Black Dawn

With its eclectic mix of vampire and human citizens, Morganville, Texas, has always been a risky place to call home. But with the invasion of the vampire's deadliest enemy, Morganville isn't just in danger—it's dying... Ever since the draug—mysterious creatures that prey on vampires—took over Morganville, the lives of student Claire Danvers and her friends have been thrown into turmoil. Most of the town's

residents have evacuated, but Claire, Shane, Eve and Michael have chosen to stay and fight. Using the city's water system to spread, the draug have rapidly multiplied. Things in Morganville look grim, especially since vampire Amelie—the town founder—has been infected by the master draug's bite. Now, if Claire and her friends don't figure out how to cure Amelie and defeat the draug, it looks like Morganville will become little more than a ghost town...

Black Dawn

Something drastic has happened in Morganville while Claire and her friends were away. The town looks cleaner and happier than they've ever seen it before, but when their incoming group is arrested and separated—vampires from humans—they realize that the changes definitely aren't for the better. It seems that an organization called the Daylight Foundation has offered the population of Morganville something they've never had: hope of a vampire-free future. And while it sounds like salvation—even for the vampires themselves—the truth is far more sinister and deadly. Now, Claire, Shane and Eve need to find a way to break their friends out of Daylighter custody, before the vampires of Morganville meet their untimely end.

Daylighters

Thanks to its unique combination of human and vampire residents, Morganville, Texas, is a small college town with big time problems. When student Claire Danvers gets the chance to experience life on the outside, she takes it. But Morganville isn't the only town with vampire trouble... Claire never thought she'd get to leave Morganville, but she can't pass up the chance to finally attend her dream school, MIT. After all, getting to invent anti-vamp devices with Professor Anderson—a Morganville exile herself—sounds like a dream come true...until Claire realizes that there are sinister forces in play, and she's not the only one with a vampire-related agenda. Without her friends Shane, Eve and Michael, surviving a killer schedule may be hard...but with them, it might turn out to be impossible.

The Morganville Vampires Collection

Welcome to Morganville. Just don't stay out after dark. Morganville is a small town filled with unusual characters - when the sun goes down, the bad come out. In Morganville, there is an evil that lurks in the darkest shadows - one that will spill out into the bright light of day. For Claire Danvers, high school was hell, but college may be murder. It was bad enough that she got on the wrong side of Monica, the meanest of the school's mean girls, but now she's got three new roommates, who all have secrets of their own. And the biggest secret of all isn't really a secret, except from Claire: Morganville is run by vampires and they are hungry for fresh blood . . . 'Thrilling, sexy, and funny! These books are addictive. One of my very favourite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series.

Glass Houses

Morganville. Texas. Just south of normal. In the college town of Morganville, vampires and humans coexist in (relatively) bloodless harmony. Then comes Bishop, a master vampire who threatens to abolish all order, revive the forces of the evil dead, and let chaos rule. But Bishop isn't the only threat. Violent black clouds promise a storm of devastating proportions. As student Claire Danvers and her friends prepare to defend Morganville against the elements - both natural and unnatural - the unexpected happens: Morganville's vampires begin to vanish one by one. Discovering why leads Claire to one last choice: swear allegiance to Bishop . . . or die. 'Thrilling, sexy and funny! These books are addictive. One of my very favourite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series.

Lord of Misrule

Morganville is such a nice place to live . . . And die. If you don't mind that sort of thing. When Claire Danvers learnt that her college town was run by vampires, she did what any intelligent, self-preserving student would do: she applied for a transfer and stocked up on garlic. The transfer is no longer an option, but that garlic may come in handy. Now Claire has pledged herself to Amelie, the most powerful vampire in town. The protection her contract secures does little to reassure her friends. All of a sudden, people are turning up dead, a stalker resurfaces from Claire's past, and an ancient bloodsucker extends a chilling invitation for private lessons in his secluded home. 'Thrilling, sexy, and funny! These books are addictive. One of my very favorite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series.

Midnight Alley

For years, the human and vampire residents of Morganville, Texas, have managed to co-exist in peace. But now that the threat to the vampires has been defeated, the human residents are learning that the gravest danger they face is the enemy within... Thanks to the eradication of the parasitic creatures known as the draug, the vampires of Morganville have been freed of their usual constraints. With the vampires indulging their every whim, the town's human population is determined to hold on to their lives by taking up arms. But college student Claire Danvers isn't about to take sides, considering she has ties to both the humans and the vampires. To make matters worse, a television show comes to Morganville looking for ghosts, just as vampire and human politics collide. Now, Claire and her friends have to figure out how to keep the peace without ending up on the nightly news...or worse.

Bitter Blood

With her boss preoccupied researching the Founder Houses in Morganville, student Claire Danvers is left to her own devices when she learns that three vampires have vanished without a trace. She soon discovers that the last person seen with one of the missing vampires is someone new to town-a mysterious individual named Magnus. After an uneasy encounter with Morganville's latest resident, Claire is certain Magnus isn't merely human. But is he a vampire-or something else entirely?

Feast of Fools

'Thrilling, sexy, and funny! These books are addictive. One of my very favourite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series Claire Danvers has a few things on her mind. First of all there is the laundry, which is now an unfortunate shade of pink. Then there is her boyfriend, Shane, who is never too far from her thoughts. Finally there is her best friend Eve's relationship problems. As if life as a student wasn't complicated enough, Claire just happens to be studying in Morganville. A town run by vampires. Trouble seems to follow Claire and her friends like a shadow and tonight is no exception to the rule. They must find the most difficult documents for a vampire to acquire; people passes that will allow 'bad ass' Morley and his friends to leave Morganville. But it's proving incredibly problematic, and with the odds seemingly stacked against them, the biggest question of all is . . . Will they survive?

Last Breath

After discovering that vampires populate her town, college student Claire Danvers knows that the undead just want to live their lives. But someone else wants them to get ready to rumble. There's a new extreme sport getting picked up on the Internet: bare-knuckle fights pitting captured vampires

against each other-or humans. Tracking the remote signal leads Claire to discover that what started as an online brawl will soon threaten everyone in Morganville...

Kiss of Death

Good news, girls: your dates are here! Claire Danvers has had her share of challenges - like being a genius in a school that favours beauty over brains, dealing with the homicidal girls in her dorm and, above all, finding out that her college town is overrun with blood-sucking fiends. On the plus side, so far Claire and her friends have managed to survive getting on the wrong side of some Morganville VIPs . . . Vampire Important Persons. But their temporary peace is in danger of collapsing, thanks to the arrival of her new boyfriend's scary father and his vampire-fighting supporters. Bad news, girls: they're dead. 'Thrilling, sexy, and funny! These books are addictive. One of my very favorite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series.

Bite Club

Includes a brand new and exclusive Morganville short story only available in this edition. In the small town of Morganville, vampires and humans lived in (relative) peace - until all the rules got rewritten when the evil vampire Bishop arrived, looking for the lost book of vampire secrets. He's kept a death grip on the town ever since. Now an underground resistance is brewing, and in order to contain it, Bishop must go to even greater lengths. He vows to obliterate the town and all its inhabitants - the living and the undead. Claire Danvers and her friends are the only ones who stand in his way. But even if they defeat Bishop, will the vampires ever be content to go back to the old rules, after having had such a taste of power? 'Thrilling, sexy and funny! These books are addictive. One of my very favourite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series.

Dead Girls' Dance

"Featuring six original stories, together with sixteen all-time favorites"--Cover.

Carpe Corpus

Held prisoner by the Burner forces in Philadelphia, Jess and his friends struggle to stay alive in the face of threats from both sides ... but a stunning escape guarantees worse is coming. The Library now means to stop them by any means necessary, and they'll have to make dangerous allies and difficult choices to stay alive. They have only two choices: face the might of the Great Library head on, or be erased from life, and the history of the world, for ever. Win or die.

Midnight Bites

Without the evil vampire Bishop ruling over the town of Morganville, the resident vampires have made major concessions to the human population. With their newfound freedom, Claire Danvers and her friends are almost starting to feel comfortable again . . . Now Claire can actually concentrate on her studies, and her friend Eve joins the local theatre company. But when one of Eve's castmates goes missing after starting work on a short documentary, Eve suspects the worst. Claire and Eve soon realise that this film project, featuring the vampires themselves, is a whole lot bigger - and way more dangerous - than anyone suspected . . . 'Thrilling, sexy, and funny! These books are addictive. One of my very favourite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series

Ash and Quill

INCLUDES A MORGANVILLE SHORT STORY When Claire is ordered to repair the systems that protect Morganville, it's not just cutting into her study time, it's a life-threatening problem. If there's one thing this vampire-infested town is serious about, it's security. But achieving the impossible only brings a whole new set of problems, and the upgrades have unexpected consequences: people inside the town are slowly beginning to forget who they are, even the vampires. Soon, the town's little memory problem has turned into a full-on epidemic. Now Claire needs to figure out a way to pull the plug on her experiment - before she forgets how to save Morganville . . . 'Thrilling, sexy, and funny! These books are addictive. One of my very favorite vampire series.' Richelle Mead, author of the international bestselling Vampire Academy series.

The Morganville Vampires

'A plague! A plague on both your houses!' In the Houses of Montague and Capulet, there is only one goal: power. The boys are born to fight and die for honor and-if they survive-marry for influence and money, not love. The girls are assets, to be spent wisely. Their wishes are of no import. Their fates are written on the day they are born. Benvolio Montague, cousin to Romeo, knows all this. He expects to die for his cousin, for his house, but a spark of rebellion still lives inside him. At night, he is the Prince of Shadows, the greatest thief in Verona-and he risks all as he steals from House Capulet. In doing so, he sets eyes on convent-bound Rosaline, and a terrible curse begins that will claim the lives of many in Verona.

Ill Wind

Just as Dawn begins to understand her powers, a new terror is unleashed on unsuspecting mortals in Dark Side of Dawn, the latest book in the Nightmare Chronicles series from USA Today bestselling author Kathryn Smith. The fate of the world is on her shoulders, and it seems that the best she can hope for is not to die in her sleep . . .

Prince of Shadows

The Hallowed Ones

She believed werewolves were a myth...until she met one. For paranormal romance author Emma Gavin, werewolves only existed between the pages of her novels. They were seductive heroes drawn from her imagination, not living, breathing creatures in the real world. And they certainly were not

wealthy lords of industry. And then the sexy Mr. Wallace sprouted fur. Offering to pose as Emma's bodyguard to deter a rogue Were should have been an easy assignment for pack alpha Aidan Wallace. She's human. He's Were. The two don't mix. But he didn't count on the temptation she would pose to his highly tuned senses. Or how hard it would be to resist her siren call. Denying the bond that's drawing them together could cost him his sanity. But surrendering to desire could cost him his life. A lighthearted paranormal series from the NYT bestselling author who brought you daring nerds and hunky cowboys. If you love sexy werewolves, spunky heroines, and a dash of humor, you'll love the Wild About You series! Wild About You These books are standalone romances and can be read in any order. The Hunt

The sixth book in the New York Times bestselling series by L.J. Smith. The Compelled is the sixth and final book in L.J. Smith's bestselling Stefan's Diaries series, which reveals the backstory of brothers Stefan and Damon from The Vampire Diaries series. This digital edition features cover artwork from the hit CW TV series The Vampire Diaries, starring Nina Dobrev, Paul Wesley, and Ian Somerhalder. Stefan Salvatore has always had an uneasy relationship with his brother Damon. But when Damon is taken captive by Samuel—a vampire from Katherine's past bent on revenge—Stefan is determined to rescue him before it is too late...even if it means seeking help from the most unlikely of places. Stefan forms a tentative alliance with a coven of witches in order to save his brother, only to learn that Samuel's end game is far more sinister than they could have imagined. With Samuel on the brink of securing unlimited power, the brothers are in for their deadliest battle yet. Full of dark shadows and surprising twists, the sixth and final book in the New York Times bestselling Stefan's Diaries series raises the stakes for the Salvatore brothers as they face new loves, old treacheries, and unimaginable threats. Fans of L. J. Smith's New York Times bestselling Vampire Diaries series as well as the hit television show won't be able to put the latest Salvatore adventure down.

Bitter Blood

After the Ageless take Sofia, who awakens not knowing who she is, she struggles with her cravings for fresh blood.

The Vampire Diaries: Stefan's Diaries #6: The Compelled

Meet your new favorite kickass heroine in this daring YA series by New York Times bestselling authors Rachel Caine and Ann Aguirre, a thrilling yet romantic futuristic adventure perfect for fans of Claudia Gray's A Thousand Pieces of You. Petty criminal Zara Cole has a painful past that's made her stronger than most, which is why she chose life in New Detroit instead moving with her family to Mars. In her eyes, living inside a dome isn't much better than a prison cell. Still, when Zara commits a crime that has her running scared, jail might be exactly where she's headed. Instead Zara is recruited into the Honors, an elite team of humans selected by the Leviathan—a race of sentient alien ships—to explore the outer reaches of the universe as their passengers. Zara seizes the chance to flee Earth's dangers, but when she meets Nadim, the alien ship she's assigned, Zara starts to feel at home for the first time. But nothing could have prepared her for the dark, ominous truths that lurk behind the alluring glitter of starlight.

SONG // Jesus Paid It All by Jeremy Riddle

SONG // Christ Be Magnified by Cody Carnes

The sermon message "The Cross" given by Pastor Jamie Rasmussen from the Shea Campus at Scottsdale Bible Church on March 17th, 2024 for the Online Campus

(ESV) Galatians 6;11-18 See with what large letters I am writing to you with my own hand. 12 It is those who want to make a good showing in the flesh who would force you to be circumcised, and only in order that they may not be persecuted for the cross of Christ. 13 For even those who are circumcised do not themselves keep the law, but they desire to have you circumcised that they may boast in your flesh. 14 But far be it from me to boast except in the cross of our Lord Jesus Christ, by which the world has been crucified to me, and I to the world. 15 For neither circumcision counts for anything, nor uncircumcision, but a new creation. 16 And as for all who walk by this rule, peace and mercy be upon them, and upon the Israel of God. 17 From now on let no one cause me trouble, for I bear on my body the marks of Jesus. 18 The grace of our Lord Jesus Christ be with your spirit, brothers. Amen.

(ESV) Galatians 6;14 Far be it from me to boast except in the cross of our Lord Jesus Christ.

"To his [i.e. Paul's] contemporaries, the cross bespoke unspeakable shame and its mention, even the very thought of it, provoked horror and sheer disgust." – Ronald Fung

1. The cross allows you to say, "I am dead to that."

2. The cross brings the fullness of God's Kingdom into your daily life.

(ESV) Galatians 6;15 For neither circumcision counts for anything, nor uncircumcision, but a new creation.

(ESV) Ephesians 1;3 Blessed be the God and Father of our Lord Jesus Christ, who has blessed us in Christ with every spiritual blessing in the heavenly places.

(ESV) 2 Peter 1:3 His divine power has granted to us all things that pertain to life and godliness, through the knowledge of Him who called us to His own glory and excellence.

3. The cross is always good for giving you God's peace and mercy.

(ESV) Galatians 6;16 And as for all who walk by this rule [i.e. identifying with the cross], peace and

mercy be upon them, and upon the Israel of God.

(ESV) Galatians 6;12 ...only in order that they may not be persecuted for the cross of Christ.

Wolf At the Door

Sullivan Quinn didn't travel 3,000 miles from his native Ireland and his wolf pack just to chase rabidly after the most delectable quarry he's ever seen. Quinn is in America on a mission—to warn his Other brethren of a shadowy group willing to use murder and mayhem to bring them down. But one whiff of this Foxwoman's delicious honeysuckle fragrance and he knows that she is more than a colleague or a conquest...she is his mate. Anthropologist Cassidy Poe is a world-renowned authority on social interaction, but the overpowering desire she feels around Quinn defies every ounce of her expertise. Working by his side to uncover The Others' enemies poses risks she never expected—to her own safety, to those she loves, and to her heart, as every encounter with Quinn proves more blissfully erotic than the last... Now, with no one to trust but each other, Quinn and Cassidy face a foe that's edging closer every day, threatening to destroy the life they've always known, and the passion they've just discovered...

A Wolf at the Door

These are not your mother's fairy tales... Did you ever wonder how the dwarves felt after Snow White ditched them for the prince? Do you sometimes wish Cinderella hadn't been so helpless and petite? Are you ready to hear the Giant's point of view on Jack and his beanstalk? Then this is the book for you. Thirteen award-winning fantasy and science fiction writers offer up their versions of these classic fairy tales as well as other favorites, including The Ugly Duckling, Ali Baba, Hansel and Gretel, and more. Some of the stories are funny, some are strange, and others are dark and disturbing -- but each offers something as unexpected as a wolf at the door.

The Wolf at the Door

The acclaimed authors of *Death by a Thousand Cuts* argue that Americans care less about inequality than about their own insecurity. Michael Graetz and Ian Shapiro propose realistic policies and strategies to make lives and communities more secure. This is an age of crisis. That much we can agree on. But a crisis of what? And how do we get out of it? Many on the right call for tax cuts and deregulation. Others on the left rage against the top 1 percent and demand wholesale economic change. Voices on both sides line up against globalization: restrict trade to protect jobs. In *The Wolf at the Door*, two leading political analysts argue that these views are badly mistaken. Michael Graetz and Ian Shapiro focus on what really worries people: not what the rich are making but rather their own insecurity and that of people close to them. Americans are concerned about losing what they have, whether jobs, status, or safe communities. They fear the wolf at the door. The solution is not protectionism or class warfare but a return to the hard work of building coalitions around realistic goals and pursuing them doggedly through the political system. This, Graetz and Shapiro explain, is how earlier reformers achieved meaningful changes, from the abolition of the slave trade to civil rights legislation. The authors make substantial recommendations for increasing jobs, improving wages, protecting families suffering from unemployment, and providing better health insurance and child care, and they guide us through the strategies needed to enact change. These are achievable reforms that would make Americans more secure. *The Wolf at the Door* is one of those rare books that not only diagnose our problems but also show us how we can address them.

A Wolf at the Door

"Who's there?" says little bear. and he jumps up to open the door. Is it one of his friends, or is a big bad wolf really trying to chase them all?

Wolf at the Door

The vicious death of a man at the teeth of a wild animal does not add up for Bradecote and Catchpoll. All Hallows' Eve, 1144. The savaged body of Durand Wuduward, the solitary and unpopular keeper of the King's Forest of Feckenham, is discovered beside his hearth, his corpse rendered barely identifiable by sharp teeth. Whispers of a wolf on the prowl grow louder and Sheriff William de Beauchamp's men, Hugh Bradecote, Serjeant Catchpoll and young Walkelin, are tasked with cutting through the clamour. They must uncover who killed Durand and why, while beset by superstitious villagers, raids upon manors and further grim deaths. Out of the shadows of the forest, where will the wolf's fangs strike next?

A Wolf at the Door

A collection of rare short stories by Tanith Lee

Wolf Hall

Inglaterra, década de 1520. Henry VIII ocupa o trono, mas não tem herdeiros. O cardeal Wolsey, o seu conselheiro principal, é encarregue de garantir a consumação do divórcio que o papa recusa conceder. É neste ambiente de desconfiança e de adversidade que surge Thomas Cromwell, primeiro como funcionário de Wolsey e, mais tarde, como seu sucessor. Thomas Cromwell é um homem verdadeiramente original. Filho de um ferreiro cruel, é um político genial, intimidante e sedutor, com uma capacidade subtil e mortal para manipular os outros e as circunstâncias. Impiedoso na perseguição dos seus próprios interesses, é tão ambicioso na política quanto na vida privada. A sua agenda reformadora é executada perante um parlamento que atua em benefício próprio e um rei que flutua entre paixões românticas e acessos de raiva homicida. Escrito por uma das grandes escritoras do nosso tempo, *Wolf Hall* é um romance absolutamente singular.

Someone has a flash drive with pictures that could endanger his pack, and alpha Jacques LaForge will do whatever it takes to destroy it. But the something deep inside him ignites when he knocks on the door of that "someone". He didn't think he'd find a mate, or that when he did, she'd be human. Hungry Like a Wolf

HUNGRY LIKE A WOLF Christine Warren When her father died, Honor Tate inherited the alpha position for a pack of werewolves based in New England. But why her? Honor would have rather just lived a "normal" life, with the occasional run through the woods in her furry suit. Still, Honor was raised to put the welfare of the pack first...and now it's time to make a formal request that the alpha of the Silverback clan—the pack to which all locals owe fealty—recognize her as alpha of the White Paw. But instead of sending his support, the Silverbacks send Logan Hunter. Logan Hunter would do anything to protect the Silverbacks—but his devotion comes with a price. For years he has been fighting his alpha instincts and the need for his own pack. But all that changes when Logan is sent on a mission to find out whether the new White Paw alpha really has what it takes to carry on her father's legacy. Powerful, spirited, and downright gorgeous Honor exceeds his expectations...and leaves him howling for more. Could it be that he's finally found his alpha mate? Or will old enemies, dueling loyalties, and an appetite for destruction stop him dead in his tracks?

At least he was, until Missy collides with him at a party and then abruptly runs away—arousing Graham's interest...and wild desires. Lupine law decrees that every Alpha must have a mate, and all Graham's instincts tell him that the sensual, beguiling Missy is his. Trouble is, Missy is human—every delectable inch of her. Big Bad Wolf

From the author: 'My father doesn't feature much in Running with Scissors. And one of the reasons for this is because he didn't feature much in my life. But there's another reason, too: Our relationship was so complicated, so dark, so confusing and so big, that to tell the story would require a book. So finally, upon the death of my father in 2005, I decided to tell the story I have been most afraid yet most compelled to tell.' This prequel to international hit Running With Scissors tells the story of Augusten's relationship with his tormented father: a man who sent his wife mad and saw his other son run away from home, prior to Augusten going into foster care. Harrowing, insightful and amusing by turns.

A Wolf at the Table

All he wants is to be left alone. All they want is a leader to hold them together. For decades, a pack of wild wolves has stood between the small village of Millhall and outside threats. What the villagers don't know is that the howling entities protecting them are actually their next-door neighbors. Well, except for Fang, who would rather spend his time in wolf form than human. After all, why mingle with people when you can run alone, four paws solidly on the ground? It really is a shame the other Changers chose him as their leader, foiling his plan to spend the rest of his years in happy isolation. But when a village youth is injured and Fang stumbles into the heart of one of the Shaqui tribes living in the surrounding woods, he realizes his plan to live alone may need to be put on hold...at least long enough to stop an impending war. As the Changers try to untangle what, exactly, is behind the rising tension between Millhall's villagers and the Shaqui tribes, Fang's past explodes in his face in a way he'd never in his wildest dreams anticipated. Should he run—again? Or should he trust the team he's worked so hard to keep at bay—a team that doesn't care much for him, either... There is a sequel called POLLY AND THE WOLF AGAIN, also published in the A Puffin Book series of children's modern classics.

Clever Polly And the Stupid Wolf

Turns out, the deceased was the alpha of the most powerful werewolf pack on the eastern seaboard. And his death is highly suspicious. Regardless, Cooper is determined to love and support Park the way Park has been there for him. But Park left him woefully unprepared for the wolf pack politics and etiquette. Rival packs? A seating order at the dinner table? A mysterious figure named the Shepherd? The worst is that Park didn't tell his family one key thing about Cooper. Cooper feels two steps behind, and reticent Park is no help. There are plenty of pack members eager to open up about Park and why Cooper is wrong for him. Their stories make Cooper wonder if he's holding Park back. But there's no time to get into it...as lethal tranquilizer darts start to fly, Cooper needs to solve the mystery of the alpha's death and fight for the man he loves—all before someone else dies. "I would highly recommend this book! Veronica Blade has out done herself and I am eager for the next installment in the Shapes of Autumn Series." -- Tifferz and Her Sisterz Book Reviewz "This is a sweet series and I'll be (im)patiently waiting to find out what's going to happen next for Autumn and Zack." -- Suzanne of Paranormal Book Lover "Veronica Blade is simply the Queen of YA paranormal romance!!!" -- April of Cafe of Dreams Book Reviews NOTE FROM THE PUBLISHER: As with any Veronica Blade book, this is a ROMANCE NOVEL, meaning it's romance FIRST and everything else is secondary. Rated PG-13 for sexual situations and mild profanity. THIS IS BOOK #2 IN THE SHAPES OF AUTUMN SERIES Their forbidden love could cost them their lives... Autumn's just learned she's a shape-shifter - something her parents should've told her long ago. Unless they adopted her and didn't know she wasn't human. Either way, learning the truth has the same outcome: her parents lied. Zack is the only one she can count on, but he's a werewolf and the king's decree forbids contact between the species, let alone love. Zack's planning to leave after graduation, but letting him go isn't an option. He's becoming more a part of her every day, a part she would fight for, give up everything for - even kill for. If she's not killed first. If Zack's experience with his own kind has taught him anything, it's that werewolves can't be trusted. He'd rather die free than live in a pack under the rule of the werewolf king. So, instead of preparing for college like any other senior, he's planning to go on the run after graduation. Escaping won't be easy with the werewolves guarding him. But until that day comes, Zack knows he's endangering Autumn every moment he's around her. If it's this difficult staying away from her now, how hard will it be to leave her behind in just a few weeks? Wolves at the Door

This WWII espionage biography brings "one of America's greatest spies back to life" in a "story of derring-do and white knuckles suspense" (Patrick O'Donnell, author of Operatives, Spies, and Saboteurs) Virginia Hall left her comfortable Baltimore roots in 1931 with dreams of becoming a Foreign Service Officer, but her gender—and her wooden leg—kept her from pursuing politics. As Hitler advanced across Europe, she put her gift for languages to use with the British Special Operations Executive, a secret espionage organization. She was soon deployed to occupied France where she located drop zones, helped prisoners of war flee to England, and secured safe houses for agents. Soon, wanted posters appeared throughout France, offering a reward for Hall's capture. By 1942, Hall had to flee France via the only route possible: an arduous hike on foot through the frozen Pyrénées Mountains. Upon her return to England, the American espionage organization, the Office of Special Services, recruited her and sent her back to France disguised as an old peasant woman. While there, she was responsible for killing 150 German soldiers and capturing 500 others. Sabotaging communications and directing resistance activities, her brave work helped change the course of the war.

"Charlie Adhara once again delivers a clever, fast-moving, intriguing and twisty mystery." —All About Romance Don't miss this thrilling installment in Charlie Adhara's suspenseful paranormal mystery series, Big Bad Wolf. Agent Cooper Dayton never thought anything could be harder than solving murders. Until he had to plan a wedding. After taking down an old adversary, Agent Cooper Dayton of the Bureau of Special Investigations has earned a break. Not that planning a wedding to his sexy shifter partner, Oliver Park, is necessarily stress free, but it's better than worrying about the ominous warning, delivered months ago, that Cooper's life is in danger. When he's dragged to an event by his family, Cooper braces for an awkward evening, but instead finds himself in the middle of an ugly feud between Park's ex and a rebel pack leader. What was supposed to be a quick outing turns into a full-blown murder investigation after the pack leader ends up dead, Park's ex goes missing, and Cooper and Park are sent a series of disturbing wedding gifts that are somehow connected to it all. The list of potential suspects is long, and with the bodies piling up, Cooper must turn to the one person he trusts the least: the villain he's already put behind bars once and who has nothing to lose by lying and everything to gain if Cooper is out of the picture—for good. Cry Wolf

First delivered as a speech to schoolgirls in Kent in 1926, this enchanting short essay by the towering Modernist writer Virginia Woolf celebrates the importance of the written word. With a measured but ardent tone, Woolf weaves together thought and quote, verse and prose into a moving tract on the power literature can have over its reader, in a way which still resounds with truth today. I have sometimes dreamt, at least, that when the Day of Judgement dawns and the great conquerors and lawyers and statesmen come to receive their rewards – their crowns, their laurels, their names carved indelibly upon imperishable marble – the Almighty will turn to Peter and will say, not without a certain envy when he sees us coming with our books under our arms, “Look, these need no reward. We have nothing to give them here. They have loved reading.”

The Wolf Next Door

My blood is their salvation... and my ruin. For years, the monsters who killed my family have held me in a cage. Brutalized and half-starved. Only kept alive so they can steal my blood. Until one evening when four eerily gorgeous men break me out of my prison. They give me a soft bed and delicious food. They say they'll protect me-but their generosity may come at a price. My rescuers are monsters like my captors: fae who shift into wolves. A curse gripping the faerie realm turns them wild under the full moon. Only my blood can cure their rage. These fearsome men need me, and not just to lift the curse. A tragedy left them outcasts, and offering me to their rulers could win them back the home and the power they lost. No matter how kindly they treat me, no matter how their smoldering eyes and strong hands stir unfamiliar desires in both my body and my heart, their castle is just another prison. As long as I'm a prize more than a person, my life will never be my own. I've survived this long without giving up. I won't roll over now. But how can one damaged human girl hold her own against the savage fae? *Captive of Wolves is the first in a new paranormal romance saga featuring possessive wolf shifters, fraught fae politics, and a wounded heroine coming into her own.
