Deepest Corner of the Heart

Two women. Born on opposite sides of the world. Both experience catastrophic loss. Until their lives intersect... Laura is a young woman who has it all. A loving husband who has just begun his private medical practice. A beautiful home nestled in the hills north of San Diego. A promising counseling career. Life has given her everything she could ever hope for...but she would give it all up without a second thought. Despite appearances, there is one thing Laura wishes for and desires more than anything else...the one thing that life won't give her. And the pursuit of that one thing nearly destroyed her. Adrianna, a refugee in a foreign land, has left behind a home ravaged by war. In her arms, she clings to her new baby girl as they travel across the country to their new life. Adrianna has lost her husband, her parents, and the only man she ever truly loved. The only thing the young mother clings to besides her precious baby girl is a glimmer of hope that her life will be better than the one she left behind. Fate brings the two women together and they are drawn to one another as kindred spirits, each recognizing a familiar pain in the other. Can their new friendship heal old wounds and navigate the pitfalls that come with starting over? And what happens when Laura's new best friend makes a choice she will never be able to comprehend?

Echoes of the Heart

The heart has its ways, and here are words that make way for the heart. "Echoes of the Heart" is a powerful collection of poetry, musings, and perspectives. The universe is a magical place and human existence a magical phenomena. A poetic trail builds a bridge of verses to cross over from the limiting finiteness of being only human to step into the magical infinity of the universe to explore the very essence of life and beyond.

A Peaceable Wisdom for Love

A perfectly crafted piece of work that humanises the senses. It links individual, family and society in a chain of love which binds everything together in perfect harmony. Individual's freedom of will is considered a major concept of a new societal transformation that puts humanity back at the centre of the political debate. It empowers citizens to realise their full potentials under condition of free will and enhances the aggregate joy and happiness in the society. Thereby, contributing to the realisation of the triple-bottom-line of economic prosperity, social equity and sustainability. An intellectual exercise in generation and accumulation of moral capital; confirmation of the supremacy and trustworthiness of a belief and value system; and a recombination of the basic tenets of judeo-christian western civilisation for twin goals of futuristic modernisation and heritage conservation. A principled application of eternal process of learning to live with the natural world and the vagaries of human society

A Dreamer of Dreams

Materialism is the mantra of the modern generation, whose motto is to 'eat, drink and be merry'. This philosophy gives rise to 'greed, lust and addiction' which are vices within us. As against this, spiritualism believes in having 'virtues, values and morals' to live a contented, stress-free and purposeful life. This is the journey of an investigative journalist, thrillingly revealing mysteries of the corrupt material world. Believing in following the virtuous, righteous and spiritual path in life, how far will he succeed in a society dominated by corrupt politicians, unscrupulous greedy businessmen, puppet media, insensitive police, and even a biased judiciary? Will he survive in the midst of the powerful lobbies who have scant regard for human life? Or will he be crushed like a beetle under a booted foot, as everyone predicts? Or will he be able to stand up just with the help of a handful of yogis of the Himalayan ashrams and their spiritual followers? A novel with lots of twists, turns, conflicts, romance, emotions, drama, suspense, thrill and action, promising a mesmerising reading experience...

Greed Lust Addiction

"Caught Between Words" is a serious attempt to uncover some key words within the author and their meanings, which have been a recurring leitmotif in his life. "Caught Between Words" is also an emotional stance portrayed with words and the role they have played out in making him what he is today. The book is a rosary of words, alphabetically arranged, sometimes subtly funny, other times serene, disturbing, soul-searching, and existential, but most of all, a serious innermost debate with himself, others, and the world. Also, it is an effort to reorder his world in such a way that that personal reordering might elicit some kind of alignment in itself, with the meanings he gives to it.

Immortal Love

Darjeeling, late 1980s. The demand for a separate state of Gorkhaland has taken a violent turn. The Green Party is at war with the Red Party-and with the state's security forces. Murder, loot, terror and arson beset the Himalayan foothills. Fruits of the Barren Tree is a story of that time, and of Relling, a small village near Darjeeling. In Relling there's Basnet, the village shaman, and his wife; there's Jhuppay, their son-incorrigible thief, truant and amateur drunk; and also Nimma, Jhuppay's great love, whose only desire in life is that he take the path of virtue. There's Chyaatar too, former army man, now a militia commander in the Green Party, who rules the village with an iron hand. Ever the miscreant, nothing Jhuppay does can win Nimma's heart. But when the Red Party hires his loudspeaker for a meeting-the first innocent, honest job of his life-it sets Jhuppay, Nimma and Chyaatar on a murderous course that fate itself cannot derail. Originally published in Nepali as Phoolange, this sharp, evocative novel is the story of a failed movement and a cautionary tale of how easily the contagion of violence can infect a community. Intensely visual and imbued with a strong sense of place, it is equally a compelling portrait of Darjeeling away from the brochures and the postcards.

Emerging Trends in Science, Engineering and Technology

This is the story of a depression era orphan, Marie Pead, who grew up in a small town of Fairview in Western Wyoming. She never let the trials of her life hold her down. She had little money and as a young girl had the daily care of her two younger brothers and a younger sister. She still became the belle of the ball. At this time, she owned one hand-me-down dress. Marie was well-liked and popular at the big band dances held in the neighboring town of Afton. Pretty, nice, and spunky, she won the heart of the handsome Spencer Call, a University of Wyoming student who became the chief engineer at the local Call-Air airport and manufacturing company; he could design and build a plane and had a love of the mountains. Marie followed him on many adventures. She loved him distractedly, honoring him as a worthy companion but never lost her grit and spunkiness nor did she ever play second fiddle to anyone. Soon after the war, Spencer left the plane factory to form his own sand and gravel company. Spencer and Marie were a fairy-tale couple who lived in their own Camelot in a home nestled so close to the mountains one could almost touch the peaks. They lived in Camelot but they faced adversity with stoicism. Marie lost a brother in World War II, a son at 18, Spencer when he was 72, and a grandson to suicide. She lived as a widow for 18 years in her own home taking care of herself and never lost her faith in God, her charm, or her love of life. When pursued by other men, even as a widow, she staunchly maintained she was still married to Spencer Call and would be forever. The stories in this book are in Marie's own words in the form of letters she wrote and saved which were compiled and edited by her daughter, Pamela Call Johnson.

This Story Is Mine

This is a true story of how a man and wife; the co-authors of this amazing experience; who gave so much to their respective countries; sacrificed, struggled and suffered through the horrors of extreme political persecution. It is also about their flight to survive, to save their own lives after the savage U.S. Military Invasion of the Republic of Panama in December 1989; and other events, such as the Sandinista-Contra-U.S. inspired war in Central America. In the process it will bring out the occurrence of numerous acts of deceitful cover ups, lies, dishonesty, and diverse illegal conduct by those who preached the Rule of Law. This account will link together many of the not so legal or moral activities of the Washington right wing establishment, during the decade of the 1980s; their improper foreign policy in promoting illegal wars in Latin America; while at the same time having relations with terrorist regimes; and drug dealers, in other areas of the world. In the process it will bring to the surface the extremes to which some power groups will resort to; in order to reach their political, personal and economic

objectives; along with their avarice, greed, and self indulgence. It will lead you to an understanding of the origins and illicit justification of some of the major cover ups of recent times. It will show, in the process, how American politicians and their Judicial System fell right into the muck and sewage, along with their self serving interests. It is a chilling account of vengeance, pursuit, endurance, injustice, faith, mental torture; and physical danger of two people, along with their unyielding commitment to survive. All against the perils of clandestine capture, illegal extradition; the tropical jungles, judicial persecution, envy and retribution, defamation, illicit prosecution, confiscation of assets; and an International Police hunt in the course of extremely inhospitable terrain; through guerrilla cells of insurgency and a journey across different countries. PAGE 2 BOOK DESCRIPTION CHISM BOOK ID 57251 This will exhibit a perfect example of the perverse U.S. Consular Visa revocation process against one of Americas most committed supporters; in a dreadful showing of the astonishing improprieties and failures in the application of U.S. Diplomacy. Events in this version will give enormous insight into the progression of the Panama Canal Treaty, mandated transfer of all U.S. Panama Canal and military assets, to the Republic of Panama. None of which would occur without a complex, extreme, painful and deadly changeover process. It is also a story, never before told, of the monstrous effort, carried out to safeguard the operational integrity of the most important waterway in the world in favor of world shipping and commerce. This all made possible by the resolve, loyalty, commitment and strength of the protagonists who carried the weight of the responsibilities, necessary for this to be so; even during a time when the Winds of War of the United States of America; blew incessantly stronger toward the shores of the Republic of Panama. In the course of it all, the devastating effects of the application of the Law de Jante will become clear to all. Many lessons have surely been learned from these torturous events. The problem is that human minds are generally quick to forget whatever they dont wish to remember Better by far you should forget and smile / Than that you should remember and Be sad. Christina Rossetti, Remember (1862)

50 WESTERNS (Vol. 2)

The Memoirs of a Life Insurance Icon: Khuda Buksh illustrates the life of a legendary Insurance Specialist who chose to serve humanity by sparking an insurance awareness movement in three countries (India, Pakistan, and Bangladesh). Between 1930 and 1970, Khuda Buksh worked tirelessly to establish the insurance business in the region, overcoming engrained religious and cultural prejudices against life insurance amid enormous political upheaval. His passion, devotion, and unique sales strategies led him to train, motivate, and manage thousands of salesmen during his long career. He earned a reputation as the countrys most magnetic and dynamic sales executive and wizard of life insurance. He played a role as an educator to the vast number of field force who placed faith in his leadership and took insurance as career. His leadership strategies helped life insurance to flourish and to penetrate nearly every portion of society. Compiled more than 35 years after Khuda Bukshs death, this book uses interviews with dozens of contemporaries and family members who reminiscence Khuda Bukshs personality and role in promoting life insurance in Bangladesh and Pakistan. He is one figure among Bengali Muslims who popularized life insurance among the people. His name itself is an institution and in his own lifetime he became a legendary figure. . . Dacca Rotary News He was an outstanding salesman who even in his dreams would only be able to think of life insurance; he was totally obsessed by it. A typical Bengali, small body, but with a big heart for everyone. . . he rose to the occasion and became a very big name in the field of life insurance. . . Wolfram W. Karnowski I still think if we measure with a balance between life insurance and Khuda Bukshit will be extremely difficult to measure, which one is heavier. A wizard with a legendary stature in insurance . . . -S. R. Khan Mr. Khuda Buksh would be very personally involved in the welfare and the personal interest of each field worker . . . As far as the life insurance industry in Pakistan is concerned, especially in the 50s and 60s, Khuda Bukshs role was undoubtedly the greatest. . . Joseph M. Pereira He used to say: think of insurance, dream of insurance, sleep of insurance. Devote your time to insurance . . . He was an unbeatable legend of insurance. . . Sharafat Ali Qureshi He was a very good leader, and this was apparent from the fact that he could train not one, but hundreds, and thousands of people. All his subordinates were just like his children . . . M. A. Chishti I used to hear about the great reputation of this giant personality of the life insurance arena. When I came to know him from close, I had no problem realizing the appropriateness of the title father of insurance by which he was known in this part of the world. . . -M. Faizur Razzaque

Wild Violets; a Collection of Poems and Sketches ... With an Introduction by the Rev. W. Morley Punshon

Sometimes in our life, we are at a loss for words. We have emotions that we wear on our sleeves or we keep them tucked away in the deepest corner for no one to see, not even us. Healing begins with speaking the emotions that we hold onto when we should be letting them go. These poems represent the letting go of things held on to so the process of healing can begin.

Staying One Step Ahead of Interpol

Love is like fragrance. As much it grows, it becomes nurtured with feelings. Though invisible it is, still, it does always remain there beside you, within you, even when it is difficult to believe in. And it surprises you to beautify the life in the most unexpected way and when you expect it the least. It happens with Anshita too. She has learnt to recognize herself as abandoned and discarded. All she has received from her destiny is misfortune and reprimands as she was thrown out of the life by her parents when she was only a few months. And after some years of life she had to let the one go who taught her how to love. This loss consequently scares her of accepting love in any form. Though she has lost the love of life, but it is not what her destiny has decided for her as once again, love shows up in her life in the most unexpected way and when she expects it the least. With this love, she embarks on a journey to find out the base of her own existence and to get herself the original recognition. But the truth she comes to know shatters her down and once again shakes all the beliefs she ever had about the relations. Though the decision is difficult..... Still...She has to decide.....whether to win.....or to let win...

Where a Country Begins

The dark shadows of the past chase many of us, forcing us to live in a small cocoon that we make around us. We feel safe in that tiny nest where other people cannot enter and hurt us easily. But little do we know that in this process we also stop love and beatitude of life from overwhelming our beings. Heartbroken Sugandha had taken a vow not to respond to love if it ever knocked at the door to her heart again. Christopher was haunted by a disturbing childhood and boyhood and had devised his own means to derive joy from life all alone. They both met in the sleepy and quaint town of Panaji. From a small nod of acknowledgement to long idyllic talks... love cast its own magic spell. But a difficult battle was looming overhead, determined to destroy their dream of remaining together. All they possessed to win the battle was the courage, trust and determination that they drew from love. Based on a true story 'Your Love Makes Me Complete' is an inspiring novel on love, trust & destiny to read and reread.

The guns of sacred heart

January 1 1916: Europe is bleeding to death as the corpses rot from Poland to Gallipoli in the cruel grip of the Great War... Heart of War follows the fate and fortunes of the Rowland family and those people bound up in their lives: the Cate squirearchy, the Strattons who manage the Rowland owned factory, and the humble, multi-talented Gorse family. In this all-consuming conflict, not a single family will remain untouched. With Quentin and Boy Rowland fighting in the trenches and Guy flying the skies above, it would be a miracle for the whole family to come home untouched... During the years 1916 and 1917, the appalling slaughter of the Somme and Passchendaele cuts deep into the hearts of British people as military conscription looms over Britain for the first time in a thousand years. As babies are born, fathers, sons and brothers killed, and women strike out in the work-place, Britain looks to never be the same again. First published in 1980 – book two in a three volume saga including Now, God be Thanked, and By The Green of Spring – Heart of War explores the emotional turmoil of Britain at war from every angle: from the eyes of the upper class aristocracy who are losing their grip on power, to the lower classes rising up as they fight alongside those previously thought their betters.

Guns of the Heart

Set in the almost mythical summer of 1940, A Flame in Your Heart tells the story of the al-too-brief love of a Spitfire pilot and his girl. Written by two young Scottish poets born after the War, A Flame in Your Heart was broadcast on Radio 4. Its 'intense' atmosphere earned praise in The Times: 'The true feel of the period was there.' For Catherine Lockerbie, writing in The Scotsman, it was a 'languid' atmosphere: 'A most beautiful and musically constructed gaze at life and death over the ripening fields and above the strawberries.'

"To the civilized revolutionary, not a single human life is expendable, even that of the oppressor, whereas to the mindless terrorist, even the loss of innocent lives is acceptable in the pursuit of their mission." Abhijit Naskar, the scientist and reformer who has been at the forefront of humankind's struggle against discrimination and prejudice, delivers us a masterpiece on revolution, liberty and righteousness. He gives us the golden principle: "We are but each other's keeper."

Surrender the Heart

This little book entitled Poetry from the Heart, is exactly what the title would suggest. From the heart the author writes, whether it be something sad, happy, dangerous, beautiful. Any experience in life can be put into beautiful words. From the heart, therefore does not mean love, and hearts and flowers, but rather the authors feelings about war, crime, marriage, children, just about as diverse as you can think of. Something for everyone is covered in this book of varied poetry.

'He hadn't finished. "Repentance and second chances-that's just an act to fool idealistic saps like you. Get it into your head-we DO NOT live in an ideal world. Those boys you saved today? They'll be hungry again tomorrow. They'll again be tempted. Weakness of character will lead them to search for the easiest route. Your trying to save them today did nothing more than postpone the inevitable. Spending a few nights in the lock-up will teach them a harder lesson they won't easily forget.'" It's the summer of June 1975, and repercussions of government decisions are affecting every stratum of society. Bengal, a hotbed of Nationalists, has seen more than its share of bloodshed in the past, but the police have cracked down hard to maintain law and order. Now, a charismatic young police officer is on the hunt for the Nationalist named 'Debu Rai' who was seen with home-made guns. Donna, a thirteen-year-old tomboy, is in a lot of trouble. She flounders through misconceptions and misadventures as she awakens to the reality of her world and tries to save her loved ones from the consequences of their actions. Only she and her family know that one of those guns is missing. Donna's sharp sense for the ridiculous glitters as she races to find the gun and escape its catastrophic influence. Will Donna and her family save young Debu Rai? Where is the gun that Debu lost? How much harm can it cause? What about the real Nationalist in the family? And, why is Donna mad at her parents?

Excerpt from The Heart of a Soldier; As Revealed in the Intimate Letters of Genl: George E. Pickett Do you remember, my Sally, how many times we said Good bye that evening? The enemy is there, General, and I am going to strike him, said Marse Robert in his firm, quiet voice. Two lines of their infantry were

driven back; two lines of guns were taken - and no support came. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Excerpt from *The Heart's Domain* The possession of the world is not decided by guns. It is the noble work of peace. It is not involved in the struggle which is now rending society. Even so, men will find themselves engaged in an undertaking that will threaten to overwhelm them with suffering and despair. What Is In Your Heart?

Officer John Silverstone was content to be alone and only hooking up to satisfy his needs. He'd already had the love of his life and after he gave his heart away twelve years ago and had it shattered into a million pieces, knew he would never risk that kind of pain again. Cody Kidd made the biggest mistake of his life when he allowed his father to send him away from the man he loved. Now that his father was dead and buried, he could return to the man who still owned his heart. The most he could hope for was forgiveness, but he was determined to have more because without the love of his life, he really had no life at all.

Poetry from the Heart

From an author who resigned from the Clinton administration: "Part memoir and part manifesto . . . a beautifully written call to renew the fight against poverty."?Jonathan Kozol, New York Times bestselling author of *Savage Inequalities* Peter Edelman has worked as an aide to Robert F. Kennedy, a lawyer, a children's advocate, and a policymaker. He has devoted his life to the cause of justice and to ending inequality. But in 1996, while serving in the Clinton administration as an expert on welfare policy and children, he found himself in an untenable position. The president signed a new welfare bill that ended a sixty-year federal commitment to poor children, and as justification invoked the words of RFK. For Edelman, Clinton's twisting of Kennedy's vision was deeply cynical, so in a rare gesture that sparked front-page headlines, he resigned. The nation, he believed, had been harmed. In this book, he shows that in an age of unprecedented prosperity, Americans have in many respects forsaken their fellow citizens, leaving behind a devastatingly large number of poor and near-poor, many of them children. Edelman shines a bright light on these forgotten Americans. Based in part on a firsthand look at community efforts across the country, he also proposes a bold and practical program for addressing the difficult issues of entrenched poverty, focusing on novel ways of braiding together national and local civic activism, reinvigorating our commitment to children, and building hope in our most shattered communities—creating a vision true to the legacy of Robert F. Kennedy. "Moving and insightful." —Atlanta Journal-Constitution "I have read a lot of books on inequality, but none offers a more thoughtful vision of poverty and welfare in America . . . compelling."?William Julius Wilson, author of *When Work Disappears*

The Heart of a Soldier

Following the account of his childhood and his early years aboard in *A Steady Trade*, Tristan Jones now looks back to his years below decks in the Royal Navy during World War II.

The Heart of Donna Rai

What if V-E Day didn't end World War II in Europe? What if, instead, the Allies had to face a potent, even fanatical, postwar Nazi resistance? Such a movement, based in the fabled Alpine Redoubt, was in fact a real threat, ultimately neutralized by Germany's flagging resources and squabbling officials. But had SS Obergruppenführer Reinhard Heydrich, the notorious Man with the Iron Heart, not been assassinated in 1942, fate might have taken a different turn. We might likely have seen a German guerrilla war launched against the conquerors, presaging by more than half a century the protracted conflict with an unrelenting enemy that now engulfs the United States and its allies in Iraq. How might today's clash of troops versus terrorists have played out in 1945? In this imagined world, Nazi forces resort to unconventional warfare, using the quick and dirty tactics of terrorism—booby traps, time bombs, mortar and rocket strikes in the night, assassinations, even kamikaze-style suicide attacks—to overturn what seemed to be a decisive Allied victory. In November 1945, a truck bomb blows up the Nuremberg Palace of Justice, where high-ranking Nazi officials are about to stand trial for war crimes. None of the accused are there when the bomb goes off, but their judges, all of them present and accounted for, are annihilated. Worse acts of terrorism follow all over Europe. Suddenly the Allies—especially the United States—must battle an invisible enemy and sacrifice countless lives in a long, seemingly pointless, unwinnable conflict. On the home front, patriotism corrodes, political fortunes are made and lost in the face of an antiwar backlash, and a once-proud country wonders how the righteous fight for freedom overseas has collapsed into a hopeless quagmire. At once a novel of thrilling military suspense, intriguing alternate history, and profound insight into contemporary affairs, *The Man with the Iron Heart* is a tour de force by a storyteller of exceptional imaginative power.

The Heart of a Soldier; As Revealed in the Intimate Letters of Genl

Several grave obstacles stand in his way, but PIMP is determined to hit the jackpot and succeed on this final mission of prosperity and hood riches. Vowing to let nothing and no one stop him, he has his game in tact and his guns cocked and locked, and he's killing anyone who opposes him--man, woman or child. In the shadows, stalking Pimp's every move, are two forces with God-like power and omnipresence. Will the master street king be able to out-manuever the Feds and the murderous OG'S that clamor to bring him down to his knees? Did ICEY make a mistake by giving up everything to embrace love? Or will she find happiness with SAVAROUS and their newborn son? In the midst of bloodshed and despair THE HEART OF A GANGSTA will reign supreme, but at the cost of a lot.

The Heart's Domain (Classic Reprint)

In March, 1861, I commenced an expedition to discover the sources of the Nile, with the hope of meeting the East African expedition of Captains Speke and Grant, that had been sent by the English Government from the South via Zanzibar, for the same object. I had not the presumption to publish my intention, as the sources of the Nile had hitherto defied all explorers, but I had inwardly determined to accomplish this difficult task or to die in the attempt. From my youth I had been inured to hardships and endurance in wild sports in tropical climates, and when I gazed upon the map of Africa I had a wild hope, mingled with humility, that, even as the insignificant worm bores through the hardest oak, I might by perseverance reach the heart of Africa. I could not conceive that anything in this world has power to resist a determined will, so long as health and life remain. The failure of every former attempt to reach the Nile source did not astonish me, as the expeditions had consisted of parties, which, when difficulties occur, generally end in difference of opinion and in retreat; I therefore determined to proceed alone, trusting in the guidance of a Divine Providence and the good fortune that sometimes attends a tenacity of purpose. I weighed carefully the chances of the undertaking. Before me, untrodden Africa; against me, the obstacles that had defeated the world since its creation; on my side, a somewhat tough constitution, perfect independence, a long experience in savage life, and both time and means, which I intended to devote to the object without limit. England had never sent an expedition to the Nile sources previous to that under the command of Speke and Grant. Bruce, ninety years before, had succeeded in tracing the source of the Blue or Lesser Nile; thus the honor of that discovery belonged to Great Britain. Speke was on his road from the South, and I felt confident that my gallant friend would leave his bones upon the path rather than submit to failure. I trusted that England would not be beaten, and although I hardly dared to hope that I could succeed where others greater than I had failed, I determined to sacrifice all in the attempt.

Off the Rails in Phnom Penh

WITH A NEW INTRODUCTION BY THE AUTHOR In '70s' South Africa, Rian Malan - descendant of the architects of apartheid, middle-class white boy, friend to blacks - went to work as a crime reporter for a local Johannesburg rag. There he encountered first-hand the horrors wrought by apartheid: the poverty, injustice and violence. After an eight-year exile, he returned to write this book. With gripping stories and in mesmerising prose, this is Malan's attempt to understand his country, its racial hatred, and his own tortured conscience.

The Heart of a Continent

Captain Parker declares war on a politically powerful traitor to England. Immediately, Parker becomes a marked man. All hell is visited upon him, but Parker has been fighting battles since he was seven years old and is not easily daunted. To survive, he fights one brutal battle after another, descending into war's inexpressible darkness. The author of this well-crafted thriller stages his war from a perspective that sheds light on our post 9/11 experiences. We observe the overextended British Empire fighting two wars amidst the corruption resulting from war's confusion and excess. This is an 18th century sea story. It is, however, more than just a sea story-in the way that *Heart of War* is more than a steamer trip into the Congo. For its brilliance and its honesty, it will win a place in the reader's heart. "Hal Weidner has emerged to write a spectacular yarn in the tradition of Patrick O'Brian's *Master and Commander*. Weidner's imagination creates a hair-raising thriller that will keep you rooted to your easy chair with the doors locked. Weidner's twists, turns and subplots keep us guessing by pitting good and evil against an uneasy grey. I could not put this book down." -Robert Sain, psychiatrist and author. "In Hal Weidner's novel, the beauty and strangeness of the past and of the sea are evoked in spare and lovely prose. This novel brings to life a fully imagined reality in all its splendor. *Heart of War* is suspenseful and languorous, sparse and lyrical, by a novelist fully capable of transporting the reader skillfully to its world." -Laura Kasischke, Internationally renowned poet and novelist. "Hal Weidner's vivid depiction of warfare, intrigue, treachery, and heroism among British, American and French factions during the 18th Century mirrors eerily the tensions that we see and imagine shaping the world today." -Tom Zimmerman. Editor, *The Huron River Review*.

The Redland Papers; Or, Trials of a Loving Heart. A Romance

Highly readable and accessible book that deals with an incendiary topic in a non-polemical way Brings together previously unpublished data on historical gun laws in America Addresses such timely issues as the 'stand your ground' controversy, the 'right of rebellion, ' the debate over the regulation of assault weapons, and the fundamental question of whether the government does or should possess a monopoly over the use of force

The Guns of Sacred Heart

In 1795 - the year Napoleon Bonaparte was appointed commander-in-chief in Italy - the seventeen-year-old Jean-Nicolas-Auguste Noel entered the Artillery School at Chalons. A year later, with Napoleon proclaiming himself the liberator of Italy, Noel was appointed second lieutenant in the 8th Regiment of Horse Artillery. Written in 1850, *With Napoleon's Guns* is his remarkable memoir of twenty years in the Emperor's service. A trained artilleryman himself, Napoleon dramatically transformed the

role of the artillery from a cumbersome and tactically limited force into fluid, independent and highly mobile trains d'artillerie. This new organisation required fresh new officers - officers with intelligence who could act under their own initiative: officers such as Noel. From the optimism of the early years in Italy, through the privations of the retreat from Moscow and the horrors of the Battle of Leipzig, to the disillusionment of the Emperor's decline, Noel charts both his personal career and, at close hand, the trajectory of the First Empire with frankness and percipience. Based on the journal he kept from his cadetship at Chalons, *With Napoleon's Guns* is a dignified and revealing account of an officer at the heart of Napoleon's army. Heart of Oak

This gripping debut thriller set in a poor, rural community where loyalty is everything "packs an emotional punch" as the dangerous daughter of a meth kingpin is forced to choose between family or freedom (Lisa Gardner, #1 New York Times bestselling author of *Never Tell*). Never cut the drugs--leave them pure. Guns are meant to be shot--keep them loaded. Family is everything--betray them and die. Harley McKenna is the only child of North County's biggest criminal. Duke McKenna's run more guns, cooked more meth, and killed more men than anyone around. Harley's been working for him since she was sixteen, dreading the day he'd deem her ready to rule the rural drug empire he's built. Her time's run out. The Springfields, her family's biggest rivals, are moving in. And they're coming for Duke's only weak spot: his daughter. Duke's raised her to be deadly -- he never counted on her being disloyal. But if Harley wants to survive and protect the people she loves, she's got to take out both Duke's operation and the Springfields. Blowing up meth labs is dangerous business, and getting caught will be the end of her, but Harley has one advantage: She is her father's daughter. And McKennas always win. PRAISE FOR BARBED WIRE HEART "Terrific. " --David Baldacci "Harley is one of the most complex, fascinating, dangerous characters I've encountered in years." --Lisa Gardner "Pulls off something rare." --Chicago Tribune "Possibly the most powerful, original female character we've had in decades." --New York Journal of Books

She has Gus—the guardian she was captured with. And she has a strange "guide" left behind by the one prisoner who managed to escape Raiden. And he has no idea if the beautiful, dark-haired girl who's swept through his dreams every night since the storm is real. But he hopes she is. Seventeen-year-old Audra is a sylph, an air elemental. She walks on the wind, can translate its alluring songs, and can even coax it into a weapon with a simple string of commands. She's also a guardian—Vane's guardian—and has sworn an oath to protect Vane at all costs. Even if it means sacrificing her own life. When a hasty mistake reveals their location to the enemy who murdered both of their families, Audra's forced to help Vane remember who he is. The Extremely Inconvenient Adventures of Bronte Mettlestone

'Perfect for fans of Lemony Snicket' - a Book of the Year in the i News 'A whirligig of adventure' - The Telegraph _____ Bronte Mettlestone is ten years old when her parents are killed by pirates. This does not bother her much: her parents ran away to have adventures when she was a baby. She has been raised by her Aunt Isabelle, with assistance from the Butler, and has spent a pleasant childhood of afternoon teas and riding lessons. Now, however, her parents have left detailed instructions for Bronte in their will. (Instructions that, annoyingly, have been reinforced with faery cross-stitch, which means that if she doesn't complete them, terrible things could happen) She must travel the kingdoms alone, delivering gifts to ten other aunts: a farmer aunt who owns an orange orchard, a veterinarian aunt who specializes in dragon care, a pair of aunts who captain a cruise ship, and a former rock star aunt who is now the reigning monarch of a small kingdom. But as she travels from aunt to aunt, Bronte suspects there might be more to this journey than the simple delivery of treasure; though little does she suspect that she will have to play such a big part in the extraordinary events that follow.
