Take your blues mandolin playing to the next level with the Mandolin Blues Book. A collection of 101 blues riffs and solos ideal for all mandolinists looking to get a good grasp of jamming the blues. The book covers all the essential tools needed to play blues mandolin. Start by learning the 40 stylistic riffs and 25 one and two bar blues riffs in multiple keys, then move on to the longer 12 bar blues rhythm riffs and extended solos. Most of the longer rhythm riffs and solos follow the standard 12 bar blues form, so they are readily applicable to the many mandolin playing styles, including country, rock, jazz, and bluegrass, to name a few. To further deepen your mandolin skills, study the major, minor and blues scales and arpeggios as well as the library of mandolin chords and blues chord progressions in all 12 keys. No book covers everything, but with some practice, you will be ready to take

your mandolin, jam the blues with confidence, and show off your new skills. Audio and Video online: <https://brentrobittaille.com/product/mandolin-blues-book/>

Believer Sheet Music

For all the discussion in the media about creationism and 'Intelligent Design', virtually nothing has been said about the evidence in question - the evidence for evolution by natural selection. Yet, as this succinct and important book shows, that evidence is vast, varied, and magnificent, and drawn from many disparate fields of science. The very latest research is uncovering a stream of evidence revealing evolution in action - from the actual observation of a species splitting into two, to new fossil discoveries, to the deciphering of the evidence stored in our genome. Why Evolution is True weaves together the many threads of modern work in genetics, palaeontology, geology, molecular biology, anatomy, and development to demonstrate the 'indelible stamp' of the processes first proposed by Darwin. It is a crisp, lucid, and accessible statement that will leave no one with an open mind in any doubt about the truth of evolution.

Guitar Tab 2012-2013

Charlie Parker was arguably one of the most influential jazz musicians to have ever lived. This text presents numerous jazz lines in Charlie's style, grouped by their application in a given harmonic content. Students will learn to connect lines to play over ii-V-I progressions, turnarounds and other harmonic frameworks. To facilitate proficiency in all twelve keys, each section of the book has a chordal play-along that modulates around the circle of fourths. Some of the techniques used in the Charlie Parker style will also be discussed with examples provided. This will help musicians analyze each of the ideas presented, further ensuring their mastery. Also available in Japanese from ATN, Inc.
