The Big Book of Leo Tolstoy Quotes

Looking for inspiration and wisdom from one of the greatest writers of all time? Look no further than "The Big Book of Leo Tolstoy Quotes"! This comprehensive collection features 500 pages of carefully curated quotations from the master writer himself, covering everything from love and happiness to truth and morality. Inside, you'll find some of Tolstoy's most famous sayings, such as "When you love someone, you love the person as they are, and not as you'd like them to be," and "Everyone thinks of changing the world, but no one thinks of changing himself." Each quote is accompanied by context and background information, allowing you to fully appreciate Tolstoy's insights. Other highlights include his thoughts on the power of love ("Love is life. All, everything that I understand, I understand only because I love. Everything is, everything exists, only because I love.") and the importance of openness and critical thinking ("Freethinkers are those who are willing to use their minds without prejudice and without fearing to understand things that clash with their own customs, privileges, or beliefs. This state of mind is not common, but it is essential for right thinking.") Whether you're a fan of Tolstoy's work or simply seeking inspiration for your own life, "The Big Book of Leo Tolstoy Quotes" is an essential addition to your library. With 500 pages of timeless wisdom, you're sure to find countless gems that will speak to your heart and mind.

Wise Thoughts for Every Day

During the last years of his life, Leo Tolstoy kept one book invariably on his desk, read and reread it to his family, and recommended it to all his friends: a compendium of wise thoughts gathered over the course of a decade from his wide-ranging readings in philosophy and religion, and from his own spiritual meditations. It was banned under the Communists, and only one volume, *A Calendar of Wisdom*, drawn largely from the writings of other famous thinkers, has been published before in English. *Wise Thoughts For Every Day* is the volume comprising Tolstoy's own most essential ideas about spirituality and what it is to live a good life. Designed by Tolstoy to be a cycle of daily readings, this book offers thoughts and aphorisms for every day according to a succession of themes repeated each month—such as God, the soul, desire, our passions, humility, inequality, evil, truth, happiness, prayer, and the blessings of love. At once challenging, comforting, and inspiring, this is a spiritual treasure trove and a book of great human warmth.

The Light Shines in Darkness

"The Light Shines in Darkness" is an unfinished play by Tolstoy. The protagonist Nicholas Ivanovich reads about Christianity and the gospels, which suddenly changes how he looks at life, religion, the church, and society. He cannot accept the lies being fed to people in the name of religion. A thought-provoking play.

War and Peace

In this first volume in the series, we dive into *War and Peace*, exploring the epic work of literature through curated and artistically presented quotes along with Tolstoy's abridged biography. This volume is a great addition at the coffee table, or in the bedroom, for exploring the mind and life of the literary giant during times of solitude.

Leo Tolstoy

Best known for his two longest works, *War and Peace* and *Anna Karenina*, Leo Tolstoy (in full Lev Nikolayevich Tolstoy) was a Russian writer who is regarded as one of the greatest authors of all time. Born in 1828, Leo Tolstoy came from an aristocratic Russian family, and though you probably imagine him living a luxurious life, he rather experienced a painful one. His mother died before he was two years old, his father when he was 9, and his grandmother passed away shortly after his father. Tragedy didn't stop there. His next guardian also died in 1941 so he was transferred to the care of another aunt. Despite being surrounded by the death of his loved ones, Leo tried to preserve the happiest moments from his childhood. His much-appreciated work is often described as a piece of life and he was known to be the type that would gaze into one's eyes just to understand their unspoken thoughts. Tolstoy had a profound influence on other great personalities like Mahatma Gandhi and Martin Luther King.

The Sayings of Leo Tolstoy

Leo Tolstoy is universally regarded as one of the greats in world literature. This collection of quotations reveals him to be as great a master of profound sayings as he was of the epic novel.

Tolstoy's Little Book of Essential Quotations

"When it is impossible to stretch the very elastic threads of historical ratiocination any farther, when actions are clearly contrary to all that humanity calls right or even just, the historians produce a saving conception of 'greatness.' 'Greatness,' it seems, excludes the standards of right and wrong. For the 'great' man nothing is wrong, there is no atrocity for which a 'great' man can be blamed." Leo Tolstoy -- Selected Quotes from Leo Tolstoy now at your fingertips Perfect for casual reading, taking ideas, or inspiration Makes for a creative gift choice -- "Money is a new form of slavery, and distinguishable from the old simply by the fact that it is impersonal - that there is no human relation between master and slave. Money is money, a value always equal to itself, and which is always considered quite correct and lawful, and the use of which is not considered immoral, as slavery was." Leo Tolstoy -- "I began to realize that the most profound wisdom of man was rooted in the answers given by faith and that I did not have the right to deny them on the grounds of reason; above all, I realized that these answers alone can form a reply to the question of life." Leo Tolstoy

War and Peace

"Man cannot possess anything as long as he fears death. But to him who does not fear it, everything belongs. If there was no suffering, man would not know his limits, would not know himself. "

Three Days in the Village and Other Sketches

Written from 1909 to July 1910. Nonfictional sketches of village life by Leo Tolstoy. Includes the dialogue of the Traveller and the Peasant. Something entirely new, unseen and unheard-of formerly, has lately shown itself in our country districts. To our village, consisting of eighty homesteads, from half a dozen to a dozen cold, hungry, tattered tramps come every day, wanting a night and 's lodging. These people, ragged, half-naked, barefoot, often ill, and extremely dirty, come into the village and go to the village policeman. That they should not die in the street of hunger and exposure, he quarters them on the inhabitants of the village, regarding only the peasants as and quot;inhabitants. and quot; He does not take them to the squire, who besides his own ten rooms has ten other apartments: office, coachman and 's room, laundry, servants and ' and upper-servants and ' hall and so on; nor does he take them to the priest or deacon or shopkeeper, in whose houses, though not large, there is still some spare room; but he takes them to the peasants, whose whole family, wife, daughters-in-law, unmarried daughters, and big and little children, all live in one room—sixteen, nineteen, or twenty-three feet long. And the master of the hut takes the cold, hungry, stinking, ragged, dirty man, and not merely gives him a night and 's lodging, but feeds him as well.

The Light Shines in the Darkness

The Light Shines in the Darkness is an unfinished play by Leo Tolstoy, written in 1890. Arguably his most autobiographical piece, the play is said to "mirror Leo Tolstoy's highly personal dilemma as if seen through the crucible of the family. "

Quotes by Leo Tolstoy

Everyone thinks of changing the world, but no one thinks of changing himself. If you want to be happy, be. The sole meaning of life is to serve humanity. The two most powerful warriors are patience and time. All happy families resemble one another, each unhappy family is unhappy in its own way. Music is the shorthand of emotion. It is amazing how complete is the delusion that beauty is goodness. True life is lived when tiny changes occur. The strongest of all warriors are these two - Time and Patience. Everything comes in time to him who knows how to wait.

Leo Tolstoy: A Letter to a Hindu

A Letter to a Hindu was a letter written by Leo Tolstoy to Tarak Nath Das on 14 December 1908 in response to two letters sent by Das, seeking support from the famous Russian author and thinker, for India's independence from British colonial rule. The letter was published in the Indian newspaper Free Hindustan and caused the young Mohandas Gandhi to write to the world-famous Tolstoy to ask for advice and for permission to reprint the Letter in Gandhi's own South African newspaper, Indian Opinion, in 1909. Mohandas Gandhi was stationed in South Africa at the time and just beginning his lifelong activist career. He then translated the letter himself, from the original English copy sent to India, into his native Gujarati. "Letter to Ernest Howard Crosby" (1896) was a letter written by Leo Tolstoy to Ernest Howard Crosby on "Non-Resistance" and must be read along with "A Letter to a Hindu" to understand the former's philosophy in a better light. What To Do By Leo Tolstoy

Poverty, exploitation and greed seem to be perennial aspects of the human condition and it is these issues that Tolstoy addresses in What Then Must We Do? At the time of its publication, the book had a great impact on thinking people both in Russia and abroad, who acknowledged the power of his

account of life in the Moscow slums. In examining the causes of poverty through the ages, Tolstoy develops a vision of a way of life that would deny the possibility of the exploitation of one person by another: a vision of self-discipline and responsibility, of joy, passion and compassion, in which work for its own sake plays an essential part as a means to a healthy and kindly life.

Anna Karenina, (Finnish Edition)

Kaikki onnelliset perheet ovat toistensa kaltaisia, jokainen onneton perhe on onneton omalla tavallaan. Kaikki oli sekaisin Oblonskien kodissa. Vaimo oli saanut tietää, että miehellä oli suhde talon entisen ranskalaisen kotiopettajattaren kanssa, ja oli julistanut miehelleen, ettei hän enää voi asua tämän kanssa saman katon alla. Tällainen tilanne jatkui jo kolmatta päivää ja se painoi tuskallisesti sekä itse puolisoja että kaikkia perheen jäseniä ja palvelusväkeä. Kaikki perheen jäsenet ja palvelusväki tunsivat, ettei heidän yhteiselämässään ollut mitään järkeä ja että missä hyvänsä majatalossa sattumalta toisensa kohdanneet ihmiset kuuluivat enemmän yhteen kuin he, Oblonskin perheen jäsenet ja palvelusväki.

ill at first be astonished at your question. He is a soldier, he has taken the oath, and it is his duty to fulfil the orders of his commanders. If you tell him that war--i.e. the slaughter of men--does not conform to the command, "Thou shalt not kill," he will say: "And how if ours are attacked--For the King--For the Orthodox faith?" (One of them said in answer to my question: "And how if he attacks that which is sacred?" "What do you mean?" I asked. "Why," said he, "the banner.") And if you endeavor to explain to such a soldier that God's Commandment is more important not only than the banner but than anything else in the world, he will become silent, or he will get angry and report you to the authorities. Ask an officer, a general, why he goes to the war. He will tell you that he is a military man, and that the military are indispensable for the defence of the fatherland.
