One Hundred and One Businesses You Can Start with Less Than One Thousand Dollars

Most parents today have a tough time economically: They have to be at home raising their children so they cannot work much, and the jobs that are out there are often part-time and low paying. Yet most families need two incomes today to get ahead. Detailed in this new book are over 100 business ideas that can be started for very little money and yet may provide parents with a lot more money than they would be paid by the hour. This is a collection of businesses selected especially for stay-at-home parents who are interested in augmenting their income. These businesses can be started with minimum training and investment and are all capable of producing extra income. Starting and managing a business takes motivation and talent. It also takes research and planning. This new book is intended to serve as a roadmap for starting your business. It is both easy to use and comprehensive. Thousands of great tips and useful guidelines will help you keep bringing customers back, give you low-cost internal marketing ideas, low- and no-cost ways to satisfy customers, and sales building ideas.

How to start and run your own computer repair business

Want to be in business for yourself? A computer repair service may be perfect for you. But how do you start and run a computer service business? First, read this book, written by a computer technician with more than nine years' experience working for himself. I started my business from scratch and built it up to a viable, full-time enterprise, and I will show you how to do the same. This book is full of practical hints for running a computer repair and service business. For example, you'll learn how to handle clients who call you wanting a "quick answer on the phone" or what to do when someone cancels an appointment at the last minute. You'll also learn- What you need to get started- Where and how to advertise for the best results- How to decide what to charge- How to keep clients, even difficult ones, happy- How to talk to clients on the phone and at their home or business- What records you must keep, and how to keep them- And much more
