 22 You Know Stick a Thumb in the Noses of the British Now Go and Do that Not Narrow He Said Unequivocally that the Fascist Dictator of Italy Stands for Nothing That I Value in My Political Principles

I Will Not Shake His Hand and though It's Plain Stopped He Didn't Leave the Airport He Didn't Go and Meet Mussolini in Rome and that's the Way in Which Narrow Approached World Affairs and so He Saw India Coming to Independence in a Position To Articulate a Principled and Moral View in this Very Cynical World that He Had Grown Up in of Two World Wars the Holocaust Hiroshima Genocide Everything That You Had Seen in the in the Process of His Adulthood He Wanted To Reject and Stand for Something Different Now the Result Was Mixed Again on the One Hand It Contributed a Great Deal to India Stature on the World Stage Particularly in the 1950s

The Pillar of Secularism

Lesson of Democracy

Winston Churchill's Attitude of Indian Nationalism
