Low high and reverse are on the auxiliary box. 5 reverse gears to choose from.

The trailer is a 1960s Carley framed dump. It was shortened because the boss thought it was going to tip over...

I often hauled dried washout from concrete plants with this truck. It did an okay job but was extremely

slow. 50mph was about all it would do and it took FOREVER to get there
With the aux box in neutral I have 5 speeds I can run the PTO at. I usually run it in 5th gear and raise the bed just above idle RPM.

The trailer had not been used for years. All the brake shoe pins were completely rusted to the shoes
