

# The Valley Of The Moon By Jack London

[#the valley of the moon](#) [#jack london novel](#) [#california fiction](#) [#american literature classic](#) [#social justice themes](#)

The Valley of the Moon by Jack London is a powerful American novel following the journey of Billy and Saxon, a working-class couple in early 20th-century California, as they seek an escape from urban industrial strife. This compelling Jack London novel beautifully explores themes of social justice, the back-to-nature movement, and the enduring search for a personal utopia amidst the changing landscapes of California, making it a timeless piece of American literature.

Each dissertation is a deep exploration of a specialized topic or field.

## The Mutiny of the Elsinore

DigiCat Publishing presents to you this special edition of "The Mutiny of the Elsinore" by Jack London. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

## The Mutiny of the Elsinore (1914) by Jack London

Life has lost its savor for Mr. Pathurst. New York, fame, women, and the arts have all become tedious. Searching for excitement, he books passage on a cargo vessel sailing from Baltimore to Seattle on a route that travels around the treacherous Cape Horn. Pathurst encounters more than he ever expected in rough seas, turbulent storms, and a mutinous crew. His epic struggles aboard the sailing ship Elsinore have given him a new love for life, but will he survive to profit from it?

## The Mutiny of the Elsinore Jack London

THE MUTINY of the ELSINORE by JACK LONDON - (Fine Print Edition)Publication date: 1914

## The Mutiny of the Elsinore (1914) Novel by

This is the story of a voyage of a sailing ship from Baltimore to Seattle, east-to-west around Cape Horn in the winter. It is set in 1913 and the glory days of "wooden ships and iron men" are long over. The Elsinore is a four-masted iron sailing vessel carrying a cargo of 5000 tons of coal. She has a "bughouse" crew of misfits and incompetents.

## The Mutiny of the Elsinore (1914). by Jack London: Novel

John Griffith London (born John Griffith Chaney; January 12, 1876

## The Mutiny of the Elsinore Annotated

The Mutiny of the Elsinore is a novel by the American writer Jack London first published in 1914. The novel is partially based on London's voyage around Cape Horn on the Dirigo in 1912.[1]The character "De Casseres\

## The Mutiny of the Elsinore (1914). by

The Mutiny of the Elsinore is a novel by the American writer Jack London first published in 1914. After death of the captain, the crew of a ship split between the two senior surviving mates. During the conflict, the narrator develops as a strong character, rather as in *The Sea-Wolf*. It also includes some strong right views which were part of London's complex world-view.The novel is partially based on London's voyage around Cape Horn on the Dirigo in 1912.The character "De Casseres," who espouses nihilistic viewpoints similar to the ideas of French philosopher Jules de Gaultier, is based on London's real-life friend and journalist Benjamin De Casseres.John Griffith "Jack" London (born John Griffith Chaney,January 12, 1876 - November 22, 1916)was an American novelist, journalist, and social activist.John Griffith "Jack" London (born John Griffith Chaney,January 12, 1876 - November 22, 1916)was an American novelist, journalist, and social activist. A pioneer in the then-burgeoning world of commercial magazine fiction, he was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone, including science fiction.Some of his most famous works include *The Call of the Wild* and *White Fang*, both set in the Klondike Gold Rush, as well as the short stories "To Build a Fire\

## The Mutiny of the Elsinore (1914). by

The Mutiny of the Elsinore is a novel by the American writer Jack London first published in 1914. After death of the captain, the crew of a ship split between the two senior surviving mates. During the conflict, the narrator develops as a strong character, rather as in *The Sea-Wolf*. It also includes some strong right views which were part of London's complex world-view.[citation needed] The novel is partially based on London's voyage around Cape Horn on the Dirigo on 1912.The character "De Casseres," who espouses nihilistic viewpoints similar to the ideas of French philosopher Jules de Gaultier, is based on London's real-life friend and journalist Benjamin De Casseres.... John Griffith "Jack" London (born John Griffith Chaney, January 12, 1876 - November 22, 1916)was an American novelist, journalist, and social activist. A pioneer in the then-burgeoning world of commercial magazine fiction, he was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone. Some of his most famous works include *The Call of the Wild* and *White Fang*, both set in the Klondike Gold Rush, as well as the short stories "To Build a Fire," "An Odyssey of the North," and "Love of Life." He also wrote of the South Pacific in such stories as "The Pearls of Parlay" and "The Heathen," and of the San Francisco Bay area in *The Sea Wolf*. London was part of the radical literary group "The Crowd"

in San Francisco and a passionate advocate of unionization, socialism, and the rights of workers. He wrote several powerful works dealing with these topics, such as his dystopian novel *The Iron Heel*, his non-fiction expose *The People of the Abyss*, and *The War of the Classes*"

### The Mutiny of the Elsinore Illustrated

The Mutiny of the Elsinore is a novel by the American writer Jack London first published in 1914. The novel is partially based on London's voyage around Cape Horn on the *Dirigo* in 1912.[1] The character "De Casseres"

### The Mutiny on the Elsinore

A rich traveller on a ship finds himself in trouble when the captain dies, leading him to take over command of the vessel. He believes he is destined to lead, and the novel is told from his problematic point of view. We publish the world's books. We have the largest collection of classics, and we believe that they are the highest quality, too. Don't talk our word for it, peek inside and you'll see why we brag.

### The Mutiny of the Elsinore

"With his novels, journalism, short stories, political activism, and travel writing, Jack London established himself as one of the most prolific and diverse authors of the twentieth century. Covering London's biography, cultural context, and the various genres in which he wrote, *The Oxford Handbook of Jack London* is the definitive reference work on the author" --

### The Complete Poetry of Jack London

An introduction to and advice on book collecting with a glossary of terms and tips on how to identify first editions and estimated values for over 20,000 collectible books published in English (including translations) over the last three centuries-about half are literary titles in the broadest sense (novels,

poetry, plays, mysteries, science fiction, and children's books); and the other half are non-fiction (Americana, travel and exploration, finance, cookbooks, color plate, medicine, science, photography, Mormonism, sports, et al).

### The Oxford Handbook of Jack London

The first book-length study of London as a maritime writer Jack London's fiction has been studied previously for its thematic connections to the ocean, but *Jack London and the Sea* marks the first time that his life as a writer has been considered extensively in relationship to his own sailing history and interests. In this new study, Anita Duneer claims a central place for London in the maritime literary tradition, arguing that for him romance and nostalgia for the Age of Sail work with and against the portrayal of a gritty social realism associated with American naturalism in urban or rural settings. The sea provides a dynamic setting for London's navigation of romance, naturalism, and realism to interrogate key social and philosophical dilemmas of modernity: race, class, and gender. Furthermore, the maritime tradition spills over into texts that are not set at sea. *Jack London and the Sea* does not address all of London's sea stories, but rather identifies key maritime motifs that influenced his creative process. Duneer's critical methodology employs techniques of literary and cultural analysis, drawing on extensive archival research from a wealth of previously unpublished biographical materials and other sources. Duneer explores London's immersion in the lore and literature of the sea, revealing the extent to which his writing is informed by travel narratives, sensational sea yarns, and the history of exploration, as well as firsthand experiences as a sailor in the San Francisco Bay and Pacific Ocean. Organized thematically, chapters address topics that interested London: labor abuses on "Hell-ships" and copra plantations, predatory and survival cannibalism, strong seafaring women, and environmental issues and property rights from San Francisco oyster beds to pearl diving in the Paumotos. Through its examination of the intersections of race, class, and gender in London's writing, *Jack London and the Sea* plumbs the often-troubled waters of his representations of the racial Other and positions of capitalist and colonial privilege. We can see the manifestation of these socioeconomic hierarchies in London's depiction of imperialist exploitation of labor and the environment, inequities that continue to reverberate in our current age of global capitalism.

### Collected Books

Jack London (1876-1916), known for his naturalistic and mythic tales, remains among the most popular and influential American writers in the world. *Jack London's Racial Lives* offers the first full study of the enormously important issue of race in London's life and diverse works, whether set in the Klondike, Hawaii, or the South Seas or during the Russo-Japanese War, the Jack Johnson world heavyweight bouts, or the Mexican Revolution. Jeanne Campbell Reesman explores his choices of genre by analyzing racial content and purpose and judges his literary artistry against a standard of racial tolerance. Although he promoted white superiority in novels and nonfiction, London sharply satirized racism and meaningfully portrayed racial others--most often as protagonists--in his short fiction. Why the disparity? For London, racial and class identity were intertwined: his formation as an artist began with the mixed "heritage" of his family. His mother taught him racism, but he learned something different from his African American foster mother, Virginia Prentiss. Childhood poverty, shifting racial allegiances, and a "psychology of want" helped construct the many "houses" of race and identity he imagined. Reesman also examines London's socialism, his study of Darwin and Jung, and the illnesses he suffered in the South Seas. With new readings of *The Call of the Wild*, *Martin Eden*, and many other works, such as the explosive Pacific stories, Reesman reveals that London employed many of the same literary tropes of race used by African American writers of his period: the slave narrative, double-consciousness, the tragic mulatto, and ethnic diaspora. Hawaii seemed to inspire his most memorable visions of a common humanity.

### Jack London and the Sea

*The Mutiny of the Elsinore* is a novel by the American writer Jack London first published in 1914. After death of the captain, the crew of a ship split between the two senior surviving mates. During the conflict, the narrator develops as a strong character, rather as in *The Sea-Wolf*. It also includes some strong right views which were part of London's complex world-view. The novel is partially based on London's voyage around Cape Horn on the *Dirigo* in 1912.

### Jack London's Racial Lives

A study tracing issues of race, class and imperialism in the South Pacific through the work of Robert Louis Stevenson and Jack London.

### The Mutiny of the Elsinore Illustrated

This important collection of essays on the writers who have made Los Angeles one of the great cities of twentieth-century literature has been strengthened by the inclusion of three new essays. John Fante, Walter Mosley, and Chester Himes join such writers as Aldous Huxley, F. Scott Fitzgerald, Evelyn Waugh, Nathanael West, Norman Mailer, James M. Cain, Ross Macdonald, Raymond Chandler, Budd Schulberg, Joan Didion, John Gregory Dunne, and Thomas Pynchon as well as less familiar writers such as Oscar Zeta Acosta, Horace McCoy, Thomas Sanchez, Marc Norman, and Hysaye Yamamoto in a text that provides a basic literary history of the region. Essays examine such special Los Angeles genres as the detective story and the Hollywood novel, and a chapter is devoted to the film Chinatown.

### The South Pacific Narratives of Robert Louis Stevenson and Jack London

The standard edition of the remarkable American short story writer's letters. Published in 1988

Immigration is perhaps the most enduring and elemental leitmotif of America. This book is the most powerful study to date of the politics and policies it has inspired, from the founders' earliest efforts to shape American identity to today's revealing struggles over Third World immigration, noncitizen rights, and illegal aliens. Weaving a robust new theoretical approach into a sweeping history, Daniel Tichenor ties together previous studies' idiosyncratic explanations for particular, pivotal twists and turns of immigration policy. He tells the story of lively political battles between immigration defenders and doubters over time and of the transformative policy regimes they built. Tichenor takes us from vibrant nineteenth-century politics that propelled expansive European admissions and Chinese exclusion to the draconian restrictions that had taken hold by the 1920s, including racist quotas that later hampered the rescue of Jews from the Holocaust. American global leadership and interest group politics in the decades after World War II, he argues, led to a surprising expansion of immigration opportunities. In the 1990s, a surge of restrictionist fervor spurred the political mobilization of recent immigrants. Richly documented, this pathbreaking work shows that a small number of interlocking temporal processes, not least changing institutional opportunities and constraints, underlie the turning tides of immigration sentiments and policy regimes. Complementing a dynamic narrative with a host of helpful tables and timelines, *Dividing Lines* is the definitive treatment of a phenomenon that has profoundly shaped the character of American nationhood.

### San Francisco in Fiction

Jack London has long been recognized as one of the most colorful figures in American literature. He is America's most widely translated author (into more than eighty languages), and although his works have been neglected until recently by academic critics in the United States, he is finally winning recognition as a major figure in American literary history. The breadth and depth of new critical study of London's work in recent decades attest to his newfound respectability. London criticism has moved beyond a traditional concerns of realism and naturalism as well as beyond the timeworn biographical focus to engage such theoretical approaches as race, gender, class, post-structuralism, and new historicism. The range and intellectual energy of the essays collected here give the reader a new sense of London's richness and variety, especially his treatment of diverse cultures. Having in the past focused more on London's personal "world," we are now afforded an opportunity to look more closely at his art and the numerous worlds it uncovers.

### The Letters of Jack London

One of the most beloved writers of all time, Jack London is best remembered for his tales of adventure, such as *White Fang* and *The Call of the Wild*. Jack London paints a well-rounded picture of London's short, intrepid life, his prolific writings, his unusually clear and direct portrayal of people of different races, and his struggles with writing. The book includes excerpts, photographs, maps, suggestions for further reading, and a list of places to visit.

### Dividing Lines

### Rereading Jack London

A 1997 bibliography of American fiction from 1901-1925.

### The Complete Index to Literary Sources in Film

This book investigates the highly engaging topic of the literary and cultural significance of 'sailor talk.' The central argument is that sailor talk offers a way of rethinking the figure of the nineteenth-century sailor and sailor-writer, whose language articulated the rich, layered, and complex culture of sailors in port and at sea. From this argument many other compelling threads emerge, including questions relating to the seafarer's multifaceted identity, maritime labor, questions of performativity, the ship as 'theater,' the varied and multiple registers of 'sailor talk,' and the foundational role of maritime language in the lives and works of Herman Melville, Joseph Conrad, and Jack London. The book also includes nods to James Fenimore Cooper, Rudyard Kipling, and Robert Louis Stevenson. Meticulous scholarly research underpins the close readings of literary texts and the scrupulously detailed biographical accounts of three major sailor-writers. The author's own lived experience as a seafarer adds a refreshingly materialist dimension to the subtle literary readings. The book represents a valuable addition to a growing scholarly and political interest in the sea and sea literature. By taking the sailor's viewpoint and listening to sailors' voices, the book also marks a clear intervention in this developing field.

### Literary Writings in America

"This book attempts a general history of the anti-foreign spirit that I have defined as nativism. It tries to show how American nativism evolved its own distinctive patterns, how it has ebbed and flowed under the pressure of successive impulses in American history, how it has fared at every social level and in every section where it left a mark, and how it has passed into action. Fundamentally, this remains a study of public opinion, but I have sought to follow the movement of opinion wherever it led, relating it to political pressures, social organization, economic changes, and intellectual interests."--from the Preface, taken from back cover.

### Jack London

"This splendid volume does more than reinstate Jack London as a leading voice of the American cultural left. Jonah Raskin documents how London struggled to reconcile his political and his personal desires, creating memorable art but failing to save himself. One of the world's most popular writers comes alive, in all his passion and agony."—Michael Kazin, author of *A Godly Hero: The Life of William Jennings Bryan* "Interest in Jack London never flags. This first-rate anthology places London at the epicenter of the American radical tradition."—Kevin Starr, University of Southern California "In this well conceptualized anthology, Jonah Raskin has resurrected works that have been unavailable for decades, making *The Radical Jack London* a very timely presence for the twenty-first century. Raskin's own writing is forceful and engaging, and he is unblinkingly honest about London as person and as writer, never succumbing to romanticizing or whitewashing the picture of either."—H. Bruce Franklin, John Cotton Dana Professor of English and American Studies, Rutgers University "Jack London always knew how to bang a righteous drum of social indignation, and in *The Radical Jack London* he can make your heart pound even today."—Paul Berman, author of *Power and the Idealists* and editor of *Carl Sandburg: Selected Poems*

### THE MUTINY OF THE ELSINORE

Jack London (1876–1916) lived a life of excess by conventional standards. Daring, outspoken, politically radical, amazingly imaginative, and emotionally complicated, the author of literary classics such as *The Call of the Wild* and *The Sea-Wolf* emerges in Kenneth K. Brandt's new biography as a vital and flawed embodiment of conflicting yearnings. London's exuberant energies propelled him out of the working class to become a world-famous writer by the age of twenty-seven—after stints as a child laborer, an oyster pirate, a Pacific seaman, and a convict. He wrote extensively about his travels to Japan, the Yukon, the slums of London's East End, Korea, Hawaii, and the South Seas. Swiftly paced, intellectually engaging, and richly dramatic, London's writings—bolstered by their wildly clashing philosophical viewpoints derived from thinkers like Nietzsche, Marx, and Darwin—continue to engross readers with their depictions of primal urges, raw sensations, and reformist politics.

#### American Fiction, 1901-1925

Since English settlers first touched the shore of the new country in 1607, the Chesapeake Bay has been a multifaceted engine of American history and commerce. The body of inland tidal water between the largest bay cities, Norfolk and Baltimore, was large enough to be the setting of adventure and close enough to allow smaller towns and cities to grow up on its shores. The common community came to life with the technologies of steamboats that could cover the long distances between North and South relatively quickly. Steamers filled in the nooks and crannies of the bay's geography, and by the mid-19th century, the skies over the bay were lined with dark, waterborne contrails in all directions. Strong machines built to master rough seas while moving gently enough for small harbors, many steamers had life spans that crossed whole eras in American history. Some were drafted into distinguished service in domestic and foreign wars. The steamers plied the bay and its rivers with a feminine grace well into the mid-20th century, when they were overtaken by the rush of modern times. The last steamer sailed into oblivion exactly 150 years after the first of them appeared in Baltimore harbor.

#### Sailor Talk

Blends fantasy, adventure, and mystery to present a fictional account of Edgar Allen Poe as seen through the eyes of Poe's legendary detective C. Auguste Dupin.

#### Strangers in the Land

Author of more than fifty books, Jack London, born in San Francisco, grew up across the bay in Oakland. Various a tramp, a fisherman, a longshoreman, and a sailor, London also worked as a gold prospector and a war correspondent. Among his influences are those of Social Darwinism, Nietzsche and Marx. Although his writings suggest a complexity of ideas, he is commonly categorized as a literary naturalist. His adventure stories of Alaska and the Pacific continue to fascinate new generations of readers.--- In *Before Adam*, the protagonist relives, in his dreams, the pre-stoneage life of one of his proto-human ancestors.--- *Children of the Frost* is a collection of stories set in the frozen wastes of the Yukon during the "Gold Rush."

#### The Radical Jack London

Jack London's stories of adventure in the frozen landscapes of the Yukon and the steamy islands of the South Seas have captured the imaginations of readers all over the world. Born into the working class, London was a major force in the lively Socialist movement of his day. In 1903 he shocked the morals of his country when he left his wife and two young daughters for a spunky spinster five years his senior. A new breed of woman, Charmian Kitteridge was notorious in the Bay area for daring to ride her horse astride and work in an office, unlike proper women of the day. As his "Mate-Woman," Charmian contributed to Jack's accomplishments -- she was his editor, transcriber, confidante, as well as the model for many of Jack's female characters. Together they overcame threats to their love that stemmed from Jack's alcoholism, infidelities, and illness. This is a compelling portrait that challenges the long-held view of London as a rough, hard-drinking womanizer, and of Charmian as a passive, childish dependent. Instead, this is a love story and a fascinating portrait of a couple whose courage, passion, and vitality remain a model of love fulfilled.
