Greek and Roman Animal Sacrifice

The first general critique of the interpretations of animal sacrifice established by Walter Burkert, the late J.-P. Vernant, and Marcel Detienne.

La Religion Védique D' Après Les Hymnes Du Rig-Véda

This book is a comprehensive study of the Vedic religion, as detailed in the hymns of the Rig-Veda. Written by two of the leading scholars of Vedic studies in the 19th century, Maurice Bloomfield and Abel Bergaigne, this book provides an in-depth look at the beliefs, practices, and values of this fascinating religion. This is a must-read for anyone interested in the history of religion or Indian culture. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. La religion védique

Excerpt from La Religion Védique d'Après les Hymnes du Rig-Veda, Vol. 1 La forme est à peu près celle d'une mosaïque faite de menus fragments du texte des hymnes rapprochés et ajustés de manière à composer un tableau d'ensemble. Les citations et les renvois sont multipliés, quelquefois peut-être au détriment de la netteté, et en tout cas de la marche rapide de l'exposition, mais le plus souvent, je l'espère, au profit de l'intelligence des textes mêmes, dont le sens, fût-il clair par lui-même, peut presque toujours être précisé encore par la comparaison. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

La religion védique d'après les hymnes du Rig-Veda

Excerpt from La Religion Vedique d'Après les Hymnes du Rig-Veda, Vol. 2 C'est naturellement avec l'aurore que le soleil a les relations les plus étroites. L'aurore conduit le cheval blanc l'oeil des dieux VII, 77, 3, c'est - à - dire précède le soleil qui, lorsqu'il brille à l'orient, paraît sortir de l'aurore, I, 121, 6, ou, selon l'expression déjà plus caractéristique du vers VII, 63, 3, du sein des aurores. On a donc dit de l'aurore, non seulement qu'elle enfante la lumière, III, 61, 4, mais qu'elle fait briller, VII, 80, 2, et, en propres termes, qu'elle enfante le soleil, VII, 78, 3. Fils de l'aurore, le soleil est aussi son amant et son époux. D'abord il la poursuit, I, 56, 4; IX, 84, 2, comme un homme qui poursuit une femme, I, 115, 2. Puis ses rayons s'unissent à ceux de l'aurore, VIII, 9, 18 X, 111, 7, of. I, 123, 12; 124, 8; 137, 2; VII, 91, 1;

X, 35, 5. Aux vers 11 et 12 de l'hymne I, 92 a l'aurore, il est dit tour a tour qu'elle brille avec l'eclat de son amant et qu'elle apparait avec les rayons du soleil Ces deux formules sont evidemment equivalentes. Quand on dit qu'elle vient du meme lieu que son amant, VII, 76, 3, il est clair que cet amant ne peut etre encore que le soleil. J'en dirai autant de l' amant de l'aurore auquel 'agni est compare pour son eclat, I, 69, 1 et 9; VII, 10, 1, of. 2. Enfin l'aurore est appelee expressement l' epouse du soleil VII, 75, 5. La Religion Védique d'Après les Hymnes du Rig-Veda, Vol. 1 (Classic Reprint)

Excerpt from La Religion Védique d'Après les Hymnes du Rig-Veda, Vol. 4 Cette période n'a pas été choisie arbitrairement: on constate en effet qu'elle est marquée par une union particulièrement intime entre les deux couronnes. Sans doute, à une époque antérieure. Des traités avaient été conclus, des mariages avaient rapproché les maisons royales. Mais c'est seulement depuis le second tiers du x^{vi} siècle qu'il y a une alliance, au vrai sens du mot; elle devient bientôt une tradition de la politique des princes on prend soin de la renouveler à chaque changement de règne, pendant plus de cent trente années avec une régularité dont on ne trouverait ailleurs que de rares exemples. La Religion V dique d'Apr s les Hymnes du Rig-Veda, Vol. 3 (Classic Reprint)

Samkhya and Yoga systems of religious thought.

La religion v dique d'apr s les hymnes du Rig-V da

Excerpt from The Religion of the Veda: The Ancient Religion of India (From Rig-Veda to Upanishads)
This volume reproduces with some little amplification six lectures on the Religion of the Veda given

before various learned institutions of America during the fall and winter of 1906-07. The period of time and the amount of literature embraced in the term Vedic are large; moreover any discussion of this religion that deserves the name must also include a glance at the prehistoric periods which preceded the religion of the Veda. Consequently my treatment must be selective. It was not difficult to make the selection. I have not thought it necessary to include a complete account of Vedic mythology and legend; nor did the details of priestly ritual and religious folk-practices seem to me to call for elaborate exposition at this time and under the circumstances of a popular treatment of Vedic religion. The Hymns of the Rigveda - Scholar's Choice Edition

The Rigveda is the oldest Sanskrit text, consisting of over one thousand hymns dedicated to various divinities of the Vedic tradition. Orally composed and orally transmitted for several millennia, the hymns display remarkable poetic complexity and religious sophistication. As the culmination of the long tradition of Indo-Iranian oral-formulaic praise poetry and the first monument of specifically Indian religiosity and literature, the Rigveda is crucial to the understanding both of Indo-European and Indo-Iranian cultural prehistory and of later Indian religious history and high literature. This new translation represents the first complete scholarly translation into English in over a century and utilizes the results of the intense research of the last century on the language and the ritual system of the text. The focus of this translation is on the poetic techniques and structures utilized by the bards and on the ways that the poetry intersects with and dynamically expresses the ritual underpinnings of the text.

La religion védique d'après les hymnes du Rig-Veda- Tome 1

From the sixth century BCE onwards there occurred a revolution in thought, with novel ideas such as such as that understanding the inner self is both vital for human well-being and central to understanding the universe. This intellectual transformation is sometimes called the beginning of philosophy. And it occurred - independently it seems - in both India and Greece, but not in the vast Persian Empire that divided them. How was this possible? This is a puzzle that has never been solved. This volume brings together Hellenists and Indologists representing a variety of perspectives on the similarities and differences between the two cultures, and on how to explain them. It offers a collaborative contribution

to the burgeoning interest in the Axial Age and will be of interest to anyone intrigued by the big questions inspired by the ancient world.
