About the Author. Fernand Braudel was France's foremost post-war historian. He is best known for *The Mediterranean in the Age of Philip II*, *Civilization and Capitalism* and *The Identity of France*. Richard Mayne is a renowned translator of French. His other translations include *Monet's Memoirs*.

A History of Civilizations by Fernand Braudel

His great three-volume work on *Civilization and Capitalism* asks why capitalism arose in Western Europe (an in particular England and the Netherlands) between the 16th and 18th Centuries. The book is a masterpiece. This book was written to teach the "new history" to French seniors in high school.

Fernan Braudel was the author of several acclaimed histories, including *"A History of Civilizations"*, *"On History"*, *"The Structures of Everyday Life"*, & *"The Wheels of Commerce"*. He died in 1985.

Fernand Braudel - Wikipedia

Braudel! as a historian has been a pioneer in the art of writing history as he advises here - he navigates on the blue waters of the high seas, but at the same time keeps in constant touch with practical reality - 'figures, maps, precise chronology and verification'.

The Braudel Method - Indian Ocean World Centre

Fernand Braudel was one of the greatest historians of the twentieth century. A leading member of the Annales school, he rejected a narrow focus on Western warfare, diplomacy, and power politics, and o.

Fernand Braudel - Oxford Reference
