This is DW's preview to the ...

A battle of the system: Democratization once seemed unstoppable — but now authoritarianism is on the rise. Will 2024 be the year democracy gets a vote of confidence, or eats itself alive?

The world votes: How does democracy work?

Taiwan: A win for democracy? A split vote in Taiwan won't ease geopolitical pressure, but the elections themselves are part of the systemic struggle between autocracy and democracy.

India: Is majority rule enough? Prime Minister Narendra Modi is expected to secure a third term in

office. But amid accusations of discrimination toward minorities, is gaining majority support good enough for good democracy?

Can South Africa revive its democratic dream? 2024 marks thirty years since the end of the racist apartheid regime in South Africa. Amid falling turnout and voter frustration, can a push to rejuvenate South African democracy work?

Mexico: Change for good? Mexico is set to get its first woman president in 2024. But amid allegations of backsliding under the outdoing leader, will this change help turn things around?

Will European democracy vote itself out of office? Hundreds of millions are eligible to vote in EU elections, but with the far right expected to make gains, will the bloc's democracy be hamstrung by populist interests?

Will the US resign from democracy's top job? Donald Trump is expected to make a comeback in the 2024 presidential race. Could a possible return imperil the future of democracy in the US and beyond?

Will democracy survive? Democracy stands on shaky ground in 2024. Is it still the right system for the challenges of this century?

Roadside History of Idaho

History of Idaho as it can be observed from the roads of Idaho that exist today.

Roadside History of Idaho

You'll feel like you've got a native guide at hand as this book transports you to Idaho's historic sites through well-researched, well-told stories and vivid historical photographs.

Idaho Off the Beaten Path®

Idaho Off the Beaten Path features the things travelers and locals want to see and experience—if only they knew about them. From the best in local dining to quirky cultural tidbits to hidden attractions, unique finds, and unusual locales, Idaho Off the Beaten Path takes the reader down the road less traveled and reveals a side of Idaho that other guidebooks just don't offer.

HISTORY OF IDAHO

Presents the history, geography, government, economy, and people of Idaho, as well as general facts about the state.

Idaho

The American Indians have lost much of their land over the years, but their legacy is evident in the many places around the United States that have Indian names. Countless placenames have, however, been corrupted over time, and numerous placenames have similar spellings but different meanings. This reference work is a reprint in one combined volume of the two-volume set published by McFarland in 2003 and 2005. Volume One covers the name origins and histories of cities, towns and villages in the United States that have Indian names. It is arranged alphabetically by state, then alphabetically by city,

town or village name. Additional data include population figures and county names. Probable Indian placenames with no certain origin also receive entries, and as much history as possible is provided about those locations. Volume Two covers more than 1400 rivers, lakes, mountains and other natural features in the United States with Indian names. It is arranged by state, and then alphabetically by natural feature. Counties are provided for most entries, with multiple counties listed for some entries where appropriate. In addition to name origins and meanings, geophysical data such as the heights of mountains and lengths of waterways are indicated.

Indian Placenames in America

Idaho History 1800 to Present began in 2019 as a Facebook group to share the rich history of Idaho's territorial years. The Idaho History 1800 to Present group is now the largest Idaho history group on Facebook with more than 40,000 members sharing pictures and information about Idaho's colourful past. Idaho History 1800 to Present offers us a window into the past, showing life as it was then, and stirring in us the emotions of wonder and curiosity about those who have gone before us and the lives they lived. With more than 130 photographs, many of them seen here for the first time, Idaho History 1800 to Present offers a stunning portrait of this one of a kind state.

Idaho History 1800 to Present

The Genealogy Annual is a comprehensive bibliography of the year's genealogies, handbooks, and source materials. It is divided into three main sections.

liFAMILY HISTORIES-/licites American and international single and multifamily genealogies, listed alphabetically by major surnames included in each book.

liGUIDES AND HANDBOOKS-/liincludes reference and how-to books for doing research on specific record groups or areas of the U.S. or the world.

liGENEALOGICAL SOURCES BY STATE-/liconsists of entries for genealogical data, organized alphabetically by state and then by city or county.

The Genealogy Annual, the core reference book of published local histories and genealogies, makes finding the latest information easy. Because the information is compiled annually, it is always up to date. No other book offers as many citations as The Genealogy Annual; all works are included. You can be assured that fees were not required to be listed.

EARLY HISTORY OF IDAHO

Hawley's book is a detailed history of Idaho, from its territorial days to the present. It is an engaging read for anyone interested in the unique culture and history of this beautiful state. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The History of Idaho

Even though race influenced how Americans envisioned, represented, and shaped the American West, discussions of its history devalue the experiences of racial and ethnic minorities. In this lyrical history of marginalized peoples in Idaho, Robert T. Hayashi views the West from a different perspective by detailing the ways in which they shaped the western landscape and its meaning. As an easterner, researcher, angler, and third-generation Japanese American traveling across the contemporary Idaho landscape—where his grandfather died during internment during World War II—Hayashi reconstructs a landscape that lured emigrants of all races at the same time its ruling forces were developing cultured processes that excluded nonwhites. Throughout each convincing and compelling chapter, he searches for the stories of dispossessed minorities as patiently as he searches for trout. Using a wide range of materials that include memoirs, oral interviews, poetry, legal cases, letters, government documents, and even road signs, Hayashi illustrates how Thomas Jefferson's vision of an agrarian, all-white, and democratic West affected the Gem State's Nez Perce, Chinese, Shoshone, Mormon, and particularly Japanese residents. Starting at the site of the Corps of Discovery's journey into Idaho, he details the ideological, aesthetic, and material manifestations of these intertwined notions of race and place. As he explores Idaho's fabled rivers and visits its historical sites and museums, Hayashi reads the contemporary landscape in light of this evolution.

Early History of Idaho

Learn about the remarkable geologic diversity of the Gem State with the completely revised, full-color edition of *Roadside Geology of Idaho*. Excellent graphics, spectacular photographs, and straightforward writing describe and interpret the rocks and landscapes visible outside your car window, whether you're speeding across the Snake River Plain or following a narrow canyon enroute to a weekend getaway. The authors, a trio of experienced field geologists, guide you to outcrops and roadcuts where you can stretch your legs and expand your minds. The rocks of Idaho span a vast chunk of Earth's long-lived history and tell stories with many plot twists. Time and time again, geologic processes transformed the landscape-- mountains grew to towering heights only to be leveled by erosion, vast lakes drained in massive floods when ice and sediment dams failed, and lava poured into river valleys, creating new dams. With this book as their travel companion, residents and visitors alike are sure to understand and appreciate Idaho's sprawling plains, forested hills, and deep canyons in a completely new way.

The 1996 Genealogy Annual

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

History of Idaho

Spirits of pioneers who risked their lives in search of fortune still roam the old buildings in the Silver Valley. The ghosts of a young boy and teacher actively wander the halls of The Roosevelt Inn. A prisoner of war haunts the old fort where his torture and killing took place. Still waiting for her lover's return, an expectant spirit haunts her favorite room in the Jameson Hotel. The skeletons of unfortunate soldiers lie where Fatty Carrol buried their bodies so long ago, and the phantoms of restless miners still linger in abandoned mines. Author Deborah Cuyle reveals Coeur d'Alene and the greater Silver Valley's fascinating haunted history and the souls that refuse to leave.

History of Idaho

Uncover the most obscure attractions in Idaho such as Vintage Guitars in Post Falls, or check out the world's largest potato chip, in this guide to the weird and way-out in Idaho. 8 maps. 13 illustrations.

Haunted by Waters

Explores how a pivotal event in U.S. history—the killing of nearly 300 Shoshoni men, women, and children in 1863—has been contested, forgotten, and remembered.

Roadside Geology of Idaho

Distributed by the University of Nebraska Press for Caxton Press The lawlessness of the frontier towns of the plains states is well documented. However, as silver and gold deposits were found in the Pacific Northwest the rush of miners and speculators that brought to the region brought with it its own share of crime and criminals. Author Bill Gulick sticks to the facts in telling the stories of this region but does so in swift conversational prose that entertains and educates.

History of Idaho

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Idaho

Distributed by the University of Nebraska Press for Caxton Press When mineral riches were found in southern Idaho "boomtowns" arose across this rugged land. When the mining activity ceased these towns were quickly abandoned yet they still stand; a testimony to the vagaries of life in the frontier in pursuit of gold and silver.

The Bear River Massacre and the Making of History

Presents a comprehensive guide to the geography of the world, with world maps and articles on cartography, notable explorers, climate and more.

History of Idaho

Includes: Election returns, 1969-1970-1977-1978.

Outlaws of the Pacific Northwest

Excerpt from History of Idaho, Vol. 1: The Gem of the Mountains Idaho, like most sections of the great Northwest, was at the time of its formation as a territory, handicapped by a lack of knowledge upon the part of the law makers, which prevented proper boundary lines being established. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

History of Idaho; a Narrative Account of Its Historical Progress, Its People and Its Principal Interests; Volume 1
