

The Christ Conspiracy Greatest Story Ever Sold Acharya S

[#christ conspiracy](#) [#acharya s](#) [#greatest story ever sold](#) [#jesus mythicism](#) [#christian origins](#)

Acharya S's groundbreaking book, *The Christ Conspiracy: Greatest Story Ever Sold*, delves into the origins of Christianity, asserting that the figure of Jesus Christ is a composite myth rather than a historical person. This critical examination challenges conventional religious narratives, meticulously detailing how elements of various ancient mythologies and political agendas converged to create what she terms 'the greatest story ever sold.' It's an essential read for anyone questioning biblical historicity and the foundations of Christian faith.

The Christ Conspiracy

In this highly controversial and explosive book, archaeologist, historian, mythologist and linguist Acharya S. marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies, mystery schools and religions in order to unify the Roman Empire under one state religion. In developing such a fabrication, this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era, and reworked them for centuries into the religion passed down to us today. Contrary to popular belief, there was no single man who was at the genesis of Christianity; Jesus was many characters rolled into one. These characters personified the ubiquitous solar myth, and their exploits were well known, as reflected by such popular deities as Mithras, Heracles/Hercules, Dionysos and many others throughout the Roman Empire and beyond. The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior-gods Krishna and Horus, who for millennia preceding Christianity held great favor with the people. The Christ Conspiracy shows the Jesus character as not unique or original, not "divine revelation." Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces. The result of this myth making has been "The Greatest Conspiracy Ever Sold."

The Christ Conspiracy

D.M. Murdock (aka Acharya S) makes a powerful case that the biblical Jesus never existed; that several characters were rolled into one mythic being. She demonstrates that the story of Jesus as portrayed in the Gospels is similar to the earlier savior-gods Krishna and Horus and others.

Suns of God

Unlike many modern historians, Perry was a diffusionist who believed that modern civilization began in Egypt and was spread via ships to Indonesia, the Pacific Islands, and even to North America. Perry

traces the origin of megalithic culture starting in Egypt, and then across the Pacific. Searching for gold, obsidian, and pearls, they travelled across the Pacific to the American Southwest and Mexico.

Christ in Egypt

This comparative religion book contains a startling perspective of the extraordinary history of the Egyptian religion and its profound influence upon the later Christian faith. The text demonstrates that the popular god Horus and Jesus possessed many characteristics and attributes in common.

The Christ Conspiracy

This is an updated and revised edition with new credible evidence, a multitude of highly respected academic source citations, new pictures, an updated bibliography, index and more, by archaeologist, historian, mythologist and linguist D. M. Murdock (writing earlier as Acharya S.). Murdock marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies, mystery schools and religions in order to unify the Roman Empire under one state religion. In developing such a fabrication, this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era, and reworked them for centuries into the religion passed down to us today. Contrary to popular belief, there was no single man who was at the genesis of Christianity; Jesus was many characters rolled into one. These characters personified the ubiquitous solar myth, and their exploits were well known, as reflected by such popular deities as Mithras, Heracles/Hercules, Dionysos and many others throughout the Roman Empire and beyond. The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior-gods Krishna and Horus, who for millennia preceding Christianity held great favor with the people. The Christ Conspiracy shows the Jesus character as not unique or original, not "divine revelation." Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces. The result of this myth making has been "The Greatest Conspiracy Ever Sold."

Did Moses Exist?

The biblical figure of Moses has been the center of fascination for over 2,000 years, but what do we actually know about him? Was he a real person? Did the Exodus truly happen? Or is the story in the Pentateuch a mythical account written centuries after the alleged events? Why does Moses's story resemble that of other, older lawgivers and legendary predecessors? Why are there so many elements of sun and wine god myths in the tale of Moses? What does the focus on the serpent in his story signify? Who were Yahweh and the Elohim? Did Moses Exist? includes: Maps and 126 illustrations Extensive bibliography, table of contents and index Hundreds of footnotes and citations from primary sources in multiple languages Best modern scholarship from credentialed authorities Did Moses Exist? provides a massive amount of information from antiquity about the world's religious traditions and mythology, including how solar myths, wine cultivation and fertility cults have shaped the Bible and Judaism. This book may be the most comprehensive study to date, using the best scholarship and state-of-the-art research methods. "The existence of Moses as well as the veracity of the Exodus story is disputed amongst archaeologists and Egyptologists, with experts in the field of biblical criticism citing logical inconsistencies, new archaeological evidence, historical evidence and related origin myths in Canaanite culture." --"Moses," Wikipedia "There is no historical evidence outside of the Bible, no mention of Moses outside the Bible, and no independent confirmation that Moses ever existed." --Dr. Michael D. Coogan, lecturer on the Old Testament at Harvard Divinity School "We cannot be sure that Moses ever lived because there are no traces of his earthly existence outside of tradition." --Egyptologist Dr. Jan Assmann, Moses the Egyptian "The life of Moses contains elements--canonical and apocryphal--that mark him as a true mythic hero, and certainly he is Judaism's greatest hero and the central figure in Hebrew mythology." --Dr. David Leeming, The Oxford Companion to World Mythology "...the stories of the creation, of the flood, of Abraham, of Jacob, of the descent into and the exodus from Egypt, of the career of Moses and the Jews in the desert, of Joshua and his soldiers, of the judges and their clients, are all apocryphal, and were fabricated at a late period of Jewish history." --Dr. Thomas Inman, Ancient Faiths and Modern Table of Contents List of Illustrations Preface Introduction Who Wrote the Pentateuch? Was Moses an Egyptian Pharaoh or Priest? The Exodus as History? The Exodus in Ancient Literature Hyksos and Lepers Who Were the Israelites? The Exodus as Myth The Lawgiver Archetype The Dionysus Connection The Life of Dionysus The Vine and Wine The Great God Sun Yahweh and the Sun Moses as Solar Hero Conclusion Bibliography Index

Ancient History of the God Jesus

1938 Contents: a Man among Men, a God among Gods, the Expiatory Sacrifice, the Crucifixion a Sacrificial Rite, the Sacred Drama of the Year A.D. 27, Christian Origins, the Ancient Religion of Jesus, the First Christian Generation Enters on the Scene, T.

A Short History of the Bible

Khrisna of India. Thammuz of Syria. Esus of the Celtic Druids. Mithra of Persia. Quetzalcoatl of Mexico. All were crucified gods, and all met their fates hundreds of years before Jesus appeared on the scene. In this foundational work of modern atheism, American spiritualist KERSEY GRAVES (1813-1883) breaks the Christ myth down into its component parts and ably demonstrates how the story of Jesus has its roots in the depths of antiquity. Here you'll read about the surprising prevalence throughout global folklore of: . the miraculous and immaculate conception of the gods . stars that point out the time and place of a savior's birth . angels, shepherds, and magi visiting an infant savior . the 25th of December as the universal birth date of gods . saviors who descend into Hell . and much more. This is essential reading for students of comparative mythology and modern freethinkers. Also available from Cosimo: Graves's The Biography of Satan and The Bible of Babel.

The World's Sixteen Crucified Saviors

"Caesar's Messiah," a real life "Da Vinci Code," presents the dramatic and controversial discovery that the conventional views of Christian origins may be wrong. Author Joseph Atwill makes the case that the Christian Gospels were actually written under the direction of first-century Roman emperors. The purpose of these texts was to establish a peaceful Jewish sect to counterbalance the militaristic Jewish forces that had just been defeated by the Roman Emperor Titus in 70 A.D. Atwill uncovered the secret key to this story in the writings of Josephus, the famed first-century Roman historian. Reading Josephus's chronicle, "The War of the Jews," the author found detail after detail that closely paralleled events recounted in the Gospels. Atwill skillfully demonstrates that the emperors used the Gospels to spark a new religious movement that would aid them in maintaining power and order. What's more, by including hidden literary clues, they took the story of the Emperor Titus's glorious military victory, as recounted by Josephus, and embedded that story in the Gospels - a sly and satirical way of glorifying the emperors through the ages.

Caesar's messiah : the Roman conspiracy to invent Jesus

In this fascinating "CSI-style" investigation, Murdock, author of the controversial book "The Christ Conspiracy," examines evidence for the life of Jesus Christ, revealing that with Christianity what is seen is not always what one gets. (Christian)

Bible Review

Reveals the spin campaign of the Bush administration that the author contends enabled the support of a war against a non-September 11 enemy, furthered conservative agendas, and consolidated presidential power.

Jesus Never Existed

Are we being invaded from outer space, as many UFO hobbyists contend? Are secret government agencies tapping your phone and tampering with your mail? Does somebody else really own this earth and use it as a Disneyland of the Gods? Veteran Fortean author Keel reports with wit on the startling encounters with 'the tricksters' (so well-known to the American Indians), the Men in Black, assorted monsters, snallygasters, mothmen and weird hairy creatures that all seem to vanish into thin air. Chapters on UFO Crashes in Scandinavia, Mysterious Crime Waves, Clones, Hybrids and Sleepers, An Idaho Triangle?, Sea Monsters, The Moonstone Mystery, New Age of the Gods, more.

Who Was Jesus?

This book relates the current, insidious plight facing the human race as a direct result of a grand deception that has been imposed upon it for tens of thousands of years if not longer. This has been perpetrated by the systematic, ongoing falsification of history in much the same way as perpetrated by the powers that be in the suspiciously prophetic novel '1984', by George Orwell. We have all been deceived on a monumental scale by a tiny clique of people who by their own birthright and bloodlines absolutely believe that they have the divine right to rule over us by whatever method best suits their

purposes. In order to achieve this they have lied, deceived, murdered and even committed genocide down the millennia in an attempt to bring their ultimate goal to fruition. Find out about the use of drugs, vaccinations, micro-chipping, mind control, trans-humanism and 24/7 distractions such as non-stop sports, entertainments and the invasive 'celebrity culture' that attempts to pervade our whole lives.

The Greatest Story Ever Sold

This volume explains the inadequacy of the sources and methods used to establish Jesus' historicity, and how agnosticism can reasonably be upgraded to theorising about ahistoricity when reconsidering Christian origins.

Disneyland of the Gods

A new presentation of the argument that no historical Jesus existed. A full and comprehensive survey of the question through an examination of the early Christian record, canonical and non-canonical, from Q to the Gospels, from the earliest Pauline epistles to the second century apologists, along with Jewish, Gnostic, and Greco-Roman documents of the time. The philosophy of the era, its religious expression in the pagan mystery cults, fascinating glimpses into the historical background of the period, an in-depth consideration of the Jewish historian Flavius Josephus, are only some of the additional topics covered in the book. A richly-detailed, highly lucid and entertaining account of how Christianity began without an historical Jesus of Nazareth, who came to life only on the pages of the Gospels. While based on the author's work for 'The Jesus Puzzle' website, the book is almost entirely an original writing, not a compilation of website articles. Like the website itself, the book has been styled for the general reader, though the scholarly community will find it of value as well.

The Psychic Life of Jesus

Exhaustively annotated and illustrated, this explosive work of history unearths clues that finally demonstrate the truth about one of the world's great religions: that it was born out of the conflict between the Romans and messianic Jews who fought a bitter war with each other during the 1st Century. The Romans employed a tactic they routinely used to conquer and absorb other nations: they grafted their imperial rule onto the religion of the conquered. After 30 years of research, authors James S. Valliant and C.W. Fahy present irrefutable archeological and textual evidence that proves Christianity was created by Roman Caesars in this book that breaks new ground in Christian scholarship and is destined to change the way the world looks at ancient religions forever. Inherited from a long-past era of tyranny, war and deliberate religious fraud, could Christianity have been created for an entirely different purpose than we have been lead to believe? Praised by scholars like Dead Sea Scrolls translator Robert Eisenman (James the Brother of Jesus), this exhaustive synthesis of historical detective work integrates all of the ancient sources about the earliest Christians and reveals new archeological evidence for the first time. And, despite the fable presented in current bestsellers like Bill O'Reilly's Killing Jesus, the evidence presented in Creating Christ is irrefutable: Christianity was invented by Roman Emperors. I have rarely encountered a book so original, exciting, accessible and informed on subjects that are of obvious importance to the world and to which I have myself devoted such a large part of my scholarly career studying. In this book they have rendered a startling new understanding of Christianity with a controversial theory of its Roman provenance that is accessible to the layman in a very powerful way. In the process, they present new and comprehensive archeological and iconographic evidence, as well as utilizing the widest and most cutting edge work of other recent scholars, including myself. This is a work of outstanding and original scholarship. Its arguments are a brilliant, profound and thorough integration of the relevant evidence. When they are done, the conclusion is inescapable and obviously profound. Robert Eisenman, Author of James the Brother of Jesus and The New Testament Code "A fascinating and provocative investigative history of ideas, boldly exploring a problem that previous scholarship has not clearly or credibly addressed: how (and why!) the Flavian dynasty wove Christianity into the very fabric of Western civilization." -Mark Riebling, author of Church of Spies: The Pope's Secret War Against Hitler

The Falsification of History

Who Are the Kurds? The logical answer to this question from the Aryan language is the word 'Huart,' which evolved through the Greek's 'Kurt' to 'Kurd.' General Baryaxes of the Medes or ancient Kurds was the first leader of the Kurdish peoples' defense forces to liberate the Aryan people from the rule of the Greeks. Listed among the forefather of the Caucasian or Aryan Kurds were the Sumerians,

Elamites, Gutians, Hurrians, Mitanni, Kassites, Urartians, Mannaeans, Hittites, Lydians, Medians, Parthians, Sassanids and other unidentified Aryan tribes. After savaging the Median Empire with the help of Jewish conspirators, the Persian Darius son of Hystaspes savaged the Median Empire and established Achaemenid Empire. He then attempted to eliminate the Aryan Medes and Persian tribe by hiring a large number of Indian mercenaries, settling them in Persia and progressively marrying them to the Persian women and children who had survived the war. The modern Persian people are the descendants of these mercenaries, who allied with Jewish conspirators under the leadership of Darius, son of Hystaspes and his mother Rhodugune, the daughter of King Astyages of Media and Queen Esther of Judea. Although modern Persians still claim membership of the Aryan nation, in reality, they have been separated from it since the time of Darius, son of Hystaspes, whose slaughter of almost all the Zoroastrian religious Magi preachers of the Medes and the Persians in favor of Jewish priests weakened the Aryan culture immeasurably. Although this may seem an obscure and insignificant fact to non-Kurds, most educated Aryan Kurds and a large number of the Aryan people are aware of it, but may not know of the ideological and political consequences. Eventually, after 192 years of Darius son of Hystaspes and his descendants, King Alexander the Great from the African Greek nation, which opened the way for Arabs and Turks to take the Aryan lands later defeated the Achaemenid Empire. After Alexander's war machine had entered Aryan territories, General Baryaxes led the remainder of the Median Army known as Huart (Kurd) against him. This resulted in the changing of the entire Aryan peoples' name to 'Kurd,' which still means 'brave people who are defending people,' a description that aptly fits the modern-day Kurdish freedom fighters or PKK. The name is still used interchangeably and is why the majority of Kurds who are proud to be linked to its bravery now call themselves PKK.

Questioning the Historicity of Jesus

A classic resource that connects the cardinal doctrines of Christianity to their origins in the ancient civilizations that preceded the religion. In *Pagan Origins of the Christ Myth*, John G. Jackson sources the pagan origins of Christian doctrine with particular focus on the creation and atonement myths. Rooted in historical facts, Jackson's claims are steeped in research and demonstrate how Christianity synthesizes the rituals, beliefs, and characteristics of savior gods from ancient Egyptian, Greek, Aztec, and Hindu origins. Initially published in 1941, this concise introduction remains an insightful contribution to comparative religion studies.

The Jesus Puzzle

Some postcolonial theorists argue that the idea of a single system of belief known as "Hinduism" is a creation of nineteenth-century British imperialists. Andrew J. Nicholson introduces another perspective: although a unified Hindu identity is not as ancient as some Hindus claim, it has its roots in innovations within South Asian philosophy from the fourteenth to seventeenth centuries. During this time, thinkers treated the philosophies of Vedanta, Samkhya, and Yoga, along with the worshippers of Visnu, Siva, and Sakti, as belonging to a single system of belief and practice. Instead of seeing such groups as separate and contradictory, they re-envisioned them as separate rivers leading to the ocean of Brahman, the ultimate reality. Drawing on the writings of philosophers from late medieval and early modern traditions, including Vijñānabhikṣu, Madhava, and Madhusudana Sarasvati, Nicholson shows how influential thinkers portrayed Vedanta philosophy as the ultimate unifier of diverse belief systems. This project paved the way for the work of later Hindu reformers, such as Vivekananda, Radhakrishnan, and Gandhi, whose teachings promoted the notion that all world religions belong to a single spiritual unity. In his study, Nicholson also critiques the way in which Eurocentric concepts—like monism and dualism, idealism and realism, theism and atheism, and orthodoxy and heterodoxy—have come to dominate modern discourses on Indian philosophy.

Creating Christ

By denying evil we do harm. By denying darkness we obscure the light. Over a period of almost two millennia, the Christian Church has oppressed and brutalized millions of individuals in an attempt to control and contain spirituality. *The Dark Side of Christian History* reveals in painstaking detail the tragedies, sorrows and injustices inflicted upon humanity by the Church. This expose is a compelling and passionate cry for human dignity and spiritual freedom. Book jacket.

The History of the Kurdish People

The earliest Christians believed Jesus was an ancient celestial being who put on a bodysuit of flesh, died at the hands of dark forces, and then rose from the dead and ascended back into the heavens. But the writing we have today from that first generation of Christians never says where they thought he landed, where he lived, or where he died. The idea that Jesus toured Galilee and visited Jerusalem arose only a lifetime later, in unsourced legends written in a foreign land and language. Many sources repeat those legends, but none corroborate them. Why? What exactly was the original belief about Jesus, and how did this belief change over time? In *Jesus from Outer Space*, noted philosopher and historian Richard Carrier summarizes for a popular audience the scholarly research on these and related questions, revealing in turn how modern attempts to conceal, misrepresent, or avoid the actual evidence calls into question the entire field of Jesus studies--and present-day beliefs about how Christianity began.

Pagan Origins of the Christ Myth

To most people on the planet, the existence of Jesus is a given: "Of course he did!" They take it for granted that he existed simply because it reaffirms their faith. But to the rest of us who don't believe in a supernatural Jesus, the question of the historicity of Jesus is not simple. There are thousands of different ideas about to what extent the Jesus tales were based on a real man, or men, or woman... Did Jesus even exist, and if not, what best explains the rise of such a character in the New Testament? That is where John W. Loftus and Robert M. Price come in. Each with decades of experience in the fields of theology and Christian history, Loftus and Price have compiled essays from some of the top authorities on Jesus mythicism to establish the world's first academic catalogue of mythicist beliefs. Experts who provided chapters include David Fitzgerald, Joseph Atwill, Michael Lockwood, and more! The question is no longer simply, "Did Jesus even exist?" In this compilation, you'll find yourself questioning everything about the Christ story and how it truly began.

Unifying Hinduism

From the creative minds of the scholarly group behind the groundbreaking Jesus Seminar comes this provocative and eye-opening look at the roots of Christianity that offers a thoughtful reconsideration of the first two centuries of the Jesus movement, transforming our understanding of the religion and its early dissemination. Christianity has endured for more than two millennia and is practiced by billions worldwide today. Yet that longevity has created difficulties for scholars tracing the religion's roots, distorting much of the historical investigation into the first two centuries of the Jesus movement. But what if Christianity died in the fourth or fifth centuries after it began? How would that change how historians see and understand its first two hundred years? Considering these questions, three Bible scholars from the Westar Institute summarize the work of the Christianity Seminar and its efforts to offer a new way of thinking about Christianity and its roots. Synthesizing the institute's most recent scholarship—bringing together the many archaeological and textual discoveries over the last twenty years—they have found: There were multiple Jesus movements, not a singular one, before the fourth century. There was nothing called Christianity until the third century. There was much more flexibility and diversity within Jesus's movement before it became centralized in Rome, not only regarding the Bible and religious doctrine, but also understandings of gender, sexuality and morality. Exciting and revolutionary, *After Jesus Before Christianity* provides fresh insights into the real history behind how the Jesus movement became Christianity. *After Jesus Before Christianity* includes more than a dozen black-and-white images throughout.

The Dark Side of Christian History

An enlightening anthology by world-renowned theologians, historians and researchers that exposes and challenges misrepresentations and age-old beliefs. With an introduction by ABC Radio Talk Show Host Bill Jenkins.

Jesus Never Existed

The only book you'll ever need to read about Christianity. This remarkable book provides a critical overview of Christian beliefs and the evidence for them. Where did these beliefs come from? Are there good reasons to believe Christianity is true? Bill Zuersher clearly explains each of Christianity's major beliefs. He then proceeds to demonstrate significant difficulties with each of them. The book tackles these beliefs in a logical order, beginning with the problems at the root of virtually all religions, suffering and death, and culminating in their supposed resolution through Jesus. Mr. Zuersher also examines the

evidence for Christianity, namely religious writings and the historical fact of the early Jesus movement. He makes the case that this evidence does not support the religion's claims and he provides naturalistic alternative explanations for how its core beliefs arose. In these pages we see the coalescence of Jewish and Zoroastrian religious ideas with those of Greek philosophy and mystery cults, to form the belief system we recognize as Christianity today. The result, Mr. Zuercher argues, is not revealed truth, but rather a human patchwork which contains unwarranted assumptions and logical flaws, all founded upon questionable evidence. Entertaining throughout, it is must-reading for skeptics, apologists, and anyone interested in the world's largest religion or the culture wars behind today's politics -- an invaluable resource for students and teachers, writers and debaters.

The Christ-Myth Theory and Its Problems

Can modern intellectuals believe in miracles? Editors R. Douglas Geivett and Gary R. Habermas provide a collection of essays to refute objections to the miraculous and set forth the positive case for God's action in history.

Jesus from Outer Space

I wish particularly to point out in the present volume that I am not giving the meanings of symbols in the vestments in which they are now garbed. I am giving their origin and original meanings. Up to the time of Mu's submersion all symbols retained their original meanings. From the time of Mu's destruction I must pass over about 5,000 or 6,000 years. Those were years when seemingly no history was written except a few scraps in India and Egypt. During this time mankind apparently was reviving and repopulating the earth, after its almost total destruction by the submersion of Mu and other lands and the subsequent formation of gas belts and mountains. On entering Egypt 6,000 years ago we find that many of the original symbols had survived but were very much Egyptianized, especially in pattern or design, with an incomprehensible theology attached to them. A multitude of new ones had besides been added, most of them having esoteric or hidden meanings. This confusion increased when Upper and Lower Egypt merged into one kingdom. The two peoples not only commingled personally, but also their two sets of symbols. Thus two sets were made into one without any being discarded. It meant at least two symbols for every conception. So great was the confusion of symbols in Egypt, 4,000 to 5,000 years ago, that hardly one-half of the priesthood understood those used in the temples of other cities, although they might be but a few miles away.

Varieties of Jesus Mythicism: Did He Even Exist?

Overtures the long-established historical narrative about the origins and purpose of the Knights Templar

- Explains how and why the Templars created Europe's first nation-state, Portugal, with one of their own as king
- Reveals the Portuguese roots of key founding members, their relationship with the Order of Sion, the Templars' devotion to Mary Magdalene and John the Baptist, and the meaning and exact location of the Grail
- Provides evidence of Templar holy sites and hidden chambers throughout Portugal
- Includes over 700 references, many from new and rare sources

Conventional history claims that nine men formed a brotherhood called the Knights Templar in Jerusalem in 1118 to provide protection for pilgrims traveling to the Holy Land. Overturning this long-established historical narrative, Freddy Silva shows that the Order of the Temple existed a decade earlier on the opposite side of Europe, that the protection of pilgrims was entrusted to a separate organization, and that, in league with the Cistercian monks and the equally mysterious Order of Sion, the Templars executed one of history's most daring and covert plans: the creation of Europe's first nation-state, Portugal, with one of their own as king. Including over 700 references, many from new and rare sources, Silva reveals Portugal, not Jerusalem, as the first Templar stronghold. He shows how there were eleven founding members and how the first king of Portugal, a secret Templar, was related to Bernard de Clairvaux, head of the Cistercians. The author explains the Templars' motivation to create a country far from the grasp of Rome, where they could conduct their living resurrection initiation--whose candidates were declared "risen from the dead"--a secret for which the Church silenced millions and which the Templars protected to the death. Placing the intrepid Knights in a previously unknown time and place, Silva's historical narrative reveals the Portuguese roots of key founding members, their relationship with the Order of Sion, the Templars' unshakeable devotion to Mary Magdalene and John the Baptist, and how they protected a holy bloodline in Portugal. He also provides evidence of secret Templar holy sites, initiation chambers, and hidden passageways throughout Portugal, often coinciding with pagan and Neolithic temples, and explains how their most important site forms a perfect triangle with the Abbey of Mont

Sion in Jerusalem and the Osirion temple in Egypt. The author also reappraises the meaning of the Grail and reveals its exact location, hidden in plain sight to this very day.

After Jesus Before Christianity

This calendar charts holidays from ancient Egypt, Greece, Rome, and elsewhere into the modern era to demonstrate not only the ancient astromythology and nature-worshiping religion, but the comparisons between Hinduism, Buddhism, Judaism, Christianity, Islam, and others.

The Book Your Church Doesn't Want You to Read

Evidence shows the New Testament texts were not written by simple, non-royal subjects, but instead were created by extremely well-educated, royal Romans. In *Piso Christ*, author Roman Piso, with Jay Gallus, presents a new perspective to show that the creation of Christianity has different origins than previously taught. Through this collection of essays and articles, Piso shows that only a few individuals invented and built the Christian religion, and these same individuals authored the New Testament of the Christian Bible. *Piso Christ* addresses the issues of how these few people wielded that much power and how they were able to succeed. In this new book, Piso contends that the royalty wanted to protect their centuries-old institution of slavery upon which the empire functioned, lived, fed, and gained wealth. The royal people understood that knowledge was power and, therefore, did what they could to keep the masses ignorant and superstitious. Through research, *Piso Christ* shows that the god concept did not originate in what is represented in the Bible. It demonstrates how millions of people are being misled into accepting the concept of a god and how they live in fear of an unnatural belief.

Seeing through Christianity

A recent major archeological discovery in Jerusalem is revolutionizing understanding of Jesus and the earliest years of Christianity. The authors have examined a sealed tomb in Jerusalem, where they have found the earliest evidence for a belief in the resurrection of Jesus, based on what appears to be the oldest Christian iconography ever discovered.

In Defense of Miracles

This title features Greek text and English translation, plus fragments, of New Testament problems and solutions.

Sacred Symbols of Mu

Second, Color Edition

First Templar Nation

Holidays such as Christmas, Easter, Holy Communion, and Marriage all appear to have their roots in the experience that Christ is centered upon; Sacred Psilocybin Mushrooms. This book takes a deeper look into the myths, artwork, and stories that surround predominating religions and breaks down how each individual can come into direct communication with divine realms by instituting the true Holy Blessed Sacrament.

The 2010 Astrotheology Calendar

Piso Christ
